- TID #7 Project Plan Update

Planning Director Kim Flom provided a project plan update for TID #7 located on the east side of downtown. Previously the MAC Dental redevelopment site located directly North of City Hall, the Mulvas have proposed to develop and construct a dynamic, cultural, historic event space at this property. They will go through city approvals later this year and then begin construction next year and open in 2018. The development is envisioned to be 30,000-40,000 square feet, two story building with views of the river. Planning on underground parking as well as an event space, potential coffee shop, permanent exhibit space to highlight De Pere's heritage, history, and culture, as well as traveling exhibit space that would target very large national and international exhibits. Because this site was intended to be a redevelopment project as part of the TID project plan, the City needs to amend the project plan because the Mulva Center will not be a taxable building and will not generate new increment on the property. Therefore, the project plan needs to be updated to consider this as a project so that the Council has the ability to review it and its impacts in considering the Mulva's request for the land. As of right now, this matter will be considered at a Joint Review Board meeting on Tuesday,

Attachment: RDA_June2016_Minutes_Draft (4962 : Minutes)

July 19, Plan Commission meeting on Monday, July 25, Common Council meeting in August and then another Joint Review Board meeting. At this time, only amending the project plan and the text of the report, not amending any project boundaries or adding or deleting any parcels into the TID District. Joe Van Deurzen asked if the city will only deed over the property after all final approvals have been made. Planning Director Kim Flom explained that a drafted developer or sale agreement would be reviewed by the Common Council, the Finance Personnel Committee and many other public meetings before the property would be deeded over to the Mulvas. Carol Karls asked if the City will be updating the plan for payback on the TID in conjunction with updating the plan. Kim stated that Springsted, the consultant who updates all of the TID plans, will be updating the plan so the draft will only update this particular area, not going back all the way to update all the numbers to the original 2006 plan. Joe Van Deurzen asked when the underground parking was proposed. Kim replied that this was brought up last fall after suggestion from the RDA, but the Mulvas did not have an architect on board at that time; however they agreed with the RDA at that time to add parking to accommodate the project. Ted Penn asked who the architect of the project is and Planning Director Kim Flom replied that as of right now this information is not open to the public since they have not technically applied for anything from the city yet. Hopefully more details will be revealed in September.

RESULT:	DISCUSSED
----------------	------------------

5. 102 N Broadway Project Update

Planning Director Kim Flom reported that the developer of the 102 N. Broadway project closed on the property so the city no longer owns this property. They are planning to start construction in mid to late July, with a ground-breaking ceremony, which the RDA will receive invitations to. The developer anticipates the completion of construction next year, so they will start leasing the units next year also. The code states that in order to have a mixed use building, there must be a conditional use permit. Since the original CUP stated that there would be residential on the second through fourth floors and there is now a fifth floor, the CUP has to be amended to reflect this change. The Plan Commission meeting regarding this will take place directly after the RDA meeting tonight and then the Council public hearing to consider it will take place on July 19.

RESULT:	DISCUSSED
----------------	------------------

6. Downtown De Pere Updates

Planning Director Kim Flom updated the RDA on various downtown projects. The facade grant program has not received an application since fall of 2015. She reminded the RDA members to let business owners know that there is a grant available out of the TID, up to \$10,000 that requires a match, to help property owners in the downtown upgrade their buildings.

The next update on the agenda was for two revolving loan fund requests. The first one is for New Leaf Market at 310 N. Wisconsin. They are in the final stages of pulling all their financing together. They have gone after a WEDC grant that the city helped them apply for. They were not selected in the first round of grant funding, but are being considered in the second round of grant funding, which is all about demonstrating financial readiness. Planning Director Kim Flom explained that the WEDC grant provides equity in the project that provides for a USDA loan guarantee which locks in the private loan part of the project which then makes it feasible to come to the city and the county for a revolving loan fund request. Once that is all in place, the project is essentially ready to

go. Kim thinks the location at 310 N. Wisconsin by the Shopko would be a great location for them. She stated that she should hear something about the grant by the end of the week and if that is positive news, she anticipates that in the following weeks, the revolving loan fund would come to both the County Board and the City Council.

The second revolving loan fund request was for Healthy Bellies, which sells smoothies and other fresh foods and recently expanded to a larger facility on the South side of Main Avenue, across from Luna Cafe. They are missing some additional information which needs to be received before their loan request can be reviewed. They have been very busy at their new location. Hopefully they will provide the necessary information soon so their revolving loan request can move forward.

Next, Tedd Penn asked about the parking survey. The City has been working on downtown parking studies and reviews. Planning Director Kim Flom reported that in the last few months, there has been quite an increase in the police enforcement of short term parking spaces, which has triggered a number of calls to City Hall from business owners and employees who park downtown and work all day. There were a lot of employees having to move their car every two hours so they wouldn't get a ticket. What was learned from this is that there is a lack of long-term downtown parking on the east side of De Pere. Also, there is a need for more short term spaces for customers of retail businesses. This issue was brought to the internal parking and traffic team, discussed at a Definitely De Pere economic enhancement committee and as a result of this, a plan was put together to add 100 long term spaces to the east side of downtown. This was done by converting some short term spaces to long-term, which was approved by the City Council last week. As part of the parking study, letters were sent to all property owners and business owners in the bid district. The comments that were received were mostly positive. Planning Director Kim Flom explained that there is a need to take a comprehensive look at the City's downtown parking since the mix that is out there today was created for a set of businesses that has changed over time. The City does not want to be in a position where we're changing our parking regulations every couple of years but instead we need to start looking at industry best practices for downtown parking. Kim also stated that we need to be stricter as the downtown grows to ensure that we have the parking we need to support a successful downtown. To that end, a parking survey was created online, with 160 responses. When that survey closes on Thursday, June 23 we will look over all the feedback as a starting point for a more comprehensive look at the downtown parking situation. One thing that a lot of communities, particularly main street communities, have started doing is redefining short term parking from a two hour window to a 3-4 hour window. Tedd Penn asked what the hours for short term parking are right now. Planning Director Kim Flom replied that it is now 2 hours and it is enforced between 9 am & 6 pm, Monday-Friday. She then asked for the RDA members' opinion on this definition of short term parking. Ted Penn replied that 2 hrs is sufficient, Julie Van Straten stated that 2 hours is too short. Joe Van Deurzen asked if the city is considering adding an hour to the short term parking time frame. Kim replied that this is something that should be looked at in the future. She stated that there probably won't be any more ordinance changes until there is a more comprehensive analysis of the downtown as a whole. Bill Komsi stated that some of the business owners are concerned about enough parking for their clients. Kim said that having the convenient customer parking is a critical part to a successful downtown parking strategy and we need to make sure that the parking plan that's in place is helping the businesses be successful instead of inhibiting them from being successful.

For the next item on the project update list, Planning Director Kim Flom reported that the Humana building is still on the market either for sale or to lease floors or a subsection of

the building. About a month ago, there was an interested party, but nothing has come of this since that time. The building is still vacant. While there has not been any new developments with the Humana building, there has been quite a bit of interest in the redevelopment of other downtown projects, ranging from condominium projects to smaller commercial businesses. Kim stated that the city will work with all developers to help them find the right site and the right project for downtown. There especially seems to be an interest in adding condominiums on the river; hopefully one of these projects will come to fruition soon.

Planning Director Kim Flom stated that Definitely De Pere will be presenting a lunch & learn on Wednesday, June 22 to talk about what they do as a mainstreet program and their economic impact in downtown De Pere. She encouraged anyone interested to attend this event.

Joe Van Deurzen asked if the bowling alley has been sold. Planning Director Kim Flom reported that there has been some interest in developing condominiums, and targeted the bowling alley as a redevelopment site. She stated that she doesn't think a sale has occurred as of yet.

City of De Pere MEMORANDUM

To: Redevelopment Authority
 From: Kimberly Flom, Economic Development & Planning Director
 Date: July 22, 2016

RE: **TID #7 Project Plan Amendment & Redevelopment Plan Amendment for the East Side Business District**

PROJECT SUMMARY

The City of De Pere has been working on the second amendment to the Project Plan for TID #7. The Project Plan Amendment has been reviewed by the Joint Review Board (July 19, 2016) and the Plan Commission during a public hearing (July 25, 2016). Common Council will be reviewing the plan at their meeting on August 2 and the Joint Review Board is scheduled to meet on August 8, 2016. The amendment is necessary in order to consider the Mulva Cultural Center on the former 'Block 17' or 'MacDental' property. The Project Plan has been revised to include an updated economic impact analysis and provide for TID land acquisition costs to be used for the proposed non-taxable cultural center. No changes to the TID boundary are proposed.

A redevelopment plan accompanied the TID Project Plan when the TID was created in 2007. The attached resolution amends the redevelopment plan by adding the second amendment to TID #7, therefore ensuring consistency between the two documents. This is similar to the resolution passed in 2014 during the first TID #7 Project Plan and Revaluation amendment.

RECOMMENDATION

Staff recommends approval of Resolution RDA 16-01, Approving Amendment #2 to the Redevelopment Plan for the East Side Business District Redevelopment Project, City of De Pere, Wisconsin.

Attachment: RDA Staff Report TID 7 (4955 : Second Amendment to Redevelopment Plan)

REDEVELOPMENT AUTHORITY
RESOLUTION #RDA 16-01

APPROVING AMENDMENT #2 TO THE REDEVELOPMENT PLAN FOR THE EAST SIDE
BUSINESS DISTRICT REDEVELOPMENT PROJECT, CITY OF DE PERE, WISCONSIN

WHEREAS, on October 2, 2006, the Redevelopment Authority of the City of De Pere (RDA) authorized the Redevelopment Plan for the East Side Business District Redevelopment Project which was subsequently amended by the RDA on September 16, 2014; and

WHEREAS, the Plan Commission, having held a public hearing on Amendment (#2) to the Project Plan for Tax Incremental Financing District #7 (TID #7), a copy of which is attached hereto and incorporated herein as Exhibit A, has determined to recommend to the Common Council that it approve said Project Plan Amendment, including projects identified therein in the Redevelopment Plan for the East Side Business District as amended in 2014; and

WHEREAS, the Redevelopment Authority, having reviewed such Project Plan Amendment (#2), wishes to amend the Redevelopment Plan for the East Side Business District to include such Amended Project Plan (#2) for TID #7.

NOW, THEREFORE, BE IT RESOLVED by the Redevelopment Authority of the City of De Pere, Wisconsin, that:

1. The Amended Project Plan (#2) for TID #7 (Exhibit A) is hereby found to be feasible and in conformity with the Downtown Master Plan of the City of De Pere and is hereby approved as Amendment #2 to the Redevelopment Plan by the Redevelopment Authority.
2. The Chair of the Redevelopment Authority is hereby authorized and directed to submit a copy of this Resolution to the City of De Pere Common Council and to request that the Common Council take appropriate action to approve the project plan amendment #2 for TID #7.

Redevelopment Authority Resolution #RDA16-01

Project Plan Amendment

Section A Introductions

Wisconsin's Tax Incremental Law was created to help cities and villages rehabilitate blighted areas and improve or develop industrial sites. In creating Wisconsin's Tax Incremental Law, the State Legislature expressed its concern that cities and villages had neither the incentive nor the financial resources necessary to carry out projects that benefited not only the city or village, but all jurisdictions which share in the tax base.

The Tax Incremental Law gives cities and villages the authority, under certain conditions, to designate a specific area within its boundaries as a Tax Incremental Financing District and requires them to prepare a plan to develop or redevelop the District. Cities or villages may use all increased property taxes generated by the increased property value generated by such development or redevelopment to pay for eligible costs, which they incur to improve the District. This law assumes that all governmental units that tax properties within the District will eventually benefit from the increased value which will be generated. The municipality that created the District is allowed to retain the increased taxes generated during the existence of the District to pay for the costs of the public improvements.

State Statute places certain limitations on the creation of Tax Incremental Financing Districts. Only whole parcels of property that are assessed for general property tax purposes and which are contiguous can be included within a District. In addition, at least fifty percent (50%) of the real property in a District must meet at least one of the following criteria:

1. It is a blighted area;
2. It is an area in need of conservation or rehabilitation work;
3. It is an area suitable for industrial sites and has been zoned for industrial use; or
4. It is an area suitable for mixed-use development.

It also must be found that:

1. The improvement of the area is likely to enhance significantly the value of substantially all the other real property in the District;
2. The project costs relate directly to eliminating blight, directly serve to rehabilitate or conserve the area or directly serve to promote industrial and/or mixed use development; and
3. The equalized value of taxable property of the District plus the value increment of all existing Districts does not exceed 12 percent of the total equalized value of taxable property within the City.

Before a Tax Incremental Financing District can be created or amended, a Joint Review Board, which is comprised of representatives of the authorities having the power to levy taxes in the District and one public member, must approve the municipality's action relative to the creation or amendment of the District.

A Tax Incremental Financing District shall terminate when the earlier of the following occurs:

1. That time when the City has received aggregate tax increments with respect to such District in an amount equal to the aggregate of all project costs under the Project Plan and any amendments to the Project Plan for such District.
2. Twenty-seven years after the District is created for blighted and in need of Rehabilitation or Conservation work.
3. The local legislative body, by resolution, dissolves the District, at which time the City or Village shall become liable for all unpaid project costs actually incurred, except this paragraph does not make the City or Village liable for any tax incremental bonds or notes issued.

Tax Increment District No. 7 was created in 2007 following the requirements and it was designated as a blighted area in the project plan. The Project Plan Amendment for Tax Incremental Financing District No. 7, "the District," in the City of De Pere has been prepared in compliance with s. 66.1105(4), Wisconsin Statutes. TID No. 7 is

defined by the boundary shown on Map 1 found on Page 11. Pursuant to s. 66.1105(4)(f), the Project Plan (original and any subsequent amendments) shall include:

- A statement listing the kind, number and location of all proposed public works or improvements within the district;
- an economic feasibility study;
- a detailed list of estimated project costs;
- a description of the methods of financing all estimated project costs;
- the time when the related costs or monetary obligations are to be incurred;
- a map showing existing uses and condition of real property in the district;
- a map showing proposed improvements and uses in the district;
- proposed changes of zoning ordinances, master plan, if any, maps, building codes and city ordinances;
- a list of estimated non-project costs;
- a statement of the proposed method for the relocation of any persons to be displaced;
- an indication as to how creation of the tax incremental district promotes the orderly development of the city/village;
- an analysis of the overlying taxing districts;
- a map showing the district boundaries; and
- an opinion of the city attorney advising whether the plan is complete and complies with s. 66.1105(4)(f), Wisconsin Statutes.

Section B Statement Listing the Kind, Number, and Location of All Proposed Public Works or Improvements Within and Outside of the District

The public works and improvement activities located within Tax Incremental Financing District No. 7 pursuant to the Project Plan Amendment are listed on Table I found on page 3, which provides a listing of all District activities; and Map 3 on Page 13, which shows the location of the proposed project costs, public works and improvements. The estimated project costs shall be refined as future development occurs and specific project activities are undertaken. Some public improvements may occur off-site, but are necessary expenditures in terms of benefiting the TIF District. Project costs incurred for territory that is located within a one-half mile radius of the district's boundaries may also be financed by the district. Any economic incentives granted will be consistent with the TIF statutory requirements.

A. Capital Costs for Development of the TID:

Capital costs most often include projects located within the boundaries of the District. Infrastructure costs for projects located outside of the District, benefiting or necessary for the development within the District may also be eligible District project costs (must be within one-half mile radius of the district). Such costs must be shared in a reasonable manner relating to the amount of benefit to the District. Infrastructure costs may include:

1. Land acquisition, relocation, and building demolition to facilitate development or redevelopment within the District.
2. Street construction or reconstruction, installation/upgrading of sanitary sewer, water, and storm water infrastructure to facilitate development or redevelopment.
3. Installation or improvements to other utilities including electric, natural gas, telecommunications, cable TV, fiber optic, etc.
4. Construction of sidewalks, trails and other related improvements to facilitate pedestrian travel in and around the District.
5. Installation/construction of landscaping improvements, streetscaping, and wayfinding.

B. Administrative Costs:

Administrative costs may include, but are not limited to, a portion of City staff time, consultants and others directly involved with planning and administering of the District over the statutory expenditure period.

C. Organization Costs:

Organization costs may include, but are not limited to, financial consultant fees, attorneys, engineers, planners, economic or environmental feasibility studies, traffic studies, preparation of this Project Plan, financial projections, preliminary engineering to determine project costs, maps, legal services, and other payments made which are necessary or convenient to the District.

D. Financing Costs:

Financing costs include interest, finance fees, bond discounts, bond redemption premiums, bond legal opinions, bond fees, ratings, capitalized interest, bond insurance and other expenses related to financing.

The previous activities shall provide necessary facilities and incentives that should enable and encourage development and redevelopment within the District. A detailed list of estimated project costs, including anticipated year of installation, is included in Table I. The

TID NUMBER 7 - TABLE I
Proposed Project Costs, Public Works and Improvements

Project Amendment Only

	Total	Year			
	Costs	2016	2017	2018	2019-2031
CAPITAL COSTS

FINANCING COSTS					
Bond issuance costs	50,000				50,000
Bond interest costs	491,000				491,000
Subtotal					
TOTAL	4,160,000				

Note: the Block17 project expenditure of \$1.5 million in the original project plan is now anticipated to support a non-taxable cultural/event center.

Subject to change based on final financing plan for individual projects. The City reserves the right to adjust the total amount financed for certain identified eligible projects contained within this Project Plan.

Section C Local Action

Before a Tax Incremental Financing District Plan can be modified, the City Plan Commission must hold a public hearing(s) on the proposed Project Plan Amendment for the District. After the public hearing, the City Plan Commission must submit the recommended Tax Incremental Financing District Project Plan Amendment to the local legislative body for action if it desires to modify the District. Before adopting such resolution, the local legislative body may amend the Project Plan. The Public Hearing for the Project Plan Amendment has been scheduled for the Plan Commission on July 25, 2016. Notice of the Public Hearing has been published in the Green Bay Press Gazette on July 11, 2016 and July 18, 2016. The resolution approving the District Amendment shall be introduced to the Common Council for approval on August 2, 2016.

State Statutes require the City seeking to create or amend a Tax Incremental Financing District convene a Joint Review Board (JRB) to review the proposal. The first meeting of the JRB must be held within fourteen days after the Notice of the above-referenced hearing(s) is published. For any Tax Incremental Financing Districts proposed by the City of De Pere, the membership of the Joint Review Board shall consist of a representative chosen by the City, a representative chosen by the County, a representative chosen by the Technical College District, a representative chosen by the School District, and one public member. The public member and the chair of the JRB must be selected by a majority vote of the other JRB members. It is the responsibility of the JRB to review the public record, planning documents and the resolution passed by the local legislative body creating the District, and to either approve or not approve such resolution based on certain criteria by a majority vote after receiving the resolution. The first meeting of the JRB was held on July 19, 2016, with the final meeting to act on the Common Council's resolution anticipated for August 8, 2016.

Capacity to Create Tax Incremental Districts

In 2004 the State Legislature amended the Tax Incremental Financing Law to allow up to 12% of the total equalized value of taxable property within the City be included within Tax Incremental Districts. The City of De Pere's 2015 total equalized value is 1,898,625,300. The City can include up to twelve percent (12%) of the total equalized value of the community in existing and new tax incremental finance districts. 12% of the City's equalized value is \$227,835,036.

The City has 8 outstanding Tax Incremental Districts with \$133,828,000 of equalized value. The Project Plan Amendment for TID 7 is not expected to include any substantial additional incremental value. Therefore, this district can be amended and stay within the 12% capacity limit enacted by statute. The Department of Revenue will certify the values in the tax incremental districts to confirm compliance with this requirement.

The City should carefully monitor the annual growth within this district and other existing districts, as well as the capacity to create additional districts.

Section D General Description of Tax Incremental District Number 7

The original purpose of Tax Incremental Financing District Number 7 is primarily to assist expansion of the tax base by providing public improvements, land acquisition, and consolidations; to promote development opportunities; stimulate private investment; and enhance the appearance of the downtown and the George Street corridor.

The City Comprehensive Plan states "the City should consider ways of supporting and encouraging redevelopment..." and "Redevelopment of the downtown business districts are recommended and encouraged to stabilize the boundaries and maintain viable downtown areas." The District will create the incentives that will advance the health and vitality of the east downtown area, and stimulate more tax base that otherwise would not have happened.

The boundaries of the District are described in the next section and as legally described in Appendix A. The intent of the District is to acquire lands and install public improvements that will allow and, in fact, stimulate reinvestment by the private sector. The new investment will, in turn, increase the tax base to pay for the initial investments and provide new tax base.

Section E District Boundary

The boundaries of Tax Incremental Financing District Number 7 are shown on Map 1 on Page 11 and are further described in Appendix A and B . There are no proposed changes with the amendment.

Section F Economic Feasibility Study

Purpose

The purpose of this study is to determine if the projected revenues generated from the District as a result of the proposed developments can finance the costs associated with the implementation of the Project Plan.

General Development Description

This section focuses on the new development projections and corresponding incremental new value in light of the projected cultural/event center development. These projections have been prepared based on assumptions provided by the City and proposed developer.

The tax increment revenue projections in this section are based on the potential development of certain buildings and/or sites to accommodate land uses. The development projections are based on information provided by the proposed developer along with an understanding of the general market conditions and feasibility within the area. These projections are summarized in Table II below.

TID NUMBER 7 – TABLE II
Projected Development
Project Amendment Only

PROJECT	Value	Expected Date of Construction
Creviere Commons (102 N Broadway)	\$3,000,000	2016-2017

Front Street Redevelopment Phase 2	\$6,000,000	2020-2021
Front Street Redevelopment Phase 3	\$5,000,000	2021-2022
Wells Park Development	\$2,000,000	2023-2024
Downtown Redevelopment	\$1,500,000	2024-2025
Downtown Redevelopment	\$1,500,000	2026-2029
TOTAL ESTIMATED VALUE INCREMENT	\$30,000,000	

The City has estimated that the Project Plan Amendment will create incremental new value as shown in the table above. This table has been revised from the 2014 Project Plan Amendment and represents a reduction based on the revised development on Block 17 (also known as the Mac Dental property), which is now projected to be a privately owned, non-taxable cultural/event center. The value of that redevelopment project had previously been estimated at \$6,000,000. The 2014 Project Plan Amendment included a total estimated value increment of \$39,316,900. Any future projects with private developers may be required to enter into an assessment agreement to guarantee future values. Estimates of incremental new value of the project are based on estimated square footage and business type.

The objective of the District is to facilitate development and redevelopment of the City's downtown and surrounding area. The economic feasibility projections are based on the utilization of approximately 25 years of the allowed tax increment collection period, pursuant to the legislation that requires the remaining project costs to be financed within 90% of the remaining life of the District.

The economic feasibility analysis should be considered as a baseline projection that is annually monitored to ensure projected targets are met. The purpose of the annual monitoring is to determine that total incremental value has been achieved rather than whether a specific identified project created those increments. Future public borrowing and/or expenditures should be based on this annual review process. It is the intent of this Project Plan Amendment to maximize the potential of Tax Incremental Financing District Number 7 to accomplish the proposed public improvements identified in Table I found on Page 3.

Table II and Map 5 summarize the development assumptions that have been used in the economic feasibility analysis. These projections have been prepared based on information received from the developer and City staff. The projections in Table II include assumptions on square footage and business type that have been proposed in the preliminary site plan. Assumptions of the taxable value by type of use (i.e., industrial or commercial) are based on a review of comparable real estate values.

The incremental new value projections included in Table II are not total construction costs estimates, but are factored to equate to the anticipated equalized value to which an annual mill rate will be applied. The actual construction costs may be higher than projected value because construction costs may include soft costs not necessarily assessed by the City. Real estate valuation can also significantly fluctuate from year to year. For that reason, there should be an annual review and evaluation of the stability of the increment value prior to making annual borrowing and/or spending decisions.

In compliance with the statutory requirements of tax incremental financing, a finding has been made that the private development activities projected would "not otherwise occur without the use of tax incremental financing." It must be understood that these projected private development increments will not naturally occur without the proactive implementation of this Project Plan Amendment. The implementers of the Project Plan Amendment will need to be aggressive in stimulating the identified private development projects. The posture cannot be to expect that private developers will have financially feasible projects without implementation of the public improvement activities identified in this Plan.

The economic feasibility analysis for Tax Incremental District Number 7 is presented in Tables I, II and III. Table III shows the projected tax increments from the District based on the development assumptions made in Table II.

Total			30,000,000			11,041,273	

Tables I and III show the anticipated project costs and projected tax increment revenues for financing of the proposed public improvement project costs of the District Amendment. The City anticipates financing the proposed project costs through a combination of bonds, pay-as-you-go reimbursement and developer cash grants. Tables I and III indicate that projected tax increments are expected to be sufficient to support the project costs through the maximum term of the district.

The retirement of the District, taking into consideration the assumptions identified in Table I (Proposed Project Costs, Public Works & Improvements) and Table II (Projected Development Assumptions), is based on the property tax collection that was in place at the time of the Public Hearing held on July 27, 2016.

The future development assumptions have been based on a review of market conditions that exist at the time of drafting of the Project Plan and potential future development and redevelopment opportunities. It is expected and recommended that the City annually review the financial condition of Tax Incremental District Number 7. The economic feasibility analysis indicates that the District is feasible, provided the development assumptions have been achieved. The City should not spend at levels projected in Table I without developer agreements that guarantee repayment of expenditures or without a "risk assessment" that defines the maximum financial exposure the City finds acceptable. The City should analyze the fiscal condition of Tax Incremental Financing District Number 7 on the basis of how well the development assumptions are being met. Decisions to continue spending annually should be based on the status of the district. The City will only finance those project costs that are financially feasible and supported by new revenues generated by the project.

Section G Financing

Financing for the proposed projects within Tax Incremental Financing District Number 7 will be done primarily on an upfront or pay-as-you-go basis. The City anticipates using a combination of bonds and internal loans to finance the upfront costs necessary for projects to proceed. With pay-as-you-go financing the developer finances the improvement costs upfront and is reimbursed with future tax increment revenues. TIF borrowing may be done annually or on a project-specific basis and it is not anticipated that the total amount of project costs would be considered for one borrowing. The City may also pursue grant funding to finance a portion of the project costs.

Tables I and III, which is also referenced in the Economic Feasibility Study Section, give a summary of project costs, proposed cash flow schedule, and projected tax increment revenues on an annual basis during the duration of the District pursuant to the reduced term of 25 years due to the base value redetermination (to the year 2031). Current projections indicate that all project costs of the district should be financed by tax increment revenue within the reduced term of twenty five years. The TID Project Plan Amendment has been written to enable project costs to be completed in order to encourage new development and redevelopment within the District boundaries. An annual analysis should be made to strategize financing alternatives in consideration of potential shortfalls between tax increments collected and debt service required to pay the bonds. Excess tax increments will be available to cover potential shortfalls with repayment to the City prior to retirement of the District. The City anticipates annually reviewing future expenditures and determining economic feasibility prior to authorizing additional expenditures.

The total scope of activities is estimated within the project cost estimates in Table I. Any non-tax revenues received may reduce the applicable TIF project expenditure which, in turn, will reduce the total amount of TIF project costs. This reduction will allow the City more flexibility in determining the timeframe for other project expenditures.

Section H Estimated Non-Project Costs

Non-Project costs are public works projects that may only partly benefit the District or are not eligible to be paid with tax increments, or costs not eligible to be paid with TIF funds. There are currently not any estimated non-project costs of the district.

Section I Existing Land Uses and Conditions

Map 2, found on Page 12, has been provided to give a general description of the conditions within the area. Map 4, found on page 14, is a zoning map that generally describes the existing uses within the District. These two maps should be used in combination when studying the Project Plan.

Section J Proposed Land Use

The proposed TID will promote the orderly development within the City by reducing and/or eliminating under-utilized land uses, while remaining financially feasible for the City to replace such uses with more appropriate uses. Map 5 on Page 15 illustrates the proposed land uses within the district.

Section K Existing and Proposed Zoning

Map 4, found on Page 14, shows the TIF District boundary overlaid onto an existing zoning map.

It is anticipated that many of these zoning districts will remain with their associated parcels unless future proposed uses are in conflict with the existing zoning.

Section L Building Codes and City Ordinances

No changes are currently being anticipated in the City's Building Code or other City codes.

Section M Relocation

If acquisition would occur within Tax Incremental District Number 7 which causes displacements, the City will conform to the requirements as set forth by the Department of Commerce in the State of Wisconsin Relocation Laws. If federal funds are used in the relocation process, the federal relocation process will also be followed.

Section N Estimated Amount of Bonded Indebtedness

The purpose of TID No. 7 is to assist with the expansion of business, commerce, and potentially residential growth within the City of De Pere. The creation of this district should provide a financial resource for the City to promote orderly development by making sites suitable for development that otherwise may not be occurring, by providing new employment opportunities that would not otherwise be available, and, in general, promoting the public health, safety and general welfare. The development stimulated by the use of this TID shall increase the overall tax base of the City, increase employment, increase household income, and generally improve the quality of life in the City.

Section O Findings

- A. A minimum of 50% of the area occupied by real property within TID No. 7 was determined in 2007 to be a blighted area and in need of rehabilitation or conservation work within the meaning of Section 66.1105 (2m)(b) of the Wisconsin Statutes.
- B. The improvement of TID No. 7 is likely to significantly enhance the value of substantially all of the other real property in the district.
- C. The project costs relate directly to eliminating blight, serving to rehabilitate or conserve the area and improvements made will enhance significantly the value of substantially all of the other real property in the District.
- D. The equalized value of taxable property of TID No. 7, plus the value increment of all existing districts, does not exceed 12% of the total equalized value of taxable property within the City.

Section P City Attorney Opinion

The City Attorney for the City of De Pere, Wisconsin has reviewed the Project Plan for Tax Incremental Finance District Number 7, City of De Pere, Wisconsin, dated July 25, 2016, and has found that it is complete and complies with Section 66.1105, Wisconsin Statutes. The City Attorney letter is included as Appendix E.

APPENDIX B

LEGAL DESCRIPTION

The description of the proposed boundaries of the Tax Incremental District is located in the City of De Pere, Brown County, Wisconsin, generally, more particularly described as follows:

Commencing from a point where the centerline of Broadway Street intersects the centerline of Merrill Street, also being the point of beginning, thence N01°-31'-11"E, 426.79 feet along the centerline of Broadway Street to a point which intersects the centerline of Lewis Street; thence S89°-42'-28"E, 360.89 feet along the centerline of Lewis Street; thence N00°-37'-49"E, 30.00 feet to a point where the northerly right of way line of Lewis Street intersects the easterly right of way line of Wisconsin Street; thence N00°-38'-06"E along said east line, 360.54 feet to a point where said line intersects with the southerly right of way line of Charles Street; thence N00°-38'-06"E, 60.00 feet to the north right of way line of Charles Street; continuing N00°-38'-06"E, 190.27 feet; thence S89°-24'-19"E, 134.11 feet; thence N00°-38'-03"E, 110.20 feet; thence S89°-24'-47"E, 120.11 feet to the westerly right of way line of Michigan Street; thence S89°-24'-47"E, 60.00 feet to the easterly right of way line of Michigan Street; thence S00°-38'-00"W, 60.11 feet along said west line; thence S89°-24'-33"E, 120.09 feet; thence N82°-27'-42"E, 14.14 feet; thence S89°-24'-33"E, 120.09 feet to a point that intersects with the westerly right of way line of Superior Street; thence S87°-27'-31"E, 60.03 feet to the easterly right of way line of Superior Street; thence N00°-38'-08"E, 120.31 feet along said east line to a point that intersects with the southerly right of way line of George Street; thence S89°-25'-02"E, 254.19 feet along said south line to the intersection with the westerly right of way line of Huron Street; thence S00°-38'-15"W along said west line, 120.34 feet; thence S89°-27'-03"E, 60.00 feet to the easterly right of way line of Huron Street; thence S89°-24'-33"E, 254.18 feet to the westerly right of way line of Erie Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Erie Street; thence S00°-38'-22"W, 60.18 feet along said east line; thence S89°-24'-19"E, 120.05 feet; thence N00°-38'-25"E, 60.18 feet; thence S89°-24'-33"E, 134.05 feet to the westerly right of way line of Ontario Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Ontario Street; thence N00°-38'-29"E, 60.20 feet along said east line; thence S89°-27'-23"E, 254.92 feet to the westerly right of way line of Winnebago Street; continuing S89°-27'-23"E, 60.00 feet to the easterly right of way line of Winnebago Street; thence N00°-37'-47"E, 180.26 feet; thence N89°-28'-02"W, 60.01 feet to the westerly right of way line of Winnebago Street; continuing N89°-28'-02"W, 254.88 feet to the easterly right of way line of Ontario Street; thence N89°-17'-50"W, 60.00 feet to the westerly right of way line of Ontario Street; thence N89°-24'-37"W, 254.12 feet to the easterly right of way line of Erie Street; thence N00°-38'-22"E, 60.16 feet along said east line; thence N89°-24'-13"W, 60.00 feet to the westerly right of way line of Erie Street; continuing N89°-24'-13"W, 882.57 feet to the easterly right of way line of Michigan Street; thence S89°-20'-00"W, 29.39 feet; thence S01°-02'-14"W, 119.03 feet; thence S88°-54'-47"W, 29.79 feet to a point where the westerly right of way line of Michigan Street intersects the northerly right of way line of George Street; thence N89°-25'-02"W, 80.11 feet along the northerly right of way line of George Street; thence N00°-38'-03"E, 11.00 feet; thence N89°-25'-02"W, 160.09 feet; thence S82°-09'-41"W, 74.83 feet to a point where the westerly right of way line of Wisconsin Street intersects the northerly right of way line of George Street; thence N89°-24'-59"W along the northerly right of way line of George Street, 120.76 feet; thence N00°-37'-00"E, 17.50 feet; thence N89°-24'-47"W, 14.00 feet; thence N00°-37'-00"E, 72.98 feet; thence N89°-24'-17"W, 30.00 feet; thence N00°-37'-00"E, 10.05 feet; thence N89°-24'-13"W, 90.76 feet to the easterly right of way line of Broadway Street; thence S00°-35'-34"W, 40.22 feet along said east line; thence N89°-24'-34"W, 80.00 feet to a point where the westerly right of way line of Broadway Street intersects with the northerly right of way line of George Street; thence continuing N89°-24'-34"W along the northerly right of way line of George Street, 120.09 feet; thence continuing N89°-24'-43"W, 14.00 feet; thence N89°-24'-10"W, 112.15 feet along said north line to the easterly right of way line of Front Street; thence N01°-53'-14"W, 167.51 feet; thence N00°-26'-45"E, 194.50 feet to the northerly right of way line of James Street; thence N89°-44'-05"W, 148.34 feet; thence N89°-05'-40"W, 274.40 feet along said north line of James Street to the intersection of the low water mark of the east shore of the Fox River; thence meandering in a southerly direction along the low water mark of the east shore of the Fox River to a point that intersects with the intersection of the projected centerline of Merrill Street; thence S63°-34'-33"E, 190.94 feet along the projected centerline of Merrill Street to the centerline of Broadway Street and the point of beginning.

Said parcel contains 27.1 acres or 1,181,959 square feet, more or less.

APPENDIX C

PUBLIC HEARING NOTICE

NOTICE OF PUBLIC HEARING

PROPOSED AMENDMENT (#2) TO THE PROJECT PLAN FOR TAX INCREMENT DISTRICT NUMBER 7, CITY OF DE PERE, WISCONSIN

NOTICE IS HEREBY GIVEN, that the City of De Pere Plan Commission will meet at 7:00 p.m. on Monday, July 25, 2016, at City Hall in the Council Chambers, 335 S. Broadway, De Pere, Wisconsin, to conduct a hearing regarding the proposed second amendment to the project plan for Tax Increment District Number 7, City of De Pere, Wisconsin.

The City anticipates that the project plan will be amended to include expenditures such as cash grants, land price discounts and other incentives by the city to owners, lessees, or developers of land that are located within the tax increment district. No parcels are proposed to be added to or deleted from the TID boundary. TID #7 is located on the East Side of Downtown De Pere and generally includes the George Street commercial corridor, parts of the river walk and approximately three blocks bordered by George Street, Front Street, Lewis Street and Wisconsin Street. TID #7 contains 27.1 acres of land more or less.

During the public hearing, all interested parties will be provided with an opportunity to express their views on the proposed amendment to the boundary and project plan for such tax increment district. Persons desiring information on the proposed project plan amendment may contact the Economic Development & Planning Director at 920-339-4043. A copy of the proposed project plan amendment is available for review in the City Clerk Treasurer office and will be provided upon request.

Dated this 11th day of July, 2016.

BY ORDER OF THE COMMON COUNCIL

Michael J. Walsh
Mayor

Shana Ledvina
City Clerk-Treasurer

CITY ATTORNEY REVIEW LETTER

CITY OF DE PERE

335 South Broadway
De Pere, WI 54115
Fax No.: 920/339-4049
Web: <http://www.de-pere.org>

July 25, 2016

The Honorable Michael J. Walsh
Members of the De Pere Common Council

RE: City of De Pere TID #7 Amendment (#2)

Dear Mayor and Common Council Members:

Pursuant to Wis. Stats. §66.1105(4)(f), any tax incremental financing district project plan must include an opinion of the City Attorney or of an attorney retained by the City advising whether the plan is complete and complies with that statutory section. As the duly appointed City Attorney of the City of De Pere and upon a review of the Project Plan Amendment (#2) for Tax Increment Financing District #7 (TID #7) to which this opinion is to be appended, it is my opinion that such plan contains and adequately addresses the prerequisites set forth at Wis. Stats. §66.1105. This opinion is based on my review of said plan, my review of Wis. Stats. §66.1105, and my experience as a municipal attorney.

It is my further opinion that inasmuch as the project plan is complete and in compliance with the above referenced section, it is in proper form for adoption by the Common Council.

Respectfully submitted,

Judith Schmidt-Lehman
City Attorney

Appendix #1: City Council Resolution..... 17

Appendix #2: Plan Commission Resolution Recommending TID #3 Project Plan
and Boundary Amendment No. 3 19

Appendix #3: Real Estate Parcel Totals... .. 20

jects. The City retains the right to delete projects or change the scope and/or timing of projects implemented as they are individually authorized by the De Pere City Council, without amending the plan.

Table 1: Kind, Number and Estimated Project Costs

No.	Potential Project Description	Estimated Costs
1.	Block 17 Redevelopment Project	\$1,500,000
2.	George Street Streetscaping	\$110,000
3.	Conversion of Bridge approach (George Street)	\$200,000
4.	Façade Restoration Grant Program	\$120,000
5.	Parking Area on unused portion of Charles Street	\$30,000
6.	Development on Creviere Commons	\$5,000
Total		\$1,965,000

Individual project monies plan to be spent over the following years is shown in Table 2.

Table 2 identifies the timing of anticipated public expenditures by an approximate year.

Table 2: Projected Expenditures by Year

No.	2006	2007	2008	2009	Total
1.	\$1,500,000				\$1,500,000
2.	\$110,000				\$110,000
3.				\$200,000	\$200,000
4.	\$30,000	\$30,000	\$30,000	\$30,000	\$120,000
5.		\$30,000			\$30,000
6.				\$5,000	\$5,000
Total	\$1,640,000	\$60,000	\$30,000	\$235,000	\$1,965,000

Activities in each of the projects are described as follows:

1. Block 17 Redevelopment Project

The City block surrounded by Charles Street to the north, Lewis Street to the south, S. Wisconsin Street to the east and S. Broadway Street to the west is going to be impacted by the relocation of the new Claude Allouez Bridge. The remainder of the block is a prime redevelopment site, due to its excellent visibility as the prime westerly entrance to the East Downtown Business District and views of the Fox River.

This project would involve the following possible actions:

- Appraisals for each property
- Initial offers for acquisition of properties
- Possibility of paying for a second Appraisal
- Relocation costs
- Demolition costs

Once the project area is demolished, properties could be combined and marketed for redevelopment proposals.

III. Economic Feasibility Study

Projected Income by Project

The projected timeframe for project increment is shown on Table 3. This timeframe is based on construction or renovation occurring in the previous two year period, with taxable value created the year before. The year in which the project is listed for income is the year that taxes are due.

Table 3: Projected Increase in Assessed Valuation from New or Renovated Projects

Levy Year	1. Block 17 Mixed Use Development	3. George Street Structure	4. Façade Restoration	6. Creviere Commons Structure	New 2006 Construction	Total
2008			\$30,000		\$414,200	\$441,200
2009	6,200,000		\$30,000			\$6,230,000
2010			\$30,000			\$30,000
2011			\$30,000			\$30,000
2012		\$1,500,000				\$1,500,000
2013				\$1,000,000		\$1,000,000
Total	6,200,000	\$1,500,000	\$120,000	\$1,500,000	\$414,200	\$9,231,200

*New commercial buildings at 921 George Street and 115 S. Erie Street were under construction (partial assessment) on January, 2006. They will be fully assessed on January 1, 2007, and taxes will be paid into the TID in 2008.

IV. A Description of the Methods of Financing and the Time When Such Costs or Monetary Obligations Related Thereto are to be Incurred

The City of De Pere will cautiously proceed with any future borrowing, and any borrowed monies will be consistent with the City's debt service plan. The City realizes that investments in the district will occur over a period of years. Debt associated with listed projects is projected to be paid off by 2022.

The City of De Pere will utilize its ability to secure double exemption bonds secured by the City of De Pere Redevelopment Authority.

Table 5: Debt Service Cash Flow

Levy Year	A As of 1/1 Balance	B* Loss of Tax Revenue	C Project Costs	D Misc. Income (Bond)	E** Debt Service	F Tax Increment Dollars	G*** As of 12/31 TIF Balance
2006		(\$16,450)	\$1,640,000	(\$1,656,450)	\$75,540		(\$1,730,990)
2007	(\$1,730,990)	(\$11,734)	\$60,000	(\$71,734)	\$81,123		(\$1,883,847)
2008	(\$1,883,847)		\$30,000	(\$30,000)	\$86,123	\$2,542	(\$1,997,428)
2009	(\$1,997,428)		\$235,000	(\$235,000)	\$100,459	\$140,123	(\$2,092,764)
2010	(\$2,092,764)				\$94,174	\$151,114	(\$2,035,824)
2011	(\$2,035,824)				\$91,612	\$158,050	(\$1,969,386)
2012	(\$1,969,386)				\$88,622	\$197,099	(\$1,860,909)
2013	(\$1,860,909)				\$83,741	\$225,396	(\$1,719,254)
2014	(\$1,719,254)				\$77,366	\$237,063	(\$1,559,557)
2015	(\$1,559,557)				\$70,180	\$238,874	(\$1,390,863)
2016	(\$1,390,863)				\$62,589	\$245,802	(\$1,207,650)
2017	(\$1,207,650)				\$54,344	\$252,878	(\$1,009,116)
2018	(\$1,009,116)				\$45,410	\$260,095	(\$794,431)
2019	(\$794,431)				\$35,749	\$267,457	(\$562,723)
2020	(\$562,723)				\$25,323	\$274,966	(\$313,080)
2021	(\$313,080)				\$14,089	\$282,625	(\$44,544)
2022	(\$44,544)				\$2,004	\$290,438	\$243,890
Total		(\$28,184)	\$1,965,000	(\$1,993,184)	\$1,088,448	\$3,224,522	

* Lost tax revenue, due to a drop in the base year value, would be made up in borrowed monies.

**Debt Service is based on an interest rate of 4.5% times accumulated debt and project costs in the first four years. Annual debt service is then added to accumulated debt each year.

***Column G is the result of adding columns A, D and E together, and subtracting column F.

Street to the intersection of the low water mark of the east shore of the Fox River; thence meandering in a southerly direction along the low water mark of the east shore of the Fox River to a point that intersects with the intersection of the projected centerline of Merrill Street; thence S63°-34'-33"E, 190.94 feet along the projected centerline of Merrill Street to the centerline of Broadway Street and the point of beginning.

Said parcel contains 27.1 acres or 1,181,959 square feet, more or less.

VI. Plan Implementation

It is anticipated that improvements will be made during the life of the TID. A reasonable and orderly sequence is outlined in this plan. Public debt and expenditures will be made at the pace of private development interest to ensure that an increment is sufficient to cover expenses.

The order in which public improvements are made should be adjusted in accordance with development and execution of development agreements. The City reserves the right to alter the implementation of this plan to accomplish this objective.

VII. Existing Land Use

The existing land uses in TID No. 7 are predominantly downtown mixed uses. At least fifty percent of the buildings and property meet the statutory definition of "blighted area" as described in Wisconsin Statutes s.s. 66.1105(2)(a), based on the following conditions:

1. Most of the structures in TID No. 7 are over fifty years old, and meet the "blighted area" criteria for "dilapidation, deterioration, age, or obsolescence."
2. Almost all of the buildings were constructed with common walls, which make them susceptible to a spreading fire in an adjacent building.
3. Being built immediately abutting each other hinders adequate ventilation, light, air and open space.
4. These structures would not pass current building code standards, but are allowed to continue under "grandfather" regulations.
5. Vacant "store fronts" qualifies as a "blighting influence" on the area.
6. Private party development of prime downtown locations due to owner/renter-occupied structures under multiple ownership is highly unlikely.
7. Vacant and underutilized land parcels have a "blighting" affect on neighboring parcels.
8. Environmentally contaminated sites exist, which discourages redevelopment.

VIII. Nonproject Costs

The City of De Pere does not anticipate incurring any nonproject costs.

XVI. Opinion of City Attorney, i.e. Compliance with Wisconsin State Statutes, Section 66.1105

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of De Pere as follows:

1. Pursuant to the Tax Increment Law, there is hereby created in the City of De Pere a tax incremental district to be known as "Tax Incremental District No. 7, City of De Pere", the boundaries of which shall be those recommended to the City Council as described and shown in the Project Plan.

2. The City Council hereby finds and declares that:

(a) Not less than 50% by area of the real property within the said tax incremental district is a blighted area, in need of rehabilitation or conservation work within the meaning of Section 66.1105 (2m)(b) of the Wisconsin Statutes; and

(b) The improvement of such area is likely to enhance the value of all of the other real property in said tax incremental district; and

(c) The aggregate value of equalized taxable property of the said tax incremental district plus the value increment of all existing districts within the City does not exceed 12% of the total value of equalized taxable property within the City of De Pere; and

(d) The project costs are intended to eliminate blight, directly serve to rehabilitate or conserve the area, and improvements made will enhance significantly the value of substantially all of the other real property in the District.

The City Clerk is hereby authorized and directed to apply to the Wisconsin Department of Revenue, in such form as may be prescribed, for a "Determination of Tax Incremental Base", as of January 1, 2006, pursuant to the provisions of Section 66.1105(5)(b) of the Wisconsin Statutes.

The City Assessor is hereby authorized and directed to identify, upon the assessment roll returned and examined under Section 60.45 of the Wisconsin Statutes, those parcels of property which are within Tax Incremental District No. 7, specifying thereon the name of the said tax incremental district, and the City Clerk is hereby authorized and directed to make similar notations on the tax roll made under Section 70.65 of the Wisconsin Statutes, pursuant to Section 66.1105(5)(f) of the Wisconsin Statutes.

Adopted this _____ day of _____, 2006

Michael Walsh
Mayor

Attest:

David G. Minten/City Clerk

Properties in TID No. 7

Base Property Value for January 1, 2006 (based on 2005 assessed values)

Tax Key Number (ED)	Address	Assessed Valuation

City of De Pere, Wisconsin

Draft Amendment to

Tax Increment Financing Plan

for

Tax Incremental Financing District No. 7

Recommended by the City Plan Commission

Expected: September 16, 2014

Adopted by the Common Council

Expected: September 16, 2014

Adopted by Joint Review Board

Expected: September 23, 2014

Prepared by:

SPRINGSTED INCORPORATED

WWW.SPRINGSTED.COM

EXECUTIVE SUMMARY

The purpose of the Amendment to the Project Plan is twofold:

1. To act on the statutory authority of redetermination of base values in Tax Incremental Districts as a result of a 'decrement' situation being created in which there was a decline in current value of TID property in the district that is greater than 10% for two consecutive years. The City has determined Tax Incremental Financing District No. 7 has experienced a decrement situation resulting from declining values and is eligible to receive a redetermination of base value. Pursuant to Wis. Stats. sec. 66.1105(5)(i)4. the City is electing option 4 in which all project costs are anticipated to be financed within 90% of the District's remaining life.
2. Project Plan Amendment to modify the estimated project costs, projected revenues and economic feasibility study of the District.

Section I**Project Plan Amendment: Base Value Redetermination****Section A Introductions**

Under current tax incremental financing law, a city, village or, in certain circumstances, town, may create a tax incremental district (TID) in order to foster development of the area to be included in the TID. Generally, as part of the process of creating a TID, the Department of Revenue (DOR) will calculate a base value for the TID. Typically, during the TID's lifespan, property values of the property in the TID will rise above the base value, and the portion of taxes collected on the increase in property values will be used to pay back the project costs of the TID. Under current law, DOR may redetermine a TID's base value if the TID project plan is amended to add or subtract territory from the TID, which may occur up to four times during the lifespan of a TID.

2013 Wisconsin Act 183 addresses the situation where property values of the property in a TID do not rise, as expected, but instead fall. Under the Act, a municipality may, subject to joint review board approval, request that DOR redetermine the base value of a TID that is in a 'decrement situation' that continues for at least two consecutive years. The Act defines 'decrement situation' as a decline in current value of TID property of at least 10% compared to the current base value of the TID. The Act specifies that a municipality may request redetermination of the base value of a TID in a decrement situation once during the lifespan of the TID, and DOR may, generally impose a fee of \$1,000 for the redetermination. Additionally, prior to redetermination by DOR, the municipality must complete a financial analysis of the TID, and must amend the Project Plan to satisfy at least one of the following requirements:

Option #3 (sec. 66.1105(5)(i)3.)

With regard to the total value of public infrastructure improvements in the district that occurs after joint review board approval, that at least 51% of the value of the improvements must be financed by a private developer or other private entity in return for the municipality's agreement to repay those costs solely through the payment of cash grants, and that cash grants must be paid via a development agreement with the municipality.

Option #4 (sec. 66.1105(5)(i)4.)

That all project costs are expected to be paid within 90% of the TID's remaining life.

Option #3 (sec. 66.1105(5)(i)5.)

That expenditures may be made only within the first half of the TID's remaining life, unless approved by unanimous vote of the joint review board, and subject to the generally applicable limitations or the timing of expenditures under the TIF law.

Section B Base Value Redetermination

Pursuant to the options outlined above regarding base value redetermination, the City elects **Option #4** (sec. 66.1105(5)(i)4.) as show below:

	2013		2014	
	Current Value	Value Increment	Current Value	Value Increment
TIF Value per DOR	12,418,500	(2,589,400)	12,056,000	(2,951,900)
Estimated Decrement %	-20.85%		-24.48%	
<i>(greater than 10%, as required by 2013 Wisconsin Act 183)</i>				

Section II**Project Plan Amendment: Estimated Project Costs, Projected Revenues and Economic Feasibility Study****Section A Introductions**

Wisconsin's Tax Incremental Law was created to help cities and villages rehabilitate blighted areas and improve or develop industrial sites. In creating Wisconsin's Tax Incremental Law, the State Legislature expressed its concern that cities and villages had neither the incentive nor the financial resources necessary to carry out projects that benefited not only the city or village, but all jurisdictions which share in the tax base.

The Tax Incremental Law gives cities and villages the authority, under certain conditions, to designate a specific area within its boundaries as a Tax Incremental Financing District and requires them to prepare a plan to develop or redevelop the District. Cities or villages may use all increased property taxes generated by the increased property value generated by such development or redevelopment to pay for eligible costs, which they incur to improve the District. This law assumes that all governmental units that tax properties within the District will eventually benefit from the increased value which will be generated. The municipality that created the District is allowed to retain the increased taxes generated during the existence of the District to pay for the costs of the public improvements.

State Statute places certain limitations on the creation of Tax Incremental Financing Districts. Only whole parcels of property that are assessed for general property tax purposes and which are contiguous can be included within a District. In addition, at least fifty percent (50%) of the real property in a District must meet at least one of the following criteria:

1. It is a blighted area;
2. It is an area in need of conservation or rehabilitation work;
3. It is an area suitable for industrial sites and has been zoned for industrial use; or
4. It is an area suitable for mixed-use development.

It also must be found that:

1. The improvement of the area is likely to enhance significantly the value of substantially all the other real property in the District;
2. The project costs relate directly to eliminating blight, directly serve to rehabilitate or conserve the area or directly serve to promote industrial and/or mixed use development; and
3. The equalized value of taxable property of the District plus the value increment of all existing Districts does not exceed 12 percent of the total equalized value of taxable property within the City.

Before a Tax Incremental Financing District can be created, a Joint Review Board, which is comprised of representatives of the authorities having the power to levy taxes in the District and one public member, must approve the municipality's action relative to the creation of the District.

A Tax Incremental Financing District shall terminate when the earlier of the following occurs:

1. That time when the City or Village has received aggregate tax increments with respect to such District in an amount equal to the aggregate of all project costs under the Project Plan and any amendments to the Project Plan for such District.
2. Twenty-seven years after the District is created for blighted and in need of Rehabilitation or Conservation work.
3. The local legislative body, by resolution, dissolves the District, at which time the City or Village shall become liable for all unpaid project costs actually incurred, except this paragraph does not make the City or Village liable for any tax incremental bonds or notes issued.

Tax Increment District No. 7 was created in 2007 following this requirements and it was designated as a blighted area in the project plan. The Project Plan Amendment for Tax Incremental Financing District No. 7, "the District," in

the City of De Pere has been prepared in compliance with s. 66.1105(4), Wisconsin Statutes. TID No. 7 is defined by the boundary shown on Map 1 found on Page 12. Pursuant to s. 66.1105(4)(f), the Project Plan shall include:

- A statement listing the kind, number and location of all proposed public works or improvements within the district;
- an economic feasibility study;
- a detailed list of estimated project costs;
- a description of the methods of financing all estimated project costs;
- the time when the related costs or monetary obligations are to be incurred;
- a map showing existing uses and condition of real property in the district;
- a map showing proposed improvements and uses in the district;
- proposed changes of zoning ordinances, master plan, if any, maps, building codes and city ordinances;
- a list of estimated non-project costs;
- a statement of the proposed method for the relocation of any persons to be displaced;
- an indication as to how creation of the tax incremental district promotes the orderly development of the city/village;
- an analysis of the overlying taxing districts;
- a map showing the district boundaries; and
- an opinion of the village attorney advising whether the plan is complete and complies with s. 66.1105(4)(f), Wisconsin Statutes.

Section B Statement Listing the Kind, Number, and Location of All Proposed Public Works or Improvements Within and Outside of the District

The public works and improvement activities located within Tax Incremental Financing District No. 7 pursuant to the Project Plan Amendment are listed on Table I found on page 4, which provides a listing of all District activities; and Map 3 on Page 14, which shows the location of the proposed project costs, public works and improvements. The estimated project costs shall be refined as future development occurs and specific project activities are undertaken. Some public improvements may occur off-site, but are necessary expenditures in terms of benefiting the TIF District. Project costs incurred for territory that is located within a one-half mile radius of the district's boundaries may also be financed by the district. Any economic incentives granted will be consistent with the TIF statutory requirements.

A. Capital Costs for Development of the TID:

Capital costs most often include projects located within the boundaries of the District. Infrastructure costs for projects located outside of the District, benefiting or necessary for the development within the District may also be eligible District project costs (must be within one-half mile radius of the district). Such costs must be shared in a reasonable manner relating to the amount of benefit to the District. Infrastructure costs may include:

1. Land acquisition, relocation, and building demolition to facilitate development or redevelopment within the District.
2. Street construction or reconstruction, installation/upgrading of sanitary sewer, water, and storm water infrastructure to facilitate development or redevelopment.
3. Installation or improvements to other utilities including electric, natural gas, telecommunications, cable TV, fiber optic, etc.
4. Construction of sidewalks, trails and other related improvements to facilitate pedestrian travel in and around the District.
5. Installation/construction of landscaping improvements, streetscaping, and wayfinding.

B. Administrative Costs:

Administrative costs may include, but are not limited to, a portion of City staff time, consultants and others directly involved with planning and administering of the District over the statutory expenditure period.

C. Organization Costs:

Organization costs may include, but are not limited to, financial consultant fees, attorneys, engineers, planners, economic or environmental feasibility studies, traffic studies, preparation of this Project Plan, financial projections, preliminary engineering to determine project costs, maps, legal services, and other payments made which are necessary or convenient to the District.

D. Financing Costs:

Financing costs include interest, finance fees, bond discounts, bond redemption premiums, bond legal opinions, bond fees, ratings, capitalized interest, bond insurance and other expenses related to financing.

The previous activities shall provide necessary facilities and incentives that should enable and encourage development and redevelopment within the District. A detailed list of estimated project costs, including anticipated year of installation, is included in Table I.

TOTAL	8,708,460	42,000	42,000	62,000	8,562,460

Subject to change based on final financing plan for individual projects. The City reserves the right to adjust the total amount financed for certain identified eligible projects contained within this Project Plan.

Section C Local Action

Before a Tax Incremental Financing District Plan can be modified, the City Plan Commission must hold a public hearing(s) on the proposed Project Plan Amendment for the District. After the public hearing, the City Plan Commission must submit the recommended Tax Incremental Financing District Project Plan Amendment to the local legislative body for action if it desires to modify the District. Before adopting such resolution, the local legislative body may amend the Project Plan. The Public Hearing for the District Amendment has been scheduled for the Plan Commission on September 16, 2014. Notice of the Public Hearing is to be published in the De Pere News on August 26, 2014 and September 2, 2014. The resolution approving the District Amendment shall be introduced to the Common Council for approval on September 16, 2014.

State Statutes require the City seeking to modify a Tax Incremental Financing District convene a Joint Review Board (JRB) to review the proposal. The first meeting of the JRB must be held within fourteen days after the Notice of the above-referenced hearing(s) is published. For any Tax Incremental Financing Districts proposed by the City of De Pere, the membership of the Joint Review Board shall consist of a representative chosen by the City, a representative chosen by the County, a representative chosen by the Technical College District, a representative chosen by the School District, and one public member. The public member and the chair of the JRB must be selected by a majority vote of the other JRB members. It is the responsibility of the JRB to review the public record, planning documents and the resolution passed by the local legislative body creating the District, and to either approve or not approve such resolution based on certain criteria by a majority vote after receiving the resolution. The first meeting of the JRB is scheduled for September 9, 2014, with the final meeting to act on the Common Council's resolution anticipated for Tuesday, September 16, 2014.

Capacity to Create Tax Incremental Districts

In 2004 the State Legislature amended the Tax Incremental Financing Law to allow up to 12% of the total equalized value of taxable property within the City be included within Tax Incremental Districts. The City of De Pere's 2014 total equalized value is 1,834,327,100. The City can include up to twelve percent (12%) of the total equalized value of the community in existing and new tax incremental finance districts. 12% of the City's equalized value is \$220,119,252.

The City has 6 outstanding Tax Incremental Districts with \$126,732,700 of equalized value. This district is expected to include the addition of approximately \$37,316,900 of incremental value. Therefore, this district can be created within the 12% capacity limit enacted by statute. The Department of Revenue will certify the values in the proposed tax incremental district to confirm compliance with this requirement.

The City should carefully monitor the annual growth within this district and existing districts, as well as the capacity to create additional districts.

Section D General Description of Tax Incremental District Number 7

The purpose of Tax Incremental Financing District Number 7 is primarily to assist expansion of the tax base by providing public improvements, land acquisition, and consolidations; to promote development opportunities; stimulate private investment; and enhance the appearance of the downtown and the George Street corridor.

The City Comprehensive Plan states “the City should consider ways of supporting and encouraging redevelopment...” and “Redevelopment of the downtown business districts are recommended and encouraged to stabilize the boundaries and maintain viable downtown areas.” The District will create the incentives that will advance the health and vitality of the east downtown area, and stimulate more tax base that otherwise would not have happened.

The boundaries of the District are described in the next section and as legally described in Appendix A. The intent of the District is to acquire lands and install public improvements that will allow and, in fact, stimulate reinvestment by the private sector. The new investment will, in turn, increase the tax base to pay for the initial investments and provide new tax base.

Section E District Boundary

The boundaries of Tax Incremental Financing District Number 7 are shown on Map 1 on Page 12 and are further described in Appendix A and B . The proposed Plan Amendment does not change the original boundary. The District includes the properties with the identification numbers and legal descriptions as found in Appendix A and B.

Section F Economic Feasibility Study

Purpose

The purpose of this study is to determine if the projected revenues generated from the District as a result of the proposed developments can finance the costs associated with the implementation of the Project Plan.

General Development Description

This section focuses on the new development projections and corresponding incremental new value. These projections have been prepared based on assumptions provided by the City and proposed developer.

The tax increment revenue projections in this section are based on the potential development of certain buildings and/or sites to accommodate land uses. The development projections are based on information provided by the proposed developer along with an understanding of the general market conditions and feasibility within the area. These projections are summarized in Table II below.

TID NUMBER 7 – TABLE II
Projected Development

PROJECT	Value	Expected Date of Construction
De Pere Auto	10,000	2013
Walgreens & 619 George	1,726,900	2014
Façade Improvements	80,000	2015-2018
Future Redevelopments	15,500,000	2017-2021
S Broadway Redevelopment	5,000,000	2019
Crevier Common Redevelopment	800,000	2021
Bridge Site Redevelopment	5,000,000	2022
Front Street Redevelopment	8,000,000	2023
Future Project A	800,000	2024
Future Project B	800,000	2025
Future Project C	800,000	2026
Future Project D	800,000	2027
TOTAL ESTIMATED VALUE INCREMENT	39,316,900	

The City has estimated that the District Amendment will create incremental new value as shown in the table above. Any future projects with private developers may be required to enter into an assessment agreement to guarantee future values. Estimates of incremental new value of the project are based on estimated square footage and business type.

The objective of the District is to facilitate development and redevelopment of the City's downtown and surrounding area. The economic feasibility projections are based on the utilization of approximately 25 years of the allowed tax increment collection period, pursuant to the legislation that requires the remaining project costs to be financed within 90% of the remaining life of the District.

The economic feasibility analysis should be considered as a baseline projection that is annually monitored to ensure projected targets are met. The purpose of the annual monitoring is to determine that total incremental value has been achieved rather than whether a specific identified project created those increments. Future public borrowing and/or expenditures should be based on this annual review process. It is the intent of this Project Plan Amendment to maximize the potential of Tax Incremental Financing District Number 7 to accomplish the proposed public improvements identified in Table I found on Page 4.

Table II and Map 5 summarize the development assumptions that have been used in the economic feasibility analysis. These projections have been prepared based on information received from the developer and City staff. The projections in Table II include assumptions on square footage and business type that have been proposed in the preliminary site plan. Assumptions of the taxable value by type of use (i.e., industrial or commercial) are based on a review of comparable real estate values.

The incremental new value projections included in Table II are not total construction costs estimates, but are factored to equate to the anticipated equalized value to which an annual mill rate will be applied. The actual construction costs may be higher than projected value because construction costs may include soft costs not necessarily assessed by the City. Real estate valuation can also significantly fluctuate from year to year. For that reason, there should be an annual review and evaluation of the stability of the increment value prior to making annual borrowing and/or spending decisions.

In compliance with the statutory requirements of tax incremental financing, a finding has been made that the private development activities projected would "not otherwise occur without the use of tax incremental financing." It must be understood that these projected private development increments will not naturally occur without the proactive implementation of this Project Plan Amendment. The implementers of the Project Plan Amendment will need to be

aggressive in stimulating the identified private development projects. The posture cannot be to expect that private developers will have financially feasible projects without implementation of the public improvement activities identified in this Plan.

The economic feasibility analysis for Tax Incremental District Number 7 is presented in Tables I, II and III. Table III shows the projected tax increments from the District based on the development assumptions made in Table II.

TID Number 7 – TABLE III
Projected Tax Increment and Estimated Cash Flow

1-Jan	Increment Equalized Value	Inflation on base Value 2.5%	Additions/ Deletions	Cumulative Value	*Rate Calculated Based on WDOR Increment	**Tax Increment Revenue	Cumulative Revenue (per Year)

Tables I and III show the anticipated project costs and projected tax increment revenues for financing of the proposed public improvement project costs of the District Amendment. The City anticipates financing the proposed project costs through a combination of bonds, pay-as-you-go reimbursement and developer cash grants. Tables I and III indicate that projected tax increments are expected to be sufficient to support the project costs through the maximum term of the district.

The retirement of the District, taking into consideration the assumptions identified in Table I (Proposed Project Costs, Public Works & Improvements) and Table II (Projected Development Assumptions), is based on the property tax collection that was in place at the time of the Public Hearing held on September 16, 2014.

The future development assumptions have been based on a review of market conditions that exist at the time of drafting of the Project Plan and potential future development and redevelopment opportunities. It is expected and recommended that the City annually review the financial condition of Tax Incremental District Number 7. The economic feasibility analysis indicates that the District is feasible, provided the development assumptions have been achieved. The City should not spend at levels projected in Table I without developer agreements that guarantee repayment of expenditures or without a "risk assessment" that defines the maximum financial exposure the City finds acceptable. The City should analyze the fiscal condition of Tax Incremental Financing District Number 7 on the basis

of how well the development assumptions are being met. Decisions to continue spending annually should be based on the status of the district. The City will only finance those project costs that are financially feasible and supported by new revenues generated by the project.

TID Number 7 – TABLE III

Section G Financing

Financing for the proposed project will be done primarily on an upfront or pay-as-you-go basis. The City anticipates using a combination of bonds and internal loans to finance the upfront costs necessary for projects to proceed. With pay-as-you-go financing the developer finances the improvement costs upfront and is reimbursed with future tax increment revenues. TIF borrowing may be done annually or on a project-specific basis and it is not anticipated that the total amount of project costs would be considered for one borrowing. The City may also pursue grant funding to finance a portion of the project costs.

Tables I and III, which is also referenced in the Economic Feasibility Study Section, give a summary of project costs, proposed cash flow schedule, and projected tax increment revenues on an annual basis during the duration of the District pursuant to the reduced term of 25 years due to the base value redetermination (to the year 2031). Current projections indicate that all project costs of the district should be financed by tax increment revenue within the reduced term of twenty five years. The TID Project Plan Amendment has been written to enable project costs to be completed in order to encourage new development and redevelopment within the District boundaries. An annual analysis should be made to strategize financing alternatives in consideration of potential shortfalls between tax increments collected and debt service required to pay the bonds. Excess tax increments will be available to cover potential shortfalls with repayment to the City prior to retirement of the District. The City anticipates annually reviewing future expenditures and determining economic feasibility prior to authorizing additional expenditures.

The total scope of activities is estimated within the project cost estimates in Table I. Any non-tax revenues received may reduce the applicable TIF project expenditure which, in turn, will reduce the total amount of TIF project costs. This reduction will allow the City more flexibility in determining the timeframe for other project expenditures.

Section H Estimated Non-Project Costs

Non-Project costs are public works projects that may only partly benefit the District or are not eligible to be paid with tax increments, or costs not eligible to be paid with TIF funds. A complete listing of those costs is available in the economic feasibility analysis on page 4. There are currently not any estimated non-project costs of the district.

Section I Existing Land Uses and Conditions

Map 2, found on Page 13, has been provided to give a general description of the conditions within the area. Map 4, found on page 15, is a zoning map that generally describes the existing uses within the District. These two maps should be used in combination when studying the Project Plan.

Section J Proposed Land Use

The proposed TID will promote the orderly development within the City by reducing and/or eliminating under-utilized land uses, while remaining financially feasible for the City to replace such uses with more appropriate uses. Map 5 on Page 16 illustrates the proposed land uses within the district.

Section K Existing and Proposed Zoning

Map 4, found on Page 15, shows the TIF District boundary overlaid onto an existing zoning map.

It is anticipated that many of these zoning districts will remain with their associated parcels unless future proposed uses are in conflict with the existing zoning.

Section L Building Codes and City Ordinances

No changes are currently being anticipated in the City's Building Code or other City codes.

Section M Relocation

If acquisition would occur within Tax Incremental District Number 7 which causes displacements, the City will conform to the requirements as set forth by the Department of Commerce in the State of Wisconsin Relocation Laws. If federal funds are used in the relocation process, the federal relocation process will also be followed.

Section N Estimated Amount of Bonded Indebtedness

The purpose of TID No. 7 is to assist with the expansion of business, commerce, and potentially residential growth within the City of De Pere. The creation of this district should provide a financial resource for the City to promote orderly development by making sites suitable for development that otherwise may not be occurring, by providing new employment opportunities that would not otherwise be available, and, in general, promoting the public health, safety and general welfare. The development stimulated by the use of this TID shall increase the overall tax base of the City, increase employment, increase household income, and generally improve the quality of life in the City.

Section O Findings

- A. A minimum of 50% of the area occupied by real property within TID No. 7 was determined in 2007 to be a blighted area and in need of rehabilitation or conservation work within the meaning of Section 66.1105 (2m)(b) of the Wisconsin Statutes.
- B. The improvement of TID No. 7 is likely to significantly enhance the value of substantially all of the other real property in the district.
- C. The project costs relate directly to eliminating blight, serving to rehabilitate or conserve the area and improvements made will enhance significantly the value of substantially all of the other real property in the District.
- D. The equalized value of taxable property of TID No. 7, plus the value increment of all existing districts, does not exceed 12% of the total equalized value of taxable property within the City.

Section P City Attorney Opinion

The City Attorney for the City of De Pere, Wisconsin has reviewed the Project Plan for Tax Incremental Finance District Number 7, City of De Pere, Wisconsin, dated _____, and has found that it is complete and complies with Section 66.1105, Wisconsin Statutes. The City Attorney letter is included as Appendix D.

APPENDIX B

LEGAL DESCRIPTION

The description of the proposed boundaries of the Tax Incremental District is located in the City of De Pere, Brown County, Wisconsin, generally, more particularly described as follows:

Commencing from a point where the centerline of Broadway Street intersects the centerline of Merrill Street, also being the point of beginning, thence N01°-31'-11"E, 426.79 feet along the centerline of Broadway Street to a point which intersects the centerline of Lewis Street; thence S89°-42'-28"E, 360.89 feet along the centerline of Lewis Street; thence N00°-37'-49"E, 30.00 feet to a point where the northerly right of way line of Lewis Street intersects the easterly right of way line of Wisconsin Street; thence N00°-38'-06"E along said east line, 360.54 feet to a point where said line intersects with the southerly right of way line of Charles Street; thence N00°-38'-06"E, 60.00 feet to the north right of way line of Charles Street; continuing N00°-38'-06"E, 250.27 feet; thence S89°-24'-19"E, 134.11 feet; thence N00°-38'-03"E, 110.20 feet; thence S89°-24'-47"E, 120.11 feet to the westerly right of way line of Michigan Street; thence S89°-24'-47"E, 60.00 feet to the easterly right of way line of Michigan Street; thence continuing N89°-24'-34"W along the northerly right of way line of George Street, 120.09 feet; thence continuing N89°-24'-43"W, 14.00 feet; thence N89°-24'-10"W, 112.15 feet along said north line to the easterly right of way line of Front Street; thence N01°-53'-14"W, 167.51 feet; thence N00°-26'-45"E, 194.50 feet to the northerly right of way line of James Street; thence N89°-44'-05"W, 148.34 feet; thence N89°-05'-40"W, 274.40 feet along said north line of James Street to the intersection of the low water mark of the east shore of the Fox River; thence meandering in a southerly direction along the low water mark of the east shore of the Fox River to a point that intersects with the intersection of the projected centerline of Merrill Street; thence S63°-34'-33"E, 190.94 feet along the projected centerline of Merrill Street to the centerline of Broadway Street and the point of beginning.

Said parcel contains 27.1 acres or 1,181,959 square feet, more or less.

APPENDIX C

PUBLIC HEARING NOTICE

NOTICE OF PUBLIC HEARING

PROPOSED AMENDMENT TO THE PROJECT PLAN AND REDETERMINATION OF BASE VALUE FOR TAX INCREMENT DISTRICT NUMBER 7, CITY OF DE PERE, WISCONSIN

NOTICE IS HEREBY GIVEN, that the City of De Pere Plan Commission will meet at 6:30 p.m. on Tuesday, September 16, 2014, at City Hall in the Council Chambers, 335 S. Broadway, De Pere, Wisconsin, to conduct a hearing regarding the proposed amendment to the project plan and redetermination of base value for Tax Increment District Number 7, City of De Pere, Wisconsin.

The City anticipates that the project plan will be amended to include expenditures such as cash grants, land price discounts and other incentives by the city to owners, lessees, or developers of land that is located within the tax increment district. The Plan also includes infrastructure improvements that are within a half mile radius of the district.

During the public hearing, all interested parties will be provided with an opportunity to express their views on the proposed amendment to the project plan for such tax increment district. Persons desiring information on the proposed project plan amendment may contact the City Director of Planning and Economic Development at 920-339-4043. A copy of the proposed project plan amendment is available for review in the De Pere Planning Office located at City Hall, 335 S. Broadway St and will be provided upon request.

Dated this 26th day of August 2014.

BY ORDER OF THE COMMON COUNCIL

Michael J. Walsh
Mayor

Shana Defnet
Clerk

Mayor Michael J. Walsh
Members of the De Pere Common Council

RE: City of De Pere Tax Incremental Financing District #7 (TID #7) Amendment and Request for Base Value Redetermination

Dear Mayor and Common Council Members:

Pursuant to Wis. Stats. §66.1105(5)(i)2, any tax incremental financing district project plan amendment and request for base value determination must include an opinion of the City Attorney, or of an attorney retained by the City, advising whether the plan is complete and complies with that statutory section.

As the duly appointed City Attorney of the City of De Pere and upon a review of the Amendment to TID #7 Project Plan to which this opinion is appended, it is my opinion that such plan contains and adequately addresses the prerequisites set forth at Wis. Stats. §66.1105. This opinion is based on my review of said plan, my review of Wis. Stats. §66.1105 and my experience as a municipal attorney.

It is my further opinion that inasmuch as the project plan is complete and in compliance with the above referenced section, it is in proper form for adoption by the Common Council.

Respectfully submitted,

Judith Schmidt-Lehman
City Attorney

APPENDIX F

ORIGINAL PROJECT PLAN FOR TID 7

TAX INCREMENT DISTRICT NO. 7

I. Statement of Kind, Number and Location of Proposed Projects

Tax Increment District (TID) No. 7, City of De Pere, is being created under authority of Wisconsin State Statutes 66.1105, primarily to assist expansion of the tax base by providing public improvements, land acquisition, and consolidations; to promote development opportunities; stimulate private investment; and enhance the appearance of the downtown and the George Street corridor.

The City Comprehensive Plan states “the City should consider ways of supporting and encouraging redevelopment...” and “Redevelopment of the downtown business districts are recommended and encouraged to stabilize the boundaries and maintain viable downtown areas.” The creation of this TID will create the incentives that will advance the health and vitality of the east downtown area, and stimulate more tax base that otherwise would not have happened.

The boundaries of the District are shown on Maps #1-3 and as legally described on page 7. The intent is to acquire lands and install public improvements that will allow and, in fact, stimulate reinvestment by the private sector. The new investment will, in turn, increase the tax base to pay for the initial investments and provide new tax base.

Therefore, the City has two objectives in this Tax Increment Financing (TIF) project:

1. Support and stimulate private investment, which would not have happened without TIF.
2. Strengthen the tax base and economic viability of the East Downtown area that will benefit the entire community.

The following is a list of projects the City plans to implement in future years using TIF dollars. Any costs directly or indirectly related to the public works are considered “project costs” and eligible to be paid with tax increment revenues generated within the tax incremental district.

II. Detailed List of Project Costs

The kind, number and estimated costs of projects in this Tax Increment District Plan and listed on Table 1. All costs are based on 2007 prices and actual bids or preliminary estimates. The City reserves the right to include capitalized interest as a TIF reimbursable cost at a later time if financing requirements make it necessary to do so. The City also reserves the right to increase certain project costs to the extent others are reduced or not implemented, without amending the plan.

The tax increment allocation is preliminary and is subject to adjustment based upon the implementation of the plan. Estimated project costs are not meant to be a budget, nor an appropriation or commitment of funds for specific projects, but a framework with which to manage projects. The City retains the right to delete projects or change the scope and/or timing of projects implemented as they are individually authorized by the De Pere City Council, without amending the plan.

Table 1: Kind, Number and Estimated Project Costs

No.	Potential Project Description	Estimated Costs
1.	Block 17 Redevelopment Project	\$1,500,000
2.	George Street Streetscaping	\$110,000
3.	Conversion of Bridge approach (George Street)	\$200,000
4.	Façade Restoration Grant Program	\$120,000
5.	Parking Area on unused portion of Charles Street	\$30,000
6.	Development on Creviere Commons	\$5,000
Total		\$1,965,000

Individual project monies plan to be spent over the following years is shown in Table 2.

Table 2 identifies the timing of anticipated public expenditures by an approximate year.

Table 2: Projected Expenditures by Year

No.	2007	2008	2009	2010	Total
1.	\$1,500,000				\$1,500,000
2.	\$110,000				\$110,000
3.				\$200,000	\$200,000
4.	\$30,000	\$30,000	\$30,000	\$30,000	\$120,000
5.		\$30,000			\$30,000
6.				\$5,000	\$5,000
Total	\$1,640,000	\$60,000	\$30,000	\$235,000	\$1,965,000

Activities in each of the projects are described as follows:

1. Block 17 Redevelopment Project

The City block surrounded by Charles Street to the north, Lewis Street to the south, S. Wisconsin Street to the east and S. Broadway Street to the west is going to be impacted by the relocation of the new Claude Allouez Bridge. The remainder of the block is a prime redevelopment site, due to its excellent visibility as the prime westerly entrance to the East Downtown Business District and views of the Fox River.

This project would involve the following possible actions:

- Appraisals for each property

- Initial offers for acquisition of properties
- Possibility of paying for a second Appraisal
- Relocation costs
- Demolition costs

Once the project area is demolished, properties could be combined and marketed for redevelopment proposals.

2. George Street Streetscaping

In 2006, George Street, from S. Wisconsin Street to Webster Street, will be entirely rebuilt. Because this roadway is a major corridor leading to De Pere's East Downtown area, the City wants to create an aesthetically attractive entryway. The aesthetic improvements will be consistent with the N. Broadway streetscape, and would include such things as pedestrian "bump-outs", colored pavers at pedestrian crossings, decorative lighting and plant materials.

3. Conversion of bridge approach (George Street) to a Mixture of Uses

Once the existing roadway and Claude Allouez connection is replaced by the new bridge, the George Street right-of-way and state-owned land from Front to Broadway Streets will no longer be used for vehicular traffic.

The City of De Pere has the opportunity to redesign this road right-of-way for a mixed use development. Such uses could include new building(s), off-street parking, green space, and pedestrian connection from the downtown area and Broadway Street to Front Street, the Fox River Recreational Trail and riverfront. The green space along the pedestrian trail could become a landscaped plaza with benches.

4. Façade Restoration Grant Program

The City of De Pere has had a successful Façade Restoration Grant Program for many years. This program provides one dollar for every four dollars utilized for exterior renovations. Monies from Tax Increment Financing would provide incentives to the businesses that are in the boundaries of this Tax Increment District.

5. Parking Area on unused portion of Charles Street

Most of Charles Street, between S. Broadway and S. Wisconsin Streets, will not be used as a traffic carrier once the new bridge and roundabout are built. This excess right-of-way can be converted into needed public parking to replace spaces lost because of the Claude Allouez Bridge Replacement Project.

6. Development on Creviere Commons

This downtown green space is on a major traffic corridor (Broadway/George Street) through the East Downtown area, and carries traffic from one part of the city to another. Once the new bridge is constructed, traffic counts will diminish significantly, and this green space, although nice to have, will not serve as the aesthetic focal point enjoyed by passing motorists.

Creviere Commons could be replaced by other green space on remnants created by the new traffic corridor and relocated bridge. After other sites are landscaped, Creviere Commons could be occupied by a new downtown structure.

III. Economic Feasibility Study

Projected Income by Project

The projected timeframe for project increment is shown on Table 3. This timeframe is based on construction or renovation occurring in the previous two year period, with taxable value created the year before. The year in which the project is listed for income is the year that taxes are due.

Table 3: Projected Increase in Assessed Valuation from New or Renovated Projects

Levy Year	1. Block 17 Mixed Use Development	3. George Street Structure	4. Façade Restoration	6.Creviere Commons Structure	New 2007 Construction	Total
2008			\$30,000		\$414,200	\$441,200
2009	6,200,000		\$30,000			\$6,230,000
2010			\$30,000			\$30,000
2011			\$30,000			\$30,000
2012		\$1,500,000				\$1,500,000
2013				\$1,000,000		\$1,000,000
Total	6,200,000	\$1,500,000	\$120,000	\$1,500,000	\$414,200	\$9,231,200

Revenue Projections

The projected income on table 3 is the basis for the tax increment on table 4. The TID No. 7 base value is \$12,824,700. The projections assume that the district will experience a slight inflationary growth of two percent per year over the life of the TIF. The tax rate (due to upcoming projects and rising school district tax rates) are assumed to increase over a five year period, followed by a steady tax rate thereafter.

A decline in the increment is the result of removing taxable structures from Block 17.

The leverage being used by TIF is to generate the construction of a 6.2 million dollar project by purchasing approximately \$844,200 worth of buildings at a cost of 1.5 million. Other projects will also assist in leveraging more tax base for downtown improvements and additional tax base.

The following revenue projections support the worth of the project, not to mention how important it is to encourage continuous improvements to the Downtown areas.

The accumulated increment of \$3,389,323 over a seventeen year period should be sufficient to support the \$1,970,000 project costs plus debt interest and the dip in tax increment revenue.

Table 4: Revenue Projections

(2007 Base value is \$12,824,700)

Levy Year	Equalized Value	2% inflation on base Value	Additions/ Deletions	Net Increment Value	Cumulative Value	*Tax Rate	**Tax Increment Revenue	Cumulative Revenue (per Year)
2007	\$12,824,700		(\$844,200)	(\$844,200)	(\$844,200)	\$20.54		\$0
2008	\$13,081,194	\$256,494		\$256,494	(\$587,706)	\$21.16		\$0
2009	\$13,342,818	\$261,624	\$441,200	\$702,824	\$115,118	\$21.79	\$2,509	\$2,509
2010	\$13,609,674	\$266,856	\$6,230,000	\$6,496,856	\$6,611,974	\$22.44	\$148,403	\$150,912
2011	\$13,881,868	\$272,193	\$30,000	\$302,193	\$6,914,168	\$23.12	\$159,841	\$310,753
2012	\$14,159,505	\$277,637	\$30,000	\$307,637	\$7,221,805	\$23.12	\$166,968	\$477,721
2013	\$14,442,695	\$283,190	\$1,500,000	\$1,783,190	\$9,004,995	\$23.12	\$208,195	\$685,917
2014	\$14,731,549	\$288,854	\$1,000,000	\$1,288,854	\$10,293,849	\$23.12	\$237,994	\$923,911
2015	\$15,026,180	\$294,631		\$294,631	\$10,588,480	\$23.12	\$244,806	\$1,168,716
2016	\$15,326,704	\$300,524		\$300,524	\$10,889,004	\$23.12	\$251,754	\$1,420,470
2017	\$15,633,238	\$306,534		\$306,534	\$11,195,538	\$23.12	\$258,841	\$1,679,311
2018	\$15,945,902	\$312,665		\$312,665	\$11,508,202	\$23.12	\$266,070	\$1,945,380
2019	\$16,264,821	\$318,918		\$318,918	\$11,827,121	\$23.12	\$273,443	\$2,218,823
2020	\$16,590,117	\$325,296		\$325,296	\$12,152,417	\$23.12	\$280,964	\$2,499,787
2021	\$16,921,919	\$331,802		\$331,802	\$12,484,219	\$23.12	\$288,635	\$2,788,422
2022	\$17,260,358	\$338,438		\$338,438	\$12,822,658	\$23.12	\$296,460	\$3,084,882
2023	\$17,605,565	\$345,207		\$345,207	\$13,167,865	\$23.12	\$304,441	\$3,389,323
			\$8,387,000				\$3,389,323	

Assumption: Conservatively, this table includes a 2% annual increase in commercial property values, and a 3% increase in the property tax rate for five years, followed by a leveling off of the tax rate over the remaining years.

*Tax rate per thousand of valuation.

**Tax Increment Revenue loss is paid back through borrowed monies.

IV. A Description of the Methods of Financing and the Time When Such Costs or Monetary Obligations Related Thereto are to be Incurred

The City of De Pere will cautiously proceed with any future borrowing, and any borrowed monies will be consistent with the City's debt service plan. The City realizes that investments in the district will occur over a period of years. Debt associated with listed projects is projected to be paid off by 2023.

The City of De Pere will utilize its ability to secure double exemption bonds secured by the City of De Pere Redevelopment Authority.

Table 5: Debt Service Cash Flow

	A	B*	C	D	E**	F	G***
Leavy Year	As of 1-Jan Balance	Loss of Tax Revenue	Project Costs	Mics. Income (Bond)	Debt Service	Tax Increment Dollars	As of 12/31 TIF Balance
2007		(\$17,340)	(\$1,640,000)	(\$1,657,340)	(\$74,580)		(\$1,731,920)
2008	(\$1,731,920)	(\$12,434)	(\$60,000)	(\$72,434)	(\$81,196)		(\$1,885,550)
2009	(\$1,883,847)		(\$30,000)	(\$30,000)	(\$86,200)	\$2,509	(\$1,997,538)
2010	(\$1,997,428)		(\$235,000)	(\$235,000)	(\$100,464)	\$148,403	(\$2,184,489)
2011	(\$2,092,764)				(\$98,302)	\$159,841	(\$2,031,225)
2012	(\$2,035,824)				(\$91,405)	\$166,968	(\$1,960,261)
2013	(\$1,969,386)				(\$88,212)	\$208,195	(\$1,849,402)
2014	(\$1,860,909)				(\$83,223)	\$237,994	(\$1,706,138)
2015	(\$1,719,254)				(\$76,776)	\$244,806	(\$1,551,225)
2016	(\$1,559,557)				(\$69,805)	\$251,754	(\$1,377,608)
2017	(\$1,390,863)				(\$61,992)	\$258,841	(\$1,194,015)
2018	(\$1,207,650)				(\$53,731)	\$266,070	(\$995,311)
2019	(\$1,009,116)				(\$44,789)	\$273,443	(\$780,462)
2020	(\$794,431)				(\$35,121)	\$280,964	(\$548,588)
2021	(\$562,723)				(\$24,686)	\$288,635	(\$298,774)
2022	(\$313,080)				(\$13,445)	\$296,460	(\$30,065)
2023	(\$44,544)				(\$1,353)	\$304,441	\$258,544
Total		(\$29,773)	(\$1,965,000)	(\$1,993,184)	(\$1,085,280)	\$3,389,323	

* Lost tax revenue, due to a drop in the base year value, would be made up in borrowed monies.

**Debt Service is based on an interest rate of 4.5% times accumulated debt and project costs in the first four years. Annual debt service is then added to accumulated debt each year.

***Column G is the result of adding columns A, D and E together, and subtracting column F.

Legal Description: District No. 7

Commencing from a point where the centerline of Broadway Street intersects the centerline of Merrill Street, also being the point of beginning, thence N01°-31'-11"E, 426.79 feet along the centerline of Broadway Street to a point which intersects the centerline of Lewis Street; thence S89°-42'-28"E, 360.89 feet along the centerline of Lewis Street; thence N00°-37'-49"E, 30.00 feet to a point where the northerly right of way line of Lewis Street intersects the easterly right of way line of Wisconsin Street; thence N00°-38'-06"E along said east line, 360.54 feet to a point where said line intersects with the southerly right of way line of Charles Street; thence N00°-38'-06"E, 60.00 feet to the north right of way line of Charles Street; continuing N00°-38'-06"E, 250.27 feet; thence S89°-24'-19"E, 134.11 feet; thence N00°-38'-03"E, 110.20 feet; thence S89°-24'-47"E, 120.11 feet to the westerly right of way line of Michigan Street; thence S89°-24'-47"E, 60.00 feet to the easterly right of way line of Michigan Street; thence S00°-38'-00"W, 60.11 feet along said west line; thence S89°-24'-33"E, 120.09 feet; thence N82°-27'-42"E, 14.14 feet; thence S89°-24'-33"E, 120.09 feet to a point that intersects with the westerly right of way line of Superior Street; thence S87°-27'-31"E, 60.03 feet to the easterly right of way line of Superior Street; thence N00°-38'-08"E, 120.31 feet along said east line to a point that intersects with the southerly right of way line of George Street; thence S89°-25'-02"E, 254.19 feet along said south line to the intersection with the westerly right of way line of Huron Street; thence S00°-38'-15"W along said west line, 120.34 feet; thence S89°-27'-03"E, 60.00 feet to the easterly right of way line of Huron Street; thence S89°-24'-33"E, 254.18 feet to the westerly right of way line of Erie Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Erie Street; thence S00°-38'-22"W, 60.18 feet along said east line; thence S89°-24'-19"E, 120.05 feet; thence N00°-38'-25"E, 60.18 feet; thence S89°-24'-33"E, 134.05 feet to the westerly right of way line of Ontario Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Ontario Street; thence N00°-38'-29"E, 60.20 feet along said east line; thence S89°-27'-23"E, 254.92 feet to the westerly right of way line of Winnebago Street; continuing S89°-27'-23"E, 60.00 feet to the easterly right of way line of Winnebago Street; thence N00°-37'-47"E, 180.26 feet; thence N89°-28'-02"W, 60.01 feet to the westerly right of way line of Winnebago Street; continuing N89°-28'-02"W, 254.88 feet to the easterly right of way line of Ontario Street; thence N89°-17'-50"W, 60.00 feet to the westerly right of way line of Ontario Street; thence N89°-24'-37"W, 254.12 feet to the easterly right of way line of Erie Street; thence N00°-38'-22"E, 60.16 feet along said east line; thence N89°-24'-13"W, 60.00 feet to the westerly right of way line of Erie Street; continuing N89°-24'-13"W, 882.57 feet to the easterly right of way line of Michigan Street; thence S89°-20'-00"W, 29.39 feet; thence S01°-02'-14"W, 119.03 feet; thence S88°-54'-47"W, 29.79 feet to a point where the westerly right of way line of Michigan Street intersects the northerly right of way line of George Street; thence N89°-25'-02"W, 80.11 feet along the northerly right of way line of George Street; thence N00°-38'-03"E, 11.00 feet; thence N89°-25'-02"W, 160.09 feet; thence S82°-09'-41"W, 74.83 feet to a point where the westerly right of way line of Wisconsin Street intersects the northerly right of way line of George Street; thence N89°-24'-59"W along the northerly right of way line of George Street, 120.76 feet; thence N00°-37'-00"E, 17.50 feet; thence N89°-24'-47"W, 14.00 feet; thence N00°-37'-00"E, 72.98 feet; thence N89°-24'-17"W, 30.00 feet; thence N00°-37'-00"E, 10.05 feet; thence N89°-24'-13"W, 90.76 feet to the easterly right of way line of Broadway Street; thence S00°-35'-34"W, 40.22 feet along said east line; thence N89°-24'-34"W, 80.00 feet to a point where the westerly right of way line of Broadway Street intersects with the northerly right of way line of George Street; thence continuing N89°-24'-34"W along the northerly right of way line of George Street, 120.09 feet; thence continuing N89°-24'-43"W, 14.00 feet; thence N89°-24'-10"W, 112.15 feet along said north line to the easterly right of way line of Front Street; thence N01°-53'-14"W, 167.51 feet; thence N00°-26'-45"E, 194.50 feet to the northerly right of way line of James Street; thence N89°-44'-05"W, 148.34 feet; thence N89°-05'-40"W, 274.40 feet along said north line of James Street to the intersection of the low water mark of the east shore of the Fox River; thence meandering in a southerly direction along the low water mark of the east shore of the Fox River to a point that intersects with the intersection of the projected centerline of Merrill Street; thence S63°-34'-33"E, 190.94 feet along the projected centerline of Merrill Street to the centerline of Broadway Street and the point of beginning.

Said parcel contains 27.1 acres or 1,181,959 square feet, more or less.

VI. Plan Implementation

It is anticipated that improvements will be made during the life of the TID. A reasonable and orderly sequence is outlined in this plan. Public debt and expenditures will be made at the pace of private development interest to ensure that an increment is sufficient to cover expenses.

The order in which public improvements are made should be adjusted in accordance with development and execution of development agreements. The City reserves the right to alter the implementation of this plan to accomplish this objective.

VII. Existing Land Use

The existing land uses in TID No. 7 are predominantly downtown mixed uses. At least fifty percent of the buildings and property meet the statutory definition of “blighted area” as described in Wisconsin Statutes s.s. 66.1105(2)(a), based on the following conditions:

1. Most of the structures in TID No. 7 are over fifty years old, and meet the “blighted area” criteria for “dilapidation, deterioration, age, or obsolescence.”
2. Almost all of the buildings were constructed with common walls, which make them susceptible to a spreading fire in an adjacent building.
3. Being built immediately abutting each other hinders adequate ventilation, light, air and open space.
4. These structures would not pass current building code standards, but are allowed to continue under “grandfather” regulations.
5. Vacant “store fronts” qualifies as a “blighting influence” on the area.
6. Private party development of prime downtown locations due to owner/renter-occupied structures under multiple ownership is highly unlikely.
7. Vacant and underutilized land parcels have a “blighting” affect on neighboring parcels.
8. Environmentally contaminated sites exist, which discourages redevelopment.

VIII. Nonproject Costs

The City of De Pere does not anticipate incurring any nonproject costs.

IX. Existing Land Uses: Map #1

X. Blighted Properties Map #2

XI. Proposed Boundary and Project Improvements: Map No. 3

Attachment: Draft TID 7 Project Plan Amendment PC (4955 : Second Amendment to Redevelopment Plan)

XII. Proposed Relocation Plan for Displaced Persons or Businesses

The City of De Pere is anticipating relocation of businesses and residents. The City will comply with all legal requirements of State Relocation laws, including taking the following steps and actions:

1. Before negotiations begin for the acquisition of property or easements, all property owners will be provided an informational pamphlet prepared by the Wisconsin Department of Administration (DOA), and if any person is to be displaced as a result of the acquisition, they will be given a pamphlet on "Relocation Benefits" as prepared by the DOA.
2. The City will provide each owner a full narrative appraisal, a map showing the owners of all property affected by the proposed project and a list of all neighboring landowners to whom offers are being made.
3. The City will file a relocation plan with DOA and shall keep records as required in Wisconsin Statutes 32.27.

XIII. Proposed Changes in Zoning Ordinances

The zoning in Block 17 (between City Hall block and Charles Street) would need to be changed to a Planned Development District to permit a mixed use development.

XIV. Proposed Changes in Master Plan, Building Codes and City Ordinances

This project plan is consistent with the City's Comprehensive Plan dated October 5, 2004. There are no proposed changes to the building codes or other City ordinances for the implementation of this project plan.

XV. Orderly Development of the City

TID No. 7 will generate interest to rehabilitate and add new structures to properties in the district area, which will assist in the orderly redevelopment of the inner core of the City of De Pere.

XVI. Opinion of City Attorney, i.e. Compliance with Wisconsin State Statutes, Section 66.1105

Appendix #1

City Council Resolution

City of De Pere, Wisconsin

A Resolution Creating, Describing and Making Certain Findings

and Approving Project Plan for the

Tax Incremental District No. 7

WHEREAS, the overall development of the City of De Pere is recognized as a major need of the City; and

WHEREAS, the City of De Pere desires to create Tax Incremental District No. 7, in accordance with the provisions of Section 66.1105 of the Wisconsin Statutes (the "Tax Increment Law"), in order to provide a viable method of financing the costs of needed public improvements within said district and thereby create incentives and opportunities for appropriate private development, and enhancement of the east downtown area, which will contribute to the overall development of the City; and

WHEREAS, in accordance with the procedures specified in the Tax Increment Law, the Plan Commission on _____, 2006 held a public hearing concerning the proposed creation of Tax Incremental District No. 7, and proposed project plan thereof in the City of De Pere, wherein interested parties were afforded a reasonable opportunity to express their views; and

WHEREAS, prior to its publication, a copy of the notice of said hearing was sent to the chief executive officers of Brown County, the Northeast Wisconsin Technical College (the other entities having the power to levy taxes on property located within the proposed district) and the Board of Education of the De Pere Unified School District (the school district which includes property located within the proposed district), in accordance with the procedures specified in the Tax Increment Law; and

WHEREAS, after said public hearing, the Plan Commission designated the boundaries of the proposed Description of Tax Incremental District No. 7, and recommended to the City Council that it create Tax Incremental District No. 7 within the area enclosed by said boundaries, as specified in the boundary description in the Project Plan entitled "Tax Incremental District No. 7", and

WHEREAS, the City of De Pere Plan Commission has prepared and adopted a project plan for Tax Incremental District No. 7, and

WHEREAS, the City of De Pere Plan Commission has submitted such plan to the City Council and recommended approval thereof, and

WHEREAS, the City Council hereby approves such project plan and finds the plan feasible and in conformity with the City of De Pere Comprehensive Plan;

Attachment: Draft TID 7 Project Plan Amendment PC (4955 : Second Amendment to Redevelopment Plan)

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of De Pere as follows:

1. Pursuant to the Tax Increment Law, there is hereby created in the City of De Pere a tax incremental district to be known as "Tax Incremental District No. 7, City of De Pere", the boundaries of which shall be those recommended to the City Council as described and shown in the Project Plan.

2. The City Council hereby finds and declares that:

(a) Not less than 50% by area of the real property within the said tax incremental district is a blighted area, in need of rehabilitation or conservation work within the meaning of Section 66.1105 (2m)(b) of the Wisconsin Statutes; and

(b) The improvement of such area is likely to enhance the value of all of the other real property in said tax incremental district; and

(c) The aggregate value of equalized taxable property of the said tax incremental district plus the value increment of all existing districts within the City does not exceed 12% of the total value of equalized taxable property within the City of De Pere; and

(d) The project costs are intended to eliminate blight, directly serve to rehabilitate or conserve the area, and improvements made will enhance significantly the value of substantially all of the other real property in the District.

The City Clerk is hereby authorized and directed to apply to the Wisconsin Department of Revenue, in such form as may be prescribed, for a "Determination of Tax Incremental Base", as of January 1, 2006, pursuant to the provisions of Section 66.1105(5)(b) of the Wisconsin Statutes.

The City Assessor is hereby authorized and directed to identify, upon the assessment roll returned and examined under Section 60.45 of the Wisconsin Statutes, those parcels of property which are within Tax Incremental District No. 7, specifying thereon the name of the said tax incremental district, and the City Clerk is hereby authorized and directed to make similar notations on the tax roll made under Section 70.65 of the Wisconsin Statutes, pursuant to Section 66.1105(5)(f) of the Wisconsin Statutes.

Adopted this _____ day of _____, 2007

Appendix No. 2

Plan Commission
Resolution ____-2006

Recommending Approval of the Project Plan and Boundary No. 7 to Tax Increment District No. 7, City of De Pere, Wisconsin

WHEREAS, the City of De Pere is proposing Tax Increment District No. 7 for the purpose of promoting downtown redevelopment, and;

WHEREAS, the Project Plan will provide opportunities for reinvestment and economic development, and;

WHEREAS, it is desirable and in the best interest of the City to adopt the project plan, which will create additional redevelopment opportunities within and in proximity to TID No. 7, and;

WHEREAS, on _____, 2006, the De Pere Plan Commission held a duly noticed public hearing at which interested parties were afforded a reasonable opportunity to express their views on the proposed TID No. 7 Project Plan and boundary.

NOW THEREFORE, BE IT RESOLVED THAT:

Section 1. Pursuant to Section 66.1105(4)(h) of the Wisconsin Statutes the Plan Commission recommends the project plan and boundary of the proposed TID No. 7 for the purpose of promoting redevelopment within and outside the district. Implementation of the plan will require expenditures relating to redevelopment, streetscaping, open space enhancements, facade restorations,

Section 2. The project plan contemplates expenditures for a street and utilities and related improvements outside of the district that are necessitated by the project plan for the district pursuant to Wis. Stat. 66.1105(2)(i) and 66.1105(2)(j).

Section 3. Such project plan expenditures are necessary to promote the development of the proposed TID No. 7 and adjoining lands.

Section 4. The De Pere Plan Commission finds that the project plan and TID No. 7 boundary is feasible and is in conformance with the Comprehensive Plan for the city, adopted October 5, 2004.

Section 5. The De Pere Plan Commission recommends Common Council approval and adoption of the Project Plan and Boundary for Tax Increment District No. 7.

MEETING DATE: September 16, 2014

DEPARTMENT: Plan Commission

FROM: Ken Pabich

SUBJECT: Resolution #14-105, Approving the Amended Project Plan for Tax Incremental Financing District #7, City of De Pere.

ATTACHMENTS:

- Reso14-105 (DOCX)
- Resolution PC14-02 (PDF)
- Draft TID 7 Project Plan Amendment (PDF)

Attachment: Draft TID 7 Project Plan Amendment PC (4955 : Second Amendment to Redevelopment Plan)

RESOLUTION #14-105

APPROVING THE AMENDED PROJECT PLAN FOR
TAX INCREMENTAL FINANCING DISTRICT #7, CITY OF DE PERE

WHEREAS, pursuant to the direction of the Common Council and with its advice and consent, the Plan Commission of the City of De Pere has taken all steps required by Wis. Stats. §66.1105(4)(h), for amendment of the project plan for Tax Incremental Financing District #7 (TID #7) as provided in Resolution # PC14-02 of the Plan Commission Recommending the Adoption of the Amended Project Plan for Tax Incremental Financing District #7, attached hereto and incorporated herein as Exhibit A; and

WHEREAS, in accordance with the recitations and findings in the above referenced Resolution of the Plan Commission, and the Common Council being aware of all proceedings of the Plan Commission in regard to the amendment of TID #7, including the public hearing held thereon on September 16, 2014 at 6:30 p.m. the Common Council wishes to adopt this resolution.

NOW, THEREFORE, BE IT HEREBY RESOLVED THAT:

The Common Council, pursuant to Wis. Stats. §66.105(4)(h), hereby adopts and approves the Amended Project Plan for Tax Incremental Financing District #7, a copy of which is attached to Resolution #PC14-02 (Exhibit A) and incorporated herein as if fully set forth, subject to such technical changes to said plan amendment as deemed necessary by the City Attorney. The Common Council specifically finds the amended plan is feasible and in conformity with the Master Plan of the City of De Pere (the City of De Pere Comprehensive Plan of 2010) and further specifically finding that such development as described in such amended plan would not occur without the creation of TID #7.

BE IT FURTHER RESOLVED THAT:

The Director of Planning and Economic Development is authorized and directed to take all actions reasonably necessary to transmit to the Joint Review Board the public records, planning documents, and this resolution with all deliberate haste.

BE IT FURTHER RESOLVED THAT:

The Director of Planning and Economic Development is authorized and directed to schedule a meeting of the Joint Review Board not less than 10 days nor more than 30 days after their receipt of this resolution for the purpose of considering the approval of this resolution and the Amendment of the Project Plan for TID #7, City of De Pere.

Adopted by the Common Council of the City of De Pere, Wisconsin, this 16th day of September, 2014.

APPROVED:

Michael J. Walsh, Mayor

PLAN COMMISSION
RESOLUTION #PC14-02

RECOMMENDING THE ADOPTION OF THE AMENDED PROJECT PLAN
FOR TAX INCREMENTAL FINANCING DISTRICT #7

WHEREAS, a proposed amended project plan for Tax Incremental Financing District #7 (TID #7) was filed with the City Clerk-Treasurer's office and made available for inspection on weekdays between the hours of 8:00 a.m. and 4:30 p.m., and made available to any person requesting a copy thereof; and

WHEREAS, a copy of the public notice regarding such amendment has been sent by first class mail to the chief executive officers or administrators of any local governmental entities having the power to levy taxes on property within the district and to the school board of any school district which includes property located within the district, and by Class II publication in the Green Bay Press Gazette, the official newspaper of the City of De Pere; and

WHEREAS, at the above referenced hearing scheduled at the City Hall Council Chambers on September 16, 2014 at 6:30 p.m., the Plan Commission heard all interested parties, their agents and attorneys regarding the plan amendment for said District and determined that the proposed amendment to the project plan is in conformity with the City's Comprehensive Plan and is in the best interests of the City in order to foster logical and economical development in that part of the City;

NOW THEREFORE, BE IT HEREBY RESOLVED, by the Plan Commission of the City of De Pere, Wisconsin, that:

The Plan Commission of the City of De Pere hereby adopts and recommends to the Common Council adoption of the project plan amendment for TID #7, City of De Pere, a copy of which is annexed hereto and incorporated herein as if fully set forth, subject to such technical changes to said plan amendment as deemed necessary by the City Attorney.

EXECUTIVE SUMMARY

The purpose of the Amendment to the Project Plan is twofold:

1. To act on the statutory authority of redetermination of base values in Tax Incremental Districts as a result of a 'decrement' situation being created in which there was a decline in current value of TID property in the district that is greater than 10% for two consecutive years. The City has determined Tax Incremental Financing District No. 7 has experienced a decrement situation resulting from declining values and is eligible to receive a redetermination of base value. Pursuant to Wis. Stats. sec. 66.1105(5)(i)4. the City is electing option 4 in which all project costs are anticipated to be financed within 90% of the District's remaining life.
2. Project Plan Amendment to modify the estimated project costs, projected revenues and economic feasibility study of the District.

Section I**Project Plan Amendment: Base Value Redetermination****Section A Introductions**

Under current tax incremental financing law, a city, village or, in certain circumstances, town, may create a tax incremental district (TID) in order to foster development of the area to be included in the TID. Generally, as part of the process of creating a TID, the Department of Revenue (DOR) will calculate a base value for the TID. Typically, during the TID's lifespan, property values of the property in the TID will rise above the base value, and the portion of taxes collected on the increase in property values will be used to pay back the project costs of the TID. Under current law, DOR may redetermine a TID's base value if the TID project plan is amended to add or subtract territory from the TID, which may occur up to four times during the lifespan of a TID.

2013 Wisconsin Act 183 addresses the situation where property values of the property in a TID do not rise, as expected, but instead fall. Under the Act, a municipality may, subject to joint review board approval, request that DOR redetermine the base value of a TID that is in a 'decrement situation' that continues for at least two consecutive years. The Act defines 'decrement situation' as a decline in current value of TID property of at least 10% compared to the current base value of the TID. The Act specifies that a municipality may request redetermination of the base value of a TID in a decrement situation once during the lifespan of the TID, and DOR may, generally impose a fee of \$1,000 for the redetermination. Additionally, prior to redetermination by DOR, the municipality must complete a financial analysis of the TID, and must amend the Project Plan to satisfy at least one of the following requirements:

Option #3 (sec. 66.1105(5)(i)3.)

With regard to the total value of public infrastructure improvements in the district that occurs after joint review board approval, that at least 51% of the value of the improvements must be financed by a private developer or other private entity in return for the municipality's agreement to repay those costs solely through the payment of cash grants, and that cash grants must be paid via a development agreement with the municipality.

Option #4 (sec. 66.1105(5)(i)4.)

That all project costs are expected to be paid within 90% of the TID's remaining life.

Option #3 (sec. 66.1105(5)(i)5.)

That expenditures may be made only within the first half of the TID's remaining life, unless approved by unanimous vote of the joint review board, and subject to the generally applicable limitations or the timing of expenditures under the TIF law.

Section B Base Value Redetermination

Pursuant to the options outlined above regarding base value redetermination, the City elects **Option #4** (sec. 66.1105(5)(i)4.) as show below:

	2013		2014	
	Current Value	Value Increment	Current Value	Value Increment
TIF Value per DOR	12,418,500	(2,589,400)	12,056,000	(2,951,900)
Estimated Decrement %	-20.85%		-24.48%	
<i>(greater than 10%, as required by 2013 Wisconsin Act 183)</i>				

Section II**Project Plan Amendment: Estimated Project Costs, Projected Revenues and Economic Feasibility Study****Section A Introductions**

Wisconsin's Tax Incremental Law was created to help cities and villages rehabilitate blighted areas and improve or develop industrial sites. In creating Wisconsin's Tax Incremental Law, the State Legislature expressed its concern that cities and villages had neither the incentive nor the financial resources necessary to carry out projects that benefited not only the city or village, but all jurisdictions which share in the tax base.

The Tax Incremental Law gives cities and villages the authority, under certain conditions, to designate a specific area within its boundaries as a Tax Incremental Financing District and requires them to prepare a plan to develop or redevelop the District. Cities or villages may use all increased property taxes generated by the increased property value generated by such development or redevelopment to pay for eligible costs, which they incur to improve the District. This law assumes that all governmental units that tax properties within the District will eventually benefit from the increased value which will be generated. The municipality that created the District is allowed to retain the increased taxes generated during the existence of the District to pay for the costs of the public improvements.

State Statute places certain limitations on the creation of Tax Incremental Financing Districts. Only whole parcels of property that are assessed for general property tax purposes and which are contiguous can be included within a District. In addition, at least fifty percent (50%) of the real property in a District must meet at least one of the following criteria:

1. It is a blighted area;
2. It is an area in need of conservation or rehabilitation work;
3. It is an area suitable for industrial sites and has been zoned for industrial use; or
4. It is an area suitable for mixed-use development.

It also must be found that:

1. The improvement of the area is likely to enhance significantly the value of substantially all the other real property in the District;
2. The project costs relate directly to eliminating blight, directly serve to rehabilitate or conserve the area or directly serve to promote industrial and/or mixed use development; and
3. The equalized value of taxable property of the District plus the value increment of all existing Districts does not exceed 12 percent of the total equalized value of taxable property within the City.

Before a Tax Incremental Financing District can be created, a Joint Review Board, which is comprised of representatives of the authorities having the power to levy taxes in the District and one public member, must approve the municipality's action relative to the creation of the District.

A Tax Incremental Financing District shall terminate when the earlier of the following occurs:

1. That time when the City or Village has received aggregate tax increments with respect to such District in an amount equal to the aggregate of all project costs under the Project Plan and any amendments to the Project Plan for such District.
2. Twenty-seven years after the District is created for blighted and in need of Rehabilitation or Conservation work.
3. The local legislative body, by resolution, dissolves the District, at which time the City or Village shall become liable for all unpaid project costs actually incurred, except this paragraph does not make the City or Village liable for any tax incremental bonds or notes issued.

Tax Increment District No. 7 was created in 2007 following this requirements and it was designated as a blighted area in the project plan. The Project Plan Amendment for Tax Incremental Financing District No. 7, "the District," in

the City of De Pere has been prepared in compliance with s. 66.1105(4), Wisconsin Statutes. TID No. 7 is defined by the boundary shown on Map 1 found on Page 12. Pursuant to s. 66.1105(4)(f), the Project Plan shall include:

- A statement listing the kind, number and location of all proposed public works or improvements within the district;
- an economic feasibility study;
- a detailed list of estimated project costs;
- a description of the methods of financing all estimated project costs;
- the time when the related costs or monetary obligations are to be incurred;
- a map showing existing uses and condition of real property in the district;
- a map showing proposed improvements and uses in the district;
- proposed changes of zoning ordinances, master plan, if any, maps, building codes and city ordinances;
- a list of estimated non-project costs;
- a statement of the proposed method for the relocation of any persons to be displaced;
- an indication as to how creation of the tax incremental district promotes the orderly development of the city/village;
- an analysis of the overlying taxing districts;
- a map showing the district boundaries; and
- an opinion of the village attorney advising whether the plan is complete and complies with s. 66.1105(4)(f), Wisconsin Statutes.

Section B Statement Listing the Kind, Number, and Location of All Proposed Public Works or Improvements Within and Outside of the District

The public works and improvement activities located within Tax Incremental Financing District No. 7 pursuant to the Project Plan Amendment are listed on Table I found on page 4, which provides a listing of all District activities; and Map 3 on Page 14, which shows the location of the proposed project costs, public works and improvements. The estimated project costs shall be refined as future development occurs and specific project activities are undertaken. Some public improvements may occur off-site, but are necessary expenditures in terms of benefiting the TIF District. Project costs incurred for territory that is located within a one-half mile radius of the district's boundaries may also be financed by the district. Any economic incentives granted will be consistent with the TIF statutory requirements.

A. Capital Costs for Development of the TID:

Capital costs most often include projects located within the boundaries of the District. Infrastructure costs for projects located outside of the District, benefiting or necessary for the development within the District may also be eligible District project costs (must be within one-half mile radius of the district). Such costs must be shared in a reasonable manner relating to the amount of benefit to the District. Infrastructure costs may include:

1. Land acquisition, relocation, and building demolition to facilitate development or redevelopment within the District.
2. Street construction or reconstruction, installation/upgrading of sanitary sewer, water, and storm water infrastructure to facilitate development or redevelopment.
3. Installation or improvements to other utilities including electric, natural gas, telecommunications, cable TV, fiber optic, etc.
4. Construction of sidewalks, trails and other related improvements to facilitate pedestrian travel in and around the District.
5. Installation/construction of landscaping improvements, streetscaping, and wayfinding.

B. Administrative Costs:

Administrative costs may include, but are not limited to, a portion of City staff time, consultants and others directly involved with planning and administering of the District over the statutory expenditure period.

C. Organization Costs:

Organization costs may include, but are not limited to, financial consultant fees, attorneys, engineers, planners, economic or environmental feasibility studies, traffic studies, preparation of this Project Plan, financial projections, preliminary engineering to determine project costs, maps, legal services, and other payments made which are necessary or convenient to the District.

D. Financing Costs:

Financing costs include interest, finance fees, bond discounts, bond redemption premiums, bond legal opinions, bond fees, ratings, capitalized interest, bond insurance and other expenses related to financing.

The previous activities shall provide necessary facilities and incentives that should enable and encourage development and redevelopment within the District. A detailed list of estimated project costs, including anticipated year of installation, is included in Table I.

TID NUMBER 7 - TABLE I
Proposed Project Costs, Public Works and Improvements
Amendment Only

	Total	Year			
	Costs	2014	2015	2016	2017-2031
CAPITAL COSTS

TOTAL	8,708,460	42,000	42,000	62,000	8,562,460

Subject to change based on final financing plan for individual projects. The City reserves the right to adjust the total amount financed for certain identified eligible projects contained within this Project Plan.

Section C Local Action

Before a Tax Incremental Financing District Plan can be modified, the City Plan Commission must hold a public hearing(s) on the proposed Project Plan Amendment for the District. After the public hearing, the City Plan Commission must submit the recommended Tax Incremental Financing District Project Plan Amendment to the local legislative body for action if it desires to modify the District. Before adopting such resolution, the local legislative body may amend the Project Plan. The Public Hearing for the District Amendment has been scheduled for the Plan Commission on September 16, 2014. Notice of the Public Hearing is to be published in the De Pere News on August 26, 2014 and September 2, 2014. The resolution approving the District Amendment shall be introduced to the Common Council for approval on September 16, 2014.

State Statutes require the City seeking to modify a Tax Incremental Financing District convene a Joint Review Board (JRB) to review the proposal. The first meeting of the JRB must be held within fourteen days after the Notice of the above-referenced hearing(s) is published. For any Tax Incremental Financing Districts proposed by the City of De Pere, the membership of the Joint Review Board shall consist of a representative chosen by the City, a representative chosen by the County, a representative chosen by the Technical College District, a representative chosen by the School District, and one public member. The public member and the chair of the JRB must be selected by a majority vote of the other JRB members. It is the responsibility of the JRB to review the public record, planning documents and the resolution passed by the local legislative body creating the District, and to either approve or not approve such resolution based on certain criteria by a majority vote after receiving the resolution. The first meeting of the JRB is scheduled for September 9, 2014, with the final meeting to act on the Common Council's resolution anticipated for Tuesday, September 16, 2014.

Capacity to Create Tax Incremental Districts

In 2004 the State Legislature amended the Tax Incremental Financing Law to allow up to 12% of the total equalized value of taxable property within the City be included within Tax Incremental Districts. The City of De Pere's 2014 total equalized value is 1,834,327,100. The City can include up to twelve percent (12%) of the total equalized value of the community in existing and new tax incremental finance districts. 12% of the City's equalized value is \$220,119,252.

The City has 6 outstanding Tax Incremental Districts with \$126,732,700 of equalized value. This district is expected to include the addition of approximately \$37,316,900 of incremental value. Therefore, this district can be created within the 12% capacity limit enacted by statute. The Department of Revenue will certify the values in the proposed tax incremental district to confirm compliance with this requirement.

The City should carefully monitor the annual growth within this district and existing districts, as well as the capacity to create additional districts.

Section D General Description of Tax Incremental District Number 7

The purpose of Tax Incremental Financing District Number 7 is primarily to assist expansion of the tax base by providing public improvements, land acquisition, and consolidations; to promote development opportunities; stimulate private investment; and enhance the appearance of the downtown and the George Street corridor.

The City Comprehensive Plan states “the City should consider ways of supporting and encouraging redevelopment...” and “Redevelopment of the downtown business districts are recommended and encouraged to stabilize the boundaries and maintain viable downtown areas.” The District will create the incentives that will advance the health and vitality of the east downtown area, and stimulate more tax base that otherwise would not have happened.

The boundaries of the District are described in the next section and as legally described in Appendix A. The intent of the District is to acquire lands and install public improvements that will allow and, in fact, stimulate reinvestment by the private sector. The new investment will, in turn, increase the tax base to pay for the initial investments and provide new tax base.

Section E District Boundary

The boundaries of Tax Incremental Financing District Number 7 are shown on Map 1 on Page 12 and are further described in Appendix A and B . The proposed Plan Amendment does not change the original boundary. The District includes the properties with the identification numbers and legal descriptions as found in Appendix A and B.

Section F Economic Feasibility Study

Purpose

The purpose of this study is to determine if the projected revenues generated from the District as a result of the proposed developments can finance the costs associated with the implementation of the Project Plan.

General Development Description

This section focuses on the new development projections and corresponding incremental new value. These projections have been prepared based on assumptions provided by the City and proposed developer.

The tax increment revenue projections in this section are based on the potential development of certain buildings and/or sites to accommodate land uses. The development projections are based on information provided by the proposed developer along with an understanding of the general market conditions and feasibility within the area. These projections are summarized in Table II below.

TID NUMBER 7 – TABLE II
Projected Development

PROJECT	Value	Expected Date of Construction
De Pere Auto	10,000	2013
Walgreens & 619 George	1,726,900	2014
Façade Improvements	80,000	2015-2018
Future Redevelopments	15,500,000	2017-2021
S Broadway Redevelopment	5,000,000	2019
Crevier Common Redevelopment	800,000	2021
Bridge Site Redevelopment	5,000,000	2022
Front Street Redevelopment	8,000,000	2023
Future Project A	800,000	2024
Future Project B	800,000	2025
Future Project C	800,000	2026
Future Project D	800,000	2027
TOTAL ESTIMATED VALUE INCREMENT	39,316,900	

The City has estimated that the District Amendment will create incremental new value as shown in the table above. Any future projects with private developers may be required to enter into an assessment agreement to guarantee future values. Estimates of incremental new value of the project are based on estimated square footage and business type.

The objective of the District is to facilitate development and redevelopment of the City's downtown and surrounding area. The economic feasibility projections are based on the utilization of approximately 25 years of the allowed tax increment collection period, pursuant to the legislation that requires the remaining project costs to be financed within 90% of the remaining life of the District.

The economic feasibility analysis should be considered as a baseline projection that is annually monitored to ensure projected targets are met. The purpose of the annual monitoring is to determine that total incremental value has been achieved rather than whether a specific identified project created those increments. Future public borrowing and/or expenditures should be based on this annual review process. It is the intent of this Project Plan Amendment to maximize the potential of Tax Incremental Financing District Number 7 to accomplish the proposed public improvements identified in Table I found on Page 4.

Table II and Map 5 summarize the development assumptions that have been used in the economic feasibility analysis. These projections have been prepared based on information received from the developer and City staff. The projections in Table II include assumptions on square footage and business type that have been proposed in the preliminary site plan. Assumptions of the taxable value by type of use (i.e., industrial or commercial) are based on a review of comparable real estate values.

The incremental new value projections included in Table II are not total construction costs estimates, but are factored to equate to the anticipated equalized value to which an annual mill rate will be applied. The actual construction costs may be higher than projected value because construction costs may include soft costs not necessarily assessed by the City. Real estate valuation can also significantly fluctuate from year to year. For that reason, there should be an annual review and evaluation of the stability of the increment value prior to making annual borrowing and/or spending decisions.

In compliance with the statutory requirements of tax incremental financing, a finding has been made that the private development activities projected would "not otherwise occur without the use of tax incremental financing." It must be understood that these projected private development increments will not naturally occur without the proactive implementation of this Project Plan Amendment. The implementers of the Project Plan Amendment will need to be

aggressive in stimulating the identified private development projects. The posture cannot be to expect that private developers will have financially feasible projects without implementation of the public improvement activities identified in this Plan.

The economic feasibility analysis for Tax Incremental District Number 7 is presented in Tables I, II and III. Table III shows the projected tax increments from the District based on the development assumptions made in Table II.

TID Number 7 – TABLE III
Projected Tax Increment and Estimated Cash Flow

1-Jan	Increment Equalized Value	Inflation on base Value 2.5%	Additions/ Deletions	Cumulative Value	*Rate Calculated Based on WDOR Increment	**Tax Increment Revenue	Cumulative Revenue (per Year)
2014	(2,951,900)	(2,951,900)	10,000	(2,941,900)	23.85	0	0
2015	10,000	10,250	1,726,900	1,737,150	23.85	41,430	41,430

2023	25,020,788	25,646,308	5,000,000	30,646,308	23.85	730,896	3,143,652
2024	30,646,308	31,412,466	8,000,000	39,412,466	23.85	939,964	4,083,616
2025	39,412,466	40,397,777	800,000	41,197,777	23.85	982,542	5,066,158
2026	41,197,777	42,227,722	800,000	43,027,722	23.85	1,026,185	6,092,343
2027	43,027,722	44,103,415	800,000	44,903,415	23.85	1,070,919	7,163,263
2028	44,903,415	46,026,000	800,000	46,826,000	23.85	1,116,772	8,280,035
2029	46,826,000	47,996,650	0	47,996,650	23.85	1,144,691	9,424,726
2030	47,996,650	49,196,566	0	49,196,566	23.85	1,173,309	10,598,035
2031	49,196,566	50,426,480	0	50,426,480	23.85	1,202,641	11,800,676
Total			39,316,900			11,800,676	

Tables I and III show the anticipated project costs and projected tax increment revenues for financing of the proposed public improvement project costs of the District Amendment. The City anticipates financing the proposed project costs through a combination of bonds, pay-as-you-go reimbursement and developer cash grants. Tables I and III indicate that projected tax increments are expected to be sufficient to support the project costs through the maximum term of the district.

The retirement of the District, taking into consideration the assumptions identified in Table I (Proposed Project Costs, Public Works & Improvements) and Table II (Projected Development Assumptions), is based on the property tax collection that was in place at the time of the Public Hearing held on September 16, 2014.

The future development assumptions have been based on a review of market conditions that exist at the time of drafting of the Project Plan and potential future development and redevelopment opportunities. It is expected and recommended that the City annually review the financial condition of Tax Incremental District Number 7. The economic feasibility analysis indicates that the District is feasible, provided the development assumptions have been achieved. The City should not spend at levels projected in Table I without developer agreements that guarantee repayment of expenditures or without a "risk assessment" that defines the maximum financial exposure the City finds acceptable. The City should analyze the fiscal condition of Tax Incremental Financing District Number 7 on the basis

of how well the development assumptions are being met. Decisions to continue spending annually should be based on the status of the district. The City will only finance those project costs that are financially feasible and supported by new revenues generated by the project.

Section G Financing

Financing for the proposed project will be done primarily on an upfront or pay-as-you-go basis. The City anticipates using a combination of bonds and internal loans to finance the upfront costs necessary for projects to proceed. With pay-as-you-go financing the developer finances the improvement costs upfront and is reimbursed with future tax increment revenues. TIF borrowing may be done annually or on a project-specific basis and it is not anticipated that the total amount of project costs would be considered for one borrowing. The City may also pursue grant funding to finance a portion of the project costs.

Tables I and III, which is also referenced in the Economic Feasibility Study Section, give a summary of project costs, proposed cash flow schedule, and projected tax increment revenues on an annual basis during the duration of the District pursuant to the reduced term of 25 years due to the base value redetermination (to the year 2031). Current projections indicate that all project costs of the district should be financed by tax increment revenue within the reduced term of twenty five years. The TID Project Plan Amendment has been written to enable project costs to be completed in order to encourage new development and redevelopment within the District boundaries. An annual analysis should be made to strategize financing alternatives in consideration of potential shortfalls between tax increments collected and debt service required to pay the bonds. Excess tax increments will be available to cover potential shortfalls with repayment to the City prior to retirement of the District. The City anticipates annually reviewing future expenditures and determining economic feasibility prior to authorizing additional expenditures.

The total scope of activities is estimated within the project cost estimates in Table I. Any non-tax revenues received may reduce the applicable TIF project expenditure which, in turn, will reduce the total amount of TIF project costs. This reduction will allow the City more flexibility in determining the timeframe for other project expenditures.

Section H Estimated Non-Project Costs

Non-Project costs are public works projects that may only partly benefit the District or are not eligible to be paid with tax increments, or costs not eligible to be paid with TIF funds. A complete listing of those costs is available in the economic feasibility analysis on page 4. There are currently not any estimated non-project costs of the district.

Section I Existing Land Uses and Conditions

Map 2, found on Page 13, has been provided to give a general description of the conditions within the area. Map 4, found on page 15, is a zoning map that generally describes the existing uses within the District. These two maps should be used in combination when studying the Project Plan.

Section J Proposed Land Use

The proposed TID will promote the orderly development within the City by reducing and/or eliminating under-utilized land uses, while remaining financially feasible for the City to replace such uses with more appropriate uses. Map 5 on Page 16 illustrates the proposed land uses within the district.

Section K Existing and Proposed Zoning

Map 4, found on Page 15, shows the TIF District boundary overlaid onto an existing zoning map.

It is anticipated that many of these zoning districts will remain with their associated parcels unless future proposed uses are in conflict with the existing zoning.

Section L Building Codes and City Ordinances

No changes are currently being anticipated in the City's Building Code or other City codes.

Section M Relocation

If acquisition would occur within Tax Incremental District Number 7 which causes displacements, the City will conform to the requirements as set forth by the Department of Commerce in the State of Wisconsin Relocation Laws. If federal funds are used in the relocation process, the federal relocation process will also be followed.

Section N Estimated Amount of Bonded Indebtedness

The purpose of TID No. 7 is to assist with the expansion of business, commerce, and potentially residential growth within the City of De Pere. The creation of this district should provide a financial resource for the City to promote orderly development by making sites suitable for development that otherwise may not be occurring, by providing new employment opportunities that would not otherwise be available, and, in general, promoting the public health, safety and general welfare. The development stimulated by the use of this TID shall increase the overall tax base of the City, increase employment, increase household income, and generally improve the quality of life in the City.

Section O Findings

- A. A minimum of 50% of the area occupied by real property within TID No. 7 was determined in 2007 to be a blighted area and in need of rehabilitation or conservation work within the meaning of Section 66.1105 (2m)(b) of the Wisconsin Statutes.
- B. The improvement of TID No. 7 is likely to significantly enhance the value of substantially all of the other real property in the district.
- C. The project costs relate directly to eliminating blight, serving to rehabilitate or conserve the area and improvements made will enhance significantly the value of substantially all of the other real property in the District.
- D. The equalized value of taxable property of TID No. 7, plus the value increment of all existing districts, does not exceed 12% of the total equalized value of taxable property within the City.

Section P City Attorney Opinion

The City Attorney for the City of De Pere, Wisconsin has reviewed the Project Plan for Tax Incremental Finance District Number 7, City of De Pere, Wisconsin, dated _____, and has found that it is complete and complies with Section 66.1105, Wisconsin Statutes. The City Attorney letter is included as Appendix D.

APPENDIX B

LEGAL DESCRIPTION

The description of the proposed boundaries of the Tax Incremental District is located in the City of De Pere, Brown County, Wisconsin, generally, more particularly described as follows:

Commencing from a point where the centerline of Broadway Street intersects the centerline of Merrill Street, also being the point of beginning, thence N01°-31'-11"E, 426.79 feet along the centerline of Broadway Street to a point which intersects the centerline of Lewis Street; thence S89°-42'-28"E, 360.89 feet along the centerline of Lewis Street; thence N00°-37'-49"E, 30.00 feet to a point where the northerly right of way line of Lewis Street intersects the easterly right of way line of Wisconsin Street; thence N00°-38'-06"E along said east line, 360.54 feet to a point where said line intersects with the southerly right of way line of Charles Street; thence N00°-38'-06"E, 60.00 feet to the north right of way line of Charles Street; continuing N00°-38'-06"E, 250.27 feet; thence S89°-24'-19"E, 134.11 feet; thence N00°-38'-03"E, 110.20 feet; thence S89°-24'-47"E, 120.11 feet to the westerly right of way line of Michigan Street; thence S89°-24'-47"E, 60.00 feet to the easterly right of way line of Michigan Street; thence S00°-38'-00"W, 60.11 feet along said west line; thence S89°-24'-33"E, 120.09 feet; thence N82°-27'-42"E, 14.14 feet; thence S89°-24'-33"E, 120.09 feet to a point that intersects with the westerly right of way line of Superior Street; thence S87°-27'-31"E, 60.03 feet to the easterly right of way line of Superior Street; thence N00°-38'-08"E, 120.31 feet along said east line to a point that intersects with the southerly right of way line of George Street; thence S89°-25'-02"E, 254.19 feet along said south line to the intersection with the westerly right of way line of Huron Street; thence S00°-38'-15"W along said west line, 120.34 feet; thence S89°-27'-03"E, 60.00 feet to the easterly right of way line of Huron Street; thence S89°-24'-33"E, 254.18 feet to the westerly right of way line of Erie Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Erie Street; thence S00°-38'-22"W, 60.18 feet along said east line; thence S89°-24'-19"E, 120.05 feet; thence N00°-38'-25"E, 60.18 feet; thence S89°-24'-33"E, 134.05 feet to the westerly right of way line of Ontario Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Ontario Street; thence N00°-38'-29"E, 60.20 feet along said east line; thence S89°-27'-23"E, 254.92 feet to the westerly right of way line of Winnebago Street; continuing S89°-27'-23"E, 60.00 feet to the easterly right of way line of Winnebago Street; thence N00°-37'-47"E, 180.26 feet; thence N89°-28'-02"W, 60.01 feet to the westerly right of way line of Winnebago Street; continuing N89°-28'-02"W, 254.88 feet to the easterly right of way line of Ontario Street; thence N89°-17'-50"W, 60.00 feet to the westerly right of way line of Ontario Street; thence N89°-24'-37"W, 254.12 feet to the easterly right of way line of Erie Street; thence N00°-38'-22"E, 60.16 feet along said east line; thence N89°-24'-13"W, 60.00 feet to the westerly right of way line of Erie Street; continuing N89°-24'-13"W, 882.57 feet to the easterly right of way line of Michigan Street; thence S89°-20'-00"W, 29.39 feet; thence S01°-02'-14"W, 119.03 feet; thence S88°-54'-47"W, 29.79 feet to a point where the westerly right of way line of Michigan Street intersects the northerly right of way line of George Street; thence N89°-25'-02"W, 80.11 feet along the northerly right of way line of George Street; thence N00°-38'-03"E, 11.00 feet; thence N89°-25'-02"W, 160.09 feet; thence S82°-09'-41"W, 74.83 feet to a point where the westerly right of way line of Wisconsin Street intersects the northerly right of way line of George Street; thence N89°-24'-59"W along the northerly right of way line of George Street, 120.76 feet; thence N00°-37'-00"E, 17.50 feet; thence N89°-24'-47"W, 14.00 feet; thence N00°-37'-00"E, 72.98 feet; thence N89°-24'-17"W, 30.00 feet; thence N00°-37'-00"E, 10.05 feet; thence N89°-24'-13"W, 90.76 feet to the easterly right of way line of Broadway Street; thence S00°-35'-34"W, 40.22 feet along said east line; thence N89°-24'-34"W, 80.00 feet to a point where the westerly right of way line of Broadway Street intersects with the northerly right of way line of George Street; thence continuing N89°-24'-34"W along the northerly right of way line of George Street, 120.09 feet; thence continuing N89°-24'-43"W, 14.00 feet; thence N89°-24'-10"W, 112.15 feet along said north line to the easterly right of way line of Front Street; thence N01°-53'-14"W, 167.51 feet; thence N00°-26'-45"E, 194.50 feet to the northerly right of way line of James Street; thence N89°-44'-05"W, 148.34 feet; thence N89°-05'-40"W, 274.40 feet along said north line of James Street to the intersection of the low water mark of the east shore of the Fox River; thence meandering in a southerly direction along the low water mark of the east shore of the Fox River to a point that intersects with the intersection of the projected centerline of Merrill Street; thence S63°-34'-33"E, 190.94 feet along the projected centerline of Merrill Street to the centerline of Broadway Street and the point of beginning.

Said parcel contains 27.1 acres or 1,181,959 square feet, more or less.

APPENDIX C

PUBLIC HEARING NOTICE

NOTICE OF PUBLIC HEARING

PROPOSED AMENDMENT TO THE PROJECT PLAN AND REDETERMINATION OF BASE VALUE FOR TAX INCREMENT DISTRICT NUMBER 7, CITY OF DE PERE, WISCONSIN

NOTICE IS HEREBY GIVEN, that the City of De Pere Plan Commission will meet at 6:30 p.m. on Tuesday, September 16, 2014, at City Hall in the Council Chambers, 335 S. Broadway, De Pere, Wisconsin, to conduct a hearing regarding the proposed amendment to the project plan and redetermination of base value for Tax Increment District Number 7, City of De Pere, Wisconsin.

The City anticipates that the project plan will be amended to include expenditures such as cash grants, land price discounts and other incentives by the city to owners, lessees, or developers of land that is located within the tax increment district. The Plan also includes infrastructure improvements that are within a half mile radius of the district.

During the public hearing, all interested parties will be provided with an opportunity to express their views on the proposed amendment to the project plan for such tax increment district. Persons desiring information on the proposed project plan amendment may contact the City Director of Planning and Economic Development at 920-339-4043. A copy of the proposed project plan amendment is available for review in the De Pere Planning Office located at City Hall, 335 S. Broadway St and will be provided upon request.

Dated this 26th day of August 2014.

BY ORDER OF THE COMMON COUNCIL

Michael J. Walsh
Mayor

Shana Defnet
Clerk

Attachment: Draft TID 7 Project Plan Amendment PC (4955 : Second Amendment to Redevelopment Plan)

Mayor Michael J. Walsh
Members of the De Pere Common Council

RE: City of De Pere Tax Incremental Financing District #7 (TID #7) Amendment and Request for Base Value Redetermination

Dear Mayor and Common Council Members:

Pursuant to Wis. Stats. §66.1105(5)(i)2, any tax incremental financing district project plan amendment and request for base value determination must include an opinion of the City Attorney, or of an attorney retained by the City, advising whether the plan is complete and complies with that statutory section.

As the duly appointed City Attorney of the City of De Pere and upon a review of the Amendment to TID #7 Project Plan to which this opinion is appended, it is my opinion that such plan contains and adequately addresses the prerequisites set forth at Wis. Stats. §66.1105. This opinion is based on my review of said plan, my review of Wis. Stats. §66.1105 and my experience as a municipal attorney.

It is my further opinion that inasmuch as the project plan is complete and in compliance with the above referenced section, it is in proper form for adoption by the Common Council.

Respectfully submitted,

Judith Schmidt-Lehman
City Attorney

Mayor Michael J. Walsh
Members of the De Pere Common Council

RE: City of De Pere Tax Incremental Financing District #7 (TID #7) Amendment

Dear Mayor and Common Council Members:

Pursuant to Wis. Stats. §66.1105(4)(f), any tax incremental financing district project plan amendment and request for base value determination must include an opinion of the City Attorney, or of an attorney retained by the City, advising whether the plan is complete and complies with that statutory section.

As the duly appointed City Attorney of the City of De Pere and upon a review of the Amendment to TID #7 Project Plan to which this opinion is appended, it is my opinion that such plan contains and adequately addresses the prerequisites set forth at Wis. Stats. §66.1105. This opinion is based on my review of said plan, my review of Wis. Stats. §66.1105 and my experience as a municipal attorney.

It is my further opinion that inasmuch as the project plan is complete and in compliance with the above referenced section, it is in proper form for adoption by the Common Council.

Respectfully submitted,

Judith Schmidt-Lehman
City Attorney

APPENDIX F

ORIGINAL PROJECT PLAN FOR TID 7

TAX INCREMENT DISTRICT NO. 7

I. Statement of Kind, Number and Location of Proposed Projects

Tax Increment District (TID) No. 7, City of De Pere, is being created under authority of Wisconsin State Statutes 66.1105, primarily to assist expansion of the tax base by providing public improvements, land acquisition, and consolidations; to promote development opportunities; stimulate private investment; and enhance the appearance of the downtown and the George Street corridor.

The City Comprehensive Plan states “the City should consider ways of supporting and encouraging redevelopment...” and “Redevelopment of the downtown business districts are recommended and encouraged to stabilize the boundaries and maintain viable downtown areas.” The creation of this TID will create the incentives that will advance the health and vitality of the east downtown area, and stimulate more tax base that otherwise would not have happened.

The boundaries of the District are shown on Maps #1-3 and as legally described on page 7. The intent is to acquire lands and install public improvements that will allow and, in fact, stimulate reinvestment by the private sector. The new investment will, in turn, increase the tax base to pay for the initial investments and provide new tax base.

Therefore, the City has two objectives in this Tax Increment Financing (TIF) project:

1. Support and stimulate private investment, which would not have happened without TIF.
2. Strengthen the tax base and economic viability of the East Downtown area that will benefit the entire community.

The following is a list of projects the City plans to implement in future years using TIF dollars. Any costs directly or indirectly related to the public works are considered “project costs” and eligible to be paid with tax increment revenues generated within the tax incremental district.

II. Detailed List of Project Costs

The kind, number and estimated costs of projects in this Tax Increment District Plan and listed on Table 1. All costs are based on 2007 prices and actual bids or preliminary estimates. The City reserves the right to include capitalized interest as a TIF reimbursable cost at a later time if financing requirements make it necessary to do so. The City also reserves the right to increase certain project costs to the extent others are reduced or not implemented, without amending the plan.

The tax increment allocation is preliminary and is subject to adjustment based upon the implementation of the plan. Estimated project costs are not meant to be a budget, nor an appropriation or commitment of funds for specific projects, but a framework with which to manage projects. The City retains the right to delete projects or change the scope and/or timing of projects implemented as they are individually authorized by the De Pere City Council, without amending the plan.

Table 1: Kind, Number and Estimated Project Costs

No.	Potential Project Description	Estimated Costs
1.	Block 17 Redevelopment Project	\$1,500,000
2.	George Street Streetscaping	\$110,000
3.	Conversion of Bridge approach (George Street)	\$200,000
4.	Façade Restoration Grant Program	\$120,000
5.	Parking Area on unused portion of Charles Street	\$30,000
6.	Development on Creviere Commons	\$5,000
Total		\$1,965,000

Individual project monies plan to be spent over the following years is shown in Table 2.

Table 2 identifies the timing of anticipated public expenditures by an approximate year.

Table 2: Projected Expenditures by Year

No.	2007	2008	2009	2010	Total
1.	\$1,500,000				\$1,500,000
2.	\$110,000				\$110,000
3.				\$200,000	\$200,000
4.	\$30,000	\$30,000	\$30,000	\$30,000	\$120,000
5.		\$30,000			\$30,000
6.				\$5,000	\$5,000
Total	\$1,640,000	\$60,000	\$30,000	\$235,000	\$1,965,000

Activities in each of the projects are described as follows:

1. Block 17 Redevelopment Project

The City block surrounded by Charles Street to the north, Lewis Street to the south, S. Wisconsin Street to the east and S. Broadway Street to the west is going to be impacted by the relocation of the new Claude Allouez Bridge. The remainder of the block is a prime redevelopment site, due to its excellent visibility as the prime westerly entrance to the East Downtown Business District and views of the Fox River.

This project would involve the following possible actions:

- Appraisals for each property

- Initial offers for acquisition of properties
- Possibility of paying for a second Appraisal
- Relocation costs
- Demolition costs

Once the project area is demolished, properties could be combined and marketed for redevelopment proposals.

2. George Street Streetscaping

In 2006, George Street, from S. Wisconsin Street to Webster Street, will be entirely rebuilt. Because this roadway is a major corridor leading to De Pere's East Downtown area, the City wants to create an aesthetically attractive entryway. The aesthetic improvements will be consistent with the N. Broadway streetscape, and would include such things as pedestrian "bump-outs", colored pavers at pedestrian crossings, decorative lighting and plant materials.

3. Conversion of bridge approach (George Street) to a Mixture of Uses

Once the existing roadway and Claude Allouez connection is replaced by the new bridge, the George Street right-of-way and state-owned land from Front to Broadway Streets will no longer be used for vehicular traffic.

The City of De Pere has the opportunity to redesign this road right-of-way for a mixed use development. Such uses could include new building(s), off-street parking, green space, and pedestrian connection from the downtown area and Broadway Street to Front Street, the Fox River Recreational Trail and riverfront. The green space along the pedestrian trail could become a landscaped plaza with benches.

4. Façade Restoration Grant Program

The City of De Pere has had a successful Façade Restoration Grant Program for many years. This program provides one dollar for every four dollars utilized for exterior renovations. Monies from Tax Increment Financing would provide incentives to the businesses that are in the boundaries of this Tax Increment District.

5. Parking Area on unused portion of Charles Street

Most of Charles Street, between S. Broadway and S. Wisconsin Streets, will not be used as a traffic carrier once the new bridge and roundabout are built. This excess right-of-way can be converted into needed public parking to replace spaces lost because of the Claude Allouez Bridge Replacement Project.

6. Development on Creviere Commons

This downtown green space is on a major traffic corridor (Broadway/George Street) through the East Downtown area, and carries traffic from one part of the city to another. Once the new bridge is constructed, traffic counts will diminish significantly, and this green space, although nice to have, will not serve as the aesthetic focal point enjoyed by passing motorists.

Creviere Commons could be replaced by other green space on remnants created by the new traffic corridor and relocated bridge. After other sites are landscaped, Creviere Commons could be occupied by a new downtown structure.

III. Economic Feasibility Study

Projected Income by Project

The projected timeframe for project increment is shown on Table 3. This timeframe is based on construction or renovation occurring in the previous two year period, with taxable value created the year before. The year in which the project is listed for income is the year that taxes are due.

Table 3: Projected Increase in Assessed Valuation from New or Renovated Projects

Levy Year	1. Block 17 Mixed Use Development	3. George Street Structure	4. Façade Restoration	6.Creviere Commons Structure	New 2007 Construction	Total
2008			\$30,000		\$414,200	\$441,200
2009	6,200,000		\$30,000			\$6,230,000
2010			\$30,000			\$30,000
2011			\$30,000			\$30,000
2012		\$1,500,000				\$1,500,000
2013				\$1,000,000		\$1,000,000
Total	6,200,000	\$1,500,000	\$120,000	\$1,500,000	\$414,200	\$9,231,200

Revenue Projections

The projected income on table 3 is the basis for the tax increment on table 4. The TID No. 7 base value is \$12,824,700. The projections assume that the district will experience a slight inflationary growth of two percent per year over the life of the TIF. The tax rate (due to upcoming projects and rising school district tax rates) are assumed to increase over a five year period, followed by a steady tax rate thereafter.

A decline in the increment is the result of removing taxable structures from Block 17.

The leverage being used by TIF is to generate the construction of a 6.2 million dollar project by purchasing approximately \$844,200 worth of buildings at a cost of 1.5 million. Other projects will also assist in leveraging more tax base for downtown improvements and additional tax base.

The following revenue projections support the worth of the project, not to mention how important it is to encourage continuous improvements to the Downtown areas.

The accumulated increment of \$3,389,323 over a seventeen year period should be sufficient to support the \$1,970,000 project costs plus debt interest and the dip in tax increment revenue.

Table 4: Revenue Projections

(2007 Base value is \$12,824,700)

Levy Year	Equalized Value	2% inflation on base Value	Additions/ Deletions	Net Increment Value	Cumulative Value	*Tax Rate	**Tax Increment Revenue	Cumulative Revenue (per Year)
2007	\$12,824,700		(\$844,200)	(\$844,200)	(\$844,200)	\$20.54		\$0
2008	\$13,081,194	\$256,494		\$256,494	(\$587,706)	\$21.16		\$0
2009	\$13,342,818	\$261,624	\$441,200	\$702,824	\$115,118	\$21.79	\$2,509	\$2,509
2010	\$13,609,674	\$266,856	\$6,230,000	\$6,496,856	\$6,611,974	\$22.44	\$148,403	\$150,912
2011	\$13,881,868	\$272,193	\$30,000	\$302,193	\$6,914,168	\$23.12	\$159,841	\$310,753
2012	\$14,159,505	\$277,637	\$30,000	\$307,637	\$7,221,805	\$23.12	\$166,968	\$477,721
2013	\$14,442,695	\$283,190	\$1,500,000	\$1,783,190	\$9,004,995	\$23.12	\$208,195	\$685,917
2014	\$14,731,549	\$288,854	\$1,000,000	\$1,288,854	\$10,293,849	\$23.12	\$237,994	\$923,911
2015	\$15,026,180	\$294,631		\$294,631	\$10,588,480	\$23.12	\$244,806	\$1,168,716
2016	\$15,326,704	\$300,524		\$300,524	\$10,889,004	\$23.12	\$251,754	\$1,420,470
2017	\$15,633,238	\$306,534		\$306,534	\$11,195,538	\$23.12	\$258,841	\$1,679,311
2018	\$15,945,902	\$312,665		\$312,665	\$11,508,202	\$23.12	\$266,070	\$1,945,380
2019	\$16,264,821	\$318,918		\$318,918	\$11,827,121	\$23.12	\$273,443	\$2,218,823
2020	\$16,590,117	\$325,296		\$325,296	\$12,152,417	\$23.12	\$280,964	\$2,499,787
2021	\$16,921,919	\$331,802		\$331,802	\$12,484,219	\$23.12	\$288,635	\$2,788,422
2022	\$17,260,358	\$338,438		\$338,438	\$12,822,658	\$23.12	\$296,460	\$3,084,882
2023	\$17,605,565	\$345,207		\$345,207	\$13,167,865	\$23.12	\$304,441	\$3,389,323
			\$8,387,000				\$3,389,323	

Assumption: Conservatively, this table includes a 2% annual increase in commercial property values, and a 3% increase in the property tax rate for five years, followed by a leveling off of the tax rate over the remaining years.

*Tax rate per thousand of valuation.

**Tax Increment Revenue loss is paid back through borrowed monies.

IV. A Description of the Methods of Financing and the Time When Such Costs or Monetary Obligations Related Thereto are to be Incurred

The City of De Pere will cautiously proceed with any future borrowing, and any borrowed monies will be consistent with the City's debt service plan. The City realizes that investments in the district will occur over a period of years. Debt associated with listed projects is projected to be paid off by 2023.

The City of De Pere will utilize its ability to secure double exemption bonds secured by the City of De Pere Redevelopment Authority.

Table 5: Debt Service Cash Flow

	A	B*	C	D	E**	F	G***
Leavy Year	As of 1-Jan Balance	Loss of Tax Revenue	Project Costs	Mics. Income (Bond)	Debt Service	Tax Increment Dollars	As of 12/31 TIF Balance
2007		(\$17,340)	(\$1,640,000)	(\$1,657,340)	(\$74,580)		(\$1,731,920)
2008	(\$1,731,920)	(\$12,434)	(\$60,000)	(\$72,434)	(\$81,196)		(\$1,885,550)
2009	(\$1,883,847)		(\$30,000)	(\$30,000)	(\$86,200)	\$2,509	(\$1,997,538)
2010	(\$1,997,428)		(\$235,000)	(\$235,000)	(\$100,464)	\$148,403	(\$2,184,489)
2011	(\$2,092,764)				(\$98,302)	\$159,841	(\$2,031,225)
2012	(\$2,035,824)				(\$91,405)	\$166,968	(\$1,960,261)
2013	(\$1,969,386)				(\$88,212)	\$208,195	(\$1,849,402)
2014	(\$1,860,909)				(\$83,223)	\$237,994	(\$1,706,138)
2015	(\$1,719,254)				(\$76,776)	\$244,806	(\$1,551,225)
2016	(\$1,559,557)				(\$69,805)	\$251,754	(\$1,377,608)
2017	(\$1,390,863)				(\$61,992)	\$258,841	(\$1,194,015)
2018	(\$1,207,650)				(\$53,731)	\$266,070	(\$995,311)
2019	(\$1,009,116)				(\$44,789)	\$273,443	(\$780,462)
2020	(\$794,431)				(\$35,121)	\$280,964	(\$548,588)
2021	(\$562,723)				(\$24,686)	\$288,635	(\$298,774)
2022	(\$313,080)				(\$13,445)	\$296,460	(\$30,065)
2023	(\$44,544)				(\$1,353)	\$304,441	\$258,544
Total		(\$29,773)	(\$1,965,000)	(\$1,993,184)	(\$1,085,280)	\$3,389,323	

* Lost tax revenue, due to a drop in the base year value, would be made up in borrowed monies.

**Debt Service is based on an interest rate of 4.5% times accumulated debt and project costs in the first four years. Annual debt service is then added to accumulated debt each year.

***Column G is the result of adding columns A, D and E together, and subtracting column F.

Legal Description: District No. 7

Commencing from a point where the centerline of Broadway Street intersects the centerline of Merrill Street, also being the point of beginning, thence N01°-31'-11"E, 426.79 feet along the centerline of Broadway Street to a point which intersects the centerline of Lewis Street; thence S89°-42'-28"E, 360.89 feet along the centerline of Lewis Street; thence N00°-37'-49"E, 30.00 feet to a point where the northerly right of way line of Lewis Street intersects the easterly right of way line of Wisconsin Street; thence N00°-38'-06"E along said east line, 360.54 feet to a point where said line intersects with the southerly right of way line of Charles Street; thence N00°-38'-06"E, 60.00 feet to the north right of way line of Charles Street; continuing N00°-38'-06"E, 250.27 feet; thence S89°-24'-19"E, 134.11 feet; thence N00°-38'-03"E, 110.20 feet; thence S89°-24'-47"E, 120.11 feet to the westerly right of way line of Michigan Street; thence S89°-24'-47"E, 60.00 feet to the easterly right of way line of Michigan Street; thence S00°-38'-00"W, 60.11 feet along said west line; thence S89°-24'-33"E, 120.09 feet; thence N82°-27'-42"E, 14.14 feet; thence S89°-24'-33"E, 120.09 feet to a point that intersects with the westerly right of way line of Superior Street; thence S87°-27'-31"E, 60.03 feet to the easterly right of way line of Superior Street; thence N00°-38'-08"E, 120.31 feet along said east line to a point that intersects with the southerly right of way line of George Street; thence S89°-25'-02"E, 254.19 feet along said south line to the intersection with the westerly right of way line of Huron Street; thence S00°-38'-15"W along said west line, 120.34 feet; thence S89°-27'-03"E, 60.00 feet to the easterly right of way line of Huron Street; thence S89°-24'-33"E, 254.18 feet to the westerly right of way line of Erie Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Erie Street; thence S00°-38'-22"W, 60.18 feet along said east line; thence S89°-24'-19"E, 120.05 feet; thence N00°-38'-25"E, 60.18 feet; thence S89°-24'-33"E, 134.05 feet to the westerly right of way line of Ontario Street; continuing S89°-24'-33"E, 60.00 feet to the easterly right of way line of Ontario Street; thence N00°-38'-29"E, 60.20 feet along said east line; thence S89°-27'-23"E, 254.92 feet to the westerly right of way line of Winnebago Street; continuing S89°-27'-23"E, 60.00 feet to the easterly right of way line of Winnebago Street; thence N00°-37'-47"E, 180.26 feet; thence N89°-28'-02"W, 60.01 feet to the westerly right of way line of Winnebago Street; continuing N89°-28'-02"W, 254.88 feet to the easterly right of way line of Ontario Street; thence N89°-17'-50"W, 60.00 feet to the westerly right of way line of Ontario Street; thence N89°-24'-37"W, 254.12 feet to the easterly right of way line of Erie Street; thence N00°-38'-22"E, 60.16 feet along said east line; thence N89°-24'-13"W, 60.00 feet to the westerly right of way line of Erie Street; continuing N89°-24'-13"W, 882.57 feet to the easterly right of way line of Michigan Street; thence S89°-20'-00"W, 29.39 feet; thence S01°-02'-14"W, 119.03 feet; thence S88°-54'-47"W, 29.79 feet to a point where the westerly right of way line of Michigan Street intersects the northerly right of way line of George Street; thence N89°-25'-02"W, 80.11 feet along the northerly right of way line of George Street; thence N00°-38'-03"E, 11.00 feet; thence N89°-25'-02"W, 160.09 feet; thence S82°-09'-41"W, 74.83 feet to a point where the westerly right of way line of Wisconsin Street intersects the northerly right of way line of George Street; thence N89°-24'-59"W along the northerly right of way line of George Street, 120.76 feet; thence N00°-37'-00"E, 17.50 feet; thence N89°-24'-47"W, 14.00 feet; thence N00°-37'-00"E, 72.98 feet; thence N89°-24'-17"W, 30.00 feet; thence N00°-37'-00"E, 10.05 feet; thence N89°-24'-13"W, 90.76 feet to the easterly right of way line of Broadway Street; thence S00°-35'-34"W, 40.22 feet along said east line; thence N89°-24'-34"W, 80.00 feet to a point where the westerly right of way line of Broadway Street intersects with the northerly right of way line of George Street; thence continuing N89°-24'-34"W along the northerly right of way line of George Street, 120.09 feet; thence continuing N89°-24'-43"W, 14.00 feet; thence N89°-24'-10"W, 112.15 feet along said north line to the easterly right of way line of Front Street; thence N01°-53'-14"W, 167.51 feet; thence N00°-26'-45"E, 194.50 feet to the northerly right of way line of James Street; thence N89°-44'-05"W, 148.34 feet; thence N89°-05'-40"W, 274.40 feet along said north line of James Street to the intersection of the low water mark of the east shore of the Fox River; thence meandering in a southerly direction along the low water mark of the east shore of the Fox River to a point that intersects with the intersection of the projected centerline of Merrill Street; thence S63°-34'-33"E, 190.94 feet along the projected centerline of Merrill Street to the centerline of Broadway Street and the point of beginning.

Said parcel contains 27.1 acres or 1,181,959 square feet, more or less.

VI. Plan Implementation

It is anticipated that improvements will be made during the life of the TID. A reasonable and orderly sequence is outlined in this plan. Public debt and expenditures will be made at the pace of private development interest to ensure that an increment is sufficient to cover expenses.

The order in which public improvements are made should be adjusted in accordance with development and execution of development agreements. The City reserves the right to alter the implementation of this plan to accomplish this objective.

VII. Existing Land Use

The existing land uses in TID No. 7 are predominantly downtown mixed uses. At least fifty percent of the buildings and property meet the statutory definition of “blighted area” as described in Wisconsin Statutes s.s. 66.1105(2)(a), based on the following conditions:

1. Most of the structures in TID No. 7 are over fifty years old, and meet the “blighted area” criteria for “dilapidation, deterioration, age, or obsolescence.”
2. Almost all of the buildings were constructed with common walls, which make them susceptible to a spreading fire in an adjacent building.
3. Being built immediately abutting each other hinders adequate ventilation, light, air and open space.
4. These structures would not pass current building code standards, but are allowed to continue under “grandfather” regulations.
5. Vacant “store fronts” qualifies as a “blighting influence” on the area.
6. Private party development of prime downtown locations due to owner/renter-occupied structures under multiple ownership is highly unlikely.
7. Vacant and underutilized land parcels have a “blighting” affect on neighboring parcels.
8. Environmentally contaminated sites exist, which discourages redevelopment.

VIII. Nonproject Costs

The City of De Pere does not anticipate incurring any nonproject costs.

IX. Existing Land Uses: Map #1

X. Blighted Properties Map #2

XI. Proposed Boundary and Project Improvements: Map No. 3

Attachment: Draft TID 7 Project Plan Amendment PC (4955 : Second Amendment to Redevelopment Plan)

XII. Proposed Relocation Plan for Displaced Persons or Businesses

The City of De Pere is anticipating relocation of businesses and residents. The City will comply with all legal requirements of State Relocation laws, including taking the following steps and actions:

1. Before negotiations begin for the acquisition of property or easements, all property owners will be provided an informational pamphlet prepared by the Wisconsin Department of Administration (DOA), and if any person is to be displaced as a result of the acquisition, they will be given a pamphlet on "Relocation Benefits" as prepared by the DOA.
2. The City will provide each owner a full narrative appraisal, a map showing the owners of all property affected by the proposed project and a list of all neighboring landowners to whom offers are being made.
3. The City will file a relocation plan with DOA and shall keep records as required in Wisconsin Statutes 32.27.

XIII. Proposed Changes in Zoning Ordinances

The zoning in Block 17 (between City Hall block and Charles Street) would need to be changed to a Planned Development District to permit a mixed use development.

XIV. Proposed Changes in Master Plan, Building Codes and City Ordinances

This project plan is consistent with the City's Comprehensive Plan dated October 5, 2004. There are no proposed changes to the building codes or other City ordinances for the implementation of this project plan.

XV. Orderly Development of the City

TID No. 7 will generate interest to rehabilitate and add new structures to properties in the district area, which will assist in the orderly redevelopment of the inner core of the City of De Pere.

XVI. Opinion of City Attorney, i.e. Compliance with Wisconsin State Statutes, Section 66.1105

City Council Resolution

City of De Pere, Wisconsin

A Resolution Creating, Describing and Making Certain Findings

and Approving Project Plan for the

Tax Incremental District No. 7

WHEREAS, the overall development of the City of De Pere is recognized as a major need of the City; and

WHEREAS, the City of De Pere desires to create Tax Incremental District No. 7, in accordance with the provisions of Section 66.1105 of the Wisconsin Statutes (the "Tax Increment Law"), in order to provide a viable method of financing the costs of needed public improvements within said district and thereby create incentives and opportunities for appropriate private development, and enhancement of the east downtown area, which will contribute to the overall development of the City; and

WHEREAS, in accordance with the procedures specified in the Tax Increment Law, the Plan Commission on _____, 2006 held a public hearing concerning the proposed creation of Tax Incremental District No. 7, and proposed project plan thereof in the City of De Pere, wherein interested parties were afforded a reasonable opportunity to express their views; and

WHEREAS, prior to its publication, a copy of the notice of said hearing was sent to the chief executive officers of Brown County, the Northeast Wisconsin Technical College (the other entities having the power to levy taxes on property located within the proposed district) and the Board of Education of the De Pere Unified School District (the school district which includes property located within the proposed district), in accordance with the procedures specified in the Tax Increment Law; and

WHEREAS, after said public hearing, the Plan Commission designated the boundaries of the proposed Description of Tax Incremental District No. 7, and recommended to the City Council that it create Tax Incremental District No. 7 within the area enclosed by said boundaries, as specified in the boundary description in the Project Plan entitled "Tax Incremental District No. 7", and

WHEREAS, the City of De Pere Plan Commission has prepared and adopted a project plan for Tax Incremental District No. 7, and

WHEREAS, the City of De Pere Plan Commission has submitted such plan to the City Council and recommended approval thereof, and

WHEREAS, the City Council hereby approves such project plan and finds the plan feasible and in conformity with the City of De Pere Comprehensive Plan;

Attachment: Draft TID 7 Project Plan Amendment PC (4955 : Second Amendment to Redevelopment Plan)

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of De Pere as follows:

1. Pursuant to the Tax Increment Law, there is hereby created in the City of De Pere a tax incremental district to be known as "Tax Incremental District No. 7, City of De Pere", the boundaries of which shall be those recommended to the City Council as described and shown in the Project Plan.

2. The City Council hereby finds and declares that:

(a) Not less than 50% by area of the real property within the said tax incremental district is a blighted area, in need of rehabilitation or conservation work within the meaning of Section 66.1105 (2m)(b) of the Wisconsin Statutes; and

(b) The improvement of such area is likely to enhance the value of all of the other real property in said tax incremental district; and

(c) The aggregate value of equalized taxable property of the said tax incremental district plus the value increment of all existing districts within the City does not exceed 12% of the total value of equalized taxable property within the City of De Pere; and

(d) The project costs are intended to eliminate blight, directly serve to rehabilitate or conserve the area, and improvements made will enhance significantly the value of substantially all of the other real property in the District.

The City Clerk is hereby authorized and directed to apply to the Wisconsin Department of Revenue, in such form as may be prescribed, for a "Determination of Tax Incremental Base", as of January 1, 2006, pursuant to the provisions of Section 66.1105(5)(b) of the Wisconsin Statutes.

The City Assessor is hereby authorized and directed to identify, upon the assessment roll returned and examined under Section 60.45 of the Wisconsin Statutes, those parcels of property which are within Tax Incremental District No. 7, specifying thereon the name of the said tax incremental district, and the City Clerk is hereby authorized and directed to make similar notations on the tax roll made under Section 70.65 of the Wisconsin Statutes, pursuant to Section 66.1105(5)(f) of the Wisconsin Statutes.

Adopted this _____ day of _____, 2007

Appendix No. 2

Plan Commission
Resolution ____-2006

Recommending Approval of the Project Plan and Boundary No. 7 to Tax Increment District No. 7, City of De Pere, Wisconsin

WHEREAS, the City of De Pere is proposing Tax Increment District No. 7 for the purpose of promoting downtown redevelopment, and;

WHEREAS, the Project Plan will provide opportunities for reinvestment and economic development, and;

WHEREAS, it is desirable and in the best interest of the City to adopt the project plan, which will create additional redevelopment opportunities within and in proximity to TID No. 7, and;

WHEREAS, on _____, 2006, the De Pere Plan Commission held a duly noticed public hearing at which interested parties were afforded a reasonable opportunity to express their views on the proposed TID No. 7 Project Plan and boundary.

NOW THEREFORE, BE IT RESOLVED THAT:

Section 1. Pursuant to Section 66.1105(4)(h) of the Wisconsin Statutes the Plan Commission recommends the project plan and boundary of the proposed TID No. 7 for the purpose of promoting redevelopment within and outside the district. Implementation of the plan will require expenditures relating to redevelopment, streetscaping, open space enhancements, facade restorations,

Section 2. The project plan contemplates expenditures for a street and utilities and related improvements outside of the district that are necessitated by the project plan for the district pursuant to Wis. Stat. 66.1105(2)(i) and 66.1105(2)(j).

Section 3. Such project plan expenditures are necessary to promote the development of the proposed TID No. 7 and adjoining lands.

Section 4. The De Pere Plan Commission finds that the project plan and TID No. 7 boundary is feasible and is in conformance with the Comprehensive Plan for the city, adopted October 5, 2004.

Section 5. The De Pere Plan Commission recommends Common Council approval and adoption of the Project Plan and Boundary for Tax Increment District No. 7.
