Carmen Van Schyndel

Growing up in De Pere and now raising my family here, I am passionate about creating a more sustainable environment for our community. With my background in Product Strategy and Management, I've had the ability to dive deep into understanding the customers that I serve. I've worked on many electrification projects in the outdoor power equipment industry which have allowed me to understand consumer needs and behaviors around sustainability. I am eager to collaborate with fellow committee members to develop and promote sustainable practices in our community!
