AYES:	Lueck, Boyd, Kneiszel, Crevier, Donovan, Bauer, Rafferty, Heuvelmans

K. Reconsideration of Ordinance #13-15, Creating Conditional Use Permit Approval For Overnight Shelter Facilities.

Alderperson Donovan moved, seconded by Alderperson Lueck, to reconsider Ordinance 13-15, Creating Conditional Use Permit Approval for Overnight Shelter. Discussion followed. Upon roll call vote, motion carried 4-4 with Alderpersons Kneiszel, Crevier, Bauer and Rafferty voting nay and Alderpersons Lueck, Boyd, Donovan, and Heuvelmans voting aye. Mayor Walsh broke the tie and voted aye, making the vote 5-4 in favor of reconsidering Ordinance 13-15.

Alderperson Donovan moved to remove previous amendments to Ordinance 13-15 and revert the Ordinance to original form. Discussion followed. City Attorney Judy Schmidt-Lehman read the original ordinance presented to Council at a meeting held on

Attachment: Minutes Council 9-17-2013 City of De Pere (1426 : Approval of the Minutes of the September 17, 2013 Common Council Meeting.)

August 20, 2013. Alderperson Heuvelmans seconded the motion to remove previous amendments to Ordinance 13-15 and revert the Ordinance to original form.

Alderperson Heuvelmans moved, seconded by Alderperson Kneiszel to open the meeting. Upon vote, motion carried unanimously.

Robert Pyne addressed the Council, not on the behalf of St. Norbert but as an advocate for the homeless and spoke in favor of an ordinance allowing for shelters in the City of De Pere.

Dan Robinson spoke in favor of Ordinance 13-15 as it was passed at the 8-20-2013 Common Council Meeting.

Alderperson Crevier moved, seconded by Alderperson Kneiszel to close the meeting. Upon vote, motion carried unanimously.

Discussion followed.

Alderperson Kneiszel moved, seconded by Alderperson Donovan to open the meeting. Upon vote, motion carried unanimously.

Robert Pyne and Dan Robinson addressed the Council again.

Alderperson Kneiszel moved, seconded by Alderperson Lueck to close the meeting. Upon vote, motion carried unanimously.

City Attorney Judy Schmidt-Lehman suggested amending the ordinance by adding "a temporary overnight shelter shall not operate for more than 6 months in a 12 month period."

Upon vote on the motion to remove previous amendments to Ordinance 13-15 and revert the ordinance to its original form, motion failed 0-8.

Alderperson Bauer moved, seconded by Alderperson Boyd to add "Overnight shelters shall not operate for more than 6 months in a 12 month period" to the definition of an overnight shelter facility. Upon vote, motion to amend the ordinance carried unanimously. Discussion followed. Alderperson Bauer moved, seconded by Alderperson Lueck to approve the ordinance as amended. Upon vote, motion carried unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Kevin Bauer, Alderperson
SECONDER:	Larry Lueck, Alderperson
AYES:	Lueck, Boyd, Kneiszel, Crevier, Donovan, Bauer, Rafferty, Heuvelmans

L. Resolution #13-117, Authorizing Contract with Wisconsin Public Service Corporation for Outdoor Lighting Service (Parking Lot Lighting for Southwest Park).

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Michael Donovan, Alderperson
SECONDER:	James Boyd, Alderperson
AYES:	Lueck, Boyd, Kneiszel, Crevier, Donovan, Bauer, Rafferty, Heuvelmans

M. Resolution #13-118, Repealing and Recreating Section 8 of the City's Rules and Regulations Regarding Residency Requirement.

Attachment: Minutes Council 9-17-2013 City of De Pere (1426 : Approval of the Minutes of the September 17, 2013 Common Council Meeting.)

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Lisa Rafferty, Alderperson
SECONDER:	Kevin Bauer, Alderperson
AYES:	Lueck, Boyd, Kneiszel, Crevier, Donovan, Bauer, Rafferty, Heuvelmans

City of De Pere, Wisconsin

Request For Common Council Action

MEETING DATE: **October 1, 2013**

DEPARTMENT: **Planning**

FROM: **Ken Pabich**

SUBJECT: **Ordinance #13-19, Amending Precise Implementation Plan (WD-657-1 and WD-657-2).**

ATTACHMENTS:

- Ord13-19 (DOCX)
- PIP Hearing Notice (PDF)
- Grant St PIP Amendment (PDF)

ORDINANCE #13-19

AMENDING PRECISE IMPLEMENTATION PLAN
(WD-657-1 and WD-657-2)

WHEREAS, the Common Council of the City of De Pere, having reviewed the recommendation of the City Plan Commission regarding the proposed changes to the Precise Implementation Plan for the property described below and having scheduled a public hearing then to be decided by the Common Council; and

WHEREAS, the City Clerk-Treasurer, having published a Notice of Public Hearing regarding such proposed zoning change and, pursuant thereto, a public hearing having been held on the 1st day of October, 2013 at 7:35 p.m. and the Common Council having heard all interested parties or their agents and attorneys;

NOW, THEREFORE, the Common Council of the City of De Pere, Wisconsin, do ordain as follows:

Section 1. That the Precise Implementation Plan for the properties legally described as:

> Lot 1 of Volume 50, Certified Survey Maps page 106, being part of Lots 1-9, Block C of Dousman's Addition to West De Pere and that part of PC29W described in 2259841 that lies adjacent Westerly except 2600259.
> Parcel WD-657-1 (431 Grant Street)
>
> Lot 3 of Volume 50, Certified Survey Maps page 106, being all of Lots 28 & 29 and part of Lots 1-4, 26 & 27 and part of vacated alley Block C all located in Dousman's Addition to West De Pere and that part of PC29W described in 2259841 that lies adjacent westerly.
> Parcel WD-657-2 (431 Grant Street)

be and the same is hereby amended to allow for a substantial alteration to the original Planned Development District to allow for two "row house" style condominium buildings and a 3-story apartment building thereon, subject to the following conditions:

Attachment: Ord13-19 (1325 : Ordinance #13-19, Public Hearing: Amendment to PIP for Grant Street)

Public Works:

Sanitary Sewer:

1. Grant Street development will need to tie directly to sewer on College. The existing hookup shown is to a private line.
2. Provide anticipated wastewater flows.

Water Main:

1. Provide the peak water flow requirements.
2. A 30 foot easement is required over the City water main.

Storm Water Management:

1. Storm water treatment is required to 40% TSS for the re-development. Provide calculations.
2. Water flowing to the catch basin on the southwest corner of the site is not being treated.
3. The existing pond is on private property. Provide an agreement with the property owner for use. Maintenance to the pond will be required.
4. Provide storm sewer sizes on the internal piping.

Traffic/Vehicle Access:

1. Grant and Fifth street intersection signage shall be addressed by the City.
2. The new driveway apron on College Avenue shall be concrete with the recommended depth of 8".
3. The curb head is to be profile cut and removed per the City in detail in the curb cut permit.

Other:

1. Verify the location of the natural gas.
2. Provide verification for southern most parking stall in center lot with a turning movement template on how someone will exit this stall or remove as a parking stall.
3. Utilizing the driveway on the adjacent parcel for the eastern most parking stall shall require an easement from the adjacent property owner.
4. Remove the northern most parking stall on the east side to provide separation between the parking area and sidewalk.
5. For the parking and drive area on the west side:
   A. Provide spot elevations at all changes in direction on the parking area to verify the direction of flow.
   B. With the contours, water is being directed toward the railroad. Curb and gutter will be required to capture this water on-site.
   C. Similarly, water is being directed toward the building. Curb and gutter should be considered on this side.
6. Provide verification of water flow along Grant Street. Water shall not be discharged via surface to avoid an icing problem.
7. Correct the numbers under "Planned Erosion Control Practices" on page C5.0. The numbers do not match the application on the plan to the left on the page.
8. Provide documentation on how external lighting will be minimized from shining into the adjacent multi-family residences.
9. Central Brown County Water Authority approval should be obtained for construction with their water main easement.
10. Provide a lighting plan.
11. Include the project name and street address on all plan sheets.
12. Provide the name and address of the developer on all plan sheets.

Attachment: Ord13-19 (1325 : Ordinance #13-19, Public Hearing: Amendment to PIP for Grant Street)

13. Label Fifth Street on the top portion of the site plan. Fifth Street extends north across from the driveway on Grant.

Fire:

1. Provide detailed plans for construction review. Detail means of egress in all areas including travel distances.
2. Separation of hazards/use is required.
3. Provide exit/emergency lighting throughout the means of egress.
4. Provide fire extinguishers at maximum 75' travel distance in hazard areas.
5. Verify Fire Department access is adequate.
6. Provide detailed plans for alarm system with cut sheets and battery calcs prior to installation.
7. Provide sprinkler system plans prior to beginning of installation.
8. Install key box for fire department access.

Planning & Building Inspection:

1. The back driveway width should be widened as much as possible.
2. An easement will be required for access to the east.
3. Easements will need to be completed between Phase I and Phase II.
4. Signage will need to be submitted to the City for approval if installed.
5. Site plan for Phase II (apartment building) must go back for Plan Commission approval.

and as subject to the regulations set forth in and regulated by §14-59, De Pere Municipal Code.

Section 2. That the Clerk-Treasurer is directed to amend the City of De Pere Zoning Map in conformity with the provisions of this ordinance.

Section 3. That all other ordinances in conflict herewith are hereby repealed.

Adopted by the Common Council of the City of De Pere, Wisconsin, this 1st day of October, 2013.

APPROVED:

Request For Common Council Action

MEETING DATE: **October 1, 2013**

DEPARTMENT: **Planning**

FROM: **Ken Pabich**

SUBJECT: **Ordinance #13-20, Rezoning Certain Property (Parcel WD-714).**

ATTACHMENTS:

- Ord13-20 (DOCX)
- Rezonign Notice (PDF)
- Plan Commission Rezoning Review (PDF)
- Plan Commission General Development Plan Review (PDF)

ORDINANCE #13-20

REZONING CERTAIN PROPERTY
(PARCEL WD-714)

WHEREAS, the Common Council of the City of De Pere, having reviewed the recommendation of the City Plan Commission regarding the proposed change in zoning classification for the property described below and having scheduled a public hearing then to be decided by the Common Council; and

WHEREAS, the City Clerk-Treasurer, having published a Notice of Public Hearing regarding such proposed zoning change and, pursuant thereto, a public hearing having been held on the 1st day of October, 2013 at 7:35 p.m. and the Common Council having heard all interested parties or their agents and attorneys;

NOW, THEREFORE, the Common Council of the City of De Pere, Wisconsin, do ordain as follows:

Section 1. That the following described property:

Lawton Farms East 125 feet of North 125 feet of Lot 46 and South ½ vacated Elm Street adjacent Northerly.
Parcel WD-714 (416 N Ninth Street)

be and the same are hereby rezoned from the present zoning classification of R-2, Single and Two-Family Residence District to R-3, Residence District with a Planned Development District (PDD) Overlay as set forth in and regulated by the provisions of §14-59 of the De Pere Zoning Code, conditioned upon compliance with the recommendations of the Plan Commission and compliance with the provisions of Chapter 14, De Pere Municipal Code.

Section 2. Such rezoning is approved provided the following conditions of the Plan Commission are met:

Attachment: Ord13-20 (1324 : Ordinance #13-20, Public Hearing: Rezone and General Development Plan)

Public Works:

Sanitary Sewer:

1. Sanitary sewer is located in the center of the street. The location of connection will be based on the size required and location of existing laterals.

Water Main:

1. Water main is located in the street near the west side curb on the south side of the property and on the east half of the street on the north. There is one water service to the parcel. A new water service is likely required due to the water demands.

Storm Water:

1. Storm sewer discharge will likely be to the City owned parcel to the west. Any discharges to the City parcel will require stabilization to the ditch to prevent erosion and minimize standing water.

Driveway:

The existing driveway to parcel will need to be removed. This will include removing mountable curb and gutter and replacing with the City standard for concrete curb and gutter.

Fire:

Provide complete detail plan for construction review. Provide details and definitions of use for all areas of structure.

Planning & Building Inspection:

The parcels will need to be combined or an easement will be required for the entrance and drive path.

Section 3. That the Clerk-Treasurer is directed to amend the City of De Pere Zoning Map in conformity with the provisions of this ordinance.

Section 4. That all other ordinances in conflict herewith are hereby repealed.

Section 5. That this ordinance shall take effect upon its passage and publication according to law.

Adopted by the Common Council of the City of De Pere, Wisconsin, this 1st day of October, 2013.

Staff Comments

Plan Commission
June 24, 2013

Item #4: **Review the Rezoning Application for 416 N Ninth St (Parcel WD-714) from Single & Two Family Residence (R-2) to General Residence with a Planned Development Overlay (R-3 PDD). Applicant: C&C Investments LLC.***

Description: The current parcel is vacant. The proposed project is to match the development that was approved for the corner of 9th and Cedar. The project is proposing 5 or 6 units which will depend on the final setback requirements to be reviewed by the Plan Commission.

Location: 416 N Ninth.

Zoning
Existing Zoning: The R-2 Single and Two-Family Residence District is designed to accommodate single family homes and duplexes along with compatible uses that are characteristic of low to medium density neighborhoods.

Proposed Zoning: The purpose of the Planned Development District is to promote the maximum benefit from coordinated area site planning, diversified location of structures, mixed compatible uses, provide for a safe and efficient system of pedestrian and vehicular traffic, attractive recreation and landscaped open spaces, economic design and location of public and private utilities and ensure adequate planning.

Adjacent Zoning: R-2 north, R-3PDD south, R-2 west, R-3 to the east.

Land Use
Current use: Vacant.

Use of Adjacent Property: Uses are consistent with the zoning.

Suitability to Existing Zoning: The existing zoning was discussed when the original project for 9th and Cedar were approved. It was discuss that this parcel would match the development.

Suitability to Proposed Zoning: The requested use would be compatible with the area.

Effects of Proposed Rezoning

Densities:	Change	**Utilities:**	Change	**Police and Fire:**	Change
Traffic:	Increase	**Pedestrian:**	Increase	**Parking:**	Provided on site
Highway Access:	NA	**Garbage:**	Increase	**Property Value:**	Increase
Pollution:	No change	**Schools:**	Increase		

Recommendation:
Based on staff review, we would recommend the following:

1. That the rezoning be approved, and forwarded to Council for the required public hearing.

Attachment: Plan Commission Rezoning Review (1324 : Ordinance #13-20, Public Hearing: Rezone and General Development Plan)

Ken Pabich
Director of Planning and Economic Development
City of DePere
335 S. Broadway
DePere, WI 54115

Dear Mr. Pabich:

Summary Letter for Rezoning Application

We are applying for the rezoning of parcel WD-714 from R-2 to R-3. We wish to construct condominiums in the same likeness as currently exists on 900-932 Cedar Street.

The number of units (5-6) would be contingent upon setback requirements to the existing parking lot of the current condominiums and to the city trail of the vacated Elm Street. The units would consist of two bedrooms and would be the same size of the existing Cedar Street units (see attached General Development Plan).

The planned building material would be primarily brick, with a small siding area over the garages. Again, it would be the same as the existing structure on Cedar Street.

Parking would be in the back of the unit where the garages are. The Cedar Street structure and the proposed structure for Ninth Street would share the existing driveway.

The proposed landscape would mirror that of the existing structure (see attached photo).

The proposed project timeline would be to begin the construction process upon rezoning approval.

Thank you for your consideration.

Sincerely,

Monica L. Olles
Owner

John J. Olles
Owner

Attachment: Plan Commission Rezoning Review (1324 : Ordinance #13-20, Public Hearing: Rezone and General Development Plan)

Item #5: **Review the General Development Plan Application for a 10,944 square foot 2-story condominium complex at the corner of Cedar Street and Ninth Street. Applicant: Bay Architects, LLC.**

Overview	
The Cedar Creek Crossing Condominiums project is for a 10,944 square foot 2-story condominium complex that will contain 6-units. The project would be a multi-family development which would match the development on North Ninth and Cedar (pictures attached). The project originally had 5 units proposed; however with the vacation of Elm, there is room for 6 units. Please note that at the June meeting, the Plan Commission recommended 5 units. This was based on drawings that were not properly to scale. The six units proposed fits with the same area as presented for 5 units at the last meeting.	
Public Works	
Does the project meet the City's Stormwater regulations?	Yes †No †■ NA
Sewer properly connected?	Yes †No †■ NA
Water properly connected?	Yes †No †■ NA
Access properly designed (driveway and sidewalks)?	■ Yes No NA
Are there any issues with easements or right-of-ways?	Yes ■ No □ NA
Are there other items that need to be addressed?	Yes ■ No □ NA
Required Actions: **Sanitary Sewer:** 1. Sanitary sewer is located in the center of the street. The location of connection will be based on the size required and location of existing laterals. **Water Main:** 1. Water main is located in the street near the west side curb on the south side of the property and on the east half of the street on the north. There is one water service to the parcel. A new water service is likely required due to the water demands. **Storm Water:** 1. Storm sewer discharge will likely be to the City owned parcel to the west. Any discharges to the City parcel will require stabilization to the ditch to prevent erosion and minimize standing water. **Driveway:** 1. The existing driveway to parcel will need to be removed. This will include removing mountable curb and gutter and replacing with the City standard for concrete curb and gutter.	
Forestry & Parks	
Does the project meet City Landscaping Regulations?	■ Yes No □ NA
Required Actions: Forestry and Parks did not have any issues with the General Development Plan	
Fire	
Does the project meet City Fire Codes?	■ Yes No □ NA
Required Actions: 1. Provide complete detail plan for construction review. Provide details and definitions of use for all areas of structure.	
Planning & Building Inspection	
Does the project meet design regulations (exterior building elevations/materials)?	■ Yes †No †NA
Does the project meet City setback requirements?	■ Yes †No †NA
Does the project meet City parking requirements?	■ Yes †No †NA
Does the project meet City lighting requirements?	Yes †No ■ NA
Is the refuse properly sited, and screened?	■ Yes †No †NA
Will the signage meet City code?	■ Yes †No †NA
Are there other items that need to be addressed?	Yes †No ■ NA
Required Actions: 1. The parcels will need to be combined or an easement will be required for the entrance and drive path.	

Recommendation:

Staff recommends approval of the General Development Plan and that the General Development Plan and rezoning request be forwarded to the City Council for a public hearing.

City of De Pere, Wisconsin

Request For Common Council Action

MEETING DATE: **October 1, 2013**

DEPARTMENT: **Planning**

FROM: **Ken Pabich**

SUBJECT: **Recommendation from Historic Preservation Commission for installation of Historic Plaques**

As part of the 2013 budget, the Historic Preservation Commission budgeted for historic plaques to be installed on participating businesses in the two commercial historic districts and also individual designated historic buildings. The Main Avenue District includes buildings on the south side of the street between 3rd and 4th. The South Broadway District includes buildings on the east side of the street between Wisconsin and George. To date, 23 building owners have stated interest in obtaining signage.

The costs for the project are as follows:

Plaques:	$161.10 per plaque
Installation:	$ 35.00 per plaque
Total	$196.10 per plaque

The individual building owner will be contributing $60.00 towards the cost of the plaque and the remaining cost will be covered by the funds in the Historic Preservation budget. The Commission did get quotes for both the signage and installation. For the installation, Reinhold Signs had the best price and the Commission is requesting approval to work with Reinhold Signs for the project.

Recommendation

The Historic Preservation Commission recommended that Reinhold Signs be used for the plaque installation.

$35.00 23 $805

Carla.
If we could install all of them at once you should allow $35.00 each.
That price includes us providing all the tools, labor and the epoxy resin.

Thank you John, the plaques are 10 x 7 oval Bronze. Most will be at eye level in brick. If not at eye level, they will be lower. One or two might be in wood.
I can't think of anything else to tell you. You have questions let me know.

Great thank you John. We would want the same epoxy resin and I suspect the building owners would want a say in exactly where they are located. Carla Nicks whom is also on the De Pere Historic Commission has details about the signs. I've copied her on this email so the details can be ironed out. Thanks!

MEETING DATE: **October 1, 2013**

DEPARTMENT: **Parks, Recreation & Forestry**

FROM: **Marty Kosobucki**

SUBJECT: **Recommendation from the Board of Park Commissioners to approve $4300 from the Parkland Dedication Fund to fund wetland delineation and land transfer for Dog Park.**

In going through the Master Plan process, we identified two issues that will have an impact on the completion of the final Master Plan of the Dog Park. First, we would like to complete a small land transfer to the Dog Park from the neighboring property the City owns to the south. This small section of land will provide for needed parking in the future. Second, the current wetlands consume most of the property and do not allow for effective planning or developing of the park. We would like to conduct a wetland delineation of the property to better identify the wetlands which would likely provide for more usable space. The cost to conduct the wetland delineation is $2300 and the land transfer is $2000. Funding is allowed to come from the Park Land Dedication Fund.

City of De Pere, Wisconsin

Request For Common Council Action

MEETING DATE:	**October 1, 2013**
DEPARTMENT:	**Common Council**
FROM:	**Chrystal Woller**
SUBJECT:	**Ordinance #13-22, Repealing and Recreating §110-7 De Pere Municipal Code Regarding Weights and Measures Regulations.**

A contract has been initiated with the State Department of Agriculture, Trade and Consumer Protection to conduct Weights and Measures inspections due to the health department not having a Sanitarian on staff to conduct these inspections. The City is required to revise the current Weights and Measures fee schedule, not to exceed the cost contract. The intent is to initiate the billing to the establishments before the end of 2013 as the license year began 7/1/2013.

ORDINANCE #13-22

REPEALING AND RECREATING §110-7, DE PERE MUNICIPAL CODE REGARDING WEIGHTS AND MEASURES REGULATIONS

THE COMMON COUNCIL OF THE CITY OF DE PERE DO ORDAIN AS FOLLOWS:

Section 1: **§110-7, Weights and measures regulations**, is hereby repealed and recreated as follows:

§110-7. Weights and measures regulations.

(a) *Application of state codes.* Except as otherwise specifically provided in this section, the statutory provisions provided in this section, the statutory provisions of Wis. Stats. ch. 98, Weights and Measures, and Wis. Adm. Code, ATCP 92, Weighing and Measuring Devices, are hereby adopted and by reference made a part of this section as if fully set forth herein. Any act required to be performed or prohibited by any statute or code incorporated herein by reference is required or prohibited by this section. Any future amendments, revisions or modifications of the statutes incorporated herein or administrative code provisions incorporated herein are intended to be and are made a part of this section. This section is adopted pursuant to the provisions of Wis. Stats. ch. 98, including all amendments thereto.

(b) *Appointment of inspectors.* In order to assure compliance with this section, the city hereby grants the authority and duties of sealers and inspectors required by this section to the State of Wisconsin Department of Agriculture, Trade and Consumer Protection.

(c) *Definitions.*

(1) *Commercial weighing or measuring devices.* Devices used or employed in establishing the size, quantity, extent, area or measurement of quantities, things, produce or articles for sale, hire or award, or in computing any basic charge of payment for services rendered on the basis of weight of measure.

Attachment: Ord13-22 (1418 : Ordinance #13-22, Weights and Measures)

(2) *Weights and measures program.* The program that includes administration and enforcement of this section, Wis. Stats. ch. 98, and applicable Wis. Admin. Code provisions, and any related actions.

(d) *License.*

(1) *Annual license.* The owner/possessor of weighing and measuring devices shall no later than March 1 of each year file an annual weights and measures license form with the health officer, listing the number and type of devices either owned or leased as of January 1 of each year.

(2) *Annual license fee.* The City of De Pere shall annually assess license fees to each person/business based on their number of weighing and measuring devices, either owned or leased, as of January 1 of each year. The yearly license fee shall be determined by dividing the actual costs of the weights and measures program by the number of weighing and measuring devices known to exist within the City's jurisdiction multiplied by the number of devices under the control of each person/business. The total of the fees assessed and the fees collected shall not exceed the actual costs of the weights and measures program.

(3) *Health officer to prepare fee schedule.* The health officer shall at least annually prepare a schedule of license fees and the city shall mail to each business an invoice of the amount of the license fee. Each business shall pay the license fee within 20 days after the date the invoice is mailed.

(4) *Failure to pay license fee.* If the license fee is not paid within 30 days of the date of the mailing of the invoice, an additional administrative collection charge of ten percent of the total fee shall be added to the amount due, plus interest shall accrue thereon at the rate of 1.5 percent per month or fraction thereof until paid. To the extent permitted by law, if the business owner is the owner of the real estate premises where the weights and measures devices are located, any delinquent license fee shall be charged to the real estate premises for current services.

(5) *Mailing of notices.* License forms, notices and invoices shall be considered mailed to a business when mailed by first class mail, postage prepaid, to the business address.

(6) *Change of ownership.* The owner/possessor of weighing and measuring devices as of January 1 of each year shall be assessed for fees under this section, regardless of any change in ownership or possession of such devices during the year.

(e) *Penalty.* In addition to any other remedy, any person who fails to comply with the provisions of this ordinance shall, upon conviction thereof be subject to forfeiture

Attachment: Ord13-22 (1418 : Ordinance #13-22, Weights and Measures)

as determined by resolution of the Common Council. Each day a violation exists or continues shall constitute a separate offense.

Section 2: All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 3: This ordinance shall take effect on and after passage and publication.

Adopted by the Common Council of the City of De Pere, Wisconsin, this 1st day of October, 2013.

City of De Pere, Wisconsin

Request For Board of Park Commissioners Action

MEETING DATE: **October 1, 2013**

DEPARTMENT: **Parks, Recreation & Forestry**

FROM: **Marty Kosobucki**

SUBJECT: **Resolution #13-121, Authorizing Submission of Grant Request for Aerial Deer Survey.**

In researching our next step in potentially developing a hunting program within the City Limits, staff recommends pursuing a contractor to conduct an aerial survey of deer in the area. The survey that was completed identified favorable support for a hunting program as long as its related to mitigating deer herd issues. Conducting an aerial survey of deer numbers will provide quantifiable information we can use in determining if there is a deer herd issue with the City of De Pere. The Village of Allouez has expressed interest in partnering with the City of De Pere in conducting an aerial survey in 2014. Grants are available through the Wisconsin Department of Natural Resources to aid in the cost related to conducting an aerial survey. In discussing our City with a company that conducts aerial surveys, it was predicted the cost would be around $3500. We will need council approval to apply for the WDNR Grant.

Staff Recommendation: Approve application to WDNR grant to conduct Aerial Survey of deer population.

RESOLUTION #13-121

AUTHORIZING SUBMISSION OF GRANT REQUEST FOR AERIAL DEER SURVEY

WHEREAS, the Common Council, has requested that the Board of Park Commissioners study the issue of permitting the discharge of weapons within City jurisdictional limits for hunting purposes; and

WHEREAS, grant funding for an aerial survey in 2014 of the deer population in the City is available from the Wisconsin Department of Natural Resources (WDNR); and

WHEREAS, the Village of Allouez has expressed an interest in partnering with the City in submitting a grant request; and

WHEREAS, this matter has been reviewed by the Board of Park Commissioners which recommends moving forward with the grant submission.

NOW, THEREFORE, BE IT HEREBY RESOLVED THAT:

The Director of Parks, Recreation and Forestry is authorized to submit request(s) as may be available for grant funding of an aerial deer population survey through the WDNR.

BE IT FURTHER RESOLVED THAT:

Any such grant awarded shall be formally accepted by the Common Council.

BE IT FURTHER RESOLVED THAT:

All City officials, officers and employees are authorized and directed to take such steps as are lawful and necessary in furtherance thereof.

City of De Pere, Wisconsin

Request For Board of Public Works Action

MEETING DATE: **October 1, 2013**

DEPARTMENT: **Engineering**

FROM: **Eric Rakers**

SUBJECT: **Resolution #13-122, Approving Agreement for Consulting Services Between the City of De Pere and McMahon Associates, Inc. (WDNR Field Screening Services).**

The Wisconsin Department of Natural Resources (WDNR) issued the City of De Pere a Wisconsin Pollutant Discharge Elimination System (WPDES) Permit No. WI-S050075-1 (Permit) on October 11, 2006. This Permit has several components with varying deadlines that the City is required to address including:

- Public Education and Outreach
- Public Involvement and Participation
- Illicit Discharge Detection and Elimination (IDDE)
- Construction Site Pollutant Control
- Post-Construction Storm Water Management.

As part of the IDDE component of the Permit, the City is required to complete ongoing monitoring of major outfalls in the City over a 5-year cycle.

There are 33 major outfalls in the City. The outfalls discharge to three primary waterways: Ashwaubenon Creek, the East River and the Fox River. The outfall drainage basins consist of various types of development including industrial, business, commercial, institutional and residential, including recent development to areas developed over 100 years ago. The storm sewer infrastructure consists of various pipe materials including brick, clay, concrete, corrugated metal pipe and PVC. The storm sewer age varies from new construction to storm sewer over 100 years old.

For the purposes of the WDNR Permit, a major outfall is defined as a "municipal separate storm sewer outfall that meets one of the following criteria":

- A single pipe with an inside diameter of 36 inches or more or equivalent conveyance (cross sectional area of 1,018 square inches) which is associated with a drainage area of more than 50 acres.
- A single pipe with an inside diameter of 12 inches or more or equivalent conveyance (cross section area of 113 square inches) which receives storm water runoff from land zoned for industrial activity with 2 or more acres of industrial activity, but not land zoned for industrial activity that does not have any industrial activity present.

The City completed the initial field screening for the major outfalls in 2009 with the information being submitted to the WDNR on November 13, 2009.

The five-year screening schedule is based on the requirements of State Code NR216.07(3)(i)3. with consideration given to the drainage area, population density, history of the area and land use types. The five-year schedule was determined based on the following:

Year 2010 - Fox River West Drainage Basin - This area consists of a mix of industrial, downtown commercial, institutional and residential development. The area is one of the older parts of the City with a large number of clay, concrete and some brick sewers.

Year 2011 - Fox River East (North End) Drainage Basin - This area consists primarily of downtown commercial and residential development. The area is one of the older parts of the City with a large number of clay, concrete and some brick sewers.

Year 2012 - Fox River East (South End) Drainage Basin - This area consists of industrial, commercial, institutional and residential development.

Year 2013 - Ashwaubenon Creek Drainage Basin - This area consists of industrial commercial, institutional and residential development. This is one of the newer areas of the City with the majority of sewers being concrete and PVC.

Year 2014 - East River Drainage Basin. This area consists of primarily residential development. This area is also one of the newer areas of the City with the majority of the sewers being concrete and PVC.

Samples will be collected for pH, total chlorine, total copper, total phenol and detergents. The results of the samples taken will be compared to the table below.

IDDE Screening Parameters and Guidance Thresholds

PARAMETER	**INITIAL FOLLOW-UP LEVEL OR CONDITION**
pH	Sample < 6.0 SU Sample > 9.0 SU
Color	abnormal color present
Turbidity	turbidity present
Surface Sheen	oil sheen present
Odor	sanitary or other abnormal odor present
Detergents	Sample > 0.5mg/L
Total Residual Chlorine	Sample > 0.3mg/L
Phenols	Sample ≥ 0.1mg/L
Total Copper	Sample > 0.2mg/L

Sampling requires use of chemicals and safety training that City Staff are currently not trained on. Based on this, discussions with the WDNR and what other communities have done in the area, Staff has obtained proposals from consultants to complete the work. A summary of the results is as follows:

Consultant	Base Monitoring	Additional Samples (5)	Comments
McMahon	$ 850	$450	Additional fees if lab

			testing required.
RA Smith	$1,297	$400	Lab fees included
Robert E. Lee	$1,645	$1,860	Lab fees included

Staff is recommending McMahon be retained for the amount of $1,300 to complete the 2013 IDDE screening. This amount covers the base monitoring ($850), and additional samples ($450). Field screening is to be completed by the end of November to meet the WDNR requirements.

AGREEMENT FOR CONSULTING SERVICES BETWEEN THE CITY OF DE PERE AND MCMAHON ASSOCIATES, INC. (WDNR Field Screening Services)

THIS AGREEMENT, made and entered into on this ____ day of _____, 2013, by and between the City of De Pere ("City") and McMahon Associates, Inc., a Wisconsin corporation ("Consultant"):

WITNESSETH

WHEREAS, the City requires consulting services for field screening needs at five (5) stormwater outfalls that discharge to Ashwaubenon Creek; and

WHEREAS, the Consultant has available and offers to provide personnel and equipment necessary to accomplish the field screening within the required time.

NOW THEREFORE, City and Consultant agree as follows:

I. DESCRIPTION OF PROJECT

The project is as described in the August 27, 2013 City Request for Proposals (Exhibit A) and Consultants Proposal thereto dated August 30, 2013 (Exhibit B), both of which are attached hereto and incorporated by reference. If a conflict exists between Exhibit A and Exhibit B, the terms of Exhibit A shall prevail. If there is a conflict between the terms and conditions of Exhibit A and this Agreement, the terms of this Agreement shall prevail. If, during the course of performing the work, City and Consultant agree that it is necessary to make changes in the project as described in the exhibits, such changes will be incorporated into this Agreement only by written amendment, signed by the parties.

II. SCOPE OF CONSULTING SERVICES

Consultant agrees to perform those field screening tasks as described in Exhibit A. Any change to the scope of services as identified therein shall be defined in writing and authorized by both parties prior to performing such work. Such writing shall include the scope of work to be done, schedule for commencing and completing the work and the basis for compensation for such work.

III. SCOPE OF CITY SERVICES

City shall provide the Consultant with information and items as described in Exhibit A.

IV. AUTHORIZATION, PROGRESS AND COMPLETION

In signing this Agreement, the City grants the Consultant specific authorization to proceed with the work described herein.

For special services, the authorization by the City shall be in writing and shall include the definition of the work to be done, the schedule for commencing and completing the work, and the basis for compensation for the work, all as agreed upon by the City and the Consultant.

V. OWNERSHIP AND FORM OF DOCUMENTS

All documents created, maintained or received during the course of this Agreement, including those in electronic form, shall be deemed the property of City and Consultant shall not be considered the owner of any such document nor shall the Consultant retain any common law, statutory, or other right therein, including copyright, patent, or trademark. To that end, Consultant agrees to and hereby does assign and transfer to City all rights, title, and other interests in such drawings, specifications, or other documents, which rights shall including copyright, trademark, or patent rights therein, unless City fails to pay Consultant for such drawings specifications and other documents, in which case the ownership and all rights shall revert to the Consultant.

City hereby grants Consultant a non-exclusive license to use the documents created pursuant to this Agreement, including any standard details used herein.

Consultant acknowledges that, as the Consultant to City, a Wisconsin municipality, Wis. Stats. §19.36(3) applies to it and records produced by it pursuant to this contract are subject to the public records law to the extent they would otherwise be if maintained by the City. Consultant agrees that, within 10 business days of a written request of City, it shall forward to City any such contract or records maintained by Consultant as are requested by City. Such records shall be in the format requested by City provided that such records are kept and maintained in that format. City shall reimburse Consultant for its reasonable costs incurred in complying with this paragraph.

Consultant further agrees to indemnify the City from all costs City incurs should Consultant fail to comply with these requirements.

VI. CONFIDENTIALITY OF INFORMATION

Consultant understands that, during the course of work under this contract, Consultant may become privy to confidential information of City. Consultant shall maintain the confidentiality of all information specifically designated confidential by City unless withholding such information would violate the law, create a significant harm to the public, or risk of significant harm to the public.

VII. TIME FOR COMPLETION

The parties hereto agree that time is of the essence in completion of the project and that Consultant's work hereunder should be completed as follows:

1. Field screening by November 15, 2013; and
2. Final document submission to City by December 17, 2013.

Attachment: McMahon Field Screeing-IDDE (1366 : Resolution #13-122, Consider Services for Illicit Discharge Detection and Elimination)

Should Consultant encounter any circumstances, which, in the Consultant's opinion, will delay closeout of the contract within said time, Consultant shall so inform the City in writing.

VIII. COMPENSATION

For the services which are to be performed by the Consultant, the City agrees to pay, and the Consultant agrees to compensation in the amount not to exceed $850 payable in a lump sum at the conclusion of the project. If additional gathering and testing is required, Consultant agrees to additional compensation in the amount not to exceed $90 per outfall payable in a lump sum at the conclusion of the project.

IX. RESPONSIBILITY OF CONSULTANT

The Consultant is employed to render a professional service only, and any payments made to the Consultant are compensation solely for such services rendered and recommendations made in carrying out the work. The Consultant shall follow the practice of its profession to make findings, opinions, factual presentations, and professional advice and recommendations.

X. INSURANCE

The Consultant shall maintain during the life of the Agreement, the following minimum public liability and property damage insurance to cover claims for injuries, including accidental death, as well as from claims for property damages which may arise from the performance of work under the Agreement as stated below:

1. Comprehensive general liability insurance, including personal injury liability, blanket contractual liability and broad form property damage liability. The combined single limit for bodily injury and property damage shall be not less than $1,000,000; with additional umbrella liability insurance coverage to a total of not less than $2,000,000.

2. Automobile bodily injury and property damage liability insurance covering owned, non-owned, rented, and hired cars. The combined single limit for bodily injury and property damage shall be not less than $600,000.

3. Statutory workers compensation and employers' liability insurance as required by the state having jurisdiction.

4. Professional liability insurance covering damages resulting from errors and omissions of the Consultant. The limit of liability shall be $1,000,000 or the total engineer and/or surveyor's fee on the project, whichever is less.

XI. ALLOCATION OF RISKS

To the fullest extent permitted by law, the Consultant shall indemnify and hold harmless the City, City's officers, directors, partners, and employees from and against any and all costs,

Attachment: McMahon Field Screeing-IDDE (1366 : Resolution #13-122, Consider Services for Illicit Discharge Detection and Elimination)

losses, and damages (including, but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or other dispute resolution costs) caused solely by the negligent acts or omissions of Consultant or Consultant's officers, directors, partners, employees, and Consultant's Consultants in the performance and furnishing of Consultant's services under this Agreement.

To the fullest extent permitted by law, the City shall indemnify and hold harmless Consultant, the Consultant's officers, directors, partners, employees, and Consultant's Consultants from and against any and all costs, losses, and damages (including, but not limited to all fees and charges of engineers, architects, attorneys, and other professional, and all court or arbitration or other dispute resolution costs) caused solely by the negligent acts or omissions of City and City's officers, directors, partners, employees, and City's Consultants with respect to this Agreement or the project.

To the fullest extent permitted by law, Consultant's total liability to City and anyone claiming by, through, or under City for any cost, loss or damages caused in part by the negligence of Consultant or Consultant's subcontractor and in part by the negligence of City or any other negligent entity or individual, shall not exceed the percentage share that Consultant's or Consultant's subcontractor negligence bears to the total negligence of City, Consultant and all other negligent entities and individuals.

XII. SUBCONTRACTS

The Consultant shall obtain the written consent of the City prior to subcontracting any portion of the work to be performed under this project. The Consultant shall be responsible to the City for the actions of persons and firms performing subcontract work.

XIII. ASSIGNMENT

This Agreement is binding on the heirs, successors, and assigns of the parties hereto. This Agreement is not to be assigned by either the City or Consultant without the prior written consent of the other.

XIV. INTEGRATION

This Agreement represents the entire understanding of the City and Consultant as to those matters contained herein. No prior oral or written understanding shall be of any force or effect with respect to those matters covered hereunder. This Agreement may not be modified or altered except in writing signed by both parties.

XV. JURISDICTION

This Agreement shall be administered and interpreted under the laws of the State of Wisconsin. Jurisdiction of litigation arising from this Agreement shall be in that state. If any part of this Agreement is found to be in conflict with applicable laws, such part shall be

Attachment: McMahon Field Screeing-IDDE (1366 : Resolution #13-122, Consider Services for Illicit Discharge Detection and Elimination)

inoperative, null and void insofar as it is in conflict with said laws, but the remainder of this Agreement shall be in full force and effect.

XVI. SUSPENSION OF WORK

The City may suspend, in writing, all or a portion of the work under this Agreement in the event unforeseen circumstances beyond the control of the Contractor make normal progress in the performance of the work impossible. The Consultant may request that the work be suspended by notifying the City, in writing, of circumstances which are interfering with normal progress of the work. If agreed, the time for completion of the work shall be extended by the number of days the work is suspended by Contractor through no fault of Contractor. In the event that the period of suspension exceeds 90 days, the terms of this Agreement are subject to renegotiation and both parties are granted the option to terminate work on the suspended portion of the project in accordance with Article XVII.

XVII. TERMINATION OF WORK

The City shall terminate all or a portion of the work covered by this Agreement for its convenience. Either the City or the Consultant may terminate work in the event the other party fails to perform in accordance with the provisions of this Agreement. Termination of this Agreement is accomplished by 15 days prior written notice from the party initiating termination to the other. Notice of termination shall be delivered by certified mail with receipt for delivery returned to the sender.

In the event of termination, the Consultant shall perform such additional work as is necessary for the orderly filing of documents and closing of the project. The additional time for filing and closing shall not exceed 10 percent of the total time expended on the completed portion of the project prior to the effective date of termination.

The Consultant shall be compensated for the completed portion of the work on the basis of work actually performed prior to the effective date of termination plus the work required for filing and closing. Charges for the latter work are subject to the 10 percent limitation described in this Article.

XVIII. MEDIATION

All claims, disputes and other matters in question between the parties of this Agreement arising out of or relating to this Agreement or breach thereof, which are not disposed of by mutual agreement of the parties, shall be subject to mediation as a condition precedent to the institution of legal proceedings by either party. If such claim, dispute or other matter involves a lien arising out of the Consultant's services, the Consultant may proceed in accordance with applicable law to comply with lien notice and filing deadlines prior to resolution of the matter by mediation.

The City and Consultant shall attempt to resolve claims, disputes and other matters in question between them by mediation. A request for mediation shall be filed in writing with the

Attachment: McMahon Field Screeing-IDDE (1366 : Resolution #13-122, Consider Services for Illicit Discharge Detection and Elimination)

other party to this Agreement. The request may be made concurrently with the filing of a civil action, but mediation shall proceed in advance of legal proceedings.

The parties shall share the mediator's and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

XIX. NOTICES

Any notification required or needed under the contract shall be sent via First Class Mail to:

If to City:

City of DePere
Attention: City Clerk-Treasurer
335 South Broadway Street
DePere, WI 54115

With a copy to:

RE: WDNR Field Screening

Dear Mr. Rosenbeck:

The City of De Pere is requesting a proposal from your firm to complete work related to the WDNR's field screening requirements. This is the third year of the City's five-year program for field screening. The City is required to complete field screening on City owned major outfalls. As part of that program, field screening is to be completed on five outfalls that discharge to the Ashwaubenon Creek this year. A map of the locations has been included for your use in preparing a proposal. Field screening is to be done to meet the requirements of NR 216. A worksheet has been prepared to identify the information the City is requiring. You have the option to use your own form. City staff will accompany the consultant's personnel and assist in the field. For outfalls with flow, samples are to be taken and tested for illicit or illegal discharges per the attached worksheet. If the results fall outside acceptable levels, additional testing is to be completed upstream in an attempt to locate the source. City staff will assist with locating upstream manholes and potential sources. Your firm will take and test the additional samples.

Upon completion of the testing, the attached worksheet will be completed for each outfall and submitted to the City.

The City is requesting a letter proposal from you with the following:

- Cost for the completion for the field screening of five outfalls.
- Cost to complete additional upstream sampling due to potential illicit or illegal discharges. Assume six additional upstream sampling locations.

Please submit your response to me by 1:00 pm on Thursday, September 5th, 2013. The City anticipates awarding this work at the September 17th, 2013 City Council Meeting. A city contract will be sent to the successful firm for signatures. A copy of the contract form is available for your review. Field screening is to be completed by November 1st, 2013 with the final documents submitted to the City by December 3rd, 2013.

Sincerely,

DEPARTMENT OF PUBLIC WORKS

Eric P. Rakers, P.E.
City Engineer

AGREEMENT
For Professional Services

City of De Pere
Attn: Mr. Eric Rakers
925 South Sixth Street
De Pere, WI 54115-1199

Date: August 30, 2013

McM. No. M0032-930002

PROJECT DESCRIPTION:

As part of the City's Illicit Discharge Detection and Elimination Program, De Pere completed an initial field screening in 2010. This is the fourth year of the City's five-year program for field screening. The City is requesting assistance for field screenings on seven City-owned Major Outfalls.

For outfalls with flow, samples are taken and tested for an illicit discharge. If the results are not within acceptable levels as defined by the Wisconsin Department of Natural Resources (DNR), then additional testing will be completed. McMAHON / MCO will work with the City to try and identify the source and test the additional samples.

SCOPE OF SERVICES:

MCMAHON agrees to provide the following Scope Of Services for this project:

Field Screening Set-Up:

- Set-up of an electronic 'Outfall Field Screening Worksheet' for five major outfalls. The major outfalls are defined by the City of De Pere. Maps will be provided by the City of De Pere to be imported into the worksheet.
- Review City's MS4 map. Provide recommendations (if any) of map prior to field analysis.

Field Screening:

- Conduct field screenings for five major outfalls.
- Document field observations, flow measurements, physical indicators, flow indicators, and on-site chemical test results using an 'Outfall Field Screening Worksheet' and photographs. If flow is observed at an outfall, a chemical analysis will be conducted in the field to determine the presence of non-stormwater discharges or illicit dumping.
- Compile field screening results and photographs. Download data and photographs from the Tablet PC into a database, and generate hard copies of 'Outfall Field Screening Worksheets'.

Upstream Sampling of Potential or Illegal Discharges:

- If an illicit discharge is found during field screening, McMAHON will assist with tracking and investigating the source of the discharge. These services will be provided as-needed and on a time and expense basis. Strategies and time involved in tracking discharges may vary greatly depending on the specific circumstances. Methods that can be used to track the discharge include drainage area investigations, visual manhole inspections, on-site investigations, etc.

SPECIAL TERMS: (Refer Also To General Terms & Conditions - Attached)

The Scope Of Services and fee is based upon the understanding that the Owner will provide the following:

- A single contact person or representative to respond to questions.
- City of De Pere staff member will accompany McMAHON Inspector.

The City of De Pere agrees that the Project Description, Scope Of Services and Compensation sections contained in this Agreement, pertaining to this project or any addendum thereto, are considered confidential and proprietary, and shall not be released or otherwise made available to any third party, prior to the execution of this Agreement, without the expressed written consent of the McMahon Group of Companies.

Attachment: McMahon Field Screening-IDDE (1366 : Resolution #13-122, Consider Services for Illicit

COMPENSATION: (Does Not Include Permit Or Approval Fees)

McMAHON agrees to provide the Scope Of Services described above for the following compensation:

- Rates Per Attached Fee Schedule
  - Field Screening Set-Up and Inspection of Five Outfalls $850
  - On-Going Field Screening* ..... $90 per outfall estimate

*Sending samples to a laboratory for additional testing is excluded from the cost. Laboratory costs are to be invoiced on a time and expense basis.

COMPLETION SCHEDULE:

McMAHON agrees to complete this project as follows:

- Field Screening completed by November 1, 2103.
- Final Documents completed by December 3, 2013.

ACCEPTANCE:

The General Terms & Conditions And The Scope Of Services (Defined In The Above Agreement) Are Accepted, and McMAHON Is Hereby Authorized To Proceed With The Services.

The Agreement Fee Is Firm For Acceptance Within Sixty (60) Days From Date Of This Agreement.

Request For Board of Park Commissioners Action

MEETING DATE: **October 1, 2013**

DEPARTMENT: **Parks, Recreation & Forestry**

FROM: **Marty Kosobucki**

SUBJECT: **Resolution #13-123, Authorizing Fifth Amendment to Lease Agreement Between the City of De Pere and Humana Insurance Company.**

I have attached a proposed amendment with Humana to extend the lease agreement for using Humana Sports Park through next summer. The amendment includes a couple of new items, which in staff's opinion are minor.

Staff recommends approving the amendment and forwarding to council.

09/19/13	**Board of Park CommissionersADOPTED**

Attachment: Reso13-123 (1417 : Resolution #13-123, Authorizing Fifth Amendment to Lease Agreement Between the City of De Pere and)

RESOLUTION #13-123

AUTHORIZING FIFTH AMENDMENT TO LEASE AGREEMENT BETWEEN THE CITY OF DE PERE AND HUMANA INSURANCE COMPANY

WHEREAS, the City and Humana Insurance Company are parties to a Lease Agreement originally dated December 4, 2000 pertaining to certain property owned by Humana and leased by City for purposes of recreation; and

WHEREAS, the parties desire to extend the Lease Agreement so that it expires September 30, 2014; and

WHEREAS, this matter has been reviewed by the Board of Park Commissioners which recommends approval thereof.

NOW, THEREFORE, BE IT HEREBY RESOLVED THAT:

The Mayor is authorized and directed to execute the Fifth Amendment to the Lease Agreement between the City of De Pere and Humana Insurance Company, attached and incorporated as Exhibit 1, together with such additional extensions thereto provided that such extensions are substantively similar to Exhibit 1.

BE IT FURTHER RESOLVED THAT:

All City officials, officers, and employees are authorized and directed to take such steps as are lawful and necessary in furtherance thereof.

Adopted by the Common Council of the City of De Pere, Wisconsin, this 1st day of October, 2013.

APPROVED:

_____
Michael J. Walsh, Mayor

ATTEST:

_____

FIFTH AMENDMENT TO LEASE

THIS AGREEMENT is executed this _____ day of_____, 2013 by and between CITY OF DE PERE, a Wisconsin Municipal Corporation ("City") and HUMANA INSURANCE COMPANY, a Wisconsin corporation f/k/a EMPLOYERS HEALTH INSURANCE COMPNY ("Humana").

W I T N E S S E T H

WHEREAS, pursuant to the terms of the Lease Agreement, City is currently leasing from Humana, 22 acres located at 1100 Employers Boulevard, City of De Pere, Brown County, Wisconsin. Humana desires to extend the Term of the Lease Agreement for a period of Twelve (12) months, and the City has agreed to such extension on the terms and conditions contained herein.

WHEREAS, the Lease made by and between the parties will expire on September 30th, 2013, and the parties are desirous of extending the term thereof.

NOW, THEREFORE, for valuable and other good consideration, the receipt and sufficiency, of which is hereby acknowledged and the promises and covenants herein contained, it is mutually agreed as follows:

1. The above recitals are true and correct and are hereby incorporated in this Fourth Amendment as if set forth herein at length. Any and all capitalized terms not defined herein shall have the definitions set forth in the Lease.

2. The term of the Lease shall be extended for a period of Twelve (12) months to commence on October 1st, 2013 and to expire on September 30th, 2014.

3. The Lease may be terminated by either party upon thirty (30) days written notice.

4. Humana shall tear out the basketball court and volleyball court and replace with grass that the City shall be responsible to mow. The City shall continue to be responsible for the area of land it currently mows.

5. The City shall mow and maintain the identified tall grass area shown in Exhibit A attached hereto. The mowing shall be with a tall grass mower and performed 3-4 times per year, or as needed.

6. Humana will be responsible for capital repairs and improvements to the shelter. The City shall be responsible for general operating maintenance.

7. All other provisions, terms and conditions of the Lease shall remain in full force and effect throughout the extension period as identified herein.

Request For Common Council Action

MEETING DATE:	**October 1, 2013**
DEPARTMENT:	**Human Resources**
FROM:	**Shannon Metzler**
SUBJECT:	**Review Classification and Compensation Study Results**

Charlie Carlson, our consultant conducting our classification and compensation study will be at the meeting to present the findings from the study and help us move forward to adopting a new pay plan. The purpose of the meeting is to present the study, have a discussion, and provide a general overview of the plan. This item will be on the October 15, 2013 meeting agenda as well, which will be a more appropriate time for employee comments. Therefore, it is not intended to open next week's meeting up to employees to speak.

Our consultant has two pay plans to present to the City Council, consistent with our earlier policy discussion. One is a traditional step system (Option A) which moves employees from one step to the next with years of service. The other pay plan is similar (Option C), but also has a pay for performance component added to the plan that is distinctly different from our present policy. We recommend implementing Option C, which has a pay for performance added to the plan. Option B was an open range pay for performance plan that we concluded was too great of an immediate shift in policy. The new pay plan excludes police and fire represented employees. Their wages will be bargained during contract negotiations.

You will see in the study we have a number of positions that are paid higher than the maximum rate for their position. Rather than decrease the employee's pay to be consistent with market, we recommend that their pay be red-circled, meaning they would not receive a base pay increase until the range for those positions reaches their rate of pay. The merit pay plan policies that we are developing would permit red-circled employees whose performance substantially exceeds expectations to receive a bonus.

In addition to implementing a new pay plan, we are recommending a 2% COLA (cost of living adjustment) for those employees that are not red-circled immediately before employees are placed on the plan. The CPI comparing 2013 to 2012 is 2.4%. When employees are moved onto the new pay plan they will be placed at the closest step to their current rate of pay. Due to this, a very nominal increase will be provided moving on the new plan. Some employees will receive as low as a .05% or $10 increase per year in pay. This includes those employees which shows they are far below market. Also, if Pay Plan C is approved, there are employees that will not receive any increase in pay in 2014. We will not be

doing pay for performance increases in 2014, and therefore, some employees will not receive any increase if there is not a COLA adjustment. We would use 2014 to enhance our performance management system and processes to support the new system.

In addition, there are a couple of anomalies that need attention:

1. We have four employees that will be moving up to the next pay step in 2014 on our current plan. For those employees we recommend, (if under market) they be placed on the new pay plan at the appropriate rate to ensure they do not suffer a decrease in pay moving to the new plan.

2. Under the new plan, we have four employees that are between 81-87% of market. Moving them to the new plan at the closest step will put them at step 1 or 2, which will still place them well below market. It will take them another 4-5 years to get to market/midpoint. On our current compensation plan, employees that are hired at step 1 progress to step 6 (market/midpoint) in 5 years. In this situation, these four employees have already been here for 5 or more years. Therefore, we recommend moving them up 2 steps per year until they reach step 6.

As our consultant noted in his study, generally employees will be hired at step 1. I, as the Human Resources Director, have the authority under our current plan to hire employees up to midpoint. The City Administrator and I recommend, with approval of the Human Resources Director and City Administrator, that the City have the flexibility to hire new staff anywhere within the range for the position. It is our intention to try to hire most new employees at step 1, but that is always not possible. We understand that we will need to be very judicious in using this flexibility and will restrict it to situations where either we can't find a suitable applicant at a lower rate or the applicant we want to hire clearly can make a superior contribution to City services.

As discussed above, we are recommending red-circling wages for those employees that are paid above market. The only employees who are above the new range maximum rates that we are not recommending red-circling are those that have been hired since we have been conducting the compensation study. When those employees were hired, it was outlined in their offer letter the likely new rate for their position starting in 2014. Therefore, those employees knew before accepting the position there was a good chance their rate of pay would decrease starting in 2014, and therefore, we do not feel it's necessary to red-circle their rate of pay. For those new hires, they will be paid at either step 1 of the new pay plan or where they would have been had the plan been in place when they were hired.

The cost of implementing the plan as discussed above is $94,465. The 2% increase costs $59,988 of that total. Option A is more expensive the first year to implement due to the fact that employees on that plan will move to the next step (step 7) in 2014. Under pay plan C, only those employees exemplary performance will move beyond step 6 (midpoint) being pay plan C is a pay for pay for performance plan, and any such increases cannot occur before 2015. We feel the plan should be approved prior to the year in which employees are being evaluated.

The average total increase that is being awarded with the 2% cost of living increase and placing these employees on the new plan is 1.0% (taking out highest and lowest). Typically a 2% or 3% COLA increase has been awarded to employees in previous years. A 2% increase to all of these same employees would cost $77,082. A 3% increase would cost $115,623. Therefore, implementing the new compensation plan is substantially more cost effective than remaining status quo. There will also be a savings as there is turnover in the City and new hires will compensated at a rate comparable with the market.

Please contact me at 339-4045 in advance of the meeting if you have any questions. Thank you.

CARLSON DETTMANN CONSULTING

September 16, 2013

MEMORANDUM

TO: Shannon Metzler
FR: Charlie Carlson

RE: Draft Pay Plan

Shannon, I am attaching two draft pay plans for the City Council workshop on October 1st. They are Options A and C that we reviewed with the Council. Option A is a standard step plan; Option C is a plan that combines steps to the plan Control Point and a variable pay-for-performance zone from each pay range's Control Point to the Maximum. Both plans cover 78 current staff with an annual payroll of approximately $4.3 million and an average salary of $55,600. Both plans cover all staff, replacing the City's multiple plans, and have 18 pay ranges, of which 14 have assigned classifications and four are vacant. Both plans would reduce the number of job classifications from 63 to 48 through title consolidation.

Our market analysis included base wage data from the following sources:

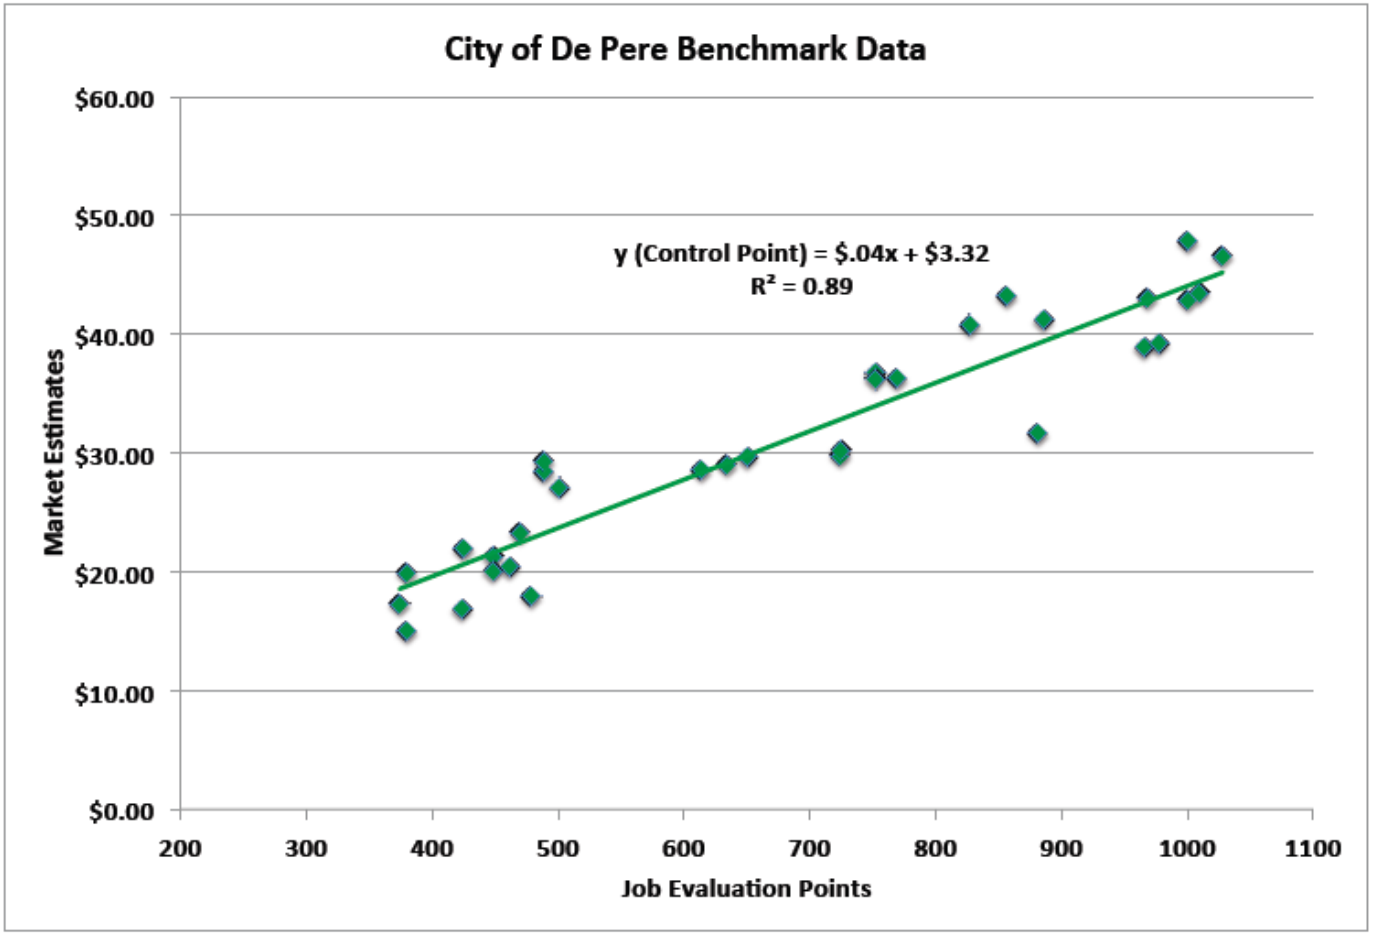
> Cities of Appleton, Beloit, Fitchburg, Fond du Lac, Franklin, Green Bay, Manitowoc, Marshfield, Menasha, Menomonie, Mequon, Middleton, Neenah, Oak Creek, Oconomowoc, Oshkosh, South Milwaukee, Stevens Point, Sun Prairie, Wausau, Wauwatosa, West Bend, Whitewater; and Villages of Allouez, Ashwaubenon, Caledonia, Germantown, Greendale, Howard, Menomonee Falls, and Pleasant Prairie. Supplemental data includes BLS, Fox Valley Chamber, and Towers Watson.

We measured benchmarks for two thirds of the job classifications covering over 70% of the incumbents.

Charles E. Carlson
charles.carlson@carlsondettmann.com
608.239.7991

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

Graphically, the data is as follows:

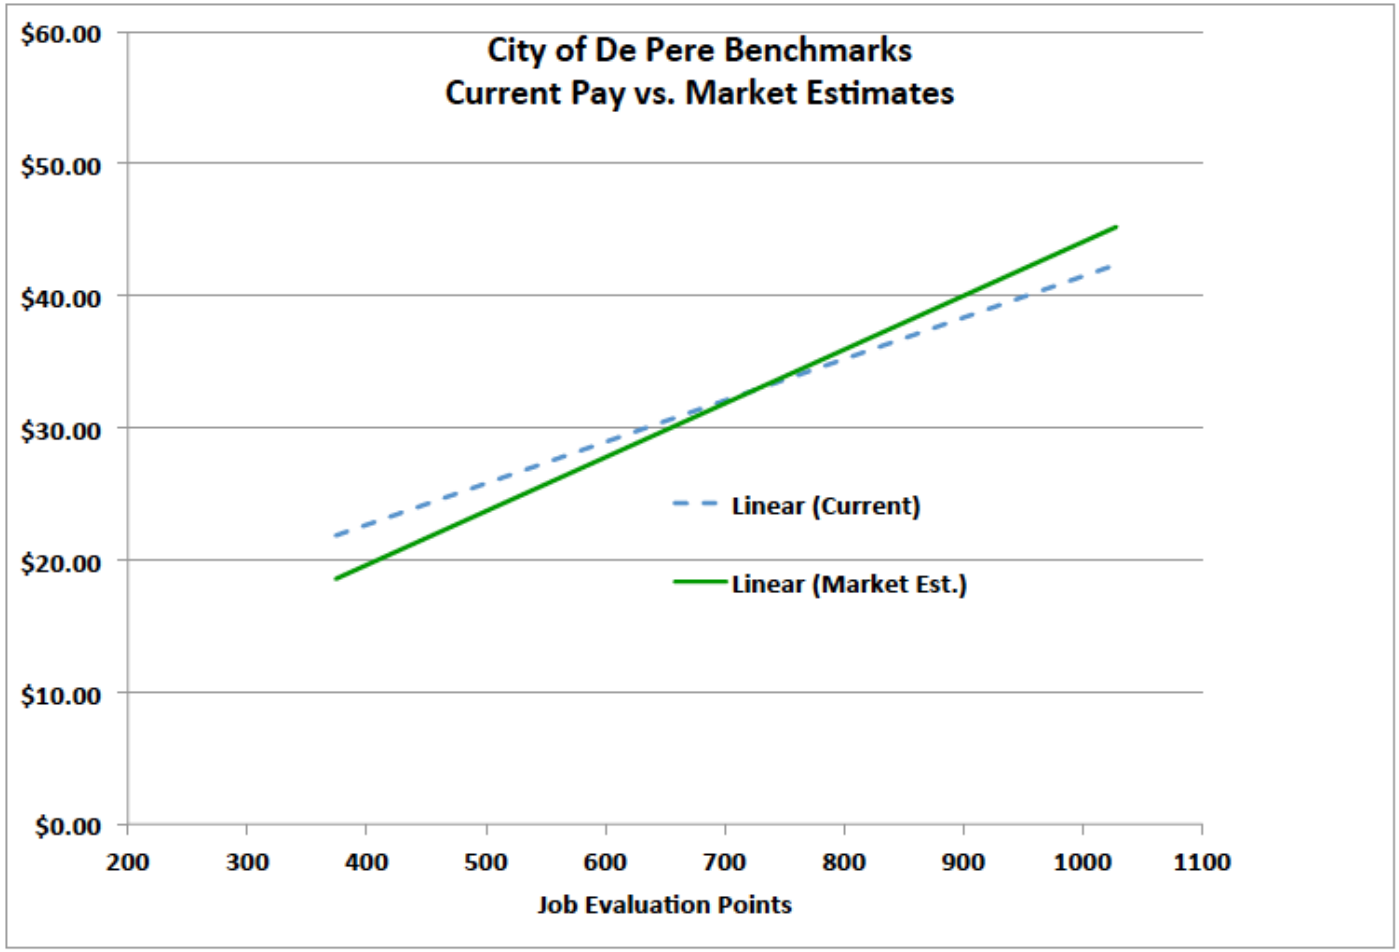


The equation for the market line is: y (Predicted pay/Control Points) = {$.04 (slope of the line) times $3.32 (y-axis intercept). The regression coefficient is .89; meaning 89% of the variance in pay can be explained by job evaluation scores – an excellent outcome.

Charles E. Carlson
charles.carlson@carlsondettmann.com
608.239.7991

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

Overall, in terms of current pay to market rates, the benchmarks had an average market index of 105%; however, there were a number of job classifications in the lower end of the classification scale that are currently above market rates, and the opposite at the upper end of the classification listing. Graphically, the result is as follows:



This graph depicts the regression (trend) lines drawn through the data points for the benchmarks we measured. The blue (dashed) line reflects the relationship between job evaluation scores and the City's current pay rates; the green (solid) line is the market line that

Charles E. Carlson

608.239.7991

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

was also graphed above with the benchmark data points. As you can see, there are definite market disparities, and the plans summarized below would correct these pay relationships over time and with minimal immediate fiscal impact.

We have developed our recommendations on an assumption the City's policy will be to try to "match" the market on average. The two plan options are summarized below. Option B was the open range pay plan, and the City did not prefer this option due to its greater implementation complexity.

The two plan options are as follows:

Option A (as discussed conceptually with the City Council) -

- The first plan is a standard step plan with eleven steps, range spreads of 28.5%, and each step is 2.5% of each range Control Point, which in this case also is the midpoint of the grade. Each range Minimum is 87.5% of the Control Point, and each range maximum is 112.5% of the Control Point. The recommended implementation method for this option is as follows:
    - The 6 employees currently paid below the new range Minimum would be placed on the Minimum step of the range. The 2014 cost of this placement is estimated to be $8,500.
    - The 44 employees currently paid between the range Minimums and Maximums would be placed on the nearest step that provides an increase at an estimated cost of $27,000.
- Conceptually, employees would be hired at the Minimum and progress across the plan in annual steps, provided performance is documented as having at least met established expectations.
- The 28 employees currently paid more than the Maximum rates of their new ranges would be red-circled until the ranges reach their rates or they are reclassified upward or promoted. We note that if the City were to reduce their pay to the Maximums of their ranges, the savings would be over $215,000. We emphatically recommend against doing so; however, it is worth noting the amount because future turnover is going to produce substantial savings.
- The implementation cost of this option is estimated to be $35,500, or approximately 0.8% of base payroll.
- The allocation pattern by steps is shown on the following page:

Charles E. Carlson
charles.carlson@carlsondettmann.com
608.239.7991

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

OPTION A	Number of Employees at	
Step 1	6	8%
Step 2	1	1%
Step 3	4	5%
Step 4	1	1%
Step 5	9	12%
Step 6	4	5%
Step 7	6	8%
Step 8	5	6%
Step 9	2	3%
Step 10	8	10%
Step 11	4	5%
Above Max	28	36%
Total	78	

Option C (as discussed conceptually with the City Council) -

- This is the "combination plan" with six steps to Control Point and an open "pay-for-performance area from the Control Point to the range Maximum. Under this plan, range spreads would be 138%. Each step to the Control Point is 2.5% of each range Control Point. In this plan, as well, range Minimums are 87.5% of the Control Point; however, each range maximum is 120.0% of the Control Point to provide my variance for pay-for-performance. The recommended implementation method for this option is as follows:
    - As with Option A, the 6 employees currently paid below the new range minimum would be placed on the Minimum step of the range. Here, too, the 2014 cost of this placement is estimated to be $8,500.

Charles E. Carlson
charles.carlson@carlsondettmann.com
608.239.7991

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

- The 19 employees currently paid between the range Minimums and the Control Points would be placed on the nearest step that provides an increase at an estimated cost of $13,000.
- With the higher range Maximums, the number of employees currently paid more than the Maximum rates of their new ranges decreases from 28 to 25, and they would be red-circled. We note that if the City were to reduce their pay to the Maximums of their ranges, the savings under this Option would be over $135,000. The savings through turnover would be less, but still substantial.

- Employees would be hired at the Minimum and progress across the plan in annual steps to the Control Point, provided performance is documented as having at least met established expectations. Pay increases within range, thereafter, would be based upon performance exceeding expectations.
- The implementation cost of this option is slightly more than $25,000, or approximately 0.6% of base payroll.
- The allocation pattern by steps is as follows:

OPTION C	Number of Employees at	
Step 1	6	8%
Step 2	1	1%
Step 3	4	5%
Step 4	1	1%
Step 5	9	12%
Step 6	4	5%
CP to Max	28	36%
Above Max	25	32%
	78	

Charles E. Carlson
charles.carlson@carlsondettmann.com
608.239.7991

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

We use a statistic called a "compa-ratio," or C/R, to measure the market competitiveness of a client's compensation practices. The compa-ratio is the relationship between an individual employee's current pay rate and the Control Point of the appropriate pay range. We can also talk about compa-ratio's of pay ranges or the pay plan as a whole. Both Options A and C feature the same Control Points, so the plan compa-ratio of each plan will be the same, and in the case of the City of De Pere, the compa-ratio following implementation would be almost 111.5%, meaning current pay rates overall are 11.5% above market on average.

Plan Implementation, Pay for Performance and Plan Maintenance

Both plan options require several actions by the City.

1. Concurrent with adopting a new plan, we recommend the Council authorize an appeal procedure so that any employee who feels classified incorrectly can request a review according to a thoroughly documented procedure. As consultants, we would review the appeals with recommendations to the City; however, the final decision on all appeals would be the City's responsibility.
2. The City should continue its job evaluation review process on an annual basis so that any employee or department head who feels a job has substantially changed in a manner that is reasonably permanent can request an evaluation review. Typically, this type of process occurs around mid-year so any changes in classification can be budgeted and implemented in the subsequent fiscal year.
3. We expect that the City will want to consider periodic market adjustments of the plan as the economy continues to improve. Typically, this involves an across-the-board pay increase to both the plan and to incumbents. If an across-the-board increase is granted to employees who are red-circled, this usually is in the form of a bonus, rather than a base pay adjustment. We have not built any expectation of an across-the-board adjustment for 2014 into our recommendations because we expect how the City will have to balance this consideration with health insurance increases and limitations on revenues.
4. The City should make a commitment to keep the plan current through reasonably frequent market reviews. In the current economy, a market test of the benchmark positions every five years should be sufficient.
5. Either plan option will require the City commit to an excellent, expanded performance management system. In fact, we suggest using the term "employment development" rather than performance management. The City administration acknowledges that the City Administration will need to upgrade the current system and is making budget requests for 2014 to both improve the

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

measurement system and train managers, supervisors, and employees in good employment development processes linked to accurate assessment.

We have attached pay schedules for both Options A and C, as well as a grade order list and look forward to discussing our recommendations with the City Council on October 1st.

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

Benefits

Our project agreement with the City is that we will take benefits into consideration in making a pay plan proposal. Appropriately, clients ask this be taken into consideration because, historically, public employee fringe benefit programs tend to be superior to those typically received by a community's citizens and the public body wants to feel confident it is being fair to taxpayers and employees. How is the City of De Pere doing in this regard?

The cost of fringe benefits can be divided into four major cost categories – required benefits (social security, Medicare, unemployment compensation, and worker's compensation), paid time off (vacation, sick leave, holidays, etc.), pension, and health care.

All of the data collected by us and others over the years, combined with our years of practical experience, points to a clear conclusion that public employee benefits are very good, and typically better than most people enjoy. However, that outcome reflects Wisconsin's long-standing public policy, which is not untypical of government policy in many areas of the world, is completely consistent with a practice of hiring public employees and investing in them for a career in public service.

Specifically, of the four benefit cost areas, the City of De Pere is consistent with others on required benefits. Those expenses are driven by statutory requirements.

Paid time off benefits costs are going to be higher than most community employers because the City has a workforce with many years of service. There is a concern among public employers generally that sick leave costs are too high, and that area is being addressed by abandoning separate leave systems in favor of PTO, or paid time off programs, that consolidate leave programs into a single benefit that eliminates accumulated sick leave in favor of a pool of days that employees can use for their various time off requirements. Typically, leaves for longer term illnesses are covered by long term disability insurance. The City of De Pere Human Resources Department is requesting funds in 2014 to design and implement a PTO program.

The State of Wisconsin has an exceptional public employee pension program. It is well-funded and well-managed, and a critical cornerstone of our public employment policy. However, until the passage of Acts 10/32, there was growing criticism that it was too rich a benefit because the entire cost was born by taxpayers. Since passage, all public employees, except for unionized police, fire and transit employees are required to pay half of their pension costs, and new agreements are being reached with unions representing those exempted employees to do the same. These changes helped level the competitive playing field.

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

The fourth benefit cost area – health insurance – remains a challenge, particularly since passage of the Affordable Care Act. The Act raised everyone's awareness about the practical and social equity issues surrounding access to and the cost of health care.

The most quoted comparison of health plan costs and contribution rates is provided by the Kaiser Family Foundation (www.kff.org). A recent front page article in the New York Times led with the following:

The New York Times

August 20, 2013

Health Care Costs Climb Moderately, Survey Says

By ANDREW POLLACK

Premiums for employer-provided health insurance have increased by relatively modest amounts this year, according to a new survey, a further sign that once-torrid health care inflation has abat for now.

The average annual premium for a family rose 4 percent in 2013, to $16,351, according to the survey results released Tuesday by the Kaiser Family Foundation. Annual premiums for individu policies purchased through an employer rose 5 percent, to $5,884.

The 4 percent increase for a family is relatively tame, at least compared with the roughly 10 perc annual increases experienced a decade ago. But it is still a far bigger rise than 1.8 percent increas in wages and the 1.1 percent rate of inflation in the last year, the foundation said.

"If you are comparing it to 10 years ago in health care, it seems modest," said Helen B. Darling, chief executive of the National Business Group on Health, which represents large employers. "If you compare it to the economy and what inflation is doing, I don't think it's modest at all."

Historically, public employees have benefitted from exceptionally good health care programs that mirrored those developed in collective bargaining with large private sector employers. These programs were outcomes of the post WWII period and the extraordinary growth of the American economy. Unfortunately, our economy changed, and many private sector programs disappeared with the private sector jobs and their benefit programs. Public employees remain and continue to be key contributors to the quality of our communities.

Charles E. Carlson
charles.carlson@carlsondettmann.com
608.239.7991

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

Two things, though, created a disparity. First, health insurance costs skyrocketed and will continue to grow at a rate faster than our economy. Second, our historic collective bargaining laws and practices insulated public employees from the changes private sector employers and employees were implementing in their health insurance programs. The result is that public employees in many areas of Wisconsin have health insurance benefits that superior at costs that are much less than taxpayers are experiencing. With the Affordable Care Act, this is a rapidly growing public policy concern.

It is our practice to hold our client's health care costs up to the Kaiser Survey numbers to begin a discussion of where you stand relative comparisons now being made on a regular basis in the public dialogue. A basis for comparison is presented as follows:

	Family Premium	Employer Pct.	Employer Cost	Employee Cost
Kaiser Avg.*	**$15,581**	**71%**	**$11,063**	**$4,518**
City of De Pere	**$22,508**	**94%**	**$21,131****	**$3,376**

- **Firms > 199 workers.**
- ****Includes $2,000 HRA**

The cost of health insurance to the City of De Pere is substantially above the Kaiser average. For a full-time employee, the higher expense is almost $5 per hour. Is this acceptable to the City or is it a problem that needs to be addressed? We understand the City Council recently rejected a proposal to remove retired employees into a separate plan – a move that would have lowered premiums and costs for current employees – so perhaps this high plan cost is acceptable.

However, if the City does conclude that its costs are too high, then it should consider significant plan design changes to lower its costs, including reconsidering the retiree participation policy. In addition, it would be reasonable to share future plan premium increases

Charles E. Carlson

Attachment: De Pere Exec Summary 091913 (1431 : Review Classification and Compensation Study

with employees on a 50/50 basis until the employer's percentage of premium contribution is down around the 80% level. This approach would mitigate the impact on employees.
