E. Parks Discussion

During the June Youth Commission meeting, Alderperson Kunderling introduced two ideas: creating a Teen Park and organizing a signature project such as a clean-up project at Wilson Park. These ideas were further explored during the current meeting, with commissioners offering a variety of recreational concepts and enhancements that could fit within a Teen Park initiative or complement park improvements citywide.

Commissioner Vieth suggested adding lights to existing pickleball courts to allow teen play during evening hours, noting that Stevens Point keeps its courts illuminated until 11:00 PM. She also mentioned the possibility of expanding the number of pickleball courts.

Commissioner Mason proposed the development of a skatepark in De Pere, citing limited accessibility to similar facilities in the area other than GBASO. Estimated costs ranged from \$10,000 to \$15,000 for a cement pad, with additional features to be bid out by specialized companies. He noted that GBASO could be approached to potentially assist with fundraising efforts.

Commissioner Pantzlaff suggested creating a foot golf course, referencing an example located in Two Rivers.

Commissioner Levac noted concerns about the current ice rink at Legion Park, stating that the surface is uneven and the boards and nets are in poor condition. He recommended installing a concrete pad for the ice surface and discussed the idea of using the space seasonally—an ice rink in winter and a skatepark during spring through fall.

Commissioner Whipp recommended reviving the volleyball courts and nets within the city and ensuring equipment is available. She mentioned the possibility of hosting youth tournaments.

Commissioner Bruce suggested adding badminton courts and discussed using interchangeable or adjustable nets that could be shared with pickleball courts.

Commissioner Beard proposed a puppy yoga event, noting that proceeds could benefit a local animal shelter.

The group acknowledged potential for branding and packaging these ideas as a broader youth initiative.
