Board of Public Works

335 South Broadway
De Pere, WI 54115
http://www.de-pere.org

Regular Meeting

Final Minutes

Monday, March 9, 2020 **7:30 PM**

I. Call to Order

The meeting was called to order at 7:30 PM by Mayor Michael J. Walsh

Attendee Name	Title	Status	Arrived
James Boyd	Alderperson	Present	
Dan Carpenter	Alderperson	Present	
Jonathon Hansen	Alderperson	Present	
Dean Raasch	Alderperson	Present	
Michael J. Walsh	Mayor	Present	

Scott Thoresen, Director of Public Works
Eric Rakers, City Engineer
Don Melichar, Park Superintendent/Forester
Thomas Blohowiak, Fleet and Maintenance Supervisor
Betty Sellenheim, Recording Secretary

2. Approval of Board of Public Works February 10, 2020 Meeting Minutes

Alderperson Carpenter moved to approve the February 10, 2020 meeting minutes, seconded by Mayor Walsh.
Alderperson Hansen requested correction of the votes on items 4 and 7.
Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dan Carpenter, Alderperson
SECONDER:	Michael J. Walsh, Mayor
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

II. Public Comment

None

III. Items

1. Consideration and possible action on Preliminary Resolution for Special Assessments for Storm Sewer Main and/or Laterals

Eric Rakers, City Engineer, explained this item is to discuss and act upon preliminary resolution for storm sewer main and/or lateral construction in association with street reconstruction and resurfacing in 2020. Mr. Rakers explained the limits of the construction projects that included special assessments for storm sewer main and/or lateral. Mr. Rakers outlined City Code that governs the storm sewer main and/or lateral construction. Mr. Rakers stated the costs associated with the construction of main and/or lateral.
Residential Lateral $1,571.14
Residential Main $397.30
Non-residential Main $7.42 per foot
Non-residential Lateral determined by size

Mr. Rakers outlined the payback options to be determined by Board of Public Works. Mr. Rakers outlined circumstances that would require a property to connect to the storm sewer system. Mr. Rakers stated the staff recommendation to adopt the preliminary resolution, schedule a public hearing for the next Board of Public Works meeting on April 13, 2020, and establish a five year payback option.

Mayor Walsh moved to open the meeting for public comment at 7:35 PM, seconded by Alderperson Raasch. Upon vote, the motion passed unanimously.
Ms. Osen from 1520 Quinnette Lane asked for clarification on the lateral sizes. Mr. Rakers explained that different lateral sizes was for non-residential properties and all residential properties will get a 6" lateral. Mr. Thyes from 852 Voelker Street spoke about the condition of the 800 block of Voelker Street and the drainage in his neighborhood in the past and present, questioned the number of sump pumps connected to the storm system in the City, cost of the program over time, his backyard connection from 1973, and a grandfather clause for storm sewer system connections, and requested alderpersons to stop by his house to see his property. Mr. Rakers and Mayor Walsh responded to Mr. Thyes's concerns and questions. Ms. Roosa from 840 Voelker Street spoke in favor of the storm sewer program. Resident from 1508 Merrill Street asked if staff is requiring certain locations to connect immediately to the storm system. Mr. Rakers stated staff has not issued notices yet for 2020 projects. Mr. Orde for 939 Outward Avenue asked if a property could have multiple laterals. Mr. Rakers stated the price of a second lateral and notified the resident to let staff know if that was of interest. Mr. Landwehr from 1520 Merrill Street asked the necessity of a plumbing permit. Scott Thoresen, Director of Public Works, explained the city contractor is not a licensed plumber and the connection on the property needs to be done by a licensed plumber permitted through Building Inspection. Mr. Danen from 1610/1612 LeBrun Street questioned his connection on LeBrun Street. Mr. Rakers explained a legal connection to city system and asked Mr. Danen to call him. Mr. Destache from 1526 Quinnette Lane questioned the length of the lateral and size of main in Quinnette. Mr. Rakers explained the lateral extends 6-12" beyond the sidewalk and stated the main is 12" and will be upsized.
Mayor Walsh moved to return to regular order at 8:09 PM, seconded by Alderperson Boyd. Upon vote, the motion passed unanimously.

Alderperson Hansen explained his background with Quinnette Lane drainage concerns, concerns with private systems, his support of staff's recommendation, and his visit to Voelker Street. Alderperson Raasch questioned the monthly cost at the 5 year payback option and provided his support of the city program for lateral construction. Mr. Rakers stated he didn't have the exact number but agreed it would be around $30 per month. Alderperson Carpenter asked if upsizing the main on Quinnette would cause any foreseeable issues downstream and provided his support of the city program for lateral construction. Mr. Rakers stated it should not be an issue as the pipes downstream are considerably larger. Mayor Walsh explained situations change between neighbors causing further concerns in the future with private systems when they fail. Alderperson Boyd stated as residents of the City of De Pere, alderpersons either have or will have assessments in the future for storm sewer main and/or lateral but explained it is part of homeownership. Alderperson Boyd thanked residents for coming out to the meeting and explained potential benefits of attendance.
Alderperson Raasch moved to open the meeting for public comment at 8:17 PM, seconded by Alderperson Carpenter. Upon vote, the motion passed unanimously.

Ms. Osen from 1520 Quinnette Lane questioned the responsibility of other property owners to maintain stormwater facilities on their property, explained her situation, and asked if the city can offer or provide additional inlets as part of the contract. Mr. Rakers addressed her question regarding private systems and that the City does not provide or offer yard drains to each resident because it is personal property.
Alderperson Raasch moved to return to regular order at 8:26 PM, seconded by Alderperson Carpenter. Upon vote, the motion passed unanimously.
Mayor Walsh moved to adopt the preliminary resolution, schedule a public hearing for the next Board of Public Works meeting on April 13, 2020, and establish a five year payback option, seconded by Alderperson Raasch.
Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Michael J. Walsh, Mayor
SECONDER:	Dean Raasch, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

2. Consider Ald. Hansen's Request for Establishing a Plan to Curtail Phragmites

Alderperson Hansen outlined the concerns regarding phragmites from a city retention pond spreading onto private property of a condo association. Alderperson Hansen was contacted by a resident of the condo association for assistance from the city in removing the phragmites from the private property.
Mayor Walsh questioned if Eric Rakers, City Engineer, had discussed the issue of entering private property with the City Attorney. Mr. Rakers stated he had not spoken with the City Attorney and explained the city does not currently have a mechanism for removing phragmites. Staff is attempting to create a plan for phragmites removal where the functionality of the pond or swale is inhibited. Mr. Rakers offered that phragmites can be addressed by cutting to keep it held back. Mr. Rakers asked where the line gets drawn on the curtail of invasive species that might spread to private property. Mayor Walsh asked if phragmites will always return. Mr. Rakers stated it will come back. Don Melichar, Park Superintendent/Forester, stated it is extremely hard to get rid of because the seeds and roots spread. Mr. Melichar provided an example of phragmites resilience from past experiences in De Pere. Mr. Melichar agreed with Alderperson Hansen approach as a county-wide or state-wide solution. Alderperson Carpenter requested staff investigate the approach of other communities in this situation and availability of DNR grants for this type of work and mowing the plants surrounding the ponds. Mr. Rakers outlined a few reasons that staff recommends leaving a buffer of taller vegetation around ponds.

Board members requested staff investigate other community's actions regarding phragmites and grant money availability and keep members apprised.
No further action.

3. Consideration and possible action for Driveway Request along Lawrence Drive for the proposed Krist Convenience Store-1218 Grant Street

Mayor Walsh moved to approve the driveway request along Lawrence Drive for the proposed Krist Convenience Store at 1218 Grant Street, seconded by Alderperson Raasch.
Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Michael J. Walsh, Mayor
SECONDER:	Dean Raasch, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

4. Consider Feasibility Study for Joint Compost Facility With The Village of Allouez*

Scott Thoresen, Director of Public Works, outlined the current and future concerns regarding the compost site on Rockland Road. Mr. Thoresen explained the Rockland Road site is currently open to residents of De Pere and Ledgeview. Staff has been discussing a regional compost facility by joining with Allouez and splitting operational costs three ways (Allouez, De Pere, and Ledgeview). Mr. Thoresen stated the first step is a feasibility study to determine if the Allouez site can expand to meet the needs of adding De Pere and Ledgeview. The cost of the feasibility Study would be split between De Pere and Ledgeview (approximately 75/25). Second step would be design and construction, the cost of which would split between De Pere and Ledgeview. An Intergovernmental Agreement would be needed between the three communities and the operational cost would be split based on population. Staff recommends approving the feasibility study, which would be funded by TID 10.
Alderperson Hansen asked if TID 10 covers the current location of the compost site. Mr. Thoresen stated that it does. Alderperson Hansen questioned if Allouez has sufficient land to handle additional compost. Mr. Thoresen stated they believe they have enough land but some may be wetland and would be determined by feasibility study. Mr. Thoresen stated the Rockland Road location is currently operating on approximately three acres. Alderperson Carpenter mentioned his concern regarding increased traffic on the northeast side of the compost site gets combined with Allouez and asked if staff reached out to Lawrence for the residents on the west side. Mr. Thoresen stated he did speak with Lawrence and at this time they do not have a specific site but would be interested. Mr. Thoresen stated that staff discussed adding a site by the dog park if the joint site with Allouez didn't work out. Mr. Thoresen stated Village of Allouez was also concerned about increased traffic and would plan to add safety measures (sidewalks, etc.) if the joint site was constructed. Alderperson Hansen asked about repaving LeBrun from McCastlen to East River. Mr. Thoresen stated it has not been discussed.
Alderperson Raasch moved to approve the feasibility study for a joint compost facility with the Village of Allouez, seconded by Alderperson Boyd.
Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dean Raasch, Alderperson
SECONDER:	James Boyd, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

5. Consider Purchasing Fleet Maintenance Truck*

Scott Thoresen, Director of Public Works, explained a replacement truck was budgeted for the fleet maintenance department and bids came in higher than anticipated. Staff discussed and is recommending delaying the replacement of the welding exhaust fan until 2021 to make up the approximate $5,000 shortfall to purchase the truck.
Alderperson Carpenter commented he had reached out to Tom Blohowiak, Maintenance Supervisor, regarding the differences in the Ford and Chevrolet (Chevrolet was more fuel efficient) and potential overall savings in the life of the vehicle. Mr. Blohowiak stated his

preferred vehicle was the Chevrolet and stated though it costs a little more now, it may be made up in fuel savings in the future by getting better mpg.

Alderperson Raasch moved to approve the purchase of the Chevrolet Fleet Maintenance Truck, seconded by Alderperson Hansen.

Mayor Walsh asked if it was the Chevrolet from Ewald or Broadway. Alderperson Carpenter and Raasch stated Ewald as it was the cheaper of the two. Mr. Thoresen stated he would have Mr. Blohowiak reach out to Broadway to see if they would match Ewald's price. Mayor Walsh asked if that was fair. Mr. Thoresen stated that for equipment proposals staff could do this but not on contracts. Alderperson Hansen asked if delaying the exhaust fan would have adverse effects for staff working conditions. Mr. Blohowiak stated the current conditions are adequate, the replacement fan would create greater air flow and be a bit bigger. Alderperson Hansen stated he would support taking the truck shortfall from undesignated reserves and funding the truck and exhaust fan in 2020.

Alderperson Hansen moved to fund the truck shortfall from undesignated reserves and fund the truck and exhaust fan in 2020, no second. Amendment failed.

Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dean Raasch, Alderperson
SECONDER:	Jonathon Hansen, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

6. Consideration and possible action on the prohibition of coal-tar and PAH containing pavement sealants*

Eric Rakers, City Engineer, stated the City of De Pere was contacted by Clean Wisconsin to eliminate the use of coal-tar sealants which contain PAH. In June 2019, staff brought this item to the Sustainability Commission as a coal-tar sealant ban. Upon review after approval, the ban included sealants containing 0.1% PAH or greater which impacted asphalt based sealants. Staff reached out to Asphalt Seal & Repair and Clean Wisconsin to discuss the 0.1% limit. Staff recommends banning PAH containing sealants with 0.1% PAH or greater but does not feel strongly based on the discussions. Mr. Rakers explained the history of city concerns with PAH contaminated soils in ponds. Mr. Rakers stated there is traction on a state-wide ban of 0.1% PAH or greater sealants. Scott Thoresen, Director of Public Works, offered that the ordinance could be drafted to go into effect January 1, 2021, allowing contractors to use up inventory.

Alderperson Boyd questioned the lifespan difference between the 0.1% and 0.2% PAH sealants. Mr. Rakers stated he did not have evidence to support a lifespan difference and the warranties are all the same.

Mayor Walsh moved to open the meeting for public comment at 8:59 PM, seconded by Alderperson Carpenter. Upon vote, the motion passed unanimously.

Mr. Stepaniak, Asphalt Seal & Repair, explained the differences between sealants and history of the PAH ban. Mr. Stepaniak stated his concerns of having a ban and potential loss of product and revenue. Mr. Stepaniak also stated his concerns for his customers. Alderperson Raasch asked about a cost difference between a 0.1% and 0.2% PAH sealant. Mr. Stepaniak stated there are cost differences between grades and content. Alderperson Raasch asked what product Asphalt Seal & Repair is currently using. Mr. Stepaniak stated they were primarily using coal-tar but offer petroleum and asphalt based sealants.

Mayor Walsh moved to return to regular order at 9:08 PM, seconded by Alderperson Raasch. Upon vote, the motion passed unanimously.
Alderperson Raasch questioned the ordinance content to include state language. Mr. Thoresen stated it may include language that the state will use but his primary concern was enacting the ordinance in 2021. Mr. Rakers stated he has not seen the state's wording but to use the ordinance wording provided but add that it will be effective at a later date. Alderperson Carpenter questioned ordinance content regarding storage of product within City of De Pere to be used elsewhere by a contractor. Mr. Rakers stated the interpretation was correct. Staff does not want a De Pere entity to sell for use in De Pere but it could be contracted to be used elsewhere. Ordinance wording will be altered and drafted by the City Attorney.
Mayor Walsh moved to approve staff's recommendation of banning sealants with 0.1% PAH or greater, effective January 1, 2021, seconded by Alderperson Hansen. Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Michael J. Walsh, Mayor
SECONDER:	Jonathon Hansen, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

7. Consideration and Possible Action to Approve Lizer Lawn Care as Weed Control Contractor

Alderperson Raasch moved to approve Lizer Lawn Care as Weed Control Contractor, seconded by Alderperson Boyd.
Alderperson Hansen questioned the length of contract. Don Melichar, Parks Superintendent/Forester, stated it was copied from the previous contract.
Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dean Raasch, Alderperson
SECONDER:	James Boyd, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

8. Consideration and possible action on the Draft 2019 Annual Report for the Wisconsin Department of Natural Resources MS4 General Permit*

Alderperson Hansen moved to approve the draft 2019 Annual Report for the Wisconsin DNR MS4 General Permit, seconded by Alderperson Carpenter. Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Jonathon Hansen, Alderperson
SECONDER:	Dan Carpenter, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

9. Consider Ald. Hansen's Request for Volunteer Sidewalk Shoveling Program

Scott Thoresen, Director of Public Works, explained the program as previously discussed at Board of Public Works. Staff found that other organizations such as church groups will shovel for members that request assistance. Mr. Thoresen checked with the City Attorney regarding a policy for the screening of volunteers and liability. There is no policy at this time. Alderperson Hansen expressed his interest in offering a trial program in 2021 and a policy in place for volunteers. Alderperson Raasch asked if a volunteer policy was of interest to the City. Mr. Thoresen stated it has been discussed for a while and will need to be prioritized for programs like this to start.

Alderperson Hansen moved to approve volunteer sidewalk shoveling program to begin 2021-2022 season, seconded by Alderperson Boyd.

Upon vote, the motion failed with a 2-3 vote with Alderpersons Boyd and Hansen voting yes.

RESULT:	**DEFEATED [2 TO 3]**
MOVER:	Jonathon Hansen, Alderperson
SECONDER:	James Boyd, Alderperson
AYES:	James Boyd, Jonathon Hansen
NAYS:	Dan Carpenter, Dean Raasch, Michael J. Walsh

10. Discussion of Fox-Wolf Watershed Alliance letter of support for GRLI Trash Free Waters Grant Proposal*

Eric Rakers, City Engineer, commented this is an update to the Board regarding a letter of support provided to the Fox-Wolf Watershed Alliance.
No action

11. Consideration and possible action on award of Contract 20-01B East Sewer and Water Relay and Street Resurfacing*

Alderperson Raasch moved to approve award of Contract 20-01B East Sewer and Water Relay and Street Resurfacing to Jossart Brothers, Inc. in the amount of $1,994,814.50, seconded by Alderperson Carpenter.

Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dean Raasch, Alderperson
SECONDER:	Dan Carpenter, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

12. Consideration and possible action on award of Contract 20-02 Street Reconstruction and Utility Relay*

Mayor Walsh moved to approve award of Contract 20-02 Street Reconstruction and Utility Relay to Jossart Brothers, Inc. in the amount of $1,654,924.00, seconded by Alderperson Raasch.

Alderperson Hansen questioned funding of portions of work. Eric Rakers, City Engineer, agreed that Huron and Superior will be funded by the developer.

Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Michael J. Walsh, Mayor
SECONDER:	Dean Raasch, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

13. Consideration and possible action on award of Contract 20-04 Honeysuckle Acres Fourth Addition Subdivision Construction*

Alderperson Raasch moved to approve award of Contract 20-04 Honeysuckle Acres Fourth Addition Subdivision Construction to Feaker & Sons Co., Inc. in the amount of $870,664.20 contingent upon execution of a Public Infrastructure Improvement Agreement, seconded by Alderperson Carpenter.

Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dean Raasch, Alderperson
SECONDER:	Dan Carpenter, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

14. Consideration and possible action on approval of the State Municipal Finance Agreement with WisDOT for the Main Avenue and Fourth Street Signal Retrofit*

Alderperson Raasch moved to approve State Municipal Finance Agreement with DOTfor Main/Fourth signal retrofit, seconded by Mayor Walsh.
Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dean Raasch, Alderperson
SECONDER:	Michael J. Walsh, Mayor
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

15. Consideration and possible action on Applying for Wisconsin Department of Natural Resources Urban Nonpoint Source and Storm Water Management Grant Program*

Alderperson Carpenter moved to approve preparation and submittal of an application for the Urban Nonpoint Source and Storm Water Management Grant Program, seconded by Alderperson Raasch.
Alderperson Hansen questioned placement of Front/Franklin pond in relation to landfill. Eric Rakers, City Engineer, stated he did not believe it was on that property but would double check.
Upon vote, the motion passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Dan Carpenter, Alderperson
SECONDER:	Dean Raasch, Alderperson
AYES:	Boyd, Carpenter, Hansen, Raasch, Walsh

IV. Future Agenda Items

None

V. Adjournment

Mayor Walsh moved to adjourn the meeting at 9:22 PM, seconded by Alderperson Hansen. Upon vote, the motion passed unanimously.

***Items with an asterisk require City Council approval.**

Any person wishing to attend this meeting who, because of disability, requires special accommodations should contact the Clerk-Treasurer's office at 339-4050 by Noon, Monday, March 9, 2020 so that arrangements can be made.
