

Board of Park Commissioners

Regular Meeting

Revised Agenda

335 South Broadway
De Pere, WI 54115
<http://www.de-pere.org>

Thursday, January 17, 2019

6:30 PM

De Pere City Hall Council Chambers

Pursuant to Wisconsin Statutes 19.84, Notice is hereby given to the public that a meeting of the **Board of Park Commissioners** of the City of De Pere will be held on **January 17, 2019** at **6:30 PM** in the **De Pere City Hall Council Chambers, 335 S. Broadway Street, De Pere, WI 54115.**

This meeting can be viewed LIVE at www.depere.tv. This meeting is also rebroadcast on TW Cable Channel 4 and AT&T U-verse Channel 99 throughout the week and available on demand at www.depere.tv.

I. Call to Order

1. Roll Call

II. Action Items

1. Approve Board of Park Commissioners Minutes from the December 20, 2018 Meeting.
2. Approve Board of Park Commissioners Minutes from the January 7, 2019 Special Meeting.

III. Presentation

1. Presentation from De Pere Chamber regarding the Community Stage at Voyageur Park.

IV. Action Items

1. Approval of Sponsorship of Veterans Luncheon by Ryan Funeral Home
2. Consider estimates received for designing and managing the lighting project at Southwest Park.
3. Consider Amendment to Current Agreement with MultiMedia Channels
4. Review and consider findings from on-line survey and public meeting on pool design.

V. Discussion Item

1. Bridge Inspection completed on Riverwalk.
2. Update on concept of Beer Garden.
3. Update on Bomier Boat Launch Renovation
4. Update on De Pere Ice Arena repairs.

VI. Staff Updates

VII. Public Comment Period

VIII. Future Agenda Items

IX. Adjournment

Any person wishing to attend this meeting who, because of disability, requires special accommodations should contact the Clerk-Treasurer's office at 339-4050 by Noon, the previous day so that arrangements can be made.

Board Members
Alderspersons
Mayor Michael J. Walsh
Larry Delo, City Administrator
Judy Schmidt-Lehman, City Attorney
Marty Kosobucki
Shana Ledvina, City Clerk
City Hall 1st and 2nd Floor
John Zegers, WDP High School District
William Soquet, Teen Advisor
Patrick Skalecki, Graef
Mick Gotta, Multi Media Channels

De Pere Youth Hockey
Tod Maki, De Pere Select Soccer
De Pere Area Chamber of Commerce
Definitely De Pere
Brown County Library – De Pere
TV & Radio Stations
De Pere Rapides Youth Soccer
De Pere Baseball
Ben Villaruel, De Pere School District
Lydia McMorrow, Teen Advisor
Dale Rhodes, De Pere Select Soccer

Notice is hereby given that a majority of the Members of the Common Council of the City of De Pere may attend this meeting to gather information about a subject (s) over which they have decision making responsibility.

***All items marked with an asterisk will be forwarded to the Common Council.**

City of De Pere, Wisconsin

Request For Board of Park Commissioners Action

MEETING DATE: January 17, 2019

DEPARTMENT: Parks, Recreation & Forestry

FROM: Grace Lahtela

SUBJECT: Approve Board of Park Commissioners Minutes from the December 20, 2018 Meeting.

Draft Minutes

Thursday, December 20, 2018

6:30 PM

De Pere City Hall Council Chambers

I. Call to Order

The meeting was called to order at 6:30 PM by Board Member Randy Soquet

Attendee Name	Title	Status	Arrived
Ryan Jennings	Aldersperson	Present	
Larry Lueck	Aldersperson	Present	
Dean Raasch	Aldersperson	Present	
George Brown	Board Member	Excused	
Sue Schinkten	Board Member	Present	
Randy Soquet	Board Member	Present	
Bill Volpano	Board Member	Present	
Lydia McMorro	Teen Advisor	Present	
William Soquet	Teen Advisor	Late	

II. Action Items

1. Approve Board of Park Commissioners Minutes from the November 15, 2018 Meeting.

Sue Schinkten moved to approve the minutes from the November 15, 2018 Board of Park Commissioners minutes, seconded by Aldersperson Raasch. Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Schinkten, Board Member
SECONDER:	Dean Raasch, Aldersperson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

2. Approve proposal for VFW Playground replacement.

Marty Kosobucki gave a brief summary of the playground options. Information was posted on Facebook and letters were sent to neighboring residents, inviting them to come in to view and vote for their favorite proposal. From the resident and staff votes, option 2 by Lee Recreation received the most votes. All proposals are ADA compliant and it will have the poured in-place surfacing.

Discussion followed.

Sue Schinkten moved to approve option 2 by Lee Recreation for the VFW Playground replacement, seconded by Aldersperson Raasch. Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Schinkten, Board Member
SECONDER:	Dean Raasch, Aldersperson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

3. Consider policy change for renting fields to private user groups.

Attachment: Draft Minutes 12-20-18 (7753 : Approve Board of Park Commissioners Minutes from the December 20, 2018 Meeting.)

Marty Kosobucki commented on the proposed policy change for renting fields. Currently there are diamonds that are not being used, which results in the fields being hard to maintain and a loss of revenue. This is a short term solution to address the fields that are not being rented and generate some income.

Alderson Lueck agreed that this is a short term solution and that other things need to be addressed, like subsidies provided to youth organization and non- resident fees.

Alderson Raasch feels youth sports and activities are not being supported as they should be. The bigger issue is how to do more for youth activities within the city. If more money was put into youth activities, field usage will increase.

Alderson Lueck moved to approve the policy changes for renting fields to private user groups, seconded by Alderson Raasch. Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Larry Lueck, Alderson
SECONDER:	Dean Raasch, Alderson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

4. Approve consulting agreement for bidding and project management of Bomier Boat Launch renovation.*

Marty Kosobucki explained that when reviewing the quotes, it was noted that the estimate from Graef did not include everything. After talking with the consultant at Graef, their quote would be an additional \$5,100 for a total of \$33,500. The additional cost doesn't change staff recommendations.

Discussion followed.

Alderson Jennings verified that with the addition, the quotes from both Graef and Cedar are comparable.

Sue Schinkten moved to approve the consulting agreement with Graef for bidding and project management of the Bomier Boat Launch renovations, seconded by Alderson Jennings. Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Schinkten, Board Member
SECONDER:	Ryan Jennings, Alderson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

5. Approve public input plan for replacement pools at VFW and Legion Parks.

Alderson Raasch moved to approve the public input plan for replacing the pools at VFW and Legion Parks, seconded by Bill Volpano.

Discussion followed.

Marty Kosobucki commented that within the public input plan, there is an in-person forum planned. The first week of January is being targeted for this meeting. It was decided that the public input forum will be held on Monday, January 7, 2019 at the lower level of the Community Center at 6:00 pm. There will also be an online survey put out prior to the meeting, which will be available for people unable to attend the meeting. The questions on the survey will be the same as what will be asked at the forum.

William Soquet arrived at 7:40 pm.

Alderson Jennings questioned the wording of the survey and if the survey was part of the approval.

Sue Schinkten moved to open the meeting to public comment at 6:55 pm, seconded by Alderson Jennings. Upon vote, the motion passed unanimously.

Alice Wood, Katie Cariou, and Adriane Burns gave input to the questions on the survey.

Sue Schinkten moved to return to regular order at 6:59 pm, seconded by Bill Volpano. Upon vote, the motion passed unanimously.

Discussion regarding the survey questions followed.

Sue Schinkten recommended to change the wording in questions 5 to include “and activities” after “features”. Question 5 would read: Please describe in 250 words or less what features and activities you would like to see in the new aquatic facilities.

Alderson Jennings suggested adding a question after #4 to read: “If it meant a greater variety of aquatic features, would it be acceptable if the aquatic facilities were different or complimentary? Yes, no, or no opinion.”

Alderson Raasch suggested replacing question #4 with Alderson Jennings question. Bill Volpano questioned #6 and if it was necessary.

Alderson Jennings moved to amend the wording in question #5 to include “and activities” as recommended by Sue Schinkten, and change question #4 to read “If it meant a greater variety of aquatic features, would it be acceptable if the aquatic facilities were different or complimentary? Yes, No or No Opinion” seconded by Alderson Lueck. Upon vote, the motion passed unanimously.

The above motion by Alderson Raasch to approve the public input plan for replacing the pools at VFW and Legion Parks passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Ryan Jennings, Alderson
SECONDER:	Larry Lueck, Alderson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

6. Consider Action in Razing VFW Pool and Pool Building.*

Marty Kosobucki explained the money from the referendum that passed would be available to use for the demolition of the pool, but it would need to be requested from City Council. Estimates were received, but we were only able to get two. With this being a maintenance type project, it does not need to go out for state bids.

Discussion followed.

Alderson Raasch questioned the big discrepancies in the two estimates.

Alderson Jennings questioned the fill material.

Alderson Raasch questioned if we worked with Ostrenga in the past.

Randy Soquet asked if the hole is filled, will it be more to construct the aquatic facility.

Bill Volpano moved to request funding from City Council for \$94,664 for Ostrenga Excavating to raze the VFW pool and building, seconded by Alderson Jennings.

Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Bill Volpano, Board Member
SECONDER:	Ryan Jennings, Alderson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

7. Approve amendment with Graef Consulting for pool design.*

Alderson Hansen was present to discuss the amendment for the aquatic facility design. He appreciates the opportunity for the public to provide feedback on the design options; however he is concerned that the current proposal by Graef may be too limited. The proposal is to provide only one conceptual design for VFW and two for Legion and feels that this should be increased to provide an additional design at each facility. It will cost more, but there is \$150,000 available for aquatic facility design, so there are funds available for the additional designs.

Discussion followed.

Alderson Jennings feels that although Graef has done a lot of work and provided a lot of information, we probably need at least two designs at VFW.

Alderson Raasch commented that a lot of time is going to be spent on public input and revising designs based on the feedback. He feels the conceptual design will reflect what the public wants. There is an obligation to spend funds in a fiscal responsible manner and every delay increases the construction costs. With all the data being collected, he is not sure that additional designs will be needed and thinks we need to be careful with the money.

Marty Kosobucki stated that when drafting the amendment, there were thoughts that we would utilize the past knowledge and information from VFW. If starting over, it might be a good idea to have two options available for both pools.

Bill Volpano commented on having different designs on each side of the river.

Alderson Lueck stated each aquatic center has a different footprint to deal with. At Legion there should be increased parking, but at VFW that is not needed. He likes the idea of having two options for each facility.

Alderson Jennings feels there should be two designs at each facility and would like to see the designs for both pools happen at the same time.

Alderson Jennings moved to approve the amendment with Graef consulting for pool design, with the addition of a second design for the VFW aquatic facility and the amended agreement go directly to council for approval, seconded by Sue Schinkten. Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Ryan Jennings, Alderson
SECONDER:	Sue Schinkten, Board Member
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

8. Request City Council and/or Mayor contact local municipalities for collaborative funding of the two new aquatic facilities.*

Marty Kosobucki commented on funding the new aquatic facilities and the possibility of City Council or the Mayor reaching out to local communities regarding partnering with the construction and operation of the new aquatic facilities.

Alderson Lueck agrees that the request needs to come from the Mayor and City Council.

Randy Soquet also agrees that the request should come from the Mayor and City Council.

Sue Schinkten made a motion to request City Council and the Mayor contact local municipalities to request collaborative funding of the two new aquatic facilities, seconded by Alderson Lueck.

Discussion followed regarding non-resident rates.

Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Sue Schinkten, Board Member
SECONDER:	Larry Lueck, Alderperson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

9. Consider bid for Aerial Lift Truck.*

Marty Kosobucki gave a summary of the aerial lift truck bid.

Alderperson Jennings moved to approve the bid for the aerial lift truck and ask for additional funding, seconded by Alderperson Lueck. Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Ryan Jennings, Alderperson
SECONDER:	Larry Lueck, Alderperson
AYES:	Jennings, Lueck, Raasch, Schinkten, Soquet, Volpano
EXCUSED:	George Brown

III. Discussion Items

1. Discussion on locating splash pad approved in Stadium Tax Funding Plan.

Marty Kosobucki commented that there has been some discussion regarding the stadium tax funding that was dedicated for the splash pad being redirected to the pool. The park board should start discussing the project. If implementing a splash pad is still of interest, then a location needs to be determined. With using the stadium tax money, the project has to be an economic generator, so it should probably be located in the downtown district.

Discussion followed.

Randy Soquet commented that if the splash pad was located near the Fox River Trail it could be an economic generator.

Alderperson Lueck commented that the cultural district plan includes a splash pad and feels it should be kept in the plans.

Alderperson Jennings feels it would be an asset to have in the downtown.

Alderperson Raasch commented on the location of the splash pad in Voyageur Park and the problem with where the old dump is located.

Sue Schinkten questioned where the splash pad is located in the cultural district plan.

Bill Volpano questioned the need for a splash pad with there being an aquatic facility on both sides of the river.

Sue Schinkten moved to open the meeting to public comment at 7:52 pm, seconded by Alderperson Lueck. Upon vote, the motion passed unanimously.

Tina Quigley from Definitely De Pere spoke regarding the economic benefits of splash pads and that the cultural district plan did include a splash pad at Wells Park. Urban parks are important, but they need to be more than just green space to draw people and have an economic impact.

Discussion followed.

Alderperson Raasch questioned the location of Wells Park and being disconnected from downtown.

Sue Schinkten moved to return to regular order at 7:58 pm, seconded by Alderperson Jennings. Upon vote, the motion passed unanimously.

Alderson Jennings commented that the funds are dedicated to parks now and the importance of the funds to continue to be allocated there.

RESULT: DISCUSSED

IV. Staff Updates

1. Update on community stage project.

Marty Kosobucki commented that Celebrate De Pere is no longer going to be located at Voyageur Park; it is going to be held at the Brown County Fairgrounds. Also, there has been some discussion of a stage being located at George Street Landing. The Chamber of Commerce will be reviewing this new information and provide an update to the park board.

RESULT: DISCUSSED

2. Staff researching concept of Construction Manager for pool construction.

Marty Kosobucki stated he is researching the concept of a construction manager for the pool construction.

RESULT: DISCUSSED

3. Update on the installation of tennis court lights at De Pere Unified School.

Marty Kosobucki provided an update on the tennis court lighting at De Pere High School. The project was rebid and this time the bids came in favorable. It appears the project will be moving forward in the spring.

RESULT: DISCUSSED

V. Public Comment Period

None.

VI. Future Agenda Items

Alderson Raasch requested that the community stage be put on future agenda.

VII. Adjournment

Sue Schinkten made a motion to adjourn the meeting at 8:03 pm, seconded by Bill Volpano. Upon vote, the motion passed unanimously.

Respectfully submitted,
Grace Lahtela

De Pere Community Center, Lower Level

I. Call to Order

The meeting was called to order at 6:00 PM by Board Member George Brown

Attendee Name	Title	Status	Arrived
Ryan Jennings	Aldersperson	Present	
Larry Lueck	Aldersperson	Present	
Dean Raasch	Aldersperson	Present	
George Brown	Board Member	Present	
Sue Schinkten	Board Member	Present	
Randy Soquet	Board Member	Present	
Bill Volpano	Board Member	Excused	
Lydia McMorro	Teen Advisor	Excused	
William Soquet	Teen Advisor	Late	7:00 PM

II. Discussion Item

1. Public input session regarding new pool designs at Legion and VFW Parks.

Randy Soquet moved to open the meeting to public comments at 6:02 pm, seconded by Aldersperson Raasch. Upon vote, the motion passed unanimously.

George Brown stated the purpose of the meeting is to get public input on what amenities are desired at the two new aquatic facilities.

Aldersperson Lueck explained the referendum questions and why they were structured the way they were. There are only two options for a binding referendum; either a one year binding or a perpetual referendum without an end date. The perpetual option was chosen so the cost could be spread out over years. The exact locations were stated so there was no debating where the facilities will be located. The term "aquatic facility" was chosen so the funds could be used on the entire property, not just the pools. The tax bills that were issued this year included the increase for the aquatic center referendum. Taxes will not increase that same percentage every year for the referendum.

Marty Kosobucki gave an overview of the pool planning process, stating the VFW pool experienced major structural damage and demolition will happen in 2019. The intent is to start with the VFW aquatic center and leave Legion pool open until VFW is complete. Once VFW is open, then the Legion aquatic center would be started. With the uncertainty of what the community wants, there is no budget established yet. The input received from this meeting will be combined with the information obtained from the online survey. The park board will then meet with the design consultants to get two preliminary designs and the public will then have another opportunity to speak on the designs.

Gale Hawver, Katie Carviou, Mark Howe, Danette VandeHei, Donovan VandeHei, Joshua Tollefson, Brandy Tollefson, Beth Trofka, Adrienne Burns, Shannon VandeHei, Suzy Caldwell, Bailey Caldwell and Christine Wolff all provided comments on the aquatic center designs.

Randy Soquet made a motion to return to regular order at 7:00 pm, seconded by Aldersperson Jennings. Upon vote, the motion passed unanimously.

Attachment: Draft Minutes 1-7-19 (7800 : Approve Board of Park Commissioners Minutes from the January 7, 2019 Special Meeting.)

George Brown explained that the information from the online survey will be combined with the information received tonight. This information will be given to the consultants to come up with preliminary designs, which will then be presented to the public.

RESULT:	DISCUSSED
----------------	------------------

III. Action Item

1. Consider additional amendment to Graef Agreement for pool design.*

Marty Kosobucki explained that the original amendment with Graef was to include two preliminary designs for both VFW and Legion. After the meeting, it was discussed to include the designs for both aquatic centers together. With talking with Graef, there is no price difference between the options. The time line would be pushed back, but it will be extremely difficult for VFW to be constructed and open in 2020.

Discussion followed.

Alderson Raasch has concerns with the increase in construction costs if the design for VFW is delayed. He thinks we need to move forward with VFW first and then move onto Legion. With VFW being down it is a priority to get VFW open as soon as possible. George Brown questioned the timeline and if Graef has the staff available to do both designs at the same time.

Alderson Jennings feels that the general features of both aquatic centers should be established at the same time. Not necessarily the full aquatic design, just the amenities at each facility.

Alderson Raasch agrees that the general features and conceptual design for both aquatic centers should be done at the same time; however, keep moving forward with VFW.

George Brown feels there is a need to address both pool together and establish the general features that will be at each center, but then focus on VFW.

Alderson Jennings commented that there is a need to know the project costs for each facility for budget purposes.

Marty Kosobucki stated with the existing agreement, the timeline is within a month of each other.

Randy Soquet commented that with the current timeline being only a month apart, we should continue with the original agreement.

Alderson Raasch made a motion to continue with the existing agreement with Graef for aquatic center design, seconded by Randy Soquet. Upon vote, the motion passed unanimously.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Dean Raasch, Alderson
SECONDER:	Randy Soquet, Board Member
AYES:	Jennings, Lueck, Raasch, Brown, Schinkten, Soquet
EXCUSED:	Bill Volpano

IV. Public Comment Period

Marty Kosobucki stated that there will be a summary and tabulation of all the comments in the park board agenda.

Alderson Jennings expressed the importance for residents to stay involved throughout the entire process.

V. Adjournment

Aldersperson Jennings motioned to adjourn the meeting at 7:15 pm, seconded by **Aldersperson Raasch**. Upon vote, the motion passed unanimously.

Respectfully submitted,
Grace Lahtela

MEETING DATE: January 17, 2019

DEPARTMENT: Parks, Recreation & Forestry

FROM: Marty Kosobucki

SUBJECT: Consider estimates recieved for designing and managing the lighting project at Southwest Park.

We went out for estimates to have a consultant design the lighting system for Southwest Park using the old lights from Optimist Softball Field. Our budget number to perform this work is \$3,800. Our low bid is technically \$15,875 from Cedar Corporation.

Your options include 1) request additional funding from our City Council to perform the work, 2) request additional funds from the Select Soccer Organization to perform the work, or 3) elect to terminate the project and go back to the options for disposing of the lights (sell or donate).

I have reached out to De Pere Select Soccer to discuss the concerns with the high bids.

RE: Design and Consulting Services Proposal
City of De Pere – Soccer Lights at Southwest Park

Dear Marty:

Cedar Corporation (Cedar) appreciates the opportunity to submit our proposal to assist the City of De Pere (City) with Design and Consulting Services for Soccer Lights at Southwest Park.

CONSULTANT BACKGROUND AND INFORMATION

Cedar has a staff of civil and electrical engineers available to complete the City's Project. The Cedar Team includes our staff along with Russ Jensen, P.E. of Muermann Engineering, located in De Pere, to complete the electrical design. Cedar's Team has the staff, experience, and resources to complete the City's request within the required schedule.

Our Team has engineers who have completed many lighting designs for outdoor park facilities for municipal applications on a yearly basis. We also have extensive knowledge in reusing of existing electrical systems to reduce the cost. These types of light systems will also require a foundation to support the poles and electrical systems.

Please see Appendices A and B for a summary of our Company Information and Similar Projects completed.

PROJECT UNDERSTANDING

Based on a review of the Request for Proposal (RFP) received on November 30, 2018, and our discussion with you, we have the following Project Understanding.

The City is proposing to reuse the existing light system, poles and lights, and install them at the City Premier Soccer Field located in the Southwest Park on Lawrence Drive. The City owned light poles are 50' poles with 14" bases. There are currently a total of 28 light fixtures which are 1500 watts, 240V. There are four light bars that hold 5 lights, and two light bars that hold 4 lights each. The original information for this equipment may not be available; therefore, assumptions will need to be made in the design of the

foundation and bolts. Also, due to the age of the system, no photometric plan can be completed. These lights may not be compatible with the current code since there are no cut off shields on the fixtures; therefore, they will provide additional glare and light pollution.

As part of the design, Cedar will review and recommend the source and location of power. Currently, the City feeds a lighting system for a baseball field adjacent to this field. It has a 400 amp, 277-480 V service.

SCOPE OF SERVICES

Our proposal includes the Scope of Services, per the Request for Proposals, as shown below.

Kick Off Meeting, Existing Information and Site Visit

- Kick Off Meeting with City staff.
- Gather existing information on the park and lighting system to be used.
- Perform a Site Visit.

Plan and Technical Specifications

- Develop plans and specifications to include an electrical plan, footing and bolt detail for the light poles, and technical specifications required to bid the Project.
- Site Plan to utilize the City GIS data and aerials.
- Provide a Preliminary Plan for City staff to review.
- Provide a Preliminary Estimate for Construction.
- Answer technical questions during the bid process.

Construction Oversight

- Attend the Preconstruction Meeting.
- Assist in the shop drawing review.
- Provide two on-site visits during construction.
- Complete a final walk thru with the City and Contractor.

Deliverables

Our Services will provide the following:

- Bid items, quantities, and Preliminary Construction Estimates in Microsoft Excel format.
- Technical specifications and summary of work in Microsoft Word format.
- Provide a timeline of events for the bid document.

The main method of correspondence and review will be completed via email with the Project Team.

OWNER RESPONSIBILITIES

Cedar understands that City will be responsible for and/or provide the following items:

- Provide Cedar a single contact person to make required decisions for the Project.
- Provide the following information:
 - Product information for the existing equipment, if available.
 - GIS Data and aerial view, Exhibit A of the RFP.
 - Topographic field survey of the existing conditions completed for the Park construction.
 - Geotechnical information for the original Park Project.
 - Data on the existing service, poles and fixtures to be reused.
- Pay the required permit fees, if necessary
- Provide Cedar the Project Manual and Standard Technical specifications in Word format. (Project-specific technical specifications to be reviewed and completed by Cedar.)
- The City will provide the Bidding Phase services beyond those provided in the Scope of Services.
- The City will pay for printing of plans and specifications, if requested.
- Delivery of the lighting system to the Site prior to construction.

OPTIONAL SERVICES

Cedar will provide *Optional Services*, if requested, as follows:

- Topographic field survey, if necessary.
- Geotechnical Services, soil borings and report, for the foundation design.
- Field staking of the pole locations.
- Cost Effective Analysis of a new LED System and operational costs of the existing system.

COST

Cedar proposes to complete the work scope as identified above on a lump sum basis as follows:

Kick Off Meeting, Existing Information and Site Visit	\$800
Plan and Technical Specifications*	\$9,900
*Geotechnical Services are a direct bill to the City and not included in this cost, see below.	
Construction Oversight	\$3,000

Cedar proposes to complete the *Optional Services* as identified above on an hourly basis due to the variability of the services required. These services are as follows:

Topographic Field Survey	\$900 - \$1,200
Geotechnical Services, Soil Borings	\$2,175
Field Staking	\$500 - \$650
Cost Effective Analysis LED System/ Operational Analysis of the Existing System	\$500

Please see Appendix C for the Proposed Fee Schedule.

SCHEDULE

Cedar is prepared to complete the Project based on the Schedule in the RFP, as follows:

Proposals Due	December 28, 2018
Award of Proposed Project	January, 2019
Complete Design Phase	February 28, 2019
Bidding Phase	To be Determined by the City
Construction Oversight Phase	June – August, 2019

INSURANCE

Cedar will provide a Certificate of Insurance, per the City's requirements, at the time of contract execution.

DELIVERY

Cedar will provide the deliverables as listed in the Delivery section of the RFP.

CONTRACT

The consultant agreement for professional services will be prepared by the City utilizing their standard formatting for review and execution by Cedar.

In closing, Cedar looks forward to the opportunity to provide these design and consulting services to the City of De Pere. Please do not hesitate to call if you have questions or would require additional information regarding our proposal.

Sincerely,

CEDAR CORPORATION

Thad Majkowski, P.E.

Corporate Profile

OVERVIEW

Our mission, as a full service design and engineering firm, is to provide the highest standards of design excellence and service to our clients. Our goal is to develop a team relationship between our clients and our staff. We possess the technical expertise necessary to meet the demands of our clients on a timely basis and within budget guidelines.

Repeat business with numerous public and private clients attests to our ability to assemble a team concept with our clients working within their guidelines. Confident of this, we respectfully submit this summary of Cedar Corporation for your review.

SERVICES

Cedar Corporation is a professional service firm with disciplines in engineering, architecture, environmental repair, planning, landscape architecture, and land surveying. Founded in 1975, the company has grown in size and stature to its present staff of 85. Our staff is dedicated to the principles on which the firm was developed: professionalism, state-of-the-art technology, and exemplary service to clients. We have continued to grow because of our commitment to comprehensive service and good communication with our clients.

STAFF RESOURCES

Our staff resources include 21 Professional Engineers, 2 Licensed Wastewater Treatment Facility Operators, 2 Licensed Water System Operators, 3 Professional Land Surveyors, 5 Planners, 1 Economic Development Specialist, 2 Registered Architects, 1 Interior Designer, 1 Registered Landscape Architect, 3 Professional Geologists, 3 Environmental Specialists, 1 Hazardous Materials Manager, and a strong support staff of technicians and administrative personnel. All of these individuals take pride in continuing education course work to stay abreast of current developments within their professions. To provide a work setting that meets the challenges of the industry, as well as the skill levels of the employees, the company maintains a state-of-the-art computer network and related technology.

LOCATION

Cedar Corporation's corporate headquarters is located in Menomonie, Wisconsin. To better serve our clients, we have additional offices located in Madison, Green Bay, and Cedarburg, Wisconsin.

PHILOSOPHY

Cedar Corporation undertakes each project with a pledge to our clients that they will receive the best value-per-dollar spent on their projects. We recognize that our clients are most concerned with three major issues as they engage the services of consultants – quality, timeliness, cost.

Quality

Cedar Corporation is committed to providing our clients with the best solutions, satisfying the programmatic parameters. We strive to provide the best service to our clients by promoting excellence within our own firm.

Timeliness

Equal in importance to quality is timeliness. This is critical for the client in making swift and accurate decisions regarding project development. The success or demise of a project is tied directly to the timing of the documents necessary for funding, municipal approvals, and construction. As important as any design issue is scheduling; we have the flexibility to mobilize our resources according to the demands of the project and maintain continuity of its development.

Cost

The project budget is based on the scope of services provided. Cost estimating will verify compliance with the established budgets or, in some cases, point out programmatic or design deficiencies. Through our experience and industry aids, we have an exemplary record of predicting costs of our services and of construction costs—well within industry standards.

The issues of timeliness and cost are interlocked with each one influencing the project as a whole, as well as each other. We recognize this relationship and consider each to be critical to the success of the project while also being the judge of our performance. It is this attention to our clients' concerns that sets Cedar Corporation apart from our peers—we pledge to you our commitment to excellent service.

Professional Services

CIVIL/MUNICIPAL ENGINEERING

- Streets, Roads, and Highways
- Water Supply, Storage, Distribution
- Municipal Engineering
- Site Selection Studies
- Traffic Studies
- Storm Water Management
- Industrial Park Layout

Muermann Engineering, LLC, is a registered, insured professional consulting firm providing engineering design services for over thirty years. Founded in 1987, the company has steadily grown to include over 25 employees in three office locations. Our headquarters are located at 116 Fremont Street in Kiel, Wisconsin. We also have a Milwaukee-area office at W227 N16867 Tillie Lake Court in Jackson, and a Green Bay-area office located at 107 N Broadway in De Pere.

Our wide expertise in electrical, lighting, telecommunications, plumbing, fire protection, and HVAC technologies allows us to proficiently serve a number of market sectors including: commercial, educational, financial institutions, healthcare, hospitality/water parks, housing, industrial, municipal, religious institutions, retail, and wastewater/water treatment.

Muermann Engineering is a select group of engineers, technicians, and support staff recruited for their ability to independently handle most aspects of complex projects and work under tight deadlines. Our project managers are engineering professionals who are directly involved in the performance of the work and who have complete control of the project and any necessary support staff. Additional support staff is available to our project managers in many areas of technical expertise.

To make this high level of service possible, Muermann Engineering places an emphasis on professional development and continuing education. We meet the evolving demands of our clients and remain up-to-date with the exciting developments in lighting systems, energy conservation, automated control systems, and power distribution technology.

Muermann Engineering staff consists of the following:

Engineering:

- 5 Licensed Professional Engineers
- 3 Graduate Electrical Engineers
- 2 Graduate Plumbing Engineer
- 3 Licensed Electrical Designers
- 4 Licensed Plumbing Designers
- 1 Licensed HVAC Designer
- 1 Master Plumber

Technical:

- 5 CAD/Graphics Technicians

Support:

- 1 Administrative Assistant
- 1 Business Manager
- 1 Accounting Assistant

 De Pere, Wisconsin 54115-1199

SUBJECT: Lighting System at Southwest Park Soccer Field
 Proposal for Professional Services

Dear Marty:

We are very pleased to provide you with this proposal for professional services.

This proposal is for Design and Consulting Services for Soccer Lights at Southwest Park (Project). As we understand, should we be fortunate enough to be selected, then the City of De Pere Standard Contract would be utilized as our Agreement.

GRAEF is a multi-discipline full service engineering consulting firm established in 1961 in Milwaukee and now has 8 offices in multiple states and over 260 employees. Your project will be led out of our local office in Ashwaubenon Wisconsin. This office, where the electrical project manager is located, is supported by an electrical group in our corporate headquarters in Milwaukee. All work will be completed by GRAEF staff including any structural design and analysis that may be needed

It is our understanding that the nature of the Project is to design a lighting system on the City's premier soccer field located in Southwest Park, 2472 Lawrence Drive, De Pere. The design is to include re-use of the City's existing six poles, lighting mast's arms and twenty-eight High Intensity Discharge (HID) light fixtures to illuminate the Soccer Field. The scope of the work also includes determining the best source and location of power for this lighting system. Deliverables include providing plans and specifications for bidding out to contractors.

The person that will be managing this project is Kurt Barnard, PE. Kurt is a Wisconsin registered Electrical Professional Engineer with over thirty years of lighting experience. Projects that he has worked on, while at GRAEF, include the Bullfrog Baseball Stadium in Ashwaubenon and Longfellow School Softball Field lighting project in Wauwatosa. GRAEF has also done the Akzo Nobel softball field in Howard.

For this Project, GRAEF proposes to provide the following Basic Services:

Design Phase

1. Conduct an initial meeting with City staff to go over the details of the project and confirm bidding and construction schedule.
2. Gather existing information on the park and perform a site visit.

collaborāte / formulāte / innovāte

3. Develop plans and electrical technical specifications for the installation of the Lighting System.
4. Attend one (1) meeting with City staff to go over the design near the completion of the design.
5. Provide our opinion of the construction cost estimate for the project.

Bidding Phase

1. Attend the Pre-Construction meeting with the contractors.
2. Answer questions from potential bidders.
3. Issue addendums, if necessary.

Construction Phase

1. Provide interpretation of the plans/specifications.
2. Administer a Preconstruction Conference.
3. Prepare Change Orders, as necessary.
4. Administer a Close Out meeting with the contractor and City of De Pere.
5. Review shop drawings and manufacturers data review for conformance with the Contract Documents.
6. Complete two (2) site visits at selected intervals to review the work for general conformance with the Contract Documents.
7. The Construction Phase is anticipated to last 6 to 7 weeks.

GRAEF will endeavor to perform the Basic Services in conformance to the following schedule:

- Final preparation/assembly of Bidding Documents – on or about February 28, 2019
- Bidding Services – March 11, 2019 to April 2, 2019.
- Construction Services – anticipated for summer 2019

GRAEF can provide a scope and fee for Additional Services upon request. Additional Services include:

- Post-construction as-built survey
- Power to the existing Concession Stand located near the Pony League Diamond.
- Additional meetings or site visits the exceed the numbers above.

It is our understanding that you will provide the following services, items and/or information:

- Preparation of front end (Division 0 and 1) of the Project Manual and assembly of Bidding Documents.
- Preparation/printing/assembly of the requisite number of contracts for execution.
- Costs associated with advertising/posting the project.
- Contracting directly with and paying for a testing firm for any construction testing desired outside that required by the Contractor via the Bidding Documents.
- Input on plans and specifications
- Bidding the project and posting on Quest

collaborāte / formulāte / innovāte

You agree to compensate GRAEF for all basic services for the Lump Sum Fee of \$20,400.

Per your request the Lump Sum Fee can be further broken down as follows:

- | | |
|--|---------|
| • Kickoff meeting and gather existing information and make site visit: | \$1,800 |
| • Plans and Technical specifications: | \$9,900 |
| • Construction Oversight: | \$8,700 |

We look forward to working with you on this great project. Please call us at 920-405-3803 if you have any questions regarding this proposal.

Sincerely,

Graef-USA Inc.

Request For Board of Park Commissioners Action

MEETING DATE: January 17, 2019

DEPARTMENT: Parks, Recreation & Forestry

FROM: Paula Rahn

SUBJECT: Consider Amendment to Current Agreement with MultiMedia Channels

In mutual accord with MultiMedia Channels, LLC, staff is recommending to eliminate the design and mailing of our postcards and instead, mail out brochures to all households. The purpose of this is two-fold:

- 1) Surveys and comments from participants in our community state they would like the brochure mailed to their house again. People like having that hard copy in their hands and may be more apt to take a class, volunteer, rent a facility, etc. thus helping to increase program and/or rental revenues. Some of our participants don't have that type of technology so to get the hard copy mailed directly to them would be very beneficial for them.
- 2) This would be a cost savings measure for MultiMedia Channels. The company would only need to produce one piece versus two separate pieces and would save additional costs by having the printer fulfill the mailing portion rather than outsource it to another company.

Changes to our Brochure Advertising Agreement with MultiMedia Channels, LLC would be as follows:

- 1) VIII. COMPENSATION
Consultant shall be responsible for all costs associated with advertisement solicitations and all costs associated with printing and mailing City brochures ~~and postcards~~ associated with this project.
- 2) EXHIBIT A Supporting Information:
 Brochures Quantity: ~~1,750 Summer/Fall brochure; 1,250 Winter/Spring brochure~~
 Current mailing list (approx.. 11,000 plus 2,000 extra for
 Summer/Fall brochure & 1,500 for Winter/Spring brochure
 Strikethrough all information on following:
 Item: ~~Postcards~~
 Size/Ink: ~~Full color front & back, 6"x8" coated cover @ least 9 pt. thickness, 2 sided~~
 Quantity: ~~10,800~~
- 3) Consultant shall be permitted to place a banner no more than 1" x 8 ½" on the bottom of the front cover of the brochure for advertising purposes.

Thank you for your time and consideration.

- 2018 Multi Media Channels Extension of Agreement for Services (PDF)

**EXTENSION OF AGREEMENT FOR SERVICES BETWEEN THE
CITY OF DE PERE AND MULTI MEDIA CHANNELS, LLC**

THIS EXTENSION is entered into this 22nd day of December, 2017, by and between the City of De Pere, a Wisconsin municipal corporation ("City") and Multi Media Channels, LLC.

WHEREAS, the City and Multi Media Channels, LLC are parties to an Agreement for Services dated August 1, 2016 ("the Agreement"), a copy of which is attached hereto and incorporated by reference as Exhibit A; and

WHEREAS, the parties wish to enter into an Extension of the Agreement for an additional two (2) year period upon the terms and conditions set forth below.

NOW THEREFORE, upon the mutual promises and covenants contained herein, and upon such additional consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree to extend the Agreement between them as follows:

1. The contract period of the Agreement is hereby extended by an additional two (2) years and shall expire December 31, 2019.
2. All other provisions of the Agreement shall remain in full force and effect unless specifically modified in this Extension.

Dated this 22nd day of December, 2017.

CITY OF DE PERE

By:

Michael J. Walsh, Mayor
James Boyd, Acting Mayor

Shana D. Ledvina, Clerk-Treasurer

**AGREEMENT FOR SERVICES BETWEEN THE
CITY OF DE PERE AND MULTI MEDIA CHANNELS, LLC**

THIS AGREEMENT made and entered into this 1st day of August, 2016, by and between the City of De Pere, a Wisconsin municipal corporation ("City"), and Multi Media Channels, LLC, a Wisconsin limited liability company ("Consultant").

WITNESSETH

WHEREAS, the City is in need of collaborating with a company for advertising, design, printing and distribution of the City's Park, Recreation and Forestry Department's bi-annual brochures and postcards.

WHEREAS, the Consultant has available and offers to provide personnel and facilities necessary to accomplish the work within the required time.

NOW THEREFORE, City and Consultant agree as follows:

I. DESCRIPTION OF PROJECT

The project is as described in the April 2016 City Request for Proposals (Exhibit A) and Consultants Proposal thereto dated April 25, 2016 (Exhibit B), both of which are attached hereto and incorporated by reference except that the reference to City providing Consultant with a business contact list in Exhibit B shall be revised to reflect City cooperation with Consultant in establishing business contacts. If a conflict exists between Exhibit A and Exhibit B, the terms of Exhibit A shall prevail. If there is a conflict between the terms and conditions of Exhibit A and this Agreement, the terms of this Agreement shall prevail.

If, during the course of performing the work, City and Consultant agree that it is necessary to make changes in the project as described in the exhibits, such changes will be incorporated into this Agreement only by written amendment, signed by the parties.

II. SCOPE OF CONSULTING SERVICES

Consultant agrees to perform those services described Exhibits A and B. Any change to the scope of services as identified therein shall be defined in writing and authorized by both parties prior to performing such work. Such writing shall include the scope of work to be done, schedule for commencing and completing the work and the basis for compensation for such work.

III. SCOPE OF CITY SERVICES

City agrees to provide the Consultant items such as existing plans, standard specifications, and other information concerning the project that may be applicable in the

design of the project, as are available.

IV. AUTHORIZATION, PROGRESS, AND COMPLETION

In signing this Agreement, the City grants the Consultant specific authorization to proceed with the work described herein.

For special services, the authorization by the City shall be in writing and shall include the definition of the work to be done, the schedule for commencing and completing the work, and the basis for compensation for the work, all as agreed upon by the City and the Consultant.

V. OWNERSHIP AND FORM OF DOCUMENTS

All documents created, maintained or received during the course of this Agreement, including those in electronic form, shall be deemed the property of City and Consultant shall not be considered the owner of any such document nor shall the Consultant retain any common law, statutory, or other right therein, including copyright, patent, or trademark. To that end, Consultant agrees to and hereby does assign and transfer to City all rights, title, and other interests in such drawings, specifications, or other documents, which rights shall including copyright, trademark, or patent rights therein, unless City fails to pay Consultant for such drawings specifications and other documents, in which case the ownership and all rights shall revert to the Consultant.

City hereby grants Consultant a non-exclusive license to use the documents created pursuant to this Agreement, including any standard details used herein.

Consultant acknowledges that, as the Consultant to City, a Wisconsin municipality, Wis. Stats. §19.36(3) applies to it and records produced by it pursuant to this contract are subject to the public records law to the extent they would otherwise be if maintained by the City. Consultant agrees that, within 10 business days of a written request of City, it shall forward to City any such contract or records maintained by Consultant as are requested by City. Such records shall be in the format requested by City provided that such records are kept and maintained in that format. City shall reimburse Consultant for its reasonable costs incurred in complying with this paragraph.

Consultant further agrees to indemnify the City from all costs City incurs should Consultant fail to comply with these requirements.

VI. CONFIDENTIALITY OF INFORMATION

Consultant understands that, during the course of work under this contract, Consultant may become privy to confidential information of City. Consultant shall maintain the confidentiality of all information specifically designated confidential by City unless withholding such information would violate the law, create a significant harm to the public, or risk of significant harm to the public.

VII. TIME FOR COMPLETION

The parties hereto agree that time is of the essence in completion of the project. Should Consultant encounter any circumstances, which, in the Consultant's opinion, will delay their response time, Consultant shall so inform the City as soon as the delay in response time is known.

VIII. COMPENSATION

Consultant shall be responsible for all costs associated with advertisement solicitations and all costs associated with printing and mailing City brochures and post cards associated with this project. Consultant shall retain all compensation received from advertisements sold. No other remuneration shall be paid to Consultant.

IX. RESPONSIBILITY OF CONSULTANT

The Consultant is employed to render a professional service only, and any payments made to the Consultant are compensation solely for such services rendered and recommendations made in carrying out the work. The Consultant shall follow the practice of its profession to make findings, opinions, factual presentations, and professional advice and recommendations.

X. NON-DISCRIMINATION

The Consultant agrees that, in performing under this Agreement with the City, it will not discriminate against any employee, applicant for employment or any other person or member of the public on the basis of age, race, creed, color, disability, marital status, sex, national origin, ancestry, arrest record, conviction record, military service, use or non-use of lawful products off the employer's premises during nonworking hours, declining to attend a meeting or to participate in any communication about religious matters or political matters, or any other basis provided under Wis. Stats. §111.321.

XI. INSURANCE

A. The Consultant shall maintain during the life of the Agreement, the following minimum public liability and property damage insurance to cover claims for injuries, including accidental death, as well as from claims for property damages which may arise from the performance of work under the Agreement as stated below:

1. Comprehensive general liability insurance, including personal injury liability, blanket contractual liability and broad form property damage liability. The combined single limit for bodily injury and property damage shall not be less than \$1,000,000; with additional umbrella liability insurance coverage for a total of not less than \$2,000,000.

2. Automobile bodily injury and property damage liability insurance covering owned, non-owned, rented and hired cars. The combined single limit for bodily injury and property damage shall be not less than \$600,000.
3. Statutory workers compensation and employers' liability insurance as required by the state having jurisdiction.

B. Proof of Insurance. The Consultant shall furnish the City with a Certificate of Insurance and additional insured endorsement countersigned by a Wisconsin Resident Agent or Authorized Representative of the insurer indicating that the Consultant meets the insurance requirements identified above. The Certificate of Insurance shall include a provision prohibiting cancellation of said policies except upon 30 days' prior written notice to the City and shall name the City as an additional insured under Consultant's general and professional liability policies for the specific contract or project covered. A copy of the Certificate of Insurance and endorsement shall be delivered to the City prior to execution of the agreement for final approval.

XII. ALLOCATION OF RISKS

To the fullest extent permitted by law, the Consultant shall indemnify and hold harmless the City, City's officers, directors, partners, and employees from and against any and all costs, losses, and damages (including, but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) caused by the negligent acts or omissions of Consultant or Consultant's officers, directors, partners, employees, and Consultant's Consultants in the performance and furnishing of Consultant's services under this Agreement.

To the fullest extent permitted by law, Consultant's total liability to City and anyone claiming by, through, or under City for any cost, loss or damages caused in part by the negligence of Consultant or Consultant's subcontractor and in part by the negligence of City or any other negligent entity or individual, shall not exceed the percentage share that Consultant's or Consultant's subcontractor negligence bears to the total negligence of City, Consultant and all other negligent entities and individuals.

XIII. SUBCONTRACTS

The Consultant shall obtain the written consent of the City prior to subcontracting any portion of the work to be performed under this project. The Consultant shall be responsible to the City for the actions of person and firms performing subcontract work.

XIV. ASSIGNMENT

This Agreement is binding on the heirs, successors, and assigns of the parties hereto. This Agreement is not to be assigned by either the City or Consultant without the prior written consent of the other.

XV. INTEGRATION

This Agreement represents the entire understanding of the City and Consultant as to those matters contained herein. No prior oral or written understanding shall be of any force or effect with respect to those matters covered hereunder. This Agreement may not be modified or altered except in writing signed by both parties.

XVI. JURISDICTION

This Agreement shall be administered and interpreted under the laws of the State of Wisconsin. Jurisdiction of litigation arising from this Agreement shall be in that state. If any part of this Agreement is found to be in conflict with applicable laws, such part shall be inoperative, null and void insofar as it is in conflict with said laws, but the remainder of this Agreement shall be in full force and effect.

XVII. SUSPENSION OF WORK

The City may suspend, in writing, all or a portion of the work under this Agreement in the event unforeseen circumstances beyond the control of the Contractor make normal progress in the performance of the work impossible. The Consultant may request that the work be suspended by notifying the City, in writing, of circumstances which are interfering with normal progress of the work. If agreed, the time for completion of the work shall be extended by the number of days the work is suspended by Contractor through no fault of Contractor. In the event that the period of suspension exceeds 90 days, the terms of this Agreement are subject to renegotiation and both parties are granted the option to terminate work on the suspended portion of the project in accordance with Article XVIII.

XVIII. TERMINATION OF WORK

The City may terminate all or a portion of the work covered by this Agreement for its convenience. Either the City or the Consultant may terminate work in the event the other party fails to perform in accordance with the provisions of this Agreement. Termination of this Agreement is accomplished by 15 days prior written notice from the party initiating termination to the other. Notice of termination shall be delivered by certified mail with receipt for delivery returned to the sender.

In the event of termination, the Consultant shall perform such additional work as is necessary for the orderly filing of documents and closing of the project. The additional time for filing and closing shall not exceed 10 percent of the total time expended on the completed portion of the project prior to the effective date of termination.

The Consultant shall be compensated for the completed portion of the work on the basis of work actually performed prior to the effective date of termination plus the work required for filing and closing.

XIX. MEDIATION

All claims, disputes and other matters in question between the parties of this Agreement arising out of or relating to this Agreement or breach thereof, which are not disposed of by mutual agreement of the parties, shall be subject to mediation as a condition precedent to the institution of legal proceedings by either party. If such claim, dispute or other matter involves a lien arising out of the Consultant's services, the Consultant may proceed in accordance with applicable law to comply with lien notice and filing deadlines prior to resolution of the matter by mediation.

The City and Consultant shall attempt to resolve claims, disputes and other matters in question between them by mediation. A request for mediation shall be filed in writing with the other party to this Agreement. The request may be made concurrently with the filing of a civil action, but mediation shall proceed in advance of legal proceedings.

The parties shall share the mediator's and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

XX. NOTICES

Any notification required or needed under the contract shall be sent via First Class Mail to the following:

If to City:

City Clerk-Treasurer
Attn: Shana D. Ledvina
335 South Broadway Street
De Pere, WI 54115

If to Consultant:

Multi Media Channels, LLC
Attn: Mick Gotta
600 Industrial Drive
Waupaca, WI 54981

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first above written.

City of De Pere Park, Recreation & Forestry Department

Request for Qualifications for Advertising Proposal

General Information

The City has an approximate population of 24,500 people and currently mails a postcard twice per year to an average of 10,800 households. On average, 1,750 Summer /Fall Brochures and 1,000 Winter/Spring Brochures are printed and placed at City facilities and the Kress Family Library.

The Board of Park Commissioners has approved collaborating with a company to solicit advertisements in order to fully cover all costs associated with the design and printing of our Park, Recreation and Forestry Department's bi-annual brochures as well as the mailing of our postcards.

The City is inviting companies to submit a business plan identifying how your company will solicit advertisements for our Park, Recreation & Forestry Department bi-annual brochures and postcards. The company will be responsible for all costs associated with the printing and mailing of the brochures and postcards and retain all money solicited from advertisements sold.

Business Plan Proposal

Please include the following information:

1. Company Information: Name of company, address, contact person and telephone number(s).
2. Company/staff experience on similar projects (provide samples).
3. Provide an advertising proposal.
 - Include recommended number, placement and size of ads within brochure and postcard.
4. Describe your plan approach and sales methods; include estimated timeline.
5. Complete supplemental questionnaire form.

Supporting Information

The following information outlines recommendations for brochure and postcard specifications. Other recommendations for type of paper, layout, size, etc. accepted.

Item:	Brochures
Size/Ink:	Full Color Offset: - o 11 x 17" booklet folded in half; full bleeds - o inside 60# offset, text opaque white - o cover 80# coated text/gloss - o final size 8 ½" x 11" - o approximately 24 pages – Winter/Spring; 32 pages – Summer/Fall (depends on number of ads)

~ OR ~

Full Color Newsprint:

- o 10 ½ x 16" booklet folded in half (or suggested size); full bleeds
- o inside newspaper print
- o over 80# coated text/gloss
- o final size 8" x 10 ½" (or suggested size)

Quantity: 1,750 Summer/Fall brochure; 1,250 Winter/Spring brochure

Item: Postcards

Size/Ink: Full Color front & back

- o 6" x 8" coated cover @ least 9 pt. thickness
- o 2-sided print

Quantity: 10,800

Schedule Timeline

April 29, 2016 – Proposals due by 4:30 pm

May 2-4, 2016 – Proposals reviewed by staff

May 19, 2016 – Recommendation reviewed by Board of Park Commissioners

June 7, 2016 – City Council approval

Insurance

Your company shall effect and maintain insurance to protect from claims under worker's compensation acts; claims for damages because of bodily injury including personal injury, sickness or disease, or death of any of the company's employees; and from claims for damages because of injury to or destruction of tangible property including loss of use resulting there from; and from claims arising out of the performance of professional services caused by any errors, omissions or negligent acts for which the company is legally liable.

The company shall indemnify and save harmless the City of De Pere and their representatives from all suits, actions, or claims of any character brought for or on account of any injuries or damages received by any person, persons or property resulting from the negligent acts of the company or of any of their sub consultants in prosecuting the work.

Evaluation Procedure

All proposals shall be reviewed based on the following criteria.

1. Professional staff experience and availability of key personnel.
2. Relevant project experience of the company.
3. Graphic design qualifications.
4. Understanding of the project.
5. Plan and sales approach.

The proposal that is selected will be in effect for one and a half years (July 1, 2016 - December 31, 2017).

Any interested company is required to submit all necessary proposal information including completing the Additional Services Proposal Form below. All proposals must be received by **Friday, April 29, 2016 at 4:30 pm** and can be dropped off or mailed to:

De Pere Community Center
600 Grant Street
De Pere, WI 54115

The Department will select the proposal that is in the best interest for the City of De Pere. Questions regarding this proposal should be directed to Paula Rahn, Recreation Superintendent at (920) 339-4097 or prahn@mail.de-pere.org.

Supplemental Questionnaire

1. What format(s) would your company be able to print the brochure in? Also indicate finished product size. *Check all that apply.*

☐ Offset Finished Size: _____
☐ Newsprint Finished Size: _____
 Other: _____ Finished Size: _____

2. Would your company consider mailing postcards or brochures to outlying communities with a De Pere mailing address?

☐ Yes ☐ No

3. Would your company be willing to completely design the brochure and postcard in InDesign software?

☐ Yes ☐ No

4. Would your company print additional copies of the brochure above the requirements noted in brochure and postcard specifications?

☐ Yes ☐ No If yes, how many? _____

5. Would your company deliver additional copies of the brochure to select area businesses?

☐ Yes ☐ No

6. Please list any additional services your company would be willing to provide to our Department. This could be monetary or some other form of donation.

Name: _____

Signature: _____

Company: _____

Re: Advertising Proposal for Brochures

Paula,

Following is our Plan Proposal for doing the City of DePere Brochures and Postcards.

1.) Multi Media Channels

600 Industrial Dr.

Waupaca, WI 54981

Contact: Mick Gotta

920 609 7921

- 2). MMC has over 50 years experience in the printing of magazines, newspapers and special Publications. Our current staff has over 20 years of sales and publication experience. Samples being provided are examples of publications we currently produce. All are done from sales to design to the final printing and mailing. Our design team is fully staffed and highly experienced in current printing platforms (Including InDesign).
- 3). We are proposing to offer a variety of sizes and price points for prospective advertisers to consider. From one-eighth to full page advertising will be offered at price points to be determined. We are also proposing to solicit one or possibly two potential advertisers for the space available on the postcard at premium prices to be determined. The number of ads will be determined at dead-line date and completion of the sales process. Placement of some ads (mainly full pages) can be pre-set, otherwise ads will be placed at the discretion of the City of DePere and MMC design staff. Page requests can be made, but space guarantee is not suggested unless for premium pages. The basic goal of the number of ad sales sold is to recover costs of printing and mailing.
- 4). Our sales approach will be to have at minimum 2 and possibly 3 sales reps working during the sales effort. If possible, MMC is asking the City of DePere for a business contact list, with which we will divide the list amongst reps. MMC will produce a promotion sheet that will detail public dates, sales deadlines, pricing and sizes on all ads, contact information as well as a brief description of the book, postcard and the value of advertising in the publications. Timeline of our sales effort will be 30-45 days from the public date. This will allow design team and city staff to properly paginate book information and advertising to be readied for the printing process. City of DePere, if possible will provide a resident mail list for use to MMC in the mailing process.
- 5). Questionnaire form attached.

Supplemental Questionnaire

1. What format(s) would your company be able to print the brochure in? Also indicate finished product size. *Check all that apply.*

☒ Offset Finished Size: 8 1/4" x 10 1/2"
☒ Newsprint Finished Size: 8" x 10"
 Other: _____ Finished Size: _____

2. Would your company consider mailing postcards or brochures to outlying communities with a De Pere mailing address?

☒ Yes ☐ No

3. Would your company be willing to completely design the brochure and postcard in InDesign software?

☒ Yes ☐ No

4. Would your company print additional copies of the brochure above the requirements noted in brochure and postcard specifications?

☒ Yes ☐ No If yes, how many? 500

5. Would your company deliver additional copies of the brochure to select area businesses?

☒ Yes ☐ No

6. Please list any additional services your company would be willing to provide to our Department. This could be monetary or some other form of donation.

MMC will distribute additional brochures via our distribution arm (Bulls Eye Distribution) at no cost to the City. Bulls Eye has a retail rack system already in place throughout DePere.

City of De Pere, Wisconsin

Request For Board of Park Commissioners Action

MEETING DATE: January 17, 2019

DEPARTMENT: Parks, Recreation & Forestry

FROM: Marty Kosobucki

SUBJECT: Review and consider findings from on-line survey and public meeting on pool design.

As part of our pool design process, the Park Board will need to review the results of the on-line survey and the comments from the public input meeting in order to provide direction to our consultant in developing two concepts for VFW and Legion Pools. To help guide our consultant, the Park Board should review the findings and consider the following;

- Recommend features/elements that should be included in one or both designs.
- Recommend features/elements that should not be considered at all.
- Provide recommendations/guidance in relation to having the pools be similar or complimentary.

I have included three different attachments. The first is a summary of comments from the public meeting held on January 7 at the De Pere Community Center. The second is a comprehensive summary of the on line survey conducted. The third is a brief overview of a handful of paper surveys we received.

ATTACHMENTS:

- Main Notes.public input meeting. jan 7(DOCX)
- 20190115112541647 (PDF)
- De Pere Pool Input (DOCX)

Main Notes

From Public Input Form January 7, 2019 – De Pere Community Center

- Zero depth entry, appropriate drainage system, slide. Check on insurance coverage of diving boards.
- Design shown in MSA study was very appealing. Recommends diving boards, shade, improved concessions with shaded concession, pavilion, updated locker room facilities, more privacy.
- Recommends diving boards especially the high dive, heated pool.
- Recommends diving boards and privacy in the locker rooms would be important.
- Would rather see identical pools. Recommend shade.
- Slides are not as important as activity (basketball, rope swings, etc...), enough open space for general swimming, shade/seating strategic located, opening up concessions with variety of options, two slides for racing.
- Recommend using Energy savings methods, investigate safer locker room options, concession stand needs to be improved, some type of locker or basket system, don't want to see a slide or lazy river, people want just a good old fashioned swimming pool do not want fancy bells and whistles, don't care or need swimming lanes, side deep well for the diving boards. More planning and investment into pool maintenance...need to be taken care of better.
- Likes complimentary pools. Don't want all the bells and whistles to take up space of general swimming. Zero depth. Like swimming lanes. Swimming lanes in the deeper areas. Likes diving boards and Shade. Concession stand improvement. Larger and better restroom stalls. Consider traffic flow for when lessons are coming and in and going.
- Visits both pools equally. Need open swimming space. Chute slide. Shade.
- S turn slide...very fun. Recommend privacy showers and high dive (diving boards). Place for people to toss balls in the pool. Don't need anything extravagant. Deep area to practice swimming. More space. Shade space important.
- Entrance to back side of park is a concern, parking is a problem. Holes in fence in back side of park...sink holes. Need to do something about the basketball court. Facility needs to be appropriately fenced.
- Consider traffic in and out of pool deck from the building.

De Pere Pool On-Line Survey Summary (As of Jan 15, 2019)

The following is a snapshot of the comments and data from the on line survey conducted to obtain input on our De Pere Pools. I would highly recommend reading the comments and input to formulate your own analysis. The complete list of comments and data are included after the snapshot.

Question 1 (Identify your Name)	324 Respondents (308 answered, 16 did not answer)
Question 2 (Identify your Address)	324 Respondents (306 answered, 18 did not answer) Residents – 282 Non-Residents – 36 Undetermined - 6
Question 3 (Identify which pool you most frequent)	324 Respondents (324 answered) VFW – 63 Legion – 219 Both – 13 Neither – 29
Question 4 (If it meant greater variety of aquatic features, would it be acceptable if the aquatic facilities were different or complimentary)	324 Respondents (324 answered) Yes – 210 No – 53 No Opinion - 61

Question #5 – Features and Activities you would like to see		324 Respondents (294 answered, 30 did not answer)		
	Legion	VFW	Visit Neither	Visit Both

**Question 3 – Identify which pool you
frequent the most.
(Data results)**

Q3 Please identify which pool you frequent the most.

Answered: 324 Skipped: 0

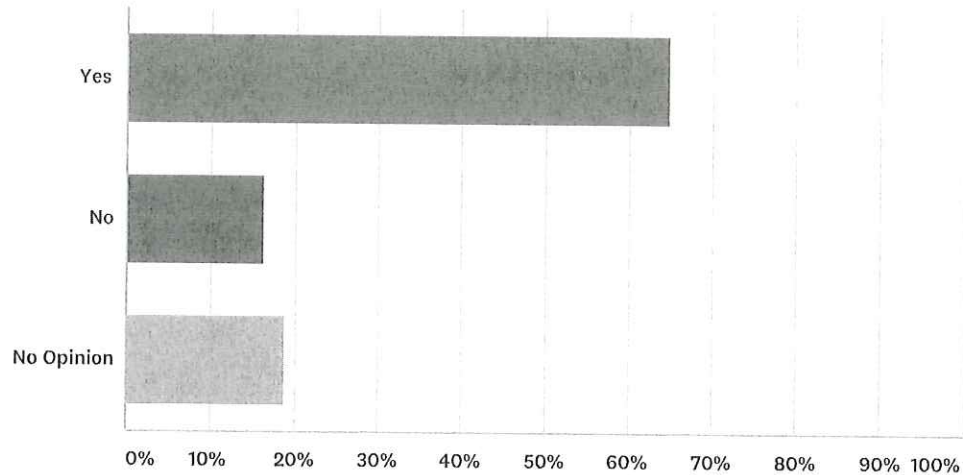

ANSWER CHOICES	RESPONSES	
VFW	19.44%	63
Legion	67.59%	219
Both equally	4.01%	13
Neither	8.95%	29
TOTAL		324

Question 4 – If it meant a greater variety of aquatic features, would it be acceptable if the aquatic facilities were different or complimentary?

Q4 If it meant a greater variety of aquatic features, would it be acceptable if the aquatic facilities were different or complimentary?

Answered: 324 Skipped: 0

ANSWER CHOICES	RESPONSES	
Yes	64.81%	210
No	16.36%	53
No Opinion	18.83%	61
TOTAL		324

Question 5 – Please describe in 250 words or less what features and activities you would like to see in the new aquatic facilities.

(Data Summary)

This section is broken down into data from Legion Pool, VFW Pool, people attending both pools, and people attending neither pool.

Question 5

(Legion Pool Data)

Q5 Please describe in 250 words or less what features and activities you would like to see in the new aquatic facilities.

Answered: 205 Skipped: 14

Legion

#	RESPONSES	DATE
1	I would like to see a swimming pool that is specifically for people to swim in and for kids to be able to take swimming lessons in. A kiddie pool that can still be accessed while swimming lessons are going on during the day. Basically loved how Legion Pool was set up.	1/14/2019 1:57 PM
2	Areas that provide shade with seating (bench or tables); like separate area design like Erb Park in Appleton - zero depth, play area for younger kids and wheel-chair kids/adults with regular diving boards and lap pool for older kids & adults (the old "L" shape of Legion Pool). I believe Legion Park has more area to expand for this type of layout than VFW.	1/14/2019 1:50 PM
3	Diving boards with a well, slide, pool area for those that want swimming instructions and for adults to swim (such as a lap area)	1/14/2019 12:53 PM
4	Water basketball, splash pad, diving board, shade for those not swimming (usually parents)	1/14/2019 9:40 AM
5	I would like to see a zero entry pool that has a deep end with driving boards. I would also like a "baby" pool. It would be great if there is swimming lessons, teen nights, and a good vibe.	1/13/2019 10:34 PM
6	I would like to see diving boards, including a high dive. Also, adequate swimming space and space to play catch. Swimming space in the deep end would be great too. Seating and shade in the pool area would also be nice.	1/13/2019 10:21 PM
7	Diving boards - I think these are great features for pools and worth the expense. Water slide - this would be fun but not a major priority. Nothing too fancy needed. Nice shaded areas for parents and concessions area.	1/13/2019 9:53 PM
8	*Basketball or volleyball area *Large open space for free play *Diving boards *Picnic tables and shade *Heated pool	1/13/2019 2:46 PM
9	Ability to swim laps, hold water classes for adults and kids, a diving well. Maybe have one facility be year round.	1/12/2019 10:30 PM
10	A large pool area & a smaller shallow pool area for younger children	1/11/2019 9:54 PM
11	Something for teenagers also. The current pool is family oriented with grandparents and children. The kiddie pool is a must. Please remember the young adults in our community so they are attracted to this pool too. They need to belong.	1/10/2019 7:35 PM
12	A good size area for babies and toddlers like a splash pad like in Sherwood, lap lanes for people who want to swim laps, water slides lazy river	1/10/2019 7:28 PM
13	All I want is a clean, safe, and functional pool on both sides of the river for generations to come. It would be nice if you could get surrounding communities to pay their share as well.	1/10/2019 6:52 PM
14	Handicapped assess ramps with rail to walk or wheel into pool go from one depth to another Area for small kids, waterfall mushroom, some bubblers, also to include area where no water splashes, maybe a waterslide, diving boards Benches inside and outside of the fence for observers	1/10/2019 6:04 PM
15	Age appropriate water activities for toddlers through teens. I would still like to see the zero entry pool for toddlers. Maybe a few umbrellas for shade.	1/9/2019 8:53 PM
16	More adult classes like water aerobics or water Zumba, adult only swim nights. Other than just diving boards like a trampoline.	1/9/2019 8:04 PM
17	Pool Slides Diving boards Baby and young child section	1/9/2019 4:25 PM
18	Pool and diving boards are a must have on both sides. Not a splash pad at one site and a pool at the alternate location. Anything extra is a bonus. Such as slides, splash pad, fixed floatation devices.	1/9/2019 4:07 PM

19	We frequent Legion Pool so all of my suggestions would be for Legion. I would like to continue to see a large swimming pool with diving boards of various heights. Zero entry pool would be nice, as well as a slide. A nice large shaded area with possible beach chairs including chaise loungers would be wonderful.	1/9/2019 3:51 PM
20	Youth groups and organizations. Get kids off video games	1/9/2019 2:35 PM
21	A pool deep enough for children to learn to swim and dive	1/9/2019 1:57 PM
22	I like the current set up a lot - its simple. Options to consider/keep: diving boards, zero entry, updated music system, water bottle filling station. keep the concessions stand - the kids love it! A better "young" kids pool... I don't want swim diapers in the main pool. offer survival swim lessons.	1/9/2019 12:12 PM
23	Diving boards, deep and shallow water, opportunity for swim lessons, splash pad area for young children. Places for parents to sit and watch that are comfortable and easy to clean.	1/9/2019 3:38 AM
24	I would just like to see them renovated and enlarged. A spiral slide for the kids would be great also. I have been going to Legion Park pool since I was somewhere around 3 or 4 years old. I learned how to swim there.	1/9/2019 12:48 AM
25	I'm fine with the existing features but wouldn't mind if there was a slide to go with the diving boards. Add toys to the toddler area like they have at the Kroc or the Bellevue Y.	1/8/2019 11:04 PM
26	Zero entry at the main pool, keep a baby pool area separate for little ones safety, like now with separated fence and to be open during swimming lessons.	1/8/2019 9:19 PM
27	I would prefer to see a "traditional" lap style pool with complimentary adjacent amenities; plenty of slides, diving apparatus, splash pad with zero depth entry. One of the ideas from the conceptual VFW plans that I liked was adjacent rolling, grassy areas with sitting areas with both open and shaded options. A variety and ample amount of adjacent sitting or viewing areas would help to attract families.	1/8/2019 7:19 PM
28	I really don't have a preference for activities - I just think Legion pool has always been a gathering place for our community and we need to make sure that continues for future generations.	1/8/2019 6:29 PM
29	I would like a functional pool for older kids and a shallow water area for young kids/toddlers.	1/8/2019 5:25 PM
30	I would like to to see a water slide	1/8/2019 4:38 PM
31	I would love to see shade, diving boards, LARGE swimming space for kids to play and throw balls.	1/8/2019 4:00 PM
32	Not looking for any special feature except one good water slide	1/8/2019 2:42 PM
33	High dive, steep deep end slide. Definitely warm water like the current pool.	1/8/2019 2:08 PM
34	I really like the classic features of the Legion Pool site, diving boards, separate toddler splash area, it is a really nice classic community pool. Our kids love it too. We used to live in a community with a large aquatic facility with water slides and the zero entry toddler area connected to the main pool, and our kids enjoy going to Legion much more than the pool in our previous community. They just want a pool to splash and play, they like to watch people jump off the diving board (they are not ready to do so themselves), and the separate fenced toddler area is really nice and safe for little ones.	1/8/2019 12:39 PM
35	I would like to see a pool at both locations. Amenities can differ-- but the pool is important to my family.	1/8/2019 12:37 PM
36	Built in shade areas on deck: pergolas or shade-sail structures. Walk-in shallow area large enough for young swimmers, and for parents to stand. Well area with diving boards. Built in short basketball hoop(s) on edge of medium depth area of pool .	1/8/2019 11:16 AM
37	Lots of seating - chairs, benches	1/8/2019 11:14 AM
38	Water slide, Olympic swimming lanes, diving boards, hot tub.	1/8/2019 10:52 AM
39	I think kids come mainly to cool off and visit friends. A few special things would be nice.	1/8/2019 9:47 AM
40	Diving Wading and sprinkling for small ones Slides	1/8/2019 9:23 AM

41	I would like to see advanced levels of swim lessons, maybe a swim team option, 3 heights of diving boards including a high one, a simple pool like legion. I would like a part of the pool to be open for free swim all day. Last year at legion it was closed from 8:00 am -1:00 pm and from 4:30-6:00 pm for swim lessons. These are peak times I would like to swim with my family in July and August after summer school ends. I went to the pool almost every day for group or private swim lessons. After swim lessons my kids didn't want to get out of the pool, they wanted to stay and play with friends from swim class. We ended up going in the little pool after lessons but this size pool wasn't age appropriate for my kids. I loved the swim lessons and definitely would want to keep that feature but it would be nice if part of the pool was open all day. Also longer weekend hours. Last year it was opened 1:00-6:00 on weekends. I would like to go to the pool in the morning on weekends. I would like the pool heated. I like a simple pool. My kids liked to swim and talk with friends at the pool. Big aquatic centers seem loud and crowded to me. I also would like a pool where I can see my kids at all times. I feel the Kroc center has blind spots when my kids go behind the little slide it's hard for me to easily see them. I like a small pool where mostly local people hang out so I see people I know all the time and have less worry about my things being stolen like at larger aquatic centers.	1/8/2019 9:19 AM
42	-Zero depth entry -Adequate swimming space -Diving boards -No separate "baby pool" but rather a baby/toddler area with activity features incorporated into the zero depth area -More shade area for breaks from swim and watching parents -Shaded picnic area Updated ADA locker room facilities and updated concession areas -Heated pools for evening swim -Grassy area for sitting/picnicking/relaxing within the fenced in pool area. -Basketball hoops, rope swings, slides, lazy river: These items could be split between pools so that the pools to provide a greater variety of aquatic features to the entire city	1/8/2019 9:07 AM
43	Swim lessons and lanes for swimming, diving boards, and a couple slides may be fun. Enough area to have chairs poolside for parents or breaks.	1/8/2019 8:32 AM
44	I would like to see Legion Pool stay just a pool similar to what is already there. Has there been a study on making it a salt water pool so many healthy benefits	1/8/2019 8:16 AM
45	I would like to see a zero depth entry, adequate swimming space and diving boards. There should not be a separate "baby pool" but rather a baby/toddler area with activity features incorporated into the zero depth area. There should also be more shade area for breaks from swim and watching parents. The pools should be heated for evening swim. The pools should incorporate basketball hoops, rope swings, slides, lazy river all options as space allows, but they should not take away from the open swimming area. These items could be split between pools so that the pools compliment each other.	1/8/2019 8:13 AM
46	Swim lessons available Possible features- lazy river and water slide, zero-depth entry for children.	1/8/2019 6:52 AM
47	Diving boards of some kind.	1/8/2019 6:34 AM
48	Keeping the pool simple with the "family" feel. It does not have to be anything "fancy" as my kids go to hangout with friends and we visit with families. As a non-resident that lives very close by, I realize that I do not have much of a voice however paying a bit more for updates, etc for the entry fee is more than fair	1/8/2019 6:23 AM
49	At the Legion facility: Keep the two separate pools (big kids & little kids) Add a slide to both pools More features in the little kids pool such as blow holes, play gyms, etc.	1/8/2019 6:06 AM
50	Please continue to have an emphasis on high quality staff- the life guards at legion were always so attentive and good natured. The people will make all the difference no matter what facilities and activities are available.	1/8/2019 5:40 AM
51	Diving boards, zero depth entry, lap lanes, shade umbrellas	1/8/2019 3:51 AM
52	Pool size increased, larger area for younger children with water features	1/8/2019 1:28 AM
53	Zero entry, diving boards varying in height.	1/8/2019 12:14 AM
54	A place for kids how to learn to swim. And a area for older kids and parents to have fun.	1/7/2019 11:32 PM
55	Pool. Diving board. Wading/kiddy pool.	1/7/2019 11:24 PM
56	Facilities and features at legion are perfectly adequate. Updates to locker rooms/bathrooms could be made. Also possibility of pool chairs would be great.	1/7/2019 10:47 PM
57	larger toddler area	1/7/2019 10:20 PM
58	Keep the pool and swimming lessons. Diving boards are a must.	1/7/2019 10:18 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

59	Zero entry. Diving boards. Large swim area. Seperate Baby pool	1/7/2019 10:18 PM
60	Pool. Swimming lessons.	1/7/2019 10:15 PM
61	I would like to see a pool set-up similar to what is currently at Legion Park. A an area for diving, 0 entry for the little ones, maybe the addition of a small slide or fountain feature. A pool large enough for kids to have swim lessons. And area where parents can easily watch babies and toddlers. A pool area small enough that I can see my children at all times.	1/7/2019 10:07 PM
62	Splash pad for younger kids. Lazy River. Some tube slides.	1/7/2019 10:06 PM
63	Toddler friendly activities and zero depth entry. I would also love to see something unique that can't be found elsewhere in the surrounding area.	1/7/2019 10:01 PM
64	I would like a pool to swim in. We don't need all the fancy stuff, just a pool. Although I do like diving boards.	1/7/2019 9:52 PM
65	I would like to see one side be a indoor pool for year round swimming for both the city and schools could use it for swimming teams. And if both sides got one water slide and the diving boards it would be great. I would also expand the kids pool for more ages of kids not just the babies but up to the 8 year old kids as well!	1/7/2019 9:47 PM
66	The baby splash area. And pool like Legion with diving boards	1/7/2019 9:45 PM
67	I don't want one	1/7/2019 9:42 PM
68	I would like to see legion have similar features as it currently does. It would be nice to see legion have an indoor/outdoor pool. As well as a kid pool.	1/7/2019 9:42 PM
69	We frequent Legion pool about 5 days a week during the summer. My son, with autism, is obsessed with the high dive. He swims almost daily and Legion pool is his favorite in the whole area because it is outside and has the high dive. He needs the sensory input from plunging in the water and this is the only diving board in the area that gives him the input that he needs. We love Legion pool just the way it is. Keep it outside and don't give up the high dive!	1/7/2019 7:00 PM
70	Lap lanes. splash pad for tots	1/7/2019 6:12 PM
71	Baby Pool, diving area, area for swimming lessons, zero entry	1/7/2019 6:04 PM
72	My family's main concern/wish is that there is still a pool at Legion Park that provides swim lessons. We are not as concerned with "frills." A main pool and kiddie pool would be great. We do not have strong opinions about VFW. We will frequent Legion pool more regardless of features of VFW.	1/7/2019 4:38 PM
73	Adult only swim hours	1/7/2019 1:57 PM
74	A childs pool should be included but within viewing distance of the main pool. High and low diving platforms and spring boards. Swim lanes marked on the bottom of the pool.	1/7/2019 1:01 PM
75	large zero depth area with waterfall and floor fountains, water slides, varying water depths, heated pool, eating area, lounge area w/ plenty of lounge chairs & umbrellas	1/7/2019 12:51 PM
76	Zero depth entry area for small children Open Swimming area/lap lanes Room for swimming lessons Diving board	1/7/2019 12:35 PM
77	More space surrounding the pool area to lounge would be nice especially a grassy area for little kids or families to spread blankets or have chairs without crowding the perimeter of the pool. More activities around the kiddie pool like interactive water features like water umbrellas or poles and/ or sand pits would also be really nice.	1/7/2019 10:58 AM
78	Swim lessons, wading pool, diving well, walk-in to water	1/7/2019 9:07 AM
79	I would like lots of shade and seating around the pool, nice lockers rooms, a concession stand and picnic area. I shallow area with some water features for smaller kids would be nice too.	1/7/2019 7:42 AM
80	Number 4 question is quite ambiguous. What does it exactly mean? Why don;t you ask a question that actually means something. Just have two pools. Why does it have to be an aquatic center?	1/7/2019 7:13 AM
81	The ability for lap swimming and tube slides.	1/7/2019 7:10 AM
82	We would love to see a zero entry pool with classic diving boards.	1/7/2019 7:03 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

83	Simplicity. Too often today, people feel like there needs to be bigger and better and more. We want to keep this community engaged. The best part about the pool was that parents could engage together and the kids had fun together without the stress of navigating a water park. So simple slides, would be nice, but the focus should be the pool. If there ends up being a lazy river, I hope it won't be any deeper than 36 inches.	1/7/2019 5:22 AM
84	An adults only area would be nice as well as a handicapped accessible area. Night swimming and water exercise classes with purchase options.	1/6/2019 10:42 PM
85	Simple pool! Plenty of room for kids & adults to play tag & SWIM! Keep diving boards, the kids love them! Instead of a "baby pool," perhaps some smaller aquatic features for babies & toddlers near the zero-entry area (similar to the Green Bay East YMCA). That would be easier for parents to manage multiple children or various ages.	1/6/2019 9:03 PM
86	A minimum of a box pool with diving boards at both locations, zero depth entry, kiddie pool if no zero entry, possibly a slide, area dedicated to lap swim, options for shade, lounge chairs available where you can put them in shallow water connecting to the pool; music; swimming lessons; water classes like aerobics, etc.; depending on size, a water activity would be fun like a zip line dropping into the water, net walking activity, or maybe a lazy river, etc. but not trying to make this WI Dells and keeping the idea of a simple pool at an affordable entry price (Less than \$5 per person per day) priority.	1/6/2019 6:05 PM
87	Lap pool. Area for younger children. Lessons. Area around water larger so adults would have more room to be with children. Diving questionable.	1/6/2019 5:48 PM
88	Zero depth entry, a water slide, shade areas.	1/6/2019 10:44 AM
89	Zero depth entry	1/5/2019 9:44 PM
90	would like to see a swim lane, diving boards, something similar to Colburn with the floating (anchored) swim areas.	1/5/2019 1:47 PM
91	Baby Pool, Diving Boards, And maybe a splash pad for younger kids	1/4/2019 11:24 AM
92	I would love an upgraded locker room/changing area, shade areas, zero depth entry for littles and disabled, otherwise, I am great with a simple neighborhood pool. A slide or diving boards are great as kids get older, to keep them interested. My daughter really enjoys playing in the area of legion that is a little deeper, about 4', and that seems to be a busy area of the pool, in my experience over the past few years as season pass holders. I say, keep what they love, upgrade a bit. Make it attractive without building something where monitoring kids is difficult. Keep it together. That, to me is the best thing about Legion, now, and why I helped the fight to keep it around.	1/4/2019 10:19 AM
93	Diving boards, and lap pool.	1/4/2019 7:23 AM
94	Larger pool and pool deck, reclining chairs and umbrellas, a slide. My kids loved the zero entry pool when they were little. Updated sound system.	1/4/2019 7:23 AM
95	Water slides, walk in pool entry for little kids, something for all ages to enjoy.	1/4/2019 6:46 AM
96	Normal swimming area diving boards and a slide maybe a new zero entry area	1/4/2019 6:35 AM
97	I love the pool as is, but obviously with working pumps, filters and miscellaneous mechanical components. The behind the scenes could be updated in order to make it a efficient pool.	1/4/2019 5:47 AM
98	Our family would enjoy a zero depth entry pool to be accessible and inclusive of all. A deep, diving area with at least 2 diving boards at various heights. Ample shaded space for caregivers to relax and watch their children play and visit with friends and neighbors. 1 to 2 water slides would a wonderful addition as well.	1/3/2019 10:11 PM
99	Appropriate swimming lesson areas, lap lanes (that could meet swim team requirements?), and places for young children to play like the baby pool area now.	1/3/2019 9:49 PM

De Pere Pool Input

SurveyMonkey

100	Retaining a decent pool on the east side was my main concern. I'm a Ledgeview resident, and my mother in law lives on Charles street. We're at Legion pool frequently in the summer with our family, the in-laws (grandma and grandpa), and our kids. We have three kiddos that are 6, 4, and 2 yrs old. I'd like to see at least the same newly constructed or renovated facility as what we currently have with Legion. If there's more to be had, that's great, to a point. A medium sized waterslide would be fun. But keeping both pools was my main concern. Additionally, I can empathize with some of the concerns I've heard from parents about taking their kids to a larger aquatic facility where it's harder to keep track of everyone and keep them safe. The thought I've heard is that Legion can/should continue to be a bit smaller and safer option for more weekly (or for some folks, daily) fun in the summer, where as going to Joannes Aquatic Center or Ashwaubomay Lake would be more of a special trip. I mostly agree with that sentiment, though I'd rather have a more robust Legion than no Legion at all if it came down to it.	1/3/2019 5:03 PM
101	My main focus is to maintain swimming pools on both sides of the river to allow usage by more people. Zero entry into the pools would be great.	1/3/2019 3:46 PM
102	Zero depth entry, ground splashers that spray up, small kiddie slide, larger tube slide	1/3/2019 3:42 PM
103	Diving boards Large swim area Zero entry end for smaller children	1/3/2019 3:25 PM
104	Both should be able to host swimming lessons. Both should have separate areas for small children and older kids. We'd like to see a lazy river somewhere, some plumbing features with valves kids can turn on/off, and a small water slide.	1/3/2019 10:39 AM
105	Zero depth entry, swim lessons, area for young children, a slide or two, shade area	1/3/2019 8:22 AM
106	Standard size city pools. I believe the previous pools fit our community.	1/3/2019 7:47 AM
107	Like the features as is.	1/2/2019 10:44 PM
108	We would like to see an expanded toddler area with more splash pads and age appropriate things for small kids. Expanded concessions, picnic area and a playground for ages 1 and up would be nice. My husband wants a big tube slide and to keep the high dive.	1/2/2019 9:36 PM
109	Lap swimming, area for kids to swim and play, diving board, slide, toddler area, splash pad.	1/2/2019 9:21 PM
110	I would love for east De Pere to keeps its community pool. A place where I can sit and relax while my kids swim. NOT a large aquatic center. More seating would be nice, especially during swimming lessons. I also love the kiddie pool for my youngest	1/2/2019 7:52 PM
111	Would like to see diving boards, swim classes, longer swim seasons and concession areas for parents to sit and watch their children swi.	1/2/2019 7:42 PM
112	shaded areas for parents (lawn chairs, umbrellas) a zero depth entry baby pool (or it could be incorporated into the big pool), a water fall type of feature for kids to splash around in, diving boards, a modest slide, green/sustainable design (solar powered heating, UV cleaning system, salt water)	1/2/2019 7:14 PM
113	diving boards, swimming area, baby pool	1/2/2019 1:05 PM
114	In general, I think the simpler, the better in terms of activities. A zero-entry would be really useful for younger kids.	1/1/2019 9:14 PM
115	There should be dedicated pools or parts of pools that are always in use for three age groups: 1) Smaller children (toddlers), 2) Adults, 3) regular play (everyone). For the smaller children, there should be a separate section for smaller children with a zero degree entry kids pool, having fountains or sprayers for the kids to splash around in, and maybe even a section with sand for the smaller kids to play in the sand. For the adults, I'm thinking that there should be either another "adult" pool or part of the pool with dedicated swim lanes that allow adults to lap swim and another open to swim around without interference from kids. Adults should have the ability to exercise at any time without having to share with the regular pool. Furthermore, you could even have a pool for adults over 18, you might have picnic benches and the ability for groups of adults to bring in food and hang out by the pool in the summer. You have to think, this would allow you to capture revenue from the young married couple who likely otherwise wouldn't get a pool pass, but probably would if the pool now enables them to interact socially with their friends. For the regular pool play, there could be a mixture of diving boards and smaller water slides. The point is, who are you trying to attract with the new pools? Only kids? Or should it be an attraction for groups of adults to gather and have a fun time? If you expanded the "target market" of the pool outside of kids and small children to adults as well, it would be the way to solidify these pools as a summer destination for all ages for years to come.	1/1/2019 10:28 AM

De Pere Pool Input

SurveyMonkey

116	In the new aquatic facilities I would like to see it be a space where it promotes family fun and fitness. In an effort to draw younger families to the area I think it is essential that we have amenities are engaging and appropriate to kids of all ages. I would like there to be a pool for younger children (a wading pool with zero degree entry) as well as a space for other kids/parents to swim and play. Diving boards are essential. It would be really neat if there was also a smaller water slide (perhaps in the kid wading pool) for the younger kids to use. In the larger pool having multiple lanes for lap swimming is ideal and helps promote fitness in the community. In addition, it would be amazing if these lanes could be reserved for lap-swimming ALL THE TIME and not just very limited times. I personally lap swam in the past almost everyday, but it was challenging at times to fit it into my schedule due to the limited times it was available. It would be great to have this option just available whenever the pool is open. Having an eating area with picnic tables and shade would also be wonderful, very similar to how it is now.	1/1/2019 10:27 AM
117	It's obviously important that all age groups feel welcome at both facilities, but I think it would be nice if they each specialized in either younger attendees or older attendees--example, VFW could be decked out more for teenagers and Legion for youngsters, or visa versa. Shade! A mister for hot parents who don't want to jump in. Beach chairs.	12/31/2018 8:53 PM
118	A set up like Joanne's or Resch would be nice so all ages have relevant activities.	12/31/2018 4:40 PM
119	A zero depth pool for younger children.	12/30/2018 9:59 PM
120	1/Multi-age facilities- walk in zero depth with gradual increase for toddlers, young children and handicap accessibility 2/lap lanes, slides 3/swim lessons for children 4/early hour or late hour adult swim or water fitness classes, 5/evening movie night swims (floats), 6/Shaded areas in certain spots around the pools, 7/longer season - perhaps it could be a rotating thing where the last couple of weeks of August the pools stay open on one side one year, the other side the next if staffing is the main issue. 8/Any summer school opportunities with the local districts in exchange for student fees/state funding remuneration	12/30/2018 9:52 AM
121	I would enjoy a variety of diving boards. I also think a small zero depth pool for the babies is essential, as well as a small little splash pad. It would be really nice to have a slide similar to the east side YMCA where it is open during certain hours or days, say Slide Sundays. I don't want a water park, just a box pool with fun features. PLEASE invest money into getting chairs that recline and simple white plastic ones!!!!	12/29/2018 10:21 PM
122	Pool, lazy river, splash pad, kid area. The Falls in Cedar Falls Iowa has an awesome aquatic center. It would be a great place to look into...the legion side preferably.	12/29/2018 7:56 PM
123	Separate pool or splash pad for small children. Better concession area.	12/29/2018 7:41 AM
124	Zero entry, diving board, climbing wall or rope activities...and if possible a playground set that has water sprayers or climbing activities for younger toddlers and early ages in or near zero entry.	12/29/2018 7:40 AM
125	Water slide and diving boards at each facility	12/29/2018 2:18 AM
126	just a nice clean pool at Legion with The diving boards nothing fancy they have enough aquatic amusement style pools here . what I would love is for them to build an Olympic training type of pool at Legion. that would be worth the work etc. to have an outdoor Olympic training pool and no other fussy stuff. could draw in a lot of serious swimmers and keep it lively and busy all summer. and extend the opening and closing , Keep the pool open till the end of August maybe some people want to practice olympic training. etc.	12/29/2018 12:58 AM
127	Open family swim, swim lessons, diving boards.	12/28/2018 3:18 PM
128	A simple pool, baby pool and diving boards. Maybe have the deep end diving board pool separate from the regular pool (similar to the Broadview YMCA?)	12/28/2018 12:38 PM
129	A box pool sized similar to current one Three diving boards at various heights A water slide A kiddie pool A lazy river Men's	12/28/2018 11:59 AM
130	Classic box swim area that has depth ranging from 2.5 feet to 6 ft. This makes it relaxing to bring children of multiple ages. Jumping off the sides into a classic pool. Having a separate toddler pool with a splash feature would also be great if it was in the same area as the big pool - no fence. Diving board area. Swim lanes for lessons and lap swim.	12/28/2018 11:00 AM
131	A box pool similar in size to current pool. Three diving boards at heights similar to current ones. A water slide. A kiddie pool with bubbling fountains. A lazy river with water currents.	12/28/2018 10:47 AM
132	Aquatic facilities should address 3 stages of children - under 5, 5 to 9, and 9 plus.	12/28/2018 10:32 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

133	Diving boards, deeper swimming area and shallow swimming area for small children	12/28/2018 9:45 AM
134	Swimming lessons	12/28/2018 8:46 AM
135	Swimming pool and diving boards still along with some slides	12/28/2018 6:48 AM
136	Wave pool, adult pool, family areas covered areas, indoor and outdoor	12/27/2018 11:50 PM
137	I like the simple and spacious set up that currently exists at Legion and VFW. The large box pools provide lots of room. Also like the 3 boards w/ the diving well.	12/27/2018 7:23 PM
138	Zero depth entry pool that ends in a deep end with diving or slides	12/27/2018 5:35 PM
139	Diving board and baby pool	12/27/2018 5:01 PM
140	More seating. Lounge chairs and umbrellas.	12/27/2018 4:01 PM
141	More interactive pool equipment. Maybe a splash pad.	12/27/2018 3:42 PM
142	Cafeteria type seating, picnic type tables and a more full menu.	12/27/2018 2:01 PM
143	Two swimming pools at each site is key. Both pools are a part of the charm and history of our small community. Please don't change that. I don't understand the "Aquatic Center" idea. Pools, playground, and changing facility is all that is needed, just update.	12/27/2018 10:26 AM
144	Family friendly slides, more seating similar to the Resch Aquatic Center where there is tons of seating, tables and even a grass area with more seating. Zero depth entrance.	12/27/2018 10:22 AM
145	Q4 as worded is very confusing. As long as both have a variety of diving boards and swim lane capability, then I am fine. Slides would be a great add-on which would boost usage.	12/27/2018 10:05 AM
146	I would love to see diving boards remain. The bigger kids love them.	12/27/2018 9:25 AM
147	The ability to use the pools for recreation and sport. Recreation would include zero depth entry, water slides and water sprinkler tings. Sport would include lap pools and diving boards. I think its important to have both.	12/27/2018 9:12 AM
148	Pool, kids pools, splash pad	12/27/2018 8:21 AM
149	Features that are accessible to young and old, having a 'little kid' pool - and an 'adult' pool.	12/27/2018 8:21 AM
150	Replace the pools as they were.	12/27/2018 8:18 AM
151	I've been to the perfect aquatic facility...Tosa pool at Hoyt Park.	12/27/2018 7:48 AM
152	Pool diving boards simple	12/27/2018 6:59 AM
153	I know the kids love the diving boards so I would like to see them stay because not many pools have them anymore. I like the lap lane for adults and that adults get to stay in the pool during pool checks. And I LOVE that the young kids, babies have their own area. Maybe some water slides for us older kids ♥	12/26/2018 11:36 PM
154	An expanded swimming area to allow for multiple concurrent uses (aka lessons and lap swim). Or smaller lesson blocks (perhaps lessons 2-3 days a week instead of 5). Family fun (movie night, etc) plus some water aerobics, a few diving boards. More affordable passes to sell more.	12/26/2018 11:07 PM
155	Diving boards at different heights, deep end drop slide, decent sized 4ft shallow area for kids to jump and play in, benches and awnings inside fence area for viewing, kiddie pool with a squirting animal	12/26/2018 9:36 PM
156	A box pool with a diving board. Simple use, to swim, play and cool off. If a slide was optional, that would be a fun benefit.	12/26/2018 9:35 PM
157	Diving boards, shallow and deep ends	12/26/2018 9:30 PM
158	I love the box pools with diving, and separate kiddie pools as they are, but if one offered a slide, zero entry, or a spray area (spray area instead of a kiddie pool)... Those might be more enticing to new groups. I also think a small party room off the office would help bring in more rental income from birthday parties, etc.	12/26/2018 9:19 PM
159	Nothing new. Like the square pool with no frills.	12/26/2018 8:57 PM
160	For sure a heated pool, diving well with a high dive and low dive, maybe a slide. Lap area also. Also a good sound system for announcements and playing music.	12/26/2018 8:52 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

161	While having different facilities would be great they both should have enough for all age groups and be cost effective to maintain. Splash pads, lazy rivers are some good ideas if maintainable.	12/26/2018 8:08 PM
162	Doesn't need to be over the top, waterslide, sand bottom, wave pool, thingie. Basic box pools with a splash pad for littler kids that goes into a wade pool. I also like to see two dedicated swim lanes for those who are training or like to swim laps, with out getting jumped on or child collisions.	12/26/2018 8:00 PM
163	Slide, diving boards, lap board.	12/26/2018 7:56 PM
164	If we are going to have 2 pools close to each other, it would make sense for each one to be different but have our pool passes allow us to use both pools. Maybe one pool that is fairly basic with diving boards, maybe a sand area and water play for young kids, a grassy area that is still accessible to the pool to allow patrons to picnic and relax. The other pool could be a pool that offers more amenities such as a small water slide, diving boards (see design of the Neenah pool...it is great and not too big). Swimming lessons are key for each pool I would believe. Other ideas for extras could be more frequent movie nights, Father's Day Cannon ball contests, etc.	12/26/2018 7:47 PM
165	Splash pad and little kids pool bigger	12/26/2018 7:43 PM
166	A compatible combination for both children (aquatic activities, such as slides/diving boards) and adults, where the adult swim area is located away from the children's activities. Example: Aquatic center in Holmen, WI (just north of La Crosse, WI).	12/26/2018 7:34 PM
167	Both locations need to have a large fully functional pool with additional pool for small children. Water park type amenities are not necessary.	12/26/2018 7:28 PM
168	Splash pad Sun chairs Umbrellas	12/26/2018 7:20 PM
169	Honestly I feel the features of facilities that are currently in place are great! I like the idea of a separate wading pool for small children, but I really don't see a need for a lot of extra activities along with more expense.	12/26/2018 7:04 PM
170	I don't think legion would need any additional attractions or areas	12/26/2018 7:04 PM
171	Infant toddlers area. teen area	12/26/2018 6:38 PM
172	1-3 slides, diving boards, chairs available, zero entry for baby play.	12/26/2018 5:06 PM
173	Deep swimming area, high diving board, a shallow end for kids to goof off, hot tub for winter use, covered pool for use for winter.	12/26/2018 4:23 PM
174	Simple pools and diving boards as they are, just updated.	12/26/2018 3:40 PM
175	I'd like to see more splash pad type features for kids. I'd like to see a lap swim lane or two for adults. A hot tub/jacuzzi for adults would be great as well. More seating and picnic type tables with umbrellas would be welcome.	12/26/2018 3:24 PM
176	I'd love a large area for swimming, as my kids have taught themselves to swim at the pool.	12/26/2018 2:51 PM
177	My kids love diving boards. Also having a traditional size pool. Small slides could be nice.	12/26/2018 2:50 PM
178	Very similar to what we have now. We are not looking for anything extravagant.	12/26/2018 2:36 PM
179	Same features the pool as now and a water slide	12/26/2018 2:09 PM
180	Lap lanes and a variety of diving boards	12/26/2018 1:30 PM
181	Gravity pool with features for both young and older kids. Still have baby pool area to be able to contain little ones from larger pool area.	12/26/2018 1:17 PM
182	stay as a basic pool with diving boards. Possibly a large hot tub	12/26/2018 12:51 PM
183	Very friendly baby pool area	12/26/2018 12:43 PM
184	large pool as exists at Legion currently, a few diving boards. A zero entry kiddie pool.	12/26/2018 12:23 PM
185	Full size pool with diving available. No wave pool or slides. Just old fashion pool. Looking for peaceful and relaxing environment. More seating should be made available also. Enough to accommodate capacity as well. Maybe more sprinklers for little ones.	12/26/2018 12:16 PM
186	Kiddie pool, lap swim	12/26/2018 12:02 PM
187	Larger or more features added to the baby/infant pool.	12/26/2018 11:49 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

SurveyMonkey

188	Looking for a zero depth entry for babies and toddlers, waterslides and diving board for bigger kids and maybe lily pad or tubes for kids to walk across. Something for all ages to enjoy	12/26/2018 11:38 AM
189	We take our DePere grandkids. High and low diving boards, single pool, zero depth entry with a couple of small children features, lap lanes and a slide.	12/26/2018 11:21 AM
190	The same or larger swimming areas as Legion. Swimming lessons and diving boards.	12/26/2018 11:18 AM
191	A simple design appeals to me. My kids adore the three levels of diving boards. It allows for the progression of skills, like simply jumping in for little kids, to diving for intermediate, to tackling fears and gaining confidence on the high! I would like to see an area of gradual entry for babies and toddlers, but do not need an area far away from the pool since I need to watch several kids. Please keep it simple! We don't need a complex area, but more benches around the fence would be nice for viewing during swim lessons. Also the area is close enough my kids can walk and go by themselves, so I often don't go. My kids love the large area for open swimming, so I think that needs to be kept somehow. I asked my son (13) who grew up with the pool and he suggested a wave pool, but no slide or lazy river, but the wave pool would be amazing! Also he loves basketball in the water, so that needs an open area as well. My daughter (11) loves the wave pool idea and she thinks there are other options around town for a lazy river and slides, but a wave pool would be unique to De Pere. She used one on vacation and it remains her favorite water feature. My son (8) also thought a wave pool. But he thought one slide area with tubes would be fun. I know we sometimes go to the Tundra Lodge for those. Personally I don't think the local pool needs to have this. I love the simple idea and really just want a place to send the k pictures de to swim and beat the heat with water play. I vote simple design!!	12/26/2018 11:08 AM
192	Baby pool Splash pad Pool Diving boards 0 entry	12/26/2018 11:04 AM
193	More seating on pool deck.	12/26/2018 11:01 AM
194	I like legion just the way it is now. My kids love the diving boards. I wouldn't mind adding a couple water slides similar to what the resch aquatic center has. More seating would be great too. The kiddie area even though my kids are older could use a little slide or some kind of small play area to it.	12/26/2018 10:56 AM
195	Updated locker room facilities, keep diving boards, and enhanced concessions with healthy options. Keep swim lessons also.	12/26/2018 10:53 AM
196	Deck chairs. Shade areas. Lap lane.	12/26/2018 10:53 AM
197	I would like to see a facility that is welcoming to all ages. Infants through seniors. I have had a season pass at Legion for several years. Our daughter is 13 and uses the current pool on a regular basis. We have also been to Joanne's and Ashwaubemay. We need something different to attract people to the area. I find Joanne's is set up for younger families and there is nothing for teenagers to do. What I like about Legion now is the diving boards. It's great to see the kids challenge each other to get better on the diving boards. DO NOT TAKE THAT AWAY. Including flips. Joanne's does not alas flips. I think a couple lap lanes would also be nice. Make it assessable to seniors. We also need a better solution to infants and there parents watching them. I cannot tell you how many times I went to Legion the last couple on a hot summer day to take a dip in the pool. To find out it is closed because some kid took a shit in the pool. I would like to see a climbing wall, diving boards, lap area, seperate splash pad area for infants.	12/26/2018 10:52 AM
198	legion - diving boards and a slide going into our box pool, chairs available for patrons (small rental fee acceptable or free). A bigger sunning area would be nice.	12/26/2018 10:50 AM
199	I think the pools should remain neighborhood pools as they have in the past. I don't see any reason to make one of them an "aquatic center" since there are already a few of those within a 15 minute drive of DePere. If people are looking for that experience, they will use one of the centers that already exists. I think that one thing that makes DePere special to it's residents is it's "neighborhood feel" and I think leaving the pools as they is the way to maintain that. I am comfortable with small differences between the pools---a splash pad at one sight, for example---but I would not support an aquatic center.	12/26/2018 10:39 AM
200	More activities for teens. Larger water slide, more teen nights.	12/26/2018 10:35 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

201	The pools should essentially look the way they do today. This accomplishes five things: 1) keeps costs as low as possible, 2) differentiates us from our neighbors, 3) keeps old world De Pere charm intact, 4) allows the people to supervise their children easily, and 5) keeps the surrounding neighborhoods quaint. It should basically be combining the baby pool and the existing pool, thus allowing for ADA compliance. Add a few "baby" features (spray nozzles, spray umbrellas, etc), then cautiously transition into your general swimming area. This is where I have some hesitancy because I know as a parent it is daunting to allow the baby area to intermingle with the general pool, but I do think this is the best plan. It will just have to be very plainly pointed out where the shallow ends and the deeper areas begin. (perhaps a very narrow passageway, ropes, or kind of a "snaking" shape. The general swim area should have plenty of open space for free play, lessons, and plain old swimming. Diving boards including a high dive are a MUST. The only feature that could be added and I think could be the one difference between Legion and VFW would be a slide (ideally into a bath area rather than into the general pool for safety reasons).	12/26/2018 10:35 AM
202	Lap pool, 2 larger slides, 2 levels of diving boards, kiddie pool with kiddie play area. Similar to the East side YMCA or the Kroc Center play area. Zero entrance area. Hot tub where parents can sit while kids play? Lounge chairs/umbrellas	12/26/2018 10:29 AM
203	Each pool should have a baby pool area. Each pool should have swimming area for all ages to enjoy.	12/26/2018 10:27 AM
204	I would like to make sure to have a large enough Main pool area so that you can swim and play around with your own kids and other parents without being disturbed or splashed by people using the other features like a slide or diving board.	12/26/2018 10:23 AM
205	Diving boards Affordable Swim lessons	12/26/2018 10:21 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

Question 5

(VFW Pool Data)

Q5 Please describe in 250 words or less what features and activities you would like to see in the new aquatic facilities.

Answered: 57 Skipped: 6

VFW

#	RESPONSES	DATE
1	My kids really enjoy the diving boards and love having plenty of room to swim. Shallow area and deep end. A slide would be nice. I also like an area with zero entry with a little splash area.	1/14/2019 5:08 PM
2	Splash pads are universally enjoyed, do not need to be fenced or have hours of operation.	1/14/2019 9:41 AM
3	I would like to see zero access for small children, as well as deep end lanes for adults who want to get exercise.	1/14/2019 8:58 AM
4	I would like the basics. I don't think the pools need to have all the slides and etc. There are plenty of facilities in the area that offer these. Updating the pools so they can be used by disabled people is important. If the committee insists that the pools must have some extra feature, my vote would be for a lazy river around one end where people could enjoy the pool by just floating - not activity - just float.	1/14/2019 6:47 AM
5	I think It has to be financially appropriate. Taxes are getting higher, and the pools need to be reasonable. Create fundraisers to help offset the cost. Keep shade trees and plenty of benches. The changing rooms have been large, and that is nice.	1/12/2019 10:20 AM
6	Baby pool, toddler area, things squirting/fountains. NO DUMP BUCKETS!	1/11/2019 7:33 PM
7	NO lazy river. Zero entry. Legion and VFW both box pools. Mainly lots of open swim area that could maybe be roped for lane swimming during scheduled times. Some diving boards. Some basketball. To prevent congestion, different activities might require scheduled times. Get pro and con feedback from neighboring aquatic facilities before next public meeting. I understand trapped water lead to demise of VFW pool. Excavate entirely to avoid again.	1/11/2019 2:58 PM
8	Things that appeal to older kids 9+	1/8/2019 7:31 PM
9	We went down to Milwaukee for a wedding which was Tosa Pool at Hoyt Park in Wauwatosa. I would love to see something like that around here.	1/8/2019 6:25 PM
10	A pool that is deep enough for diving, large enough for lessons and other classes.	1/8/2019 6:12 PM
11	Swim lessons	1/8/2019 12:43 PM
12	Larger pool and kiddie pool area	1/8/2019 11:06 AM
13	Love the current VFW pool and lessons although I do see the benefit of a splash pad for younger kids and those that don't enjoy the pool when it's crowded. And zero entry is a FABULOUS feature.	1/8/2019 10:05 AM
14	I would like to see the VFW pool made into a aquatic center. Similar to the plans you guys had before. And with legion pool to just fix the problem with it upgrade it but keep the look of it.	1/7/2019 4:26 PM
15	An indoor pool is acceptable. Doesn't have to be fancy and expensive.	1/7/2019 9:30 AM
16	More seating and shaded areas. Perhaps areas that jut out. An area for kids to play basketball or volleyball.	1/7/2019 8:53 AM
17	An area for kids 4 years and younger and a zero entry pool would be great. A slide or a few slides may be beneficial along with a large deck area for sitting/lounging	1/7/2019 7:13 AM
18	Inside pool would be needed. Outside pool in Wisconsin for 3 months of use is silly.	1/6/2019 11:23 PM
19	Kid friendly (including toddlers) and shaded areas. Do not forget the number of Grandparents that will have kids there.	1/6/2019 10:50 PM
20	Keep it as simple as possible. We don't need a huge aquatic center. Some diving boards, a plane to swim, and a spot for young kids (zero depth etc)	1/6/2019 9:27 PM
21	Water activity that engages all ages. As my kids enter the tween age, I still want VFW to be a place they want to go	1/6/2019 9:23 PM

De Pere Pool Input

SurveyMonkey

22	My kids just love the nice pool and diving boards. We don't need anything fancy's Maybe a few umbrellas for shade and seating options.	1/6/2019 8:34 PM
23	Zero depth entry area. More shaded areas with large umbrellas on pool deck.	1/6/2019 8:18 PM
24	I would like to see activities for children AND adults. Swimming lessons and play time opportunities.	1/4/2019 8:42 AM
25	The ability to swim laps in the looks for adults or kids that want to at a designated time. Slide, diving boards, splash pad for toddlers. Good sound music system.	1/4/2019 7:22 AM
26	Deep dive area of 14 feet for swimming, diving boards, large swimming pool (similar to VFW size today), basketball hoop with enough balls. Outside the pool, larger area for laying in the sun. Plastic lounge chairs would be nice rather than just concrete!	1/3/2019 9:31 PM
27	Splash zone Shallow pool Fountains Slide	1/3/2019 8:05 PM
28	I would like to see a standard swimming pool at both locations. This would help make sure that swimming lessons can continue at both locations.	1/3/2019 12:59 PM
29	Swimming lessons Splash pad Slides, diving boards (similar to Ebb pool in Appleton), lap pool, concessions Multiple swimming classes	1/3/2019 12:30 PM
30	I'd like swimming space and a space to dive and maybe a slide or two/water fun for babies as well. Pretty much something that makes everyone from 0-60 happy.	1/3/2019 1:45 AM
31	At least three size diving boards, plenty of swimming space, full size lap lanes, adult swim nights for lap swim or lounging in the pool (maybe on typically low attendance nights)... that adult time during pool break is a godsend to relax while the kids get snacks, a slide, climbing area, area for the little kids to jump into the pool (but not quite ready yet for the boards), change the radio station away from country,	1/2/2019 9:08 PM
32	Water slide(s) Lazy River Diving boards Mirror Pollock in Oshkosh	1/2/2019 8:39 PM
33	This is a summer 2-3 month use facility no a lot of money is needed. . This should be a basic pool with a deep end tapered to a shallow end. Main use for swimming lessons and a place where 12-15 year-old's can go during the summer months when not in school. It should have some limited supervision. My children both used the old pools and it was a place they could go on their own and "socialize". My family has limited use now. But think it is important option for 12-15 year olds to go during the summer months. We don't plan to use it much, BUT I AM paying for the new pools.	1/2/2019 5:25 PM
34	Diving boards, lap pool	1/1/2019 12:19 AM
35	Both pools with the ability to hold swim lessons, as well as either a baby pool area or a zero entry with play things for little ones/those not strong swimmers.	12/29/2018 7:14 PM
36	At the bare minimum I would like to see a pool that reflects a modernized version of the old pool with diving boards, plenty of swimming area and a kiddie area. Ideally I would like to see a large shallow area with a water playplace and an area with waterslides.	12/28/2018 8:08 PM
37	We would like to see 0 entry, slides and diving boards. A separate splash pad for younger kids with sprinklers etc.	12/27/2018 7:33 PM
38	Little kid friendly area. Clean changing rooms/locker area/restrooms that are also child friendly (changing table)	12/27/2018 6:22 PM
39	Simple, redo vfw and upgrade lap swim lanes , add more , otherwise less is more with this pool.	12/27/2018 2:55 PM
40	a larger area for small children with a slide and more equipment to occupy them.	12/27/2018 2:48 PM
41	Splash pad! Or more stuff for younger kids to enjoy.	12/27/2018 2:47 PM
42	Zero entry depth, water slide big and small, Diving board	12/27/2018 1:48 PM
43	Medium Size waterslides, for kids maybe 10 and under. Resch Aquatic center is a good example of medium slides. Zero depth pool with maybe some splash pad features for the little ones.	12/27/2018 12:26 PM
44	My kiddos would love to see slides and space to just swim around as well!	12/27/2018 9:55 AM
45	something for everyone to do (babies, young kid, teens, adults, and seniors) tot pool, diving board, a water slide, sprayground features, leisure pool	12/27/2018 9:18 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

46	Zero entry into building and pool, changing rooms with doors, sink, soap, and bubbler that small kids can reach and turn in unassisted, continue swim lessons, same height diving boards as before, maybe a slide or two, still have an aquatic area for small kids to play, diaper changing stations in boy and girl locker rooms, umbrellas for shade	12/27/2018 8:55 AM
47	Pool, Kids pool, splash pad, water slides, fountains, swim lessons	12/27/2018 8:43 AM
48	Diving boards and a splash pad/wading pool	12/27/2018 8:31 AM
49	Diving boards, lap lanes, 0-depth entry, pool chairs (lots of them), interactive play area for toddlers and small children.	12/26/2018 8:27 PM
50	At least two new pools. One on each side with nice decking-including a shaded area. Nice changing facilities and bathrooms. There should also be kiddie pools on each side.	12/26/2018 7:39 PM
51	I would like to see a pool on both sides, zero entry for ease of elderly and toddlers. no separate splash pad. Look at surrounding communities and what has worked. And what hasn't. We frequent Berlin (close to our cottage), and it's great. Not huge, but something for everyone. Zero entry with a few "splash" options, water slide, diving boards, swim lanes, basketball hoops....	12/26/2018 7:29 PM
52	Pools. Normal pools to swim in	12/26/2018 5:04 PM
53	Please refer to the Kaukauna Pool. It is amazing! From the fee, changing/shower facility, zero entry pool with age appropriate water slides and diving boards.	12/26/2018 3:45 PM
54	Any type of fountain or splash pad in the area of the toddler pool	12/26/2018 12:52 PM
55	Zero depth entry. Water slide for young children and separate slide for older kids/adults. Shaded seating areas around the pool. Lounge chairs	12/26/2018 11:37 AM
56	Staying true to the small hometown vibe is essentially to our community. Keeping ample free swim area, diving boards, and swim lessons offering are of the utmost importance.	12/26/2018 11:11 AM
57	Zero entry. Slides. Regular pool area. Diving board.	12/26/2018 9:31 AM

Question 5

(Both Pools Data)

Q5 Please describe in 250 words or less what features and activities you would like to see in the new aquatic facilities.

Answered: 10 Skipped: 3

Both Pools

#	RESPONSES	DATE
1	Look up Erb pool and park in Appleton! That is the best model I have found for the variety of ages in my family! It has a beautiful park, locker room, and eating area. There should be a baby/toddler area, water slides, and pools with basketball hoops and diving boards. There could also be lap lanes and areas just to have fun swimming. They also provide toddler life jackets. It is nice as a couple, or with other moms, to be able to sit somewhere in the water on a bench where we can get cooled off but still see our kids. It is not always beneficial to be sitting on chairs away from the pool. Erb also has cabanas for those who need to be out of the sun. I do not like how the current pools completely separate the baby/toddler pools. When my older son wants to leave the baby area, I can't be 2 places at once.	1/8/2019 8:34 AM
2	Slides, water falls, sprinklers.	1/8/2019 7:58 AM
3	Picnic area. Shade. Sprinkler type area or fountain like area where kids can walk on pavement under a shower. Not all kids are comfortable in a pool so this area would accommodate them.	1/7/2019 10:15 AM
4	Diving pool, lap area, splash pad, zero entry	1/3/2019 6:40 PM
5	Zero-entry pool (easier for those with disabilities to enter & exit independently). Also a lazy river (even just a small circular one), again, easy for those with disabilities to enjoy (many with disabilities are unable to do the slides/ziplines/tubes/etc, so a lazy river is a fun option for those who cannot do the more physical structures).	1/3/2019 5:37 PM
6	Zero entry	1/3/2019 10:08 AM
7	Zero entry, a large tube slide, nice size pool. Spouts and playground	12/26/2018 8:05 PM
8	Out doors. Diving boards or slides.	12/26/2018 4:10 PM
9	More availability of shallow play space and splash pad for special needs and non swimmers.	12/26/2018 1:36 PM
10	Water slide, diving board,	12/26/2018 11:36 AM

Question 5

(Neither Pool Data)

Q5 Please describe in 250 words or less what features and activities you would like to see in the new aquatic facilities.

Answered: 22 Skipped: 7

Neither

#	RESPONSES	DATE
1	Lap lanes for lap swimming. Areas for children of all ages to play. Definitely, swimming lessons!	1/14/2019 10:36 AM
2	I would like to see swimming lessons and open swim continue to be available to De Pere residents at a very affordable family rate. Our children are now grown so we do not use the pool. However, I grew up using Legion pool as a child, and our children enjoyed it as well. De Pere is one of few communities left where children can safely bike to the city pool, take swimming lessons, have a snack, spend the afternoon swimming, and bike home with a beach towel draped around their neck. This is one of the charming, small town benefits (there are many) that adds to the magic of De Pere's appeal.	1/12/2019 5:41 PM
3	A pool that suits all ages. If ppl want a water park, they can drive to Resch or Joannes. Kids want a pool with diving boards.	1/11/2019 9:24 PM
4	Yes, the pools could have different amenities, like play equipment, etc. I would like two pools similar to what we have ie: Two Neighborhood Pools with swimming area, the dive well with 2 different height dive boards with the wade area in conjunction with the zero depth area entry to the swim area. Keep the swim area in similar size to what exists at each pool.	1/10/2019 9:01 AM
5	Swim lanes for high school swim teams can use for practice. Would be used by more if a lazy river, yoga and other exercise programs for seniors and youth, heated pool, swim lessons for kids and adults year round, water toys, life guard training. 0 entry to pool. A place to use all year, not 2-3 months use.	1/8/2019 6:24 PM
6	beach entry style pool for little kids, splash pad, waterslides that parents can go down with kids, lazy river	1/8/2019 10:46 AM
7	Facilities should be designed to accommodate all ages and abilities. They should be easy to maintain and designed with energy efficiency and be easy to maintain.	1/7/2019 6:44 PM
8	I'm fine with just the two pools. I think the pools just need to be replaced. If the new design would allow for the addition of some slides or other add-ons then that should be adequate.	1/7/2019 2:26 PM
9	I would like to see availability of year-round swimming lessons. We currently do not use either pool because of the limited availability of swimming lessons for our children. To move them from a year round program for the summer only and then back to the year round program for the remainder of the year doesn't make sense. I've heard great things about the De Pere youth lessons; we love the infant lessons at Syble Hopp. However, in talking with other parents, those of us who do not use the De Pere facilities/swim lessons do not use them because of the issue with continuity of lessons. Furthermore, we find ourselves using the pools in other communities/facilities (Ashwaubenon/YMCA) because our kids are familiar with those pools because of swimming lessons.	1/7/2019 11:39 AM
10	Whatever is cheapest.	1/7/2019 10:04 AM
11	Zero entry, slides of variety of sizes	1/6/2019 8:44 PM
12	More umbrella shading, baby area, heated pool.	1/4/2019 2:44 PM
13	I would like to see just the basic features in both pools. Nothing fancy. There are already enough high end aquatic facilities in the area (Colburn Pool, Joannes Aquatic Center, Resch Aquatic Center and Ashwaubomay lake. Just the basic activities, swim lessons geared to the young children. I don't want a tourist attraction that we have to spend \$ on to market and advertise and try to staff. I want both pools to be the same basic design and equal. I want them to have a small town/local/neighborhood feel. They do not have to be over the top, the pools just have to be enough for local residents. Keep it small. Just because we approved \$900000 should not mean we have to max that out.	1/4/2019 7:46 AM
14	More toddler/new swimmers activities & accessibility	1/3/2019 10:12 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

15	SIMPLE! Splashpad and generic pool- KISS principle. You're taxing the crap outta me.	1/2/2019 11:21 AM
16	No opinion. I feel very strongly that our city needs two outdoor pools	1/2/2019 10:55 AM
17	Easy access to the pool. Ability to use an inner tube	12/28/2018 1:41 PM
18	Question #4 is an either or question with yes or no answers. In addition, how can "things" compliment each other? Do you mean complement? If you mean the latter, yes, they should be complementary.	12/27/2018 11:39 AM
19	Diving wells. Zero entry area. Slides. Picnic tables. Many concessions offerings.	12/27/2018 9:14 AM
20	Water playground, large water slide, lazy river, splash pad. Picnic tables with sun shade, extra-large umbrellas, lounge chairs.	12/27/2018 8:45 AM
21	Slide, diving boards, aqua aerobics, swim lessons	12/26/2018 10:56 PM
22	swim lessons, swim teams, lap swim lanes, kiddie pool, birthday party room, community meeting room which could be used for senior activities (cards, bingo, movies, yoga, etc), lockers, showers, theme nights, picnic tables inside the fenced area	12/26/2018 9:41 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

Question 6 – Please describe in 250 words or less what you would like to see in the new buildings to be located at each aquatic facility.

(Data Summary)

This section is broken down into data from Legion Pool, VFW Pool, people attending both pools, and people attending neither pool.

Question 6

(Legion Pool Data)

Q6 Please describe in 250 words or less what you would like to see in the new buildings to be located at each aquatic facility.

Answered: 186 Skipped: 33

Legion

#	RESPONSES	DATE
1	Obviously ADA compliant for showers, restrooms and changing areas. Small secure lockers like those at Bay Park Square Mall (pay to lock and get money back when key unlocks the door or something to that affect). Separate entrance/exit for male/female.	1/14/2019 1:50 PM
2	A nice, clean updated dressing area with showers and lockers. Also updated, clean restrooms with more than one stall.	1/14/2019 12:53 PM
3	Easy access bathrooms, lockers, concessions	1/14/2019 9:40 AM
4	Private areas to change and hot water.	1/13/2019 10:34 PM
5	Improved and updated locker rooms and shower areas. Also improved concessions.	1/13/2019 10:21 PM
6	Updated bathrooms and changing rooms.	1/13/2019 9:53 PM
7	*A larger concession stand with more offerings *Privacy for changing and showering	1/13/2019 2:46 PM
8	Changing and showering facilities. Separate adult and youth or maybe a family area.if possible an area for fitness equipment	1/12/2019 10:30 PM
9	Focus on a large pool area & an area for younger children. Not lots of slides or water features.	1/11/2019 9:54 PM
10	Water fountains to REFILL bottles. FREE. Shaded areas. Lounge chairs More hooks to hang towels. lockers to secure cell phones \$ etc Fruit stand and umbrellas tables.	1/10/2019 7:35 PM
11	dressing areas, lockers, individual showers as well as a rinse off group shower area, toilets	1/10/2019 7:28 PM
12	I like the locker area at the Kroc center lots of lockers (big and small) family type locker rooms Snack area like legion had but larger	1/10/2019 6:04 PM
13	Private changing areas and secure lockers. Nice snack bar.	1/9/2019 8:53 PM
14	Anti slippery tile or flooring in bathrooms that is easy to clean instead of concrete. More family changing areas with changing areas for diaper changing. Somelarge shower areas for like rinsing before and after swimming.	1/9/2019 8:04 PM
15	Bathrooms Chainring area Showers	1/9/2019 4:25 PM
16	Basic is good. A place for the lifeguards to scan passes. Men's and women's locker room with showers and bath rooms.	1/9/2019 4:07 PM
17	The existing locker/bathroom facilities are very inadequate. New locker room and bathrooms along with changing rooms would be great. Also, a new concession area would be a great addition as well.	1/9/2019 3:51 PM
18	Safety (weather shelters) and responsible park employees	1/9/2019 2:35 PM
19	Handicap accessible facilities	1/9/2019 1:57 PM
20	Clean bathrooms, lockers, places to change privately, one slide at each park if it can be done affordably. Each park should have a concession stand.	1/9/2019 3:38 AM
21	I would definitely like to see showers, lockers, and a concessions stand.	1/9/2019 12:48 AM
22	Individual changing and showing stalls. Lockers. Direct bathroom access from the pool deck. Seating area for concessions.	1/8/2019 11:04 PM
23	A family locker room....the Kroc Center has a unique design for the locker rooms, a big open space for everyone with changing cabanas. Something like that would be nice or at least a family changing area. My son is 6 and still likes to be with me (and sometimes needs assistance getting off his wet suit) but I feel he is too old to come in the girls locker room with me.it would be nice if we could all stick together.	1/8/2019 9:19 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

24	Each site should have a modern multi purpose type facility with ample changing areas, benches, lockers, and showers. A reception area for checking in, rentals, and information; a small amount of seating in a lobby area, and perhaps a small concession area. A video board or screen with schedules and upcoming events would be useful. Make the facility large enough so that perhaps areas can be rented for private events or parties. Have an area where small bands could play in the evenings. Have the amenities cater to all age groups, and attendance will grow.	1/8/2019 7:19 PM
25	A basic building with a bathroom and changing area/showers would be fine. A concession area for the kids would be nice, too.	1/8/2019 5:25 PM
26	I would like the building to be cheaper to get in	1/8/2019 4:38 PM
27	Improved concessions, shaded picnic/pavilion area, and more private locker rooms.	1/8/2019 4:00 PM
28	Nothing special	1/8/2019 2:42 PM
29	My mother greatly prefers a pool that has Chairs.	1/8/2019 2:08 PM
30	Better locker rooms would be nice I suppose. Other than that we love Legion just as it is.	1/8/2019 12:39 PM
31	Family Area (rest rooms), concession stands, shower/locker room	1/8/2019 12:37 PM
32	Clean, updated dressing room and shower area that can be easily hosed out and sanitized on a daily basis.	1/8/2019 11:16 AM
33	Most important, enclosed PERSONAL changing areas in both the women's AND men's sides	1/8/2019 11:14 AM
34	Safe and secure changing rooms, concession bar, showers and lockers.	1/8/2019 10:52 AM
35	big enough to serve, but not overly spacious. maybe something the kids could do indoors for fun	1/8/2019 9:47 AM
36	Changing facilities and lockers and showers Food court with sitting	1/8/2019 9:23 AM
37	I would like the building to have one of those machines you put your wet bathing suit in and it spins it dry (like they have at the ymca). I would like an area that served healthy sandwiches, coffee, snacks and ice cream. Maybe a play area with air hockey and games you could hang out and play while waiting for swim lessons.	1/8/2019 9:19 AM
38	Private changing stalls for individuals/families. Improved concession areas within the fenced in pool space.	1/8/2019 9:07 AM
39	Shower and changing stalls, lockers	1/8/2019 8:32 AM
40	Shower facilities , lockers, more bathrooms concession stand	1/8/2019 8:16 AM
41	Shaded picnic area, updated ADA locker room facilities and updated concession areas. There could be a grassy area for sitting/picnicking/to take a break from swimming within the fenced in pool area.	1/8/2019 8:13 AM
42	Keep it simple	1/8/2019 6:34 AM
43	Again, simple snacks and such however an addition of more shading and chairs would be beneficial	1/8/2019 6:23 AM
44	Better & healthier concessions. Maybe a smoothie bar. Better changing area for families	1/8/2019 6:06 AM
45	Clean, fun, accessible to all	1/8/2019 5:40 AM
46	Changing rooms, concessions with seating	1/8/2019 3:51 AM
47	Lockers, added changing areas	1/8/2019 1:28 AM
48	Better locker rooms and concession areas	1/8/2019 12:14 AM
49	Nice bathrooms and maybe a place for birthday parties and gatherings.	1/7/2019 11:32 PM
50	Lockers, showers & bathroom.	1/7/2019 11:24 PM
51	See above	1/7/2019 10:47 PM
52	lockers	1/7/2019 10:20 PM
53	Doors on changing stalls. Well sinks Showers Locker cubby for personals	1/7/2019 10:18 PM
54	Clean. Fresh. Concessions	1/7/2019 10:15 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

55	A more brightly lit changing room would be nice. Air hand dryers instead of towels. Showers with adjustable height shower heads so little ones can shower more easily. Perhaps a small covered area or a few large stationary umbrellas to allow more shade for those sitting along the pool.	1/7/2019 10:07 PM
56	Whatever is needed for administrative needs.	1/7/2019 10:06 PM
57	Lockers snacks water items small room	1/7/2019 9:49 PM
58	Better food choices and spots for picnic lunches. Better shower and locker rooms with maybe a community hot tub.	1/7/2019 9:47 PM
59	I don't want one	1/7/2019 9:42 PM
60	A indoor/outdoor pool	1/7/2019 9:42 PM
61	Family locker rooms, please! As it is now my son age 15, who is also intellectually impaired, has to enter and use the men's locker room without any supervision because I must enter and exit through the women's locker room. Because of this I can't have him shower or use the restrooms because he doesn't have anyone to help him. When he has had to use the restrooms I have no idea what is going on and it leaves him vulnerable to anyone who may wish to prey on him. He has come out of the restroom with his swim suit baring his genitals because he couldn't fix it himself. He also has nowhere to change and must wear his wet swimsuit home in the car. Please keep the needs and safety of the disabled in mind.	1/7/2019 7:00 PM
62	changing rooms that protect children. ie Kroc cabana changing rooms	1/7/2019 6:12 PM
63	Ample space in the locker rooms, benches for people to observe swimming lessons, etc.	1/7/2019 6:04 PM
64	We would like to see showers that have temperature control at each facility and an area for nursing mothers.	1/7/2019 4:38 PM
65	Updated locker rooms	1/7/2019 1:57 PM
66	Include a sit down snack facility away from the pool area but within viewing sight of the pools. Shower and changing areas go without saying. A warming area for ice skaters in the winter.	1/7/2019 1:01 PM
67	concession stand, family changing rooms, coin operated outside lockers	1/7/2019 12:51 PM
68	Maybe changing stations for small children if they do not already exist to make it easier in the bathroom or locker areas.	1/7/2019 10:58 AM
69	locker rooms with lockers, private showers, family facilities	1/7/2019 9:07 AM
70	Plenty of locker room space with showers. Basically enough space that it isn't overly crowded when busy.	1/7/2019 7:42 AM
71	2 pools with areas for all ages.	1/7/2019 7:13 AM
72	A beautiful clean and comfortable environment for families to spend time at.	1/7/2019 7:03 AM
73	More stalls for changing and a swimsuit dryer. It's a spinner machine that extracts the water in 1 minute.	1/7/2019 5:22 AM
74	Changing rooms, private showers, concession area, shaded areas and picnic areas. Perhaps a multi purpose building for health classes such as yoga. The building could also be rented out for special events.	1/6/2019 10:42 PM
75	Shade areas around the pools. More privacy and updated locker rooms with actual storage lockers and private changing facilities. A gathering places with picnic tables - perhaps improved / expanded concessions with a pavilion area for picnic lunches, birthday parties, food truck events, etc.	1/6/2019 9:03 PM
76	Clean locker rooms, private changing stalls, showers and bathrooms; possibly a rental area for private parties connected to the pool; snacks for sale	1/6/2019 6:05 PM
77	Showers. Lockers and dressing area. Place to obtain snacks.	1/6/2019 5:48 PM
78	Updated shower and bathroom with separate stalls in the shower area.	1/6/2019 10:44 AM
79	Family changing rooms	1/5/2019 9:44 PM
80	nice bathrooms, a safe place to put clothing, good concessions, showers	1/5/2019 1:47 PM
81	showers, changing rooms and lockers, bathrooms	1/4/2019 11:24 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

82	Just upgrades. I don't think we need anything fancy. Keep the cost down, just get things current, and a little bit shiny.	1/4/2019 10:19 AM
83	Family dressing rooms, 18 and older dressing rooms.	1/4/2019 7:23 AM
84	Modern showers and toilets and more privacy in the changing area; modernized check in system for pass holders and those buying a day pass; updated concessions, perhaps with healthier options?	1/4/2019 7:23 AM
85	Lockers on both sides, changing area, area for life guards, refreshment area	1/4/2019 6:46 AM
86	Updated locker rooms and concessions	1/4/2019 6:35 AM
87	Update bathrooms and showers, bigger changing stalls for family use. Brighter and better lighting or more natural lighting (so dark and musky currently). Maybe money allocated for a designated staff member to maintain the bathrooms/showers cleanliness each shift.	1/4/2019 5:47 AM
88	Family friendly changing spaces, restrooms and snack area.	1/3/2019 10:11 PM
89	Bathrooms that meet requirements with family friendly locker rooms or a place for both genders to enter the pool area. (For handicap or disabled members who need assistance that could be from the opposite gender) Appropriate changing areas in both gender locker rooms.	1/3/2019 9:49 PM
90	Lockers? Individual showers? Is that what you're asking regarding building specific features? I'm not overly concerned with those specific features. You're only in the building for a minute to get outside to the pool, right? Unless we're talking about throwing an arcade and pizza joint in there or something. My kids would love that :)	1/3/2019 5:03 PM
91	Concession stand, obviously ADA accessible	1/3/2019 3:46 PM
92	Concession stand with inexpensive treats Bathrooms	1/3/2019 3:25 PM
93	Some private dressing stalls for both men/women locker rooms.	1/3/2019 10:39 AM
94	More consession options, lockers, more family friendly dressing areas, more seating around the pool	1/3/2019 8:22 AM
95	Locker room, concession stand.	1/3/2019 7:47 AM
96	Changing area, separate shower area, and lockers with locks.	1/2/2019 10:44 PM
97	Family locker rooms, expanded concessions, play area, an amphitheater would be a stretch but cool. It's a long shot, but consider putting in a kegerator in the concessions at Legion. You could then feature concerts in your amphitheater during the spring, summer, fall and serve beer/wine. Milwaukee serves beer in some of their parks for reference (Humboldt Park for sure).	1/2/2019 9:36 PM
98	Lockers with coin/key access. Showers with close access to lockers. Changing rooms with/without restroom/showers (similar to Kroc Center) Maybe Family area between for single parents with both gender children.	1/2/2019 9:21 PM
99	Nicer locker rooms and bathrooms. A larger concession stand	1/2/2019 7:52 PM
100	Concession areas in the pool area that feature coffee/smoothies snacks for parents who want to bring kids to pool and let them swim.	1/2/2019 7:42 PM
101	clean changing areas, healthier concessions, some grass/trees/plants/natural elements, keep some mid-century modern character, green/sustainable design	1/2/2019 7:14 PM
102	Outdoor concession stand seating	1/2/2019 1:05 PM
103	What if there was an indoor and outdoor option? Why not just see the pool as a summer activity? If you had an indoor option, it would be used all year round and you would charge additional fees for the winter months. Besides the standard changing rooms, ice cream stand, etc. I don't have any other recommendations.	1/1/2019 10:28 AM
104	Bubblers with a water bottle refill station to be able to fill-up non-disposable water bottles easily from the pool area. This is probably a long-shot...but it would be incredible to have both an indoor and outdoor pool option so that the pool could be used year round. We don't have a YMCA so having an option to use aquatic facilities in the colder months would be such a blessing to the DePere residents, as well as to promote our community and appeal to live in the area.	1/1/2019 10:27 AM

SurveyMonkey

105	Heated floors! Also, it would be nice to have the concessions be accessible from both the outside of the pool and the inside--like, put the concession store on a corner of the building with windows on two different walls. I know you don't want people walking around the pool with food, but Legion currently has a picnic area set apart but still within the pool fencing--this would be used so much more if people could purchase concessions in that area. Another option would just be to have a vending machine inside the pool area.	12/31/2018 8:53 PM
106	I think the current building at Legion is good. Bathrooms, showers and changing rooms. The concessions are nice as well.	12/31/2018 4:40 PM
107	Private changing rooms. Shaded areas near the pools to allow for breaks from the sun.	12/30/2018 9:59 PM
108	1/Modern, clean changing areas and showers, 2/restrooms available during swim, but then also available to general public after the pools close (adult ball games, Pink Flamingo, etc.)...doors on the interior and exterior, locking out one side or the other to keep kids safe, nonpaying folks out during pool hours. 3/Park shelters or community rooms that could be used for summer park programs and available for public to reserve/rent.	12/30/2018 9:52 AM
109	Outdoor lockers would be a great feature. I don't care much about the building or shower facilities. I mostly care about the pool itself.	12/29/2018 10:21 PM
110	Concessions a place to rent for parties.	12/29/2018 7:56 PM
111	Larger outdoor area for eating. Stroller parking, bike rack.	12/29/2018 7:41 AM
112	Lockers, toilets, showers, suit dryer/spinner. Dual purpose enclosure for ice skating and pool use to maximize facility. Concessions for both seasons. Allow for possible future expansion of mini golf or selling of discs for disc golf, scorecards.	12/29/2018 7:40 AM
113	Actual lockers please. Lol	12/29/2018 2:18 AM
114	clean, painted ,maybe nice lockers, clean up-to-date showers, just crisp and clean and have nice comfy chairs for the people who work there to sit in.	12/29/2018 12:58 AM
115	Changing rooms, bathrooms, small concession stand.	12/28/2018 3:18 PM
116	concession stand, showers	12/28/2018 12:38 PM
117	Men's and women's locker rooms with lockers Four family locker rooms Concession stand Pool side canopies	12/28/2018 11:59 AM
118	Clean bathroom and changing facilities. Lounge chairs on pool deck.	12/28/2018 11:00 AM
119	Men's and women's locker rooms with individual sized lockers. Four family locker rooms. Concession stand.	12/28/2018 10:47 AM
120	Changing facilities that cater to the 3 stages of children. Children under 5 would need assistance from an adult.	12/28/2018 10:32 AM
121	Locker rooms, showers, concession stand	12/28/2018 9:45 AM
122	Family changing rooms	12/28/2018 8:46 AM
123	State of the art buildings that can be utilized by a variety of groups	12/27/2018 11:50 PM
124	Simple changing rooms with showering facilities.	12/27/2018 7:23 PM
125	Family bathroom and shower area	12/27/2018 5:35 PM
126	Concessions,Showers,Lockers	12/27/2018 5:01 PM
127	Just a refresh	12/27/2018 4:01 PM
128	I would like to see the Legion pool have an indoor pool that could be utilized by East De Pere swim teams.	12/27/2018 2:01 PM
129	Nothing extensive is needed. Similar to what is at each site now, updated	12/27/2018 10:26 AM
130	I would like the concession stand to be open in the pool area - right now we have to leave the pool to get a snack. I would purchase more snacks if it were right there. I would also feel safer allowing my kids to go by themselves to get snacks if it were right there. Private showers, updated bathrooms and locker rooms.	12/27/2018 10:22 AM
131	I would suggest an expansion in concession as well as locker rooms. Locker rooms could include private showers or curtains. Having lockers would be a great thing.	12/27/2018 10:05 AM

SurveyMonkey

132	I would love to have a bigger shower area and dressing room	12/27/2018 9:25 AM
133	Private and family changing rooms and showers. Large shaded areas or umbrellas. Concessions located inside the pool area.	12/27/2018 9:12 AM
134	Changing rooms, showers, concessions that could be shared with ball fields.	12/27/2018 8:21 AM
135	Locker rooms, concession stands, showers, options for swim lessons (?).	12/27/2018 8:21 AM
136	I've been to the perfect aquatic facility...Tosa pool at Hoyt Park.	12/27/2018 7:48 AM
137	Standard pool building, restrooms showers etc	12/27/2018 6:59 AM
138	A nice snack counter. Nice showers. A good stereo system, music is good. Private changing areas.	12/26/2018 11:36 PM
139	Simple can be good. In addition to men's and women's, I would like to see family changing rooms. Perhaps a small area with tables that allows food/drinks with a view of the pool. More space on the pool deck to spread out.	12/26/2018 11:07 PM
140	Updated locker rooms and concession area and front check in area	12/26/2018 9:36 PM
141	A bathhouse to use for changing, showering, bathroom. Concessions. Simple/purposeful.	12/26/2018 9:35 PM
142	Baby pool, big pool with shallow to deep, swim lane capabilities, dining boards	12/26/2018 9:30 PM
143	Keep rental baskets or have coin operated lockers, concessions (or vending)... small party room to help foster a rental system.	12/26/2018 9:19 PM
144	Better changing areas. Better shower areas. Lockers in the changing areas.	12/26/2018 8:57 PM
145	A nice sized bathroom with clean newer private showers and private areas to change. With hot water.	12/26/2018 8:52 PM
146	The buildings need to be usable for days when weather closes the pool. Game room, hot tub and activities to keep people around and bring in easy money.	12/26/2018 8:08 PM
147	again nothing fancy, basic amenities that accommodate all types of people.	12/26/2018 8:00 PM
148	Separate changing area from shower area so the floors stay dry in dressing areas.	12/26/2018 7:56 PM
149	Keep it simple...a place to change, possibly lockers, restrooms, and showers.	12/26/2018 7:47 PM
150	Family changing room for families with multiple little ones	12/26/2018 7:43 PM
151	Can we not just update the existing buildings, ie., bring facilities up to code and replace plumbing fixtures?	12/26/2018 7:34 PM
152	Changing rooms along with lockers should be provided. Food beverage services would be a nice added income generating.	12/26/2018 7:28 PM
153	Lockers	12/26/2018 7:20 PM
154	Ample bathrooms and dressing rooms. Concessions	12/26/2018 7:04 PM
155	More convenient concessions and maybe some chairs	12/26/2018 7:04 PM
156	Semi private for family changing area	12/26/2018 6:38 PM
157	Cleaner more up to date changing area and showers.	12/26/2018 5:06 PM
158	Private changing rooms.	12/26/2018 4:23 PM
159	Same as they are, just updated. Nothing fancy	12/26/2018 3:40 PM
160	I think it would be great if lunch foods were served at the concession stand. Families might visit more frequently if there were easy lunch type options like hot dogs, pizza, or subs available.	12/26/2018 3:24 PM
161	Private changing areas within a locker room.	12/26/2018 2:50 PM
162	Again, similar type of locker/shower rooms.	12/26/2018 2:36 PM
163	Not really	12/26/2018 2:09 PM
164	Clean bathrooms, quick showers, concessions	12/26/2018 1:30 PM
165	Concessions available. Space to rent out for parties. Nice showers and changing areas	12/26/2018 1:17 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

166	Updated locker rooms and concessions	12/26/2018 12:51 PM
167	Clean and functional locker rooms with large lockers for storage	12/26/2018 12:43 PM
168	Updated showering, restrooms, lockers and changing areas, no need for anything fancy, but an update will be nice	12/26/2018 12:23 PM
169	Separate Large area for families	12/26/2018 12:02 PM
170	Park activity shed added back to Legion Park. Game area. Better concessions. Larger locker room/changing areas, and family restroom facilities.	12/26/2018 11:49 AM
171	Dressing rooms with closing doors, showers, bathrooms, lockers	12/26/2018 11:38 AM
172	Family locker room	12/26/2018 11:21 AM
173	Bathrooms and changing area.	12/26/2018 11:18 AM
174	I would like an open, maybe curved design with multiple exits to the pool, bathrooms, and front desk area. It needs to have a back area for changing of course, but needs more doors and open space.	12/26/2018 11:08 AM
175	Changing stalls with locking doors instead of curtains and room enough for a parent and child at the same time.	12/26/2018 11:04 AM
176	Same features but with newer facilities, having one able to stay open all year would be nice.	12/26/2018 11:01 AM
177	Again I don't mind what legion currently has. But I definitely should be updated. Adding some lockers would be great too.	12/26/2018 10:56 AM
178	Fully accessible locker room	12/26/2018 10:53 AM
179	No opinion	12/26/2018 10:53 AM
180	Changing area, concession area or open it up to food trucks (I'm sure Sweet Frog would be all in). Updated sound system and maybe a screen for summer movies. Maybe video games for teenagers	12/26/2018 10:52 AM
181	A clean / restored dressing area without mold and a refreshed / painted building.	12/26/2018 10:50 AM
182	Clean private dressing areas,	12/26/2018 10:35 AM
183	The buildings should be as minimal as possible. Cheap, functional, clean.	12/26/2018 10:35 AM
184	A locker room with FREE keys/wristband/pin. Maybe a small indoor room that can be rented out for birthday parties? Concession stand?	12/26/2018 10:29 AM
185	There needs to be bathroom and changing area with lockers for men and women.	12/26/2018 10:27 AM
186	Changing rooms, bathrooms. Shared showers are fine.	12/26/2018 10:23 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

Question 6

(VFW Pool Data)

Q6 Please describe in 250 words or less what you would like to see in the new buildings to be located at each aquatic facility.

Answered: 51 Skipped: 12

VFW

#	RESPONSES	DATE
1	Changing facilities, showers, restrooms, lockers, concessions.	1/14/2019 5:08 PM
2	Private showers and changing stations.	1/14/2019 9:41 AM
3	Simple toilets and showers would be enough. It would be nice if any of the adult swim lanes could be located indoors at VFW, but I understand that it is incredibly costly and probably not within the budget. There are very few indoor swimming options that are cost effective in De Pere.	1/14/2019 8:58 AM
4	Clean, easy to keep clean and cleaned often.	1/14/2019 6:47 AM
5	Don't care.	1/11/2019 7:33 PM
6	Provide hot and cold reasonably priced choices in concession building. In pool building plan for convenient ample traffic flow. Follow ideas presented by blonde lady at Jan. 7 input meeting.	1/11/2019 2:58 PM
7	Locker room and concessions	1/8/2019 6:12 PM
8	Swim lessons	1/8/2019 12:43 PM
9	The VFW desperately needs better locker rooms with a ROOF!!! And it would be great to have the concession stand in the same building.	1/8/2019 10:05 AM
10	I would like to be able to have lockers with locks. A better place with more privacy to change.	1/7/2019 4:26 PM
11	A pool is enough. A place where kids can learn to swim and can have fun swimming.	1/7/2019 9:30 AM
12	Concessions, clean and stocked restrooms. Large changing rooms.	1/7/2019 8:53 AM
13	Large changing rooms or family rooms.	1/7/2019 7:13 AM
14	Splash pad or slide features make sense if able to be budgeted. I think an indoor option is key.	1/6/2019 11:23 PM
15	Concessions and rest areas. Small lockers for keys and cash would be a bonus.	1/6/2019 10:50 PM
16	A clean place to change/restrooms/showers	1/6/2019 9:27 PM
17	Consider all ages	1/6/2019 9:23 PM
18	We used the pool lots last summer and we are hoping it will be open this summer as well. My kids love the pool and diving boards.	1/6/2019 8:34 PM
19	It would be nice if there was some sort of lap pool that adults can go to. Right now, the closest fitness facility with a pool is in Green Bay.	1/4/2019 8:42 AM
20	Private showers, lockers.	1/4/2019 7:22 AM
21	Updated changing area with lockers and snack area.	1/3/2019 9:31 PM
22	More shelter Diaper changing station More concessions	1/3/2019 8:05 PM
23	I would like to see more private changing areas (VFW only had 4 private changing stalls available). A partially roofed changing area would also be helpful.	1/3/2019 12:59 PM
24	Changing facilities, concessions, again similar to Ebb pool in Appleton or the Monona pool near Madison	1/3/2019 12:30 PM
25	Locker space to store your things in instead of a space basket on shelves. More privacy in the shower area and more sections somewhat closed off so females/families have more privacy in different situations.	1/3/2019 1:45 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

26	Bigger bathrooms, please. Clean bathrooms. The bathrooms are so disgusting. The cleanliness of the whole facility has been poor at best. Family changing areas. Difficult for parents bringing kids of opposite gender. Single occupant changing area for those who don't feel comfortable changing right in the main changing area. Also, trans individuals need a safe place to change/use the bathroom. Must be an inclusive place. Locker options. More than 3 bathroom stalls. Showers that don't hurt.	1/2/2019 9:08 PM
27	Locker rooms, bathrooms, concessions (take a look at Pollock Pool...it's amazing	1/2/2019 8:39 PM
28	A changing room, bath rooms and a snack stand. A basic pool,,, with one or two slides. Nothing fancy, this is a seasonal 2-3 month limited use item. you don't need to spend a lot of money on deluxe features that will only be used 2 months per year.	1/2/2019 5:25 PM
29	Family locker rooms	1/1/2019 12:19 AM
30	Bathroom and locker rooms with room for family changing areas.	12/29/2018 7:14 PM
31	I think building located at the aquatic facilities could offer family changing areas, locker access, and could have an adjacent building for snacks, food, or other pool related merchandise (Goggles, nose plugs, water toys, etc.)	12/28/2018 8:08 PM
32	We would enjoy healthy concessions, changing rooms with solid doors rather than curtains and separate from the restrooms.	12/27/2018 7:33 PM
33	Public area to host private functions at (maybe season round).	12/27/2018 6:22 PM
34	Updated bathrooms and changing facilities	12/27/2018 2:55 PM
35	concessions and admission all in one building. better, enclosed changing areas.	12/27/2018 2:48 PM
36	Showers, concessions, day lockers	12/27/2018 1:48 PM
37	Buildings should have locker rooms, family changing stalls and bath rooms. Maybe a small concession area. WiFi would be nice for the waiting parents.	12/27/2018 12:26 PM
38	A snack stand inside the buildings would be nice, with picnic tables to be able to eat. In the bathrooms lockers would be nice that you can rent for the day so you can put your personal items in there.	12/27/2018 9:55 AM
39	a men's and women's locker room, a family restroom and equipment storage space, concession space	12/27/2018 9:18 AM
40	See previous response	12/27/2018 8:55 AM
41	Locker rooms, food & drink, arcade, games	12/27/2018 8:43 AM
42	Changing rooms, lockers, showers, restrooms	12/27/2018 8:31 AM
43	Family changing rooms, showers, locker rooms with locks on lockers, hair dryers. A swim shop with swim diapers, sun screen, and goggles to purchase.	12/26/2018 8:27 PM
44	Minimum of changing rooms, bathrooms and and area for food. More picnic tables some with shade	12/26/2018 7:39 PM
45	!? Honestly I think one should be an indoor year round facility. The current pools are open 6-8 weeks.... Thats alot of \$\$\$ for very little time. We have no swim team for either school district, no where for elderly classes or year round swim lessons	12/26/2018 7:29 PM
46	Normal as they are	12/26/2018 5:04 PM
47	Large pool with multiple water slides for all ages. Mushroom water feature for small children with zero depth entry.	12/26/2018 3:45 PM
48	No opinion	12/26/2018 12:52 PM
49	Concession stand. Family changing areas.	12/26/2018 11:37 AM
50	Individual showers available in addition to group shower. Keep current offerings: changing room area (open and private options) free and secure place to keep belongings, bathrooms, concession stand, and shack for summer program activities	12/26/2018 11:11 AM
51	Concessions. Pavilions	12/26/2018 9:31 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

Question 6

(Both Pools Data)

Q6 Please describe in 250 words or less what you would like to see in the new buildings to be located at each aquatic facility.

Answered: 9 Skipped: 4

Both Pools

#	RESPONSES	DATE
1	The facility should have an area where moms can bring snacks during pool check times. There should be a variety of snacks for kids/teens to purchase. Erb pool and park is a perfect model in my opinion!	1/8/2019 8:34 AM
2	Concession stand. Area to celebrate birthdays.	1/8/2019 7:58 AM
3	Bathrooms and dressing area	1/7/2019 10:15 AM
4	Bathroom, shower, lockers, benches	1/3/2019 6:40 PM
5	Indoor heated year-round swimming	1/3/2019 5:37 PM
6	Improved changing area	1/3/2019 10:08 AM
7	Enclosed with showers and dressing room.	12/26/2018 8:05 PM
8	clean showers, restrooms and changing areas	12/26/2018 1:36 PM
9	Covered changing facilities	12/26/2018 11:36 AM

Question 6

(Neither Pool Data)

Q6 Please describe in 250 words or less what you would like to see in the new buildings to be located at each aquatic facility.

Answered: 20 Skipped: 9

Neither

#	RESPONSES	DATE
1	Area to relax, have a snack or drink while hanging out with friends. Maybe an area for resistance work.	1/14/2019 10:36 AM
2	Concessions & locker rooms & bathrooms	1/11/2019 9:24 PM
3	The changing area should be larger with privacy rooms. The change area should have lockers, so people can store their personal effects in a secure place. Have the concessions stand accessible from the locker, pool and outside area to also serve those who just came to watch friends and relatives. The concession stand could be open thru 3 windows to serve locker, pool and outside area.	1/10/2019 9:01 AM
4	Inside, up dated, shower and lockers rooms and more bathrooms, better food stand or restaurant (could be open all year) elevators, and a building that is used year round doors could open to the summer sun and close at night and winter months.	1/8/2019 6:24 PM
5	clean locker rooms with showers, family style for families with little kids or disabled as a portion of facility would also be great. Snacks!	1/8/2019 10:46 AM
6	Any structures should be designed with security in mind, making it difficult for social deviants to prey on unsuspecting victims.	1/7/2019 6:44 PM
7	I really think you should add a musical stage to the Legion site. One of the most popular draws to the park is the Pink Flamingo event and the concert from Big Mouth and the Power Tool Horns. Creating additional musical events and other fests then would have a place, they do not have now.	1/7/2019 2:26 PM
8	Family friendly facilities separate from the general locker rooms that include showers, changing rooms, etc. Indoor/outdoor continuity of activities/services with facilities that can be used year round.	1/7/2019 11:39 AM
9	Cash registers.	1/7/2019 10:04 AM
10	Locker room, showers, bathrooms, water fountains, concession stand with seating	1/6/2019 8:44 PM
11	Lots of shower and bathroom stalls and bigger doors that would fit double wide strollers.	1/4/2019 2:44 PM
12	Just the basics. Bathrooms, small locker rooms, just a small snack bar. Something easy to keep clean that does not need major staffing. Its to hard to find summer help for these kind of positions. Teens are to busy during the summer with other things to fill these kind of jobs.	1/4/2019 7:46 AM
13	Bathrooms, changing stalls. No showers, you can shower at home, no need for that feature.	1/2/2019 11:21 AM
14	ADA accessibility	1/2/2019 10:55 AM
15	Locker room, shower facility, snack shop	12/28/2018 1:41 PM
16	A changing area; lockers; showers; concession stand.	12/27/2018 11:39 AM
17	Family changing rooms.	12/27/2018 9:14 AM
18	Private changing cabanas with sinks, toilets and showers. Swim shifter wringer (not hand-cranked).	12/27/2018 8:45 AM
19	Individual showers and changing rooms, lockers	12/26/2018 10:56 PM
20	healthy snacks and drinks, "parking lot" for cell phones and other electronics	12/26/2018 9:41 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

Question 7 – Please list any suggestions you have in 250 words or less that will be beneficial to the Board of Park Commissioners related to constructing the new aquatic facilities.

(Data Summary)

This section is broken down into data from Legion Pool, VFW Pool, people attending both pools, and people attending neither pool.

Question 7

(Legion Pool Data)

Q7 Please list any suggestions you have in 250 words or less that will be beneficial to the Board of Park Commissioners related to constructing the new aquatic facilities.

Answered: 133 Skipped: 86

Legion

#	RESPONSES	DATE
1	Don't go overboard with too many amenities or make them costly to maintain - keep it simple. I believe most kids just want to play around in the water. I grew up at Legion Pool and we didn't have any fancy amenities - we made up our own games to play in the water - and we weren't allowed to have balls, floats or anything else to bring into the pool and we still had tons of fun!	1/14/2019 1:50 PM
2	Try to keep everyone's needs and wants in mind when choosing a design and make it cost effective.	1/14/2019 12:53 PM
3	Please keep the entrance fee affordable.	1/14/2019 9:40 AM
4	Thank you for all that you have done so far, we really appreciate it!	1/13/2019 10:34 PM
5	I am fine if the pools are complimentary, it may get people to spend their time at both pools. The high dive is unique to the De Pere pools and it would be great to keep the high dive!	1/13/2019 10:21 PM
6	I thought of a question after the pool meeting. Has there been thought given to whether the pool will use chlorine or salt water? I have used salt water pools and it is nice to not have that chemical smell in everything. I'm sure there are other reasons to favor using salt water.	1/13/2019 2:46 PM
7	Please make it a functional area for kids, adult and families	1/12/2019 10:30 PM
8	Family friendly area where children can learn to swim & play. Not try to create a water park type facility.	1/11/2019 9:54 PM
9	Seem less tube slides otherwise the plastic can be sharp. Ouch. Safety first with everything considered. Climbing wall, sand play area, lazy river. Zero level water entry. Water bucket, splash pads or sprinklers. Trees ,Bike racks, solar panels to warm the water and clean toilets. Mediterranean canopy pergola vines	1/10/2019 7:35 PM
10	I feel if the price was less per family We would have more residents using the pools There fore less cost but more attending means more money to help support it And more happy families	1/10/2019 6:04 PM
11	So glad that I will be able to bring my future grandchild to the same pool that I brought my kids!	1/9/2019 8:53 PM
12	Keep it simple and not overdone. Make it user friendly and a place that all age groups will want to use	1/9/2019 8:04 PM
13	I like the idea of a splash pad area but not if it means that there won't be a good pool at both locations.	1/9/2019 4:25 PM
14	A shaded seating area. Bench seating to run roughly 3/4 of the outer pool area at the fence line rather than a minimum amount of bench's typically covered with towels.	1/9/2019 4:07 PM
15	Set up volunteer work so the community can build up the park	1/9/2019 2:35 PM
16	Please consider repairing, but not changing either pool, other than ensuring the pools are accessible to all.	1/9/2019 1:57 PM
17	stage the construction timeline to start before or after the pool "season" so everyone can continue to enjoy this welcome reprieve.	1/9/2019 12:12 PM
18	It doesn't have to be really fancy, but designed with safety, practicality, education, fun! Think about staffing needs for maximum child safety throughout the facility.	1/9/2019 3:38 AM
19	☐ Let me know when you are going to tear the old building down. My house is built with bricks that are the exact same color. I haven't been able to find any anywhere that are the exact same color. I need to replace approximately 18 - 20 of mine and would be willing to buy them from you after demolition. Thanks - Kurt 920-336-3282	1/9/2019 12:48 AM

De Pere Pool Input

SurveyMonkey

20	What are the possibilities for one of the pools to be an indoor and open all year round? Alternatively, could we convince the YMCA to build a facility on the east side allow De Pere to install a simpler pool at Legion.	1/8/2019 11:04 PM
21	I urge you to take a few minutes and look at the website for the Hoyt Park & Pool and adjacent Landing in Wauwatosa. I have family that lives there and goes to this facility weekly during the summer - it is a very popular destination. There are a large amount of water facilities for all ages, adjacent decks and "landings" that host numerous family activities; trivia nights, family games, bands, and so on. If you use the Hoyt facility as a model, this will be very successful.	1/8/2019 7:19 PM
22	I was happy with the current legion pool, so a new pool that has at least the same features and is functional is fine with me.	1/8/2019 5:25 PM
23	Really just looking for standard basic pools as existed before	1/8/2019 2:42 PM
24	Keep it simple- we already have aquatic facilities around us. A few additions to the pool--- diving boards, slide(s), zero entry, a few fountains in this area and a few other items in shallow area. Shaded area, and picnic area	1/8/2019 12:37 PM
25	Don't be short-sighted, investing in a quality aquatic centre could drastically change the draw of De Pere. Green Bay had the right idea with Joanne's, now De Pere has the opportunity to learn from them and improve on it. If you guys are "forward thinking" like your signs say you will invest in a quality centre.	1/8/2019 10:52 AM
26	If you offer two different types of facilities Do not offer kiddy at one and adult at the other I would like a swimming area with diving	1/8/2019 9:23 AM
27	Keep it simple. I feel simple features last longer and are less likely to break. Keeping it simple helps keep it affordable so all families can get summer passes. Maybe make a larger area with tables for lunch. It would be perfect if the free lunch served at optimist park in De Pere moved to legion. Make sure there is enough parking. I love the tennis courts. We did tennis lessons then swim lessons back to back. A running/walking track around the area might be nice.	1/8/2019 9:19 AM
28	Kids have fun in the pool swimming. They do not need something that is over the top, especially in the area where there are other aquatic options available. Keeping admission affordable for all is more important that a fancy aquatic facility.	1/8/2019 8:32 AM
29	Study on benefits of salt water pools	1/8/2019 8:16 AM
30	Nothing additional then as stated, above.	1/8/2019 8:13 AM
31	Considering indoor pool facilities as there aren't any available in De Pere.	1/8/2019 6:52 AM
32	Zero entry for younger Shade, simple covered areas Chairs	1/8/2019 6:23 AM
33	Please consider how individuals with disabilities can better access both the facility and activities here.	1/8/2019 5:40 AM
34	Keep it simple, kids want to hang out with friends, cool off, and grab a snack. Less is sometimes more.	1/8/2019 3:51 AM
35	Place to learn how to swim.	1/7/2019 11:32 PM
36	See above	1/7/2019 10:47 PM
37	I would like the focus to remain similar to what we have enjoyed for so long. Not too many special additions to the pool area. Extremely important to have a clear view of the entire swim area to keep track of multi aged children.	1/7/2019 10:18 PM
38	Keep it simple. Qe need a pool. All other aquatic apparatuses are a bonus.	1/7/2019 10:15 PM
39	I don't want an enormous water park, a smaller pool with a few simple water features would be perfect. Something safe and neighborly.	1/7/2019 10:07 PM
40	There is a residential water park in the village of Elk Grove, IL that would be a terrific model.	1/7/2019 10:06 PM
41	I think constructing complementary pools rather than identical pools is an excellent idea and a great way to keep the city unified. I hope to start using the new facilities soon!	1/7/2019 10:01 PM
42	Both pools are important!	1/7/2019 9:52 PM
43	Build one indoor with your aquatic center that could still be used for the schools swimming teams and a nice outdoor option. This would be the best of both worlds!	1/7/2019 9:47 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

44	More shaded areas for caregivers (and benches too!). What we love most about Legion pool is its simplicity. We don't need another indoor aquatic center with slides. There are plenty of those in the area. We just want to swim in the sunshine and jump off a great diving board - those are the things that make the De Pere pools unique in the area.	1/7/2019 7:00 PM
45	energy efficiency	1/7/2019 6:12 PM
46	Facilities on both sides.	1/7/2019 6:04 PM
47	Despite being one city in many ways we are two distinct communities. We have two school districts and the East side is already disadvantaged by not having its own community center. The community center caters to the West side. For example, despite having two different vacation schedules. The community center doesn't provide programming over the East side's spring break for kids even though it does for the West side.	1/7/2019 4:38 PM
48	Keep it simple. Keep it about the same size. Keep it outdoors.	1/7/2019 1:01 PM
49	Use the Manitowoc Family Aquatic Center as a model for both locations. We live close to Legion Park, but have not been there yet. We attended an event in Manitowoc for families that have members with special needs and we absolutely loved it! Lazy river isn't needed or a drop slide.	1/7/2019 12:51 PM
50	It would also be nice if the concession booth could be relocated somehow to service inside the pool area to utilize the fenced in picnic table area more.	1/7/2019 10:58 AM
51	My kids are 2 and 5 and we live in east De Pere. It would be nice if the pool construction could be completed sooner than later so they can enjoy the facility while they are young. I would prefer this to doing the projects one at a time. I do think each facility should have similar features. For example, if you are going to offer a "kiddie" area, I think that should be available at both instead of one. After all, the people of De Pere ruled out having only one facility - clearly we prefer to have something available in our own neighborhoods that serves all people.	1/7/2019 7:42 AM
52	Don't make it so complicated. Keep it simple. It seems sometimes local government gets all wrapped up in little things that in the end do not matter. Keep it simple and everyone will be happy.	1/7/2019 7:13 AM
53	Please review the Erb Park renovations in Appleton, which one of the two pools could be considered for. This is a top-notch facility that would allow for both normal pool activities, splash pad and tube slides. The 8-lane pool not only can be used for swim meets but also every day swimming and aquatic exercise classes. This could be a gem for the greater Green Bay/DePere area and be a big asset to the city of DePere. Let's think big!	1/7/2019 7:10 AM
54	Keep it simple. The community clearly loves the current pools. Make them strong, simple and easy to maintain for generations to come.	1/7/2019 7:03 AM
55	I know the city wants growth, but we moved here from another state because we were visiting family in Green Bay. When we saw this amazing little town, we moved our family within 3 months of seeing this town. Let Green Bay attractions bring the residents that move here. There are so many small towns that are losing their charm because of growth greed. Focus on the people that already love and are committed to this community. We don't want people flocking here because with that chaos comes crime and congestion and then, in the long run, the good people will leave. That's how great small towns become "the bad area."	1/7/2019 5:22 AM
56	Please try to use eco friendly materials and energy saving ideas.	1/6/2019 10:42 PM
57	Keep legion pool	1/6/2019 10:16 PM
58	The "example replacement facility" shown on page 23 of the 2014 Aquatics Facility Evaluation by MSA consultants is very appealing and seems to meet the needs of adults, kids, and families. Instead of doing a "baby pool," incorporate some baby features in the main pool near the zero entry. Thank you!	1/6/2019 9:03 PM
59	I don't see a lot of value in splash pads. There are enough of them in the greater Green Bay Area.	1/6/2019 6:05 PM
60	Please have open swim hours extended, particularly in the morning/early afternoon hours. More availability could help increase usage.	1/5/2019 9:44 PM
61	it does not matter to me if the pools are equal but they should be similar in that both have a diving well and at least one swim lane. Personally, I am not looking for any more than a simple box pool as we've had	1/5/2019 1:47 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

62	In the presentation that was given by the "save legion pool group", Brandi really shed some light on fees/memberships, open hours. I think this needs a long, hard look to encourage attendance. It is unfortunate that the families who have children/toddlers that have "nap time" tend to miss out on open swim. I would love for swim lessons to also continue.	1/4/2019 10:19 AM
63	Parking, and pedestrian traffic flows.	1/4/2019 7:23 AM
64	Our family purchases an annual pass, and looks forward to visiting Legion Pool for many years to come. Thank you for saving Legion and VFW.	1/4/2019 7:23 AM
65	Update facility, I would hope you would like the money of people in De Pere spent here rather than needing to spend our money elsewhere to get a aquatic center close by	1/4/2019 6:46 AM
66	Don't get rid of the regular swimming area not all kids like all the fancy things !	1/4/2019 6:35 AM
67	Thank you for considering our feedback and perspective. We are excited for 2 new amazing aquatic facilities for our city.	1/3/2019 10:11 PM
68	Please consider that most Legion attendees are happy with just a pool and place for their children to be safe. They want something that meets requirements and makes their children happy, not something extravagant. An aquatic center (or 2?) will require a lot more staff and more to do to keep the place running smooth and clean from an employees point of view who has cleaned the building/pool as it is now.	1/3/2019 9:49 PM
69	Please continue to consider non-resident pool goers! There's a ton of young families in Ledgeview that frequent the pool. And thanks for reaching out to the community and helping us help you get what we want out of our facilities. Cheers!	1/3/2019 5:03 PM
70	Adult swim opportunities are always a plus.	1/3/2019 3:46 PM
71	Deck Chairs around the pool and/or tables with umbrellas	1/3/2019 3:25 PM
72	n/a	1/3/2019 10:39 AM
73	We love going to the pool but the current pool is not very friendly for families with kids in different stages of swimming my 7 year old wants to be in the big part but I can't be near her with my 1 year old due to the current set up. Something more family friendly would be nice.	1/3/2019 8:22 AM
74	Continue community involvement. Thank you.	1/3/2019 7:47 AM
75	My statements refer only to Legion as I don't frequent VFW. I'd like to see Legion be a hub of activity in the summer including pool time and events in the park. Maybe also consider bringing back the dog swimming day at the end of the season. Thanks!	1/2/2019 9:36 PM
76	Check YMCA, gyms and Kroc Center for ideas / possibilities	1/2/2019 9:21 PM
77	A green, eco-friendly pool and design would be a great addition to our community	1/2/2019 7:52 PM
78	I would like to see the pool have environmentally conscious features and designs.	1/2/2019 7:42 PM
79	I don't need a ton of fancy amenities. Something simple that is a slight improvement over the last pool would be just great! The diving board may be going out of fashion at pools, but quite frequently there are some very special moments when the whole pool area is cheering on a kid on the high board and I'd love to see that continue.	1/2/2019 7:14 PM
80	I believe VFW should have the larger scale aquatic park because this location is best suited to handle the traffic volume the aquatic facility would attract.	1/2/2019 4:34 PM
81	I think that Legion should be similar to how it is now. My grandson loves the three diving boards.	1/2/2019 1:05 PM
82	Here are some things I noted in short: Affordable pool prices so our families can enjoy it. Zero inches entry pool (for both the wading pool) Lap swimming lanes with availability all the time. Fun and special features like a slide, sprayer, etc. Also, it would be ideal to not have the construction of the new aquatic centers takes the entire summer. If possible, having construction take place earlier in the year (early spring to the start of summertime) so that the aquatic facilities could be used in the summer and so that a summer of enjoyment is not missed to use and enjoy due to construction. Thank you!!! We are SO excited about this and the benefits this will yield to our community!	1/1/2019 10:27 AM
83	Thank you for reconsidering to save our pools for our children! I would like the facilities to still be financially affordable for all families to be able to have equal access.	12/30/2018 9:59 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

84	Keep the facilities similar on both sides of the river, partner/work with neighboring communities to offer seasonal pool passes similar to resident pricing perhaps looking at all recreational programming (baseball, soccer, softball, etc.)	12/30/2018 9:52 AM
85	I've always been a believer in the idea of "build it and they will come". I would like to see a simple design with nice new features that draw people to the pools. Even something as simple as a splash pad can bring much joy to kids on a hot summer day.	12/29/2018 10:21 PM
86	Thank you for your hard work on this project.	12/29/2018 7:41 AM
87	No lazy river needed. Release potentials of features and have each side of river decide via survey what features they want at each facility. Release design sketches to public a couple of weeks prior to any decisions made. Be upfront with costs. Include Robinson Metal Pipe and Vessel Div. in design of pumping equipment..may get donated materials and lower costs.	12/29/2018 7:40 AM
88	Legion Pool could become a great outdoor Olympic Training Pool for serious swimmers . Make it like how Colburn Pool used to be . they had so much room for everyone to swim there.	12/29/2018 12:58 AM
89	It would be nice if at least one of the pools was more of a box pool then a water park, so there would be a calmer option for people and children who don't want a pool that is going to be overrun by teenagers.	12/28/2018 3:18 PM
90	Location of pool and building in the same general area Provide public transportation services from west to east side while VFW pool is unavailable and vice versa	12/28/2018 11:59 AM
91	Please do not build a water park! My kids love going to a pool and so do I. Multiple slides are not necessary. It becomes very stressful for parents. When I lived in a community with a water park like facility, I rarely took my kids. It makes it too difficult to manage multiple children who need help on slides, in the pool, etc. My kids simply like jumping in the pool and swimming in the water. I want a pool of water where I stay with my toddler while also being in the same space as my 10 and 7 year old. No sand feature! It makes a mess. Slides in toddler areas are stressful and consuming of a parents attention.	12/28/2018 11:00 AM
92	Keep the pool and service building in the same general area. Retain the North face of the current Legion Pool building and nominate it for the National Register of Historic Places.	12/28/2018 10:47 AM
93	Please keep the progression of a child's age / skill set in the forefront of all decisions. The goal should be to create an aquatic center in which children of varying age ranges can interact and have fun-- every decision should be made with the children in mind.	12/28/2018 10:32 AM
94	Keep entrance price reasonable for families using the pools every day.	12/28/2018 9:45 AM
95	Research trends in small town facilities across United states	12/27/2018 11:50 PM
96	The reason the new facilities are being created is due to the love shown for the old ones...I think there should be a strong connection between the past and present.	12/27/2018 7:23 PM
97	Same basic pool we have now no need to spend the money on a aquatic center, People just want a pool don't over think this	12/27/2018 5:01 PM
98	We are a beautiful small town, let's keep that aesthetic. We don't need an Aquatic Center.	12/27/2018 10:26 AM
99	Open it up to all contractors for bidding, send out through the chambers to the businesses that you are accepting bids for the aquatic center along with a website where the contractors can get more information. Put it on the news. Offer to have a sign listing the contractors who worked on the pool that will stay up permanently. Offer the pool to be named after a business or a person who wants to donate a large sum of money to rebuild the pool.	12/27/2018 10:22 AM
100	The perceived value of surrounding homes is affected by amenities in the neighborhood parks. The pools offer safe alternatives to our children's summer activities. Swimming lessons are an important part of De Pere's offerings. The pools also offer employment opportunities for several of our college student residents.	12/27/2018 8:21 AM
101	I've been to the perfect aquatic facility...Tosa pool at Hoyt Park.	12/27/2018 7:48 AM
102	I would like our government to make a sound fiscally responsible decision that is acceptable to the majority	12/27/2018 6:59 AM
103	We are De Pere, not Green Bay. We just want a place to enjoy with the friends/family. Doesn't need to be Wisconsin Dells North.	12/26/2018 9:35 PM
104	Keep it simple. Easy for a family to navigate and easy to pay for services/goods on site, even by credit card.	12/26/2018 9:19 PM

De Pere Pool Input

SurveyMonkey

105	Keep as is, just update to new.	12/26/2018 8:57 PM
106	While building new facilities we need to think of ways to bring in more people. There is a lot of space to use. This is a big community of bikers and creating a bike park, track would be a good idea to bring more people to the parks. We have great bike shops so get them involved with rentals and events to get more people to the park.	12/26/2018 8:08 PM
107	Again, doesn't have to be over the top cool, latest technologies, greatest pool ever. We will be subsidizing it anyway. What we need is affordability for both families to use, and a low burden on tax payers (subsidizing). I would rather see it affordable so a kid with no pass and friends are going and what him to go to, but friends only can scrap up \$1.50 in change. That should be able to get the friend in and still have a good time. Rather than another community waterslide spectacular.	12/26/2018 8:00 PM
108	Bigger is NOT better! For daily use and to attract families with young children, a simple design where kids can be free is ideal. The larger water park type facilities are very stressful for families as you are always on edge and constantly checking to see where your children are not matter what age. We are new to De Pere and moved from Neenah. The Neenah pool is a great asset to the community and a staple for the city. We went every day...picnic lunch and spent the afternoons there. I would also advice lengthening the hours the facility is open. Closing the facility around dinner time is not a great idea. That is when most young ones get up from a nap so they miss out. Also, charging extra for the families to hang in the small pool during swim lessons is a bit much. Really puts them out. Having the pool open from 1-8 would be awesome!	12/26/2018 7:47 PM
109	Do not over think the facilities. Do not spit features between each site. I don't believe a large water park aquatic facility is needed nor fiscally proper. The larger the facilities the larger the annual upkeep costs. De Pere has numerous needs and tax dollars are not unlimited.	12/26/2018 7:28 PM
110	Simple Small Parking lot Lots of lifeguards Sand area	12/26/2018 7:20 PM
111	Fun for all ages	12/26/2018 6:38 PM
112	Offer a discount on a membership for De Pere residents whose taxes have gone up. Let the putter laying areas whose taxes were not affected pay a higher rate.	12/26/2018 5:06 PM
113	Don't compete with other communities. Make it De Pere. The west side doesn't need to be the same as the east side.	12/26/2018 4:23 PM
114	No trendy aquatic center. Just a pool and diving boards for kids in a the community.	12/26/2018 3:40 PM
115	We don't need huge or fancy. Just family friendly pools for all ages on both sides of the river.	12/26/2018 2:51 PM
116	Simplicity is ideal. A widespread waterpark is something we would do once in awhile, but not with any consistency because it is hard to keep track of the kids. Also having an area for swim lessons.	12/26/2018 2:50 PM
117	I believe the bath house at Legion has a possibility of being listed on the historic registry. Maybe that building could just be slightly updated and then utilize the benefits of being listed on the registry.	12/26/2018 2:36 PM
118	Don't over do it, keep it simple	12/26/2018 2:09 PM
119	Keep it cost efficient with daily maintenance and long term stability	12/26/2018 1:30 PM
120	The best part about the existing pools is their simplicity and low cost. Keep them simple, it encourages fitness and creative play. Everyone can agree the facilities need to be updated, however no one seems to want a water park.	12/26/2018 12:23 PM
121	kinda hard to answer question 4 as a yes no answer when the question is not a yes/no answer.	12/26/2018 12:21 PM
122	Green Bay Area or Brown County mid-point pricing for family season passes. More members allowed for family passes for bigger families (add nominal cost per additional member over standard family limit).	12/26/2018 11:49 AM
123	Keep the pools the same.	12/26/2018 11:21 AM
124	No splash pads.	12/26/2018 11:18 AM
125	Keep it simple with open areas. My husband would like to see an indoor section of the pool or an area used year round. He really wants a year round pool in De Pere, but isn't sure if this is a possibility. I agree! An indoor pool would be awesome!	12/26/2018 11:08 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

126	Keep the small community feel while modernizing the pool facilities. Google Christian-Schmidbleicher-Freibad, pool in my family's home town in Germany. It's absolutely amazing. The town had many of the same challenges while rebuilding about 10 years ago.	12/26/2018 10:53 AM
127	Make sure to keep two facilities.	12/26/2018 10:53 AM
128	Sell advertising to offset the cost. Contact local businesses to put there logo on the bottom of the pool.	12/26/2018 10:52 AM
129	Question number 4 is confusing!	12/26/2018 10:50 AM
130	Love diving boards. Hope they keep those.	12/26/2018 10:35 AM
131	Please also consider an enhanced snack area, chaise lounges, and enhanced shade areas. Additionally, I very strongly urge you to make these two pools as equitable as possible. I feel like this is painfully obvious, but needs to be said. Finally, I beg you to not think of this project as a "blank check" situation. We were told by our represented officials that we could assure residents that this would not be some over-the-top venture. The people voted to keep two POOLS, not to construct some giant monstrosities. Even though I'm newer to De Pere (I've been here for 11 years), I grew up in the area and I'm keenly aware of makes De Pere special. It's the nod to the past and our roots in history, while being so progressive and tightly-knit that differentiates us and makes us highly sought after. These pools can be the cornerstone of what it means to live in De Pere. We will always care for our youth, and this proves it. Now we hold the reins, and it's up to us to give the people exactly what they want: simple, beautiful design and sustainable family fun.	12/26/2018 10:35 AM
132	I do not think the facilities need to be an extravagant aquatic center. I think just having a nice sized public pool that can be used by people of ALL ages would be well loved by the community. (toddlers, children, adults, seniors).	12/26/2018 10:29 AM
133	We like the fact that the pool at Legion is small enough and contained enough for us to easily keep an eye on our kids. I would not want to see a sprawling aquatic center.	12/26/2018 10:21 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

(VFW Pool Data)

Q7 Please list any suggestions you have in 250 words or less that will be beneficial to the Board of Park Commissioners related to constructing the new aquatic facilities.

Answered: 42 Skipped: 21

VFW

#	RESPONSES	DATE
1	I think it's important to have 2 actual pools with diving boards at each facility. The splash parks are nice but I would hope since such a big deal was made about having 2 pools they would actually have 2 pools with deep ends and diving areas and not just slides and splash areas. There needs to be plenty of actual swimming area. Thank you!	1/14/2019 5:08 PM
2	simply know that we can't please all people all the time. Both pools are in need of extensive repair. Just excited that you are considering all options. De Pere certainly needs a public pool....doesn't need to be a fancy one.	1/14/2019 10:00 AM
3	Keep it simple and low maintenance, the pools were very popular without any of the fancy amenities.	1/14/2019 9:41 AM
4	Good luck! We are all very excited! :)	1/14/2019 8:58 AM
5	In regard to the pool - not really the facility. The pools close TOO early in the summer. They close the first or second week of August. When in reality, they could be open MUCH longer. This might help the park and rec dept with income. Historically, the pool closed in the first half of August. This did NOT change, however when Wisconsin adopted a law that k-12 public schools cannot start before Sept. 1st. (This is two weeks later than before.) The last two weeks of summer can be difficult for kids. Having their pool open would be so beneficial. Most college students (who may be lifeguards) don't need to go back earlier than that either.	1/14/2019 6:47 AM
6	Please as part of the redo of VFW, make a playground that is safe for toddlers and babies and not just for teens. Those rope things are dangerous and stupid, no one uses them. Voyager is not little kid friendly, the heights are a liability risk. The toddler area is uninteresting to the kids.	1/11/2019 7:33 PM
7	Need to get pro and con feedback from neighboring facilities.	1/11/2019 2:58 PM
8	Not sure if this inquiry will be answered through this survey -- Rumors are going on around Reid St for homeowners on the side that butts up to the tennis courts. People are saying that De Pere is considering purchasing 3-6 homes starting at 669 Reid and moving East for Parking and Park expansion. Any truth to this? Thanks. -Jacob 920-264-7971 - jtaylor@slmotors.com	1/9/2019 9:47 AM
9	Both east and west should have pools and lessons. If you are going to add other features do not move away from pool that's more important than slides, splash pads, etc.	1/8/2019 6:12 PM
10	Swim Lessons	1/8/2019 12:43 PM
11	No slides	1/8/2019 11:06 AM
12	PLEASE consider keeping both pools with upgrades to each. This community does not need a Resch aquatic center but upgrades mentioned above would be perfect!	1/8/2019 10:05 AM
13	Watch and utilize tax payer dollars with common sense. Bigger and fancy is expensive and we don't need that.	1/7/2019 9:30 AM
14	If we made one of the buildings a year round facility that would be very beneficial to this area, especially with our winters. A zero entry pool, like the pool in Kaukauna, is a fantastic option as well.	1/7/2019 7:13 AM
15	Why don't you use the money allocated to trying to find a non-profit such as YMCA, YWCA, Kroc Center, etc., type entity to DePere? With growth occurring in both sides, that would seemingly be an attractive option for one of those entities as well.	1/6/2019 11:23 PM
16	The facilities should be the same!! If not, you will open up the conversation of which side got the best facility. This has gone on long enough. Pick a design and get it done. It has already taken up enough time and conversation.	1/6/2019 10:50 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

17	Please keep this a community pool feel vs a "destination pool" As an annual pass member for the past few years we enjoy our community pool feel and would prefer the small pool feel where I can see my kids wherever they are versus a larger facility drawing bigger crowds making it more difficult and stressful keeping an eye on my kids.	1/6/2019 9:27 PM
18	Consider all ages	1/6/2019 9:23 PM
19	We love just having the community pool close by. Both my kids love the water and we enjoy coming to the pool a few times a week. I will for sure buy a summer pass this time because it got pricey paying for the whole family each time we went. Might want to look at cost to get in seemed pricier then other places. Also like that it is not super crowded. If you add water park it might get to busy for my kids. I have one with Autism so he does not like crowds and waiting so just the pool with diving board is perfect for us.	1/6/2019 8:34 PM
20	Locker rooms would be beneficial, spaces where people can host birthday parties	1/4/2019 8:42 AM
21	Please consider time of construction, especially of VFW. Our family will likely go without a pool to walk to this summer. Please don't draw it out to 2 or 3 summers.	1/4/2019 7:22 AM
22	Talking with my 12 year-old daughter, who frequented VFW several times each week last summer: Bike racks located closer to the pool facility, picnic tables near the snack shack, lockers in changing area and smooth bottom of the pool to prevent feet from getting chafed. Thank you!!	1/3/2019 9:31 PM
23	Keep normal pool and little one pool separate. Also we noticed that when there was a break all the big kids came into the little ones section and took over. More regulations on how to get into the baby area.	1/3/2019 8:05 PM
24	Please make sure to include appropriate areas for swimming lessons.	1/3/2019 12:59 PM
25	Time to use the facility for all age groups and a facility that is adaptable for all age groups Thanks	1/3/2019 12:30 PM
26	Make it a fun place to be and still feel like it's the neighborhood pool.	1/3/2019 1:45 AM
27	Please make the facilities easy to clean for the staff. Please make the facilities inclusive with the bathrooms and changing areas. Bigger bathrooms.	1/2/2019 9:08 PM
28	Build something people are excited to use. If it offers enough, people will come from all over to use the facility	1/2/2019 8:39 PM
29	Make the pools identical to save money ... have the east and west side stake holders work together on one design. Look for private donations to help pay for this. Especially if plans are to go for something deluxe is beyond a basic pool design.	1/2/2019 5:25 PM
30	With the proximity of VFW to the West De Pere HS I think some communication between the 2 groups to at least entertain the idea of an indoor pool area that could be used by the HS for a possible swim team or swimming activities throughout the school year, while allowing the public an option for indoor winter swimming should be considered.	12/28/2018 8:08 PM
31	Little kid friendly. Family friendly.	12/27/2018 6:22 PM
32	Please do not make this a water park as it is intended for depere residents and enjoyed by many generations. Making this bigger and better will only stop the tradition and add cays. Ty for all that you are doing to keep vfw simple and traditional part of old depere :)	12/27/2018 2:55 PM
33	I would like to see the Winter Ice Rink remain after renovations, or perhaps even upgraded with the aquatic renovations. maybe a players sitting area or a bleachers.	12/27/2018 12:26 PM
34	N/A-- i appreciate that DePere has 2 different aquatic centers. i've only been to VFW as that is right by my house but our kids LOVE coming here.	12/27/2018 9:18 AM
35	Train those who drain the pool and educate them on what will happen and why it will happen if the drain it incorrectly.	12/27/2018 8:55 AM
36	With having aquatic centers on both sides I feel they can be smaller and similar to today. Or have the larger center on the west side as originally planned and a remodel on the east side.. We do not need 2 large facilities, we are not a big enough city to support both.	12/27/2018 8:31 AM
37	The facilities should be designed so they can be enjoyed by all ages simultaneously. No more laps at only designated times. Pool walking and laps should be available when the pool is open. Facilities that are appealing to adults as well as kids are more likely to increase attendance.	12/26/2018 8:27 PM
38	I've listed most above.	12/26/2018 7:39 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

De Pere Pool Input

SurveyMonkey

39	Just normal pools to swim in	12/26/2018 5:04 PM
40	Please take a trip to the Kaukauna pool to review the facility they have. From admission, large open changing facility, showers, concessions inside gated pool to the landscaping all the way up to the slide, it's great!	12/26/2018 3:45 PM
41	Looking forward to using the new VFW facility! Thank you for all your hard work.	12/26/2018 12:52 PM
42	My understanding is that VFW playground will be upgraded/replaced in 2019. Seems that might be better served if it were coordinated with the new pool design to avoid construction of the playground multiple times. The current equipment seems like it would have no issue remaining in tact and safe until then.	12/26/2018 11:11 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

Question 7

(Both Pools Data)

Q7 Please list any suggestions you have in 250 words or less that will be beneficial to the Board of Park Commissioners related to constructing the new aquatic facilities.

Answered: 7 Skipped: 6

Both Pools

#	RESPONSES	DATE
1	Include cabanas. Make sure there are tables for kids to sit and have a snack. This is a wonderful option for birthday parties! Currently, no food or drink is allowed in. There needs to be an area where the host could serve a snack. The park outside of it is just as important. Erb pool is eye-appealing and inviting from the first glance. I LOVE the fact that you don't have to be a resident at Erb pool. It is just a flat, reasonable rate: Age 4 to 17 \$3.00, Age 18 to 61 \$4.00, Seniors \$3.00. I also think the pool should open earlier. Many moms have nappers. Either consider opening for a morning session like 9-11 where the lap pool could be off limits for swimming lessons, or open at 11 instead of 1.	1/8/2019 8:34 AM
2	Affordable to everyone. Special discount to low income families. Swim lessons available.	1/8/2019 7:58 AM
3	Both parks are well used. Both pools should reflect the simplicity of being able to enjoy swimming, jumping or diving off of a springboard and a slide feature along with a shower/sprinkler area near the pool that kids can run under or play in	1/7/2019 10:15 AM
4	Concessions to help raise money with a large variety of snacks to keep families at the pool longer and to help keep cost down	1/3/2019 6:40 PM
5	N/a	1/3/2019 5:37 PM
6	Anyone who lives outside a 3 block radius of the pool are going to drive anyway. The people who complain about crossing the bridge are ridiculous. There should have been only one aquatic center either west or east side. There is a stigma in De Pere and it needs to change. But let's go ahead and have 2 pools, 2 school districts etc. No wonder why taxes are so high.	1/3/2019 4:52 PM
7	Make them equal. Both polls are equally busy through out the summer. And equally important to the community.	12/26/2018 4:10 PM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)

Question 7

(Neither Pool Data)

Q7 Please list any suggestions you have in 250 words or less that will be beneficial to the Board of Park Commissioners related to constructing the new aquatic facilities.

Answered: 20 Skipped: 9

Neither

#	RESPONSES	DATE
1	for question 4 I would want to make sure both pools had lap lanes for swimmers and swimming lessons. Also, I would want both to have areas for children to just play.	1/14/2019 10:36 AM
2	I think it's paramount that the cost of usage is kept at a minimum to enable and encourage young families to participate. Learning to swim is a wonderful, life-long skill. In a city like De Pere that has numerous bodies of water near-by, it is a critical skill.	1/12/2019 5:41 PM
3	We don't use these facilities, but we support them bc taxpayers paid for us to be able to swim when we were kids. Get something built; the community obviously supports it.	1/11/2019 9:24 PM
4	In circulating flyers for the referendum – we got an earful - we heard the objections to the First Plan, which the people thought was to big. The citizens expressed their desire for two neighborhood pools similar to what we have. We heard over and over; they want us to "Keep it Simple" - like two Neighborhood Pools or Aquatic Facilities.	1/10/2019 9:01 AM
5	I could not circle here on #4 like from the hard copy handed out at the meeting, my suggestion they be different. Get a non profit organization like the YMCA or Kroc center to fund and build this business, it would not be put all on tax payers. Does it have to be in same location? Near trail would be helpful so city kids can bike on a safe path to the location like voyager park or heritage road area.	1/8/2019 6:24 PM
6	There is a lot of construction going on in the Packerland area of West De Pere. It would be great to have more facilities that are convenient to those residents, most of which have families with lots of kids.	1/8/2019 10:46 AM
7	I have a suggestion. I think the Park Dept. should sell the locker room baskets to the city residents as a fund raiser. Many different stores, like Bed Bath and Beyond, Restoration Hardware etc. sell these baskets, staring at \$14.99. They have a wide variety of uses. I don't think they should go into a landfill.	1/8/2019 10:22 AM
8	I suggest the Board review the sustainability of staffing two locations and the extra staff and certifications that would be needed at the locations. There is currently a nationwide shortage of lifeguards; this isn't a new trend and there hasn't been a turn around in this over the past few years.	1/7/2019 9:56 PM
9	I would like the commission to consider building facilities adjacent to schools. It seems a waste of taxpayer money to construct new facilities that will only operate 12 weeks during the summer each year. Since taxpayers like me are going to pay 'more than my fair share' consideration ought to be given to construct facilities that can be used year-round. The Wrightstown community center should be looked into as a model.	1/7/2019 6:44 PM
10	Please look at some of the newer successful local, regional or national pools/water parks to gain ideas and insights for what works and what doesn't. While you can't make everyone happy, please consider the entire community and the broad age range that can benefit from water activities (infant- elderly) in the design, activities and facilities available.	1/7/2019 11:39 AM
11	Keep the costs to a bare minimum. Keep the fees high enough to cover all maintenance and upkeep. The city should not be in the swimming pool business.	1/7/2019 10:04 AM
12	Ultimately it comes down to money, and I don't want to spend a lot of money on the pools that can only be open for a couple a months during the year. Money wise we will never make money on a huge aquatic center, we will probably lose money on them and taxes will have to make up difference. I just want pools that we can at least breakeven on when it comes to the money part. Keep them small and just for local.	1/4/2019 7:46 AM
13	Keep the project simple, low-cost. People don't move to De Pere for pools, only the schools-which are mediocre.	1/2/2019 11:21 AM

De Pere Pool Input

SurveyMonkey

14	Keep to the budget on these two facilities. NO OVERAGES	12/28/2018 1:41 PM
15	How come you are saying it will coast 900,000 per year!!!! That was not on vote! It was for 1 year.	12/27/2018 4:00 PM
16	Do your homework on water filtration and purification. Things have come a long way since chlorine was used. Make sure your maintenance people know how to properly maintain the physical facility. You wouldn't want the deep end of either pool to float out of the ground for a third time.	12/27/2018 11:39 AM
17	I would like to see a standard box pool at one and the original (or closest monies will allow) approved design at the other. Appease the regular users, but give new users a reason to attend. A standard box pool with a handful of features will not bring my family to either facility. However, the aquatic center that was originally designed and approved by professional consultants would bring my family out regularly. Hence why research and data is used versus emotion and conjecture. The consultants got it right the first time. I don't care what side of the river it's on (it's a river not a wall), but according to the research, one larger differentiated aquatic center is what will bring new families, not two lesser aquatic centers. Our family has never attended either pool as it doesn't address a need for us. We have regular/convenient access to box pools, we don't have regular access to larger aquatic centers. As a taxpayer, I want incremental attendees and glorified box pools won't do it for us.	12/27/2018 10:14 AM
18	Affordable prices please. Discounts for low income family memberships.	12/27/2018 9:14 AM
19	adequate parking is important	12/26/2018 9:41 PM
20	We only need 1 facility regardless of amenities	12/26/2018 10:18 AM

Attachment: 20190115112541647 (7775 : Review and consider findings from on-line survey and public meeting on pool design.)
